

Dean Compiles Information On Draft Postponement, Deferment, Enlistment

By HAROLD SANDERSON
Dean of Men

During the past month there have been 30 to 40 Fresno Junior College men enter the service; consequently, I feel that all the information on selective service should be made available.

Many of you are arriving at a point now where it becomes necessary for you to make a decision concerning your educational and military future.

The junior college doesn't believe it is their business or the business of anyone else to tell you to stay out of the service as long as you can and wait to be drafted, to join the service, or what branch of the service to join; but we do believe that it is the responsibility of this office to know the answers to the questions that may come to your mind.

With the above thought in mind, feel free to come in and

ask any questions that might be bothering you and at the same time watch this paper for any changes in the selective service set-up.

Listed below is some information which may aid you in the clarification of terms used by selective service.

POSTPONEMENT: Any student enrolled in the junior college who is carrying 12 units or more satisfactorily may request a postponement of induction. Such action will allow the student to remain in school until June 1951. Once a postponement has been received, a student may not request a deferment because of school reasons, but must be prepared to enter the service immediately after the close of school in June.

DEFERMENT: In order for a student to request a deferment, he must have been in college one year previous to the time of request and have, during that time, carried a minimum load of 12 units with a

grade point average in the upper 50 per cent of his class. This deferment should be made within ten days after the student has received his I-A classification from the selective service board. Once a student is deferred, his classification is changed to II-A. Such classification will allow the student to volunteer for the Navy, Marines, or Coast Guard, but not the Army or the Army Air Force.

ENLISTMENT: In order for a student to enlist in any branch of the service that he desires, he must make the decision and enlist prior to the time the selective service board sends him the notice for his pre-induction physical examination. A student desiring to join the Naval Reserve must do so before he receives his I-A classification.

SERVICE INFORMATION: A table will be set up in the library with complete information on all schools in all branches of the service for anyone desiring that type of information.

"THE LATEST" in dance attire is sought by Clint Wheeler, left, for the dance tomorrow night in the south gym. Bob Cobb, former FJC student, displays the pajama top.

Pajama-Hop Promises To Introduce 'Thing'

The mystery of the moment will be solved tomorrow night at the Sox-hop Pajama dance in the south gym. Some time between 9 and 12 p.m., the THING will be introduced.

A reliable authority today disclosed that "it will be instantly obvious why nobody wants it."

Pajama tops will be the vogue for both men and women at the dance which is sponsored by the 14th-year class, announced Bill Davidson, class president and chairman of the dance committee. Those who do not possess pajamas are requested to wear other suitable clothing, he continued.

Prizes are to be awarded to the best-dressed (pajama-wise, that is) man and woman. Prizes are food orders to the Ramble Inn, donated by Jess Olinger, Ramble Inn manager.

A valuable door prize has been donated for the event and the Fresno Junior College dance band will play their latest arrangements of popular melodies.

Prices are 50 cents a couple and 35 cents for stags. Tickets are now on sale in the main hall from 12 to 1 and in the bookstore during its regular hours.

Sally Lane is in charge of decorations for the dance, and Frances Johnston, publicity.

Ram Cagers Play In Double Header Tomorrow Night

The 1950 basketball season will get into full swing this week as the Fresno Junior College Rams meet the Fresno High School team tomorrow night and the Fresno State Frosh Monday night.

Tomorrow night's game which starts at 7 p.m. at the FHS Gym, will include two games. The FJC 2nd string will play the Fresno Hi JV's first, to be followed with a contest between the Ram's 1st string and the Fresno Hi regulars.

Monday, December 11th, basketball fans will be able to see another double header. The Rams will battle with the Fresno State Frosh in the first game; and the Fresno State Bulldogs will challenge the Pasadena City College team in the second game.

The Rams' game Monday with the Frosh begins at 6:30 p.m. Fresno Junior College student body cards will be honored at this game.

Last year the Rams played the Frosh three times, winning once.

Suggestion Box Invites Missives From Students

A suggestion box, suitably marked, securely locked, and nailed down, is now in place in the main hall by the attendance office.

Dr. Thomas Blakely, in his opening address to the students of Fresno Junior College, promised that there would be such a box. Anyone who has any suggestions to offer may deposit them in the box and be assured that the matter will be given consideration by the proper authority.

Dr. Blakely opened the box at the close of school yesterday afternoon. It contained one pumpkin seed. Dr. Blakely said that he hopes it will contain bona fide suggestions next week.

Delegates Revise JC Constitutions

A Constitutional Convention for junior colleges held this week at Contra Costa Junior College West Campus in Richmond, California, helped Fresno Junior College in its work to revise FJC's constitution.

FJC sent one delegate, Representative at Large Louis Ingraham, to the three-day convention. Ingraham reports that a large percentage of the Contra Costa student body are working on their constitution.

Senator George Miller, Jr., guest speaker, opened the convention with a speech titled "It's Your Responsibility." He remarked that work done in student government prepares students for their responsibilities as citizens.

Contra Costa JC Student Body President Dick Young spoke at the convention. John Taylor is the convention chairman and John Nicol is chairman of delegates.

Rainbow Will Be Formal Site

The Christmas Formal Dance will be held on Thursday, December 21, from 9-1 at the Rainbow Ballroom.

The annual affair is being sponsored this year by the Associated Women Students, the Associated Men Students, and the rally committee.

John Mullins, general chairman of the dance committee, today announced that men are not required to wear tuxedos, but that suits and ties are a "must."

Tickets will be sold at a booth set up in the bookstore, starting next week. Prices are \$1 per couple with a student body card and \$1.75 without a student body card.

The Rainbow Ballroom will be exclusively for Fresno Junior College students and their friends and guests on December 21. The general public will not be admitted, although tickets will be on sale at the door for those students who have not gotten theirs earlier.

Election Petitions Must Be Signed Next Week

Election petitions, for those who wish to run for student body office, will be available in the main office on Monday, December 11, announced Bon Sani, student body vice-president who is in charge of elections.

Elections will take place after the Christmas vacation, but student candidates must check their qualifications and turn in petitions next week.

Qualifications for student body office candidacy are as follows:

1. Candidates must be members in good standing of the Associated Student Body organization.
2. Candidates must have attended at least one semester at Fresno Junior College on the date of taking office.
3. They shall have earned at least 12 units of credit at Fresno Junior College and have maintained at least a "C" average during their tenure at Fresno Junior College.
4. Candidates must obtain a petition from the registrar, Mrs. Irene Stewart, and have it signed by 35 student body card holders within one week of December 11.

In addition to the above requirements, presidential and vice-presidential candidates shall have attended Fresno Junior College for one year on the date of their taking office.

All elective and appointive officers must carry at least 12 units of work during their tenure of office and shall maintain at least a "C" average during their tenure of office.

Offices open for candidacy are president, vice-president, secretary, treasurer, and four representatives-at-large.

Commissioners are appointed by the president after he takes office. The student council is composed of all elective and appointive officers.

New Members Initiated

Meda-beth Todhunter and John Travis were initiated into the Alpha Zeta chapter of the Alpha Gamma Sigma at a regular meeting last Thursday.

President Names Board Of Athletics

A new ten-member board of athletic control has been appointed by Dr. Thomas Blakely, Fresno Junior College president. The board, all of whom are voting members, are to act in an advisory capacity in determining athletic policy of the school.

O. D. Carter, Industrial Mathematics instructor, is chairman of the board. Faculty representatives include Dr. Blakely, Archie Bradshaw, Dean of Administrative Services; Harold Sanderson, Assistant to the Dean of Students; Charles Coffman, Auto Mechanics instructor; and Stoney Johnston and Paul Starr, coaches.

Student representatives are Gerald Manfredi, commissioner of athletics; Duke Potere, student body president; and Marie Lipscomb, student body treasurer.

Championship Awards Displayed At Bookstore

Championship trophies won by the school and individual awards to the football players are now on display in the showcase in front of the bookstore.

Awards and trophies were presented at the banquet held a week ago to honor the football team.

All awards are in the case and each is marked with the name of the player and the reason for the award. Trophies will be left in the case one week to enable all who wish to view them to do so.

Student Council To Vote On New Secretary Today

A new student body secretary will be chosen today by majority vote of the student council at 11 in M24.

Three students have expressed an interest in the office and all will be present at the meeting; they are Rowena Campbell, Mary Ann Hightower, and Shirley Milburn.

Election of a new secretary at this time is necessary due to the withdrawal from school of Rudeen Bruce.

Student Officers Work On Revision Of Constitution

Fresno Junior College student body officers and the Student Government class, under the direction of Mr. Joe King, are presently working on revisions of the student body constitution.

The new constitution, with its corrections and amendments, will be presented to the student body for its approval or rejection at the next scheduled student body election.

Among sections to be revised are those which state the qualifications necessary for candidacy to the student body offices. Requirements will be relaxed if the constitution is approved as amended.

All candidates for office in the coming election must qualify themselves according to the requirements as set forth in the constitution as it now stands.

CALENDAR

DECEMBER

8—Fresno High School vs. FJC, 7 p.m., FHS Gym.

Fourteenth year dance, 9 to 12 p.m., south gym.

Inter-Varsity Christian Fellowship meeting, 12:05 p.m., M11.

11—Petitions issued for associated student body elections.

12—Fresno State Frosh vs. FJC, 8 p.m., Roosevelt gym.

Future Business Leaders of America meeting, 7 p.m., social room.

TODAY IS PEARL HARBOR DAY

Today is the ninth anniversary of America's entrance into the costliest and bloodiest battle in history.

Memory of that war is still with most of us, and already we are engaged in another struggle — this time in far-off Korea —where our friends and members of our families are fighting or preparing to join the fight.

About the only thing we can be thankful for is that the battle is there and not here. It is a terrible thing for American blood to be shed on foreign soil, but how much worse it would be if this great country of ours were laid waste by the destruction of war.

We all know now that America's armed forces will not be home for Christmas; let us remember them now and in the future. It would not be out of place for each and every one of us to take a moment of sober reflection and give a prayer for their speedy victory and safe return.

CRITICISM IS UNJUSTIFIED

"We don't like the way Dr. Blakely is running this school. Let's throw him out."

Of course, we have only a fraction of the education Dr. Blakely has and none of the degrees he holds; furthermore, we have had no experience in administering a school. Still, we feel we are qualified to judge his way of doing things.

Doesn't make sense, does it?

It makes just as much sense as the present attacks on the ability of Dean Acheson, the Secretary of State. It makes just as much sense as the howls of "We don't like those people. Let's drop an atom bomb on them."

Dean Acheson can hardly be blamed for Chiang Kai-Shek's fall from power when the Chinese people themselves did not support the Chiang regime.

Perhaps the Chinese situation could have been handled better, but State Department policy is not determined by Mr. Acheson alone. He cannot be held wholly responsible.

Advising the State Department on policy is bad enough, but presuming to advise the military to start tossing atom bombs around could be fatal.

Everyone knows how snowball fights start — one snowball does it. First thing you know, the air is full of them. There might be some hardy individuals who wouldn't mind having an atom bomb dropped down their chimneys; most of the people we know, though, are reserving their chimneys for Santa Claus.

THE WOES OF A JOURNALIST

Would you like to be a journalist? Being a journalist is no picnic.

If we print jokes, people say we are silly. If we don't, they say we are too serious.

If we reprint things from another paper, we are too lazy to write them ourselves. If we don't, we are too fond of our own stuff.

If we inadvertently fail to report a club meeting, it is because we are jealous. If we do, we are playing favorites.

And more likely than not someone is saying that we copied this. Well, we did!

Drama Club Plans Christmas Play

A one-act play, "An Empty Gesture," will be presented to Fresno Junior College by the "F3" Dramatics Club on December 22 at an assembly in the south gym.

Parts were assigned to members at a meeting yesterday in N12 by Mrs. Phyllis Spencer, the club's sponsor.

The Christmas play will be the first one for Dramatics Club members, who have thus far worked only on skits.

Presentation of the play will qualify the FJC Dramatics Club for membership in the national Thespian's Club, an organization of amateur dramatics clubs.

"This is a big undertaking," Mrs. Spencer remarked, "and the time is short; but it is time Fresno Junior College had an organization to present student entertainment to the students."

THE ART OF GLASS BLOWING is taught by Richard Jones, physics instructor. Two of his students, James Boyd, left, and Tom Bottoms practice under his direction for the photo.

Glass Working Class Teaches One Of World's Oldest Arts

The practical aspects of working with glass are presented to Fresno Junior College students in a course added to the science department this semester.

Glass Working, Physics 43, is a weekly, one-unit laboratory course that meets on Thursdays from 2-5. Richard Jones is the instructor in charge, and four students are enrolled at present.

Glass manufacturing is an extremely old art, established earlier than any recorded history. The first actual blowing of glass, as determined by historians, is thought to have been about 250 B. C.

Little emphasis was placed on the practical value of glass products at that time, but the decorative works of artistic glass blowers were elaborate masterpieces of great variety. Some of these original works are priceless collectors' items today.

Turquoise blue glass was found in the ancient Pharaohs' tombs and Egyptians are known to have worked with glass as early as 1500 B. C. Historians' concepts of their techniques are entirely speculative but the fact remains that glass was manufactured at that time.

Although modern methods produce in great volume glass of many different types, the basic principles of glass manufacturing have not changed. If sand is heated to a molten state and cooled, glass is produced. The type of glass depends on the type sand used, the temperature to which it is heated and the rate of cooling.

One type of glass contains lead and made the ringing, crystal stemware that graced our grandmothers' tables. A quite different type contains a quantity of silicon and forms the heat-resistant glass used in today's cookery.

Students in the glass working class are taught to repair laboratory equipment and to make small glass objects which are useful in laboratory work. Being able to make and repair such equipment is a definite asset to anyone who is planning to continue any type of laboratory work, said Mr. Jones, whether the work be vocational or will cease with school.

This is Mr. Jones' second year

Ex-WAC Will Talk To FBLA; Officers, Members Initiated

"My Experience in the WACs" will be the topic of a talk by Mrs. Ann Howard following the Future Business Leaders of America meeting Tuesday, December 12. The meeting will be held in the social room at 7:15 p.m.

Initiation of new members and installation of officers followed a potluck dinner at the last meeting of the FBLA November 28 in the social room.

Miss Ethel McCormack, head of the business education department, conducted the candlelight installation ceremony. Officers installed were Betty Gunderson, president; Virginia Bier, first vice president; Martin Jachens, second vice president; Janet Ochiner, secretary; Norman Dewdney, treasurer; Adele Summers, historian; and Joyce Wilson, reporter.

New members initiated are Eleanor Anderson, Gloria Dyer, Nadean Fox, Martin Jachens, Carla Kay, Joseph Morin, Janet Ochiner, Marian Seiler, Roy Seiler, Richard N. Soares, Adele Summers, and Diana Vartanian.

Fall enrollments in the nation's colleges and universities show a decrease of 6.6 per cent from the peak enrollment of 1949, according to the annual fall enrollment survey by the United States Office of Education.

LOOSE ENDS by Avrice Morgan

There was lots of good dance music coming out of the south gym last Friday noon, but few students dropped in to give a listen... there is to be a repeat performance this Friday night at 9; how about all you guys and gals (faculty also) making a date and turning out for this dance in mass?

WHAT TO DO IN CASE OF A DRAFT: Don't take Thonzylamine (Anahist), enlist. Yuk, yuk, you-all.

A TIP TO ALL INSTRUCTORS: Lay off the exams or no Christmas card this year. This goes for Valentine's Day, Easter, the Fourth of July, and Liberation Day of Wahoo Junction, also.

Current football season will undoubtedly go down in history as one of the greatest up-set seasons of all time... coaches lost their jobs, pigskin predictors are now selling Fuller Brushes, and most of us lost an honest buck or two somewhere along the course of the season. Hope the coming basketball season will be one of easy predictions so that we can break even, financially that is.

Students in the zoology department are busy dissecting Pelecypoda (clams); better take a second look at your next bowl of clam chowder.

Do you know that when its 4 o'clock in Scranton and 2:30 and

a half in Clovis, it's 6:30 and half somewhere else... or is it? (Question from Civil Service Exam).

ATTENTION ALL HEP-CATS: The latest popularity poll conducted by "Down Beat" shows that Sarah Vaughn and Bill Eckstine are the top female and male vocalists in the nation; Spike Jones is the King of Corn and Stan Kenton is the big band favorite. (Wha' happen to Hose Nose McGee and his make you want to leave the room music, and Joe Banana and his band with a-peel) WOW!!!

The latest word that Washington has from its Internal Revenue Agents down Tennessee way is, "B-U-R-R-P!!!!" unquote.

Is it true that on these cold winter mornings students attending classes on the bottom floors are wearing bathing suits while the poor shivering souls on the top floors are being issued parkas? (Break out the canned heat, men).

SCARCE AS HEN'S TEETH: The person who can stand up at the end of a football game and sing all the words of his school's alma-mater.

This column, like all things, must come to an end... like the ball game in Farmer Brown's pasture that broke up when one runner slid into what he thought was second base.

Figures Favor Females

Men outnumber the women about 2 to 1 on college campuses this fall. Percentage-wise, however, the loss in number of men students in 1950 from 1949 is about 10 per cent. This year's student body includes 1,569,000 men and 726,000 women.

at FJC. He is married and lives at 1521 Fedora. He obtained his degree at Fresno State College.

Fresno Loses Close Game To Mustangs

The Fresno Junior College Rams lost in a closely matched basketball opener at Stockton last Friday night, as the Stockton College Mustangs came from behind in the latter part of the game to outpoint the Rams, 52-43.

The FJC cagers refused to give up their lead until the last 12 minutes of the game when the taller Mustang crew, using a tight man-to-man defense, moved into the lead.

Despite Stockton's effective use of a man to man defense which held the Fresnoans' scoring to a minimum, Don Davis ran up 17 points for the Rams to cop high point honors for both teams. Lee Kaupke, Mustang forward, was second with 13 points to his credit.

Coach Paul Starr credited his Rams for a fine job against the much taller opponent. Starr also stated, that, with many good games ahead this season, the team will have plenty of chance to show some good ball.

The summary:

Fresno				
Davis, f	8	1	4	17
Nielsen, c	2	2	2	6
Mitchell, g	1	3	4	5
Perry, g	4	4	3	12
McCrary, f	1	1	1	3
	16	11		43

Hartnell Places Three On Rams' Opponent Team

An All-Opponent team was selected by the Fresno Junior College Rams this week, with Hartnell College leading the list with three representations.

The selection, which was voted on by the entire Fresno team, shows all the Ram's past season opponents represented except Reedley JC and Porterville JC.

RAMS UPSET PANTHERS

Even though the Rams upset the Hartnell Panthers 13-12, in a thrilling Shrine sponsored contest last October, Hartnell led the list with three Panthers selected.

Other teams who were represented, are Monterey College and Stockton College, the only teams to win over the Rams this season, each receiving two spots. Also receiving two positions is the College of Sequoias. Taft JC and Fresno State Frosh both placed one.

UNANIMOUS SELECTION

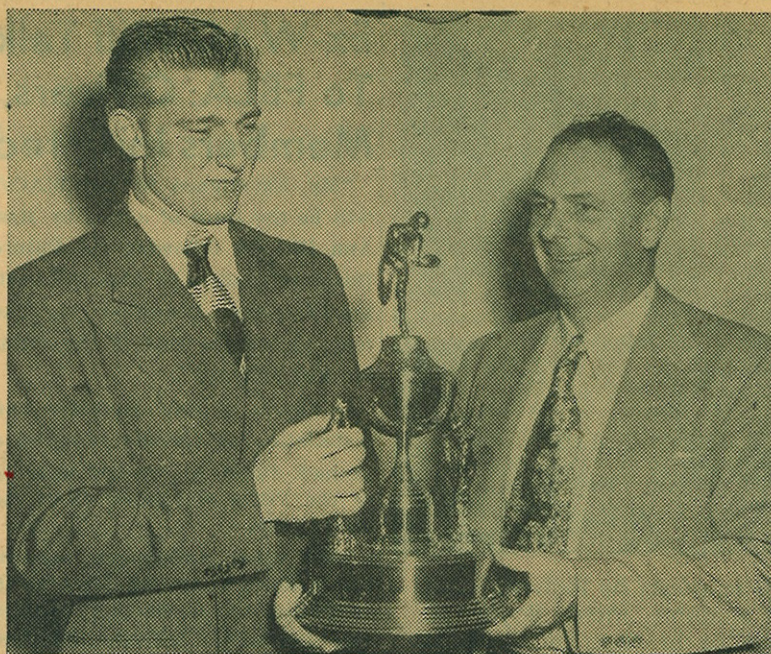

Out of 31 possible votes, Paul Galloway, an outstanding half-back for COS, was unanimously selected for the right-halfback spot by receiving all 31 votes.

Other players to receive large votes are Joe Roberts, right guard for Stockton with 30 votes, and Cecil Harp, fullback from Stockton, with 29 votes. Al Matthews, the fleet-footed halfback for the Monterey Lobos, won the left-half spot with 28 votes out of a possible 31.

PLAYERS LISTED

The complete list of the players selected by the Rams for the All Opponent team is as follows:

Name	Pos.	School
Marshall Hogue, LE		Taft
Dick Hope, LT		FSC Frosh
Bob DaSilva, LG		COS
Bob Burton, C		Hartnell
Joe Roberts, RG		Stockton
John Piini, RT		Hartnell
Dick Navarez, RE		Monterey
Ev Skrine, Q		Hartnell
Al Matthews, LH		Monterey
Paul Galloway, RH		COS
Cecil Harp, FB		Stockton

ADMIRING THE TEAM TROPHY awarded the Rams as Central California Junior College Conference champions are Lyman Ehrlich, named honorary captain for the season, and head coach Stoney Johnston.

Banquet Honors Football Champions, Coaching Staff

The Fresno Junior College Rams were honored as football champions of the Central California Junior College Conference at a banquet in the Ramble Inn last Thursday.

Harry Smith, former two-time All-American at the University of Southern California, was the speaker. He is now freshman football coach at USC.

Several player awards were made at the dinner following a vote of the team. Bob Rodgers, quarterback, received the outstanding player award; Ledio Fanucchi and Pete Toomajian were named outstanding linemen and back, respectively; Lyman Ehrlich was named honorary captain and Charles Tessendore was voted the most improved player.

Girls selected by the squad decorated the Ramble Inn and served the dinner.

Allan Mason, local attorney, was Master of Ceremonies. In addition to the talk by Smith, short speeches were made by the coaches — Stoney Johnston, Hans Wiedenhofer, Dick Neal, and Paul Starr

Coach Attends Taft Meet

Stoney Johnston, FJC football and baseball coach, attended a Central California Junior College conference meeting at Taft yesterday.

The delegation at this meeting discussed the football and baseball schedules for 1951.

—and by Dr. Thomas Blakely, FJC president, and Duke Potere, president of the student body.

DRIVE SAFELY!

Rams Play Opener Against Hartnell In Modesto Meet

Pairings for the Modesto, Junior College invitational basketball tournament, revealed yesterday, find Fresno Junior College slated to meet Hartnell College in the opening round.

If the Rams beat Hartnell in the opener on January 3 they will play Placer Junior College, winner of the Modesto tourney last year.

Fresno Junior College advanced to the semi-finals of the consolation round in the tournament before falling to San Francisco City College last year.

The locals beat the Hartnell Panthers twice last year, but the only information of their team this year is that they lost a one point decision earlier this month to the strong College of the Sequoias.

The Rams will also compete in the Hartnell Tournament on December 18, 19, and 20.

by Dorothy Gray

A whole new series of orchidaceous little luxuries, all drenched with the lingering, provocative fragrance of Golden Orchid.

Golden Orchid Cologne, Dusting Powder and Purse-Stik, a new spill-proof dispenser. One end holds Golden Orchid Perfume, the other, a lipstick in Portrait Pink, South American, Ripe Cherries or Right Red.
