### **Budget Matters** Will Be Aired By Council Tuesday

The budget for the spring semester 1950 will be the main topic for discussion at a meeting of the student council Tuesday night in the Ramble-Inn social room.

Gene Hambelton, student prexy, said that a night meeting was necessary since some members of the council cannot attend meetings during school time. The importance of the subject to be discussed requires perfect attendance.

At the last meeting Hambelton revealed the names of his proposed cabinet, board of control, budget committee, and the student court. The student commissioners mentioned were publicity, Don Putman; rallies and assemblies, Ed Kashian; social affairs, Joan Koller; scholarship, Bill Davidson; and student For Spring Term welfare, Jim Jayne.

COURT APPOINTEES

John C. Travis, William Eichorn, Art Lance, Bruce Pugsley, and Jack Henderson were selected for the student court.

The board of control, a new addition to the FJC student government, will consist of Duke Potere, Louis Ingraham, Evelyn Şteinkamp, Lila Lee Haskell, and Bill Reeves,

John Savona will head the all important budget committee with Duke Potere, Bob Longacre, and Pete Topulos assisting.

JACKETS OUT

Other discussion at the last meeting concerned the difficulties confronting the school in obtaining the rally jackets from the members of last semester's rally committee. A decision was made to contact individually the students charged out with jackets. The task of getting a suitable letterman's jacket was discussed shortly and was tabled till the next meeting.

The officers of the student body are Hambelton, president; Don Bischel, vice-president; Rudeen Bruce, secretary; Savona, treasurer; Lloyd Heavin, Carl Keosheyan, Bob Kincade, and Dorothy Green, representatives-at-large; and Art Margosian, parliamentarian.

Council advisors are Miss Willa Marsh, Mr. Harold Sanderson, Mr. Arch Bradshaw, and Mr. Joe King. the school.

#### MISSIONARY TO SPEAK

MARGARET MARGOSSIAN

# Women Students Install Officers

Margaret Margossian was installed as president of the Associated Women Students recently at a semiformal installation in the boys'

Other officers installed were Phyllis Daugherty, vice president; Mabel Lancaster, secretary; Lueanna Henson, treasurer; and Joyce McCann, historian,

Miss Margossian was installed by Angela Minnittee for the second semester as president of the AWS. The new president gave the oath of office to the other new officers, after which the retiring officers presented them with a token of each respective office.

Plans for the spring semester include a pot luck dinner, Spring Frolic, and Miss Cotton Day.

The retiring officers are Miss Minnittee, vice president; Joan Koller, secretary; Alta Ruth Arnold, treasurer; and Darlene Horch, his-

### Radio Department Installs Equipment

A big step is being taken in the Fresno Junior College radio department this semester with the con- tions. struction of a radio studio in M-46 by the radio electronic students of

The equipment for the studio has already arrived and is being installed by the students.

Mr. Joe King, head of radio production, has announced that a prospresent in the near future at Fresno State College.

Enrollment in Radio Production, an advanced speech class, is still open, according to Mr. King.

#### Seniors Select Church For June Baccalaureate

The twelfth grade baccalaureate services, to be held on June 4, will be at the First Methodist Church, Mr. Paul Mueller, senior class sponsor announced today.

The church was selected by the senior students after consideration of three other churches.

Plans are being made by the class to sponsor a money-raising basketball game between twelfth grade boys and the faculty men. A tentaltive date of February 23 has been selected for the game.

ARTHUR MARGOSIAN

### Margosian Is **AMS Leader**

Art Margosian was installed as the new president of the Fresho Junior College Associated Men Students by out-going president free period. Milton Martin this morning at an assembly in the boys' gym.

Other officers installed were Lloyd Heavin, vice-president; Leo Margosian, secretary; and Peter Topulos, treasurer. The new president gave the oath of office to the other new officers, after which the enrollment cards will be made. retiring officers presented them with a token of each respective

Margosian discussed big plans for the future such as smokers, parties, bus trips to out of town basketball games, etc. Next Tuesday at 11 o'clock the newly installed officers will have a meeting to interpret the future program.

The new president and vice-president will go to Santa Maria in March to attend the central section conference of junior colleges. Problems confronting AMS bodies in other centrally located junior colleges will be discussed at the conference.

A council of nine men students will be appointed by Margosian next Tuesday to aid the executive in planning the club's various func-

#### PICK UP GRADES

Grade cards from the fall semester are available in the office at the switchboard. About 150 students have yet to pick up their

### Registration Total Exceeds Fall Figures; More Expected

Late registration figures for the spring semester show an increase of 60 students over the total enrollment last semester. By yesterday morning a total of 861 students had signed up for classes at the JC.

About 100 more are expected by the end of next week,

### Program Changes Must Be Executed By February 15

Petitions for change of program became available yesterday morning with the announcement from Dean of Instruction Maurice Reetz that all changes must be made by Wednesday, February 15. No changes in program will be made after that date without penalty.

A student who wishes to change his program must follow this procedure:

1. Make an appointment with his faculty advisor during the advisor's

2. After discussing the change, fill out a "Student Petition for Charge of Program" in duplicate.

3. Obtain the approval of his division chairman.

4. Take the petition form to the business office where changes in February 15, in addition to being

the change of program deadline, is also the last day for new enrollment in classes taken for college credit.

A list of vocational training classes open for enrollment after February 15 will be published in the next issue of the Rampage.

### **Education Majors** To Meet Tuesday

A meeting of JC students who intend to become teachers will be held Tuesday, February 13, at 11 a.m. in S-22, Maurice Reetz, Dean of Insruction, announced today.

All students who are now education majors or who plan to become teachers should attend this meeting, Reetz said, to receive counseling on the proper course to pursue to satisfy state requirements for a teaching credential. Physical Education majors who intend to become coaches should also attend.

Gordon Wilson, counselor from Fresno State, will be on hand to assist the future teachers in planning their programs.

# taccording to Assistant Dean of Stu-

dents from Fresno State College who are deficient in grade points from the fall semester.

dents Harold Sanderson, mostly stu-

Enrollment in science classes this semester has shown a tremendous increase, necessitating the addition of several new class sec tions and the employment of an additional teacher, Mr. Phil Collins. Collins, who will teach biology and botany, was at Fresno High School last fall.

#### GENERAL ED INCREASES

The General Education division has as many students as the Business Education and the Industrial Arts divisions combined. Latest

#### FEE REFUND DEADLINE

Tomorrow is the last day to receive a refund on student fees paid at registration, Arch Bradshaw, dean of business managemen, announced today.

Students who withdraw by 4:30 p.m. tomorrow are eligible for a refund of one-half of the fees paid, provided the student body card is surrendered, the Dean said.

figures show the General Education enrollees as 424 whereas Commerce claims 225 and Trade and Industrial 194.

Some psychology and science classes were full after the first two days of registration, along with some sections in the shops. English and speech classes have increased pantially, as has the commerce division as a whole

#### NEW ACCOUNTING SYSTEM

Registration information was tabulated in a rapid manner this semester by Sanderson and Mrs. Avarine Wantland, attendance secretary, because of the inauguration of a card punch attendance system which will greatly simplify pupil ac-

Sanderson revealed that there are his semester 435 thirteenth year students as compared to 129 fulltime twelfth year students and 95 fourteenth year students. An additional 187 students are specials or are unclassified as to year in school.

The card system in use in the attendance office sorts and classifies by means of holes and slots cut in the cards at the time the student registers. By the simple matter of sticking an ice-pick-like rod through a hole labeled, say, "transfer students" the cards of students who indicated their intention (at registration) of transferring to another college will fall free. The cards of those who intend to complete their education at FJC will remain in suspension on the

#### Speech Books Wanted

Students who took Speech 10 last semester and would like to sell their textbooks, Fundamentals of Speech, are asked to contact Mr. Joe King in M-46.

Thirty-five students are without textbooks and would like to purchase them.

### Student President's Message This being the beginning of a new semester, I would like

to extend a very cordial welcome to the new students at Fresno Junior College.

In the year and a half of our existence as a Junior College we have suffered some growing pains, but we have also learned that the life and spirit of a college depends upon the morale of the students. Those of us who have been here and those of you who are new, can together dedicate ourselves to developing the spirit of "belongingness" and personal accomp-lishment which can make our time here both enjoyable and profitable.

It is our hope that we can all become a close knit student family. Your student officers ask your help and extend to you the promise of continued efforts to work for all students. We want this to be more than a school, more than a temporary stop over. In short, we want to conduct our affairs in a manner which will bring prestige and even honor to Fresno Junior College.

> Gene Hambelton Student Body President

Published weekly by the Associated Students of the Fresno Junior College, Stanislaus and O Streets, Fresno, California.

Art Margosian

#### Welcome New Students

The Fresno Junior College Associated Student Body extends a welcoming hand to all new students.

The staff of the RAMPAGE hopes that you'll enjoy your stay here. If you have any criticism of school activities, write a letter to the editor voicing your opinion and the letter will be printed in the paper.

New students will find that there is a large variety of activities at Fresno JC. There are various clubs in school—the Future Business Leaders of America, Alpha Zeta (National Honorary Fraternity), Lettermen's Club, Associated Men Students, Associated Women Students, and Inter-Varsity Christian Fellow-

Athletically, the JC basketball team is in the spotlight at present and later the Rams will field baseball and track teams. The hardwood five plays their home games at the Fresno High School gymnasium. Follow the Rams for plenty of excitement.

School social life consists of noon and night dances, club activities, and parties.

Sport rallies, bonfires, and assemblies are musts in junior college life. The JC assembly committee presented a few top assemblies last semester and expects to be more active this semester.

The school needs new life-new blood. The spirit during the past semester progressed to the good point at the close of the semester. A good spirit-all students for one school (all for one)—is necessary to keep a school in the minds of the townspeople.

New students should try to be more active in school affairs. All associated students can run for offices. Thirteenth and fourteenth year executives for the Spring semester have yet to be elected. Run for offices, attend games, and go to dances.

Remember, students, you get out of a school only what you put into it.

#### Health Advice Available

Many Fresno Junior College students are not aware of the fact that the college provides health consultant service to its students through the school nurse, Mrs. Virginia Epps.

The health office is located on the second floor of the south wing of the building, opposite the entrance to the boys' gymnasium. The nurse's hours are from 8 to 9:30 a.m., from 10:30 to noon, and from 1 to 2 p.m.

The nurse is available for consultant service and for treatment of minor ailments and injuries. Use her services.

### **Band Needs New Blood**

The head of the Fresno Junior College music department recently stated that the Fresno Junior College marching band will be disbanded if more students do not join.

The JC band which participates in local parades, school affairs, and county activities operated on a minimum scale during the first semester and now the situation of band membership is grave. Current band members have expressed the difficulties which arise because of the small size of the marching band.

Students who played in bands in high schools or other organizations should see the music director and enter the ranks of the FJC band. The music department has much to offer interested students,

The necessity of begging students to par-

#### HOT STUFF

MOMMY'S IN THE FIELD PICKING BRAMBLES

POPPY'S IN THE RAMBLE INN PICKING POCKETS

Even tho' the title has nothing to do with today's blah, blah, this week's pooh pooh is an open letter written in a hopeful effort that Dr. Wolfgang Eschebeck, local psychologist, parttime dishwasher at the Hi-Life, and Boy Inventor (he invented the half aspirin - for splitting headaches), will pick up, and have someone who can read - read it to him!

Dear Mr. Eschebeck:

I am a petty thief and I have a cousin who is an Armenian. My father is in Alcatraz and my mother just ran away with a gangster. The home is now dependent for support on two sisters who are feeble minded. I have a brother, but he is doing something big for the FBI . . . twenty years! And I am in love with a Ubangi girl who is in the hospital being treated for chapped lips. I wouldn't say that she was a sloppy eater, but her tailor just opened a restaurant. But, getting on with my woe, though she knows nothing about me, she is simply mad about me. We intend to get married as soon as she gets her divorce from her midget husband and as soon as I go see a doctor about the doorknob I swallowed. (No matter what I do, it turns my

When we get married we intend to settle down and open up a bookie joint in Fowler. Now, Dr. Eschebeck, this is my problem: In view of the fact that I intend to make this girl my wife and bring her into my family, should I or should I not tell her about my cousin who is an Armenian?

THE FIGHTIN IRISH

I sure miss the streetcars that we had here in Fresno at one time. And I'll bet a lot of other Fresnans miss them, too. Those iron "mule trains" were really the thing.

I'll never forget the time an Armenian was engaged in a bitter argument with one conductor over the price of the fare. The conductor wanted 10 cents and the Armenian contended it was only 5 cents. "Ten cents, please," cried the Conductor. "To hell with you. Five cents," cried the Armenian. "Five cents;" "Ten cents," the argument went on. The conductor was really frustrated by this time. So he grabbed the Armenian's suitcase and hurled it out of the open window. The streetcar happened to be going over a trestle and the suitcase fell with a mighty splash into the lake below. — The Armenian was raging mad. "My Gawd," he cried, "first you try to rob me. Now you've drowned my son!" (However, the suitcase hit a rock on the bottom of the lake, burst open, and I swam to shore.)

MOOSE MORRELL RETURNS

400 Angry Parents Withdraw Children From FJC Once again JC swung open its doors to J. "Moose' Morrelian, swashbuckling Fresno singer, drummer tragedian (special rates for banquets and parties) and salesman. And after he was in, they kept the doors open and, opened all the windows, too.

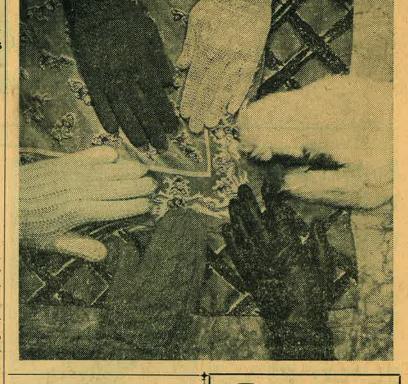

J. "Moose," in a special copyrighted interview with local newspapermen, claimed that he came to JC only after popular request. (Popular request of Dr. Arnold Joyal, FSC president).

A BRIEF RESUME OF OUR BOY MOOSE

After his eight long years at Fresno Hi. Moose enrolled at Fresno State College for two reasons. First, he wanted to further his education and second, the draft was still on, and this was an "out." After one year at State, he transferred to JC and during the school's first semester was elected its first SB President. The following semester he went to work. This semester he's back

ticipate in student projects or activities is becoming a bore.

Get on the ball, school musicians—join the JC marching band. REMEMBER, the band advertises the school.

### **FBLA Visits** Fresno Bee

Members of the Future Business Leaders of America organization visited the Fresno Bee building Tuesday in place of holding their regular meeting.

On the tour, arranged by Raymond Hatch, club vice president, the students watched a noon news broadcast, visited the editorial department, and saw the afternoon issue of the Bee being run off in the press room. In the "morgue," the library of the newspaper, the group saw the intricate filing system used by the paper to keep records of individuals and events.

TOUR BUILDING

Mr. William Otto and Mr. Glenn Dixon of the Fresno Bee radio station staff conducted the tour throughout the building.

Election of officers of the organization for the spring semester will take place at the FBLA meeting next Tuesday, February 21, at 11 a.m. in N-35.

The slate of candidates prepared by the nominating committee is knitted in China are perfect for as follows:

CANDIDATES LISTED

President, Raymond Hatch, Dorothy Green, and Fred Milgrom; first vice-president, Polito Marquez and Isabel Alfano; second vicepresident, Lois Tvede and Anna Lawrence; secretary, Mary Sue Brown and Norma Gondela; treasurer, Rowena Campbell and Lazaro USE CARE IN BUYING Leon; reporter, Tony Bustillos and Doris Lung.

Newcomers to FJC's business education department are especially invited to this meeting on Tues- clothes match instead of being a day, as most of the hour will be de- jumbled mass of colors. voted to getting acquainted.

#### **Hockey Game Proceeds** Go To Relief Fund

Proceeds from the ice hockey game between the Fresno Falcons and the Los Angeles Monarchs last Wednesday will be placed in Community Service Center relief funds for assistance to needy persons in this area.

She: You remind me of the ocean. He: Wild, romantic, restless? She: No, you make me sick

### Figure Facts EVELYN STEINKAMP

Because of the winter frost, gloves have become a necessity instead of just attractive accessories. String gloves have topped the list of best sellers, followed by angora and bunny fur. For men the outstanding color with pastels following close at hand.

For outdoor wear, such as skiing or skating, mittens to match sweaters or scarfs are wonderful. Many of the mittens are hand made. People who can knit or have a friend or relative that will knit for them are, fortunate indeed.

In the summer time gloves are used for appearance only and then just with dressy clothes, but in the winter everyone wears them for all occasions.

GLOVES SHORTEN

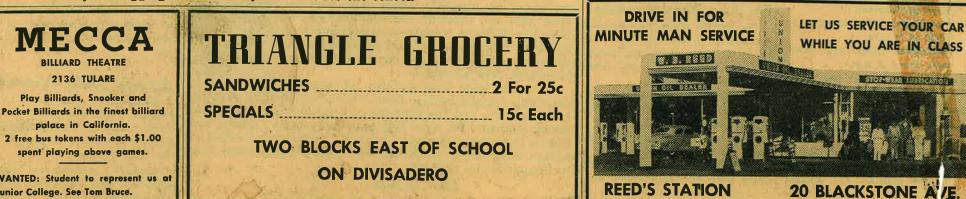

During 1949 elbow length gloves were popular but the 1950 trend is for shorter gloves. Very thin gloves formal wear.

Most of the scarfs today are made of rayon or silk and fit the needs of the individual in California. Scarfs are of four types: small, narrow ones to wear with sweaters, large ones to use for bandanas, long neck scarfs and pleated scarfs. Designs and colors are beautiful.

Remember this one thing in buying a scarf — try to match your wardrobe. A little thought and time spent planning will make your

"Aha!" said the ink as it spilled on the tablecloth, "I certainly won't have to go to the pen for this.

RUBY HALL, accounting major, shown working one of FJC's countless and complicated bookkeeping machines.

### FJC Bookkeeping Machine Operators In Big Demand

Opportunities for trained operators in the machine calculation and bookkeeping field are, today, greater than ever

Mr. Garland A. Murphy, instructor for the accounting and bookkeeping class stated: "Many calls are being received for

trained and experienced operators in the field of machine calculation and bookkeeping." The necessity for a greater number of operators, he added, is plainly indicated by the demand for them, and we hope that the business education department at the Fresno Junior College will be able to meet the demand successfully.

The classes which meet daily, are divided into two one-year groups or sections. The first group of students are beginners and their work consists of instruction on the hand and electric calculators of comptometers — as they are more commonly known — for one year.

During this first year the classes go into the basic fundamentals of business arithmetic, which include such workings as addition, subtraction, multiplication, and division, and later are first shown and then the students work them out for themselves, typical problems which they would encounter under outside conditions.

The second year students move on to more complicated machines which require much skill to operate. The students however, are given much help in learning the necessary techniques for operating these machines. The machines used in the second and last year are: bookkeeping machines, posting and billing machines, and banking ma-

These machines are very definitely needed for large business houses, whose daily functions norm- ize in a sentence." ally create large volumes of work. This great volume of work could moment I cauterize."

### Lost Items Gather Moss In Office

"Please pick up your lost things," said Miss Edna Price, JC receptionist, "We've had a ski sweater in the office since the middle of

Other unclaimed articles are a pair of purple knit gloves, a red silk scarf, a black, rubber, shop apron; a short brown coat, and a windbreaker. In the jewelry line, two pearl necklaces, a gold necklace, a class of '48 Tech ring, and a class of '43 FHS ring. Among the miscellaneous items are a pair of glasses; a glass case; a key chain with two keys, and a car license tag identification number 5-K7134

not be done in a simpler manner without loss of time and money.

"All the machines in the department with the exception of the hand calculator," revealed Mr. Murphy, "are quite unique in themselves and are almost totally automatic in their workings. "Many students," he went on, "find these machines fascinating and are delighted to know that they will be able to use them for practical purposes in their personal problems while in school as well as later on in outside business work."

Chili: "I knew she was mine the

### Distributive Ed Club Lauded By Long Beach Group

High praise for the work of the Fresno Junior College Distributive Education Club was sounded by teachers and supervisors from throughout California at the annual state conference for distributive education personnel in Long Beach

Clifford Hawkins, instructor, and Richard Helm, DE director for the Fresno City Schools, attended the conference.

Hawkins outlined the organization of the local Club, which is the first of its type on the college level in California. He expects that similar organizations will be organized throughout the state within the next few years.

The group visited the Long Beach City College distributive education plant which Hawkins labeled as "outstanding." Their extensive program has been greatly aided by a money grant from the Sears-Roebuck Foundation for Retail Merchandising Training.

Hawkins yesterday revealed that about 95 per cent of the students in his cooperative retail training class are presently employed in Fresno. Grocery stores, service stations, specialty stores, stock rooms, and drug stores are among the businesses employing JC students.

Credit for the cooperative retail training course is awarded on the basis of 5 units for class work and 5 units for the hours spent on the

#### **GRADUATES ASKED** TO RETURN PROOFS

Fourteenth year and graduating twelfth year students were asked today by Louis Ingraham, Rambler editor, to return their proofs to Maxwell Studios as soon as possible so that graduate sections for the yearbook can be pasted up and sent to the printers.

#### Rally Committee Plans Dance For February 24

Plans for a pre-game rally, halftime stunts, and an after-the-game dance are being made by the assembly and rally committee for the FJC-College of Sequoias game here February 24.

Ed Kashian, chairman of the committee, says they intend to sponsor a "backwards type" dance very ambitious schedule of top in an effort to build up enthusiasm flight opponents that should draw to attend dances.

Improper lighting is just as bad for your eyes as the crazy idea shown here. Use correct size bulbs in proper fixtures for your study and work. Keep your bulbs clean and you'll be surprised how much better you can see.

BETTER LIGHT MEANS BETTER SIGHT

PRACTICAL EXPERIENCE in grocery store work is gained by members of the Distributive Education Class. Pictured are Howard LuAllin left, and Milton Martin.

### 'Good Finances Important' Emphasizes Business Dean

By ARCH BRADSHAW

The academic subject fields have been touched upon by other members of the faculty and administration as well as curriculum and other registration data. One field not fully covered but certainly of interest to all JC students is the financial picture — the picture being confined to funds for operation of student activities.

revenue. These are: student body fees and receipts from events. games, activities and (we hope in the near future) bookstore and

The bookstore and canteen started with no capital. These businesses started from scratch and from credit advanced by firms with whom business was contracted. When it is realized that veterans accounts are not paid for some four to six months, running into several thousands of dollars; stock on shelves and, the further fact that bookstore and canteen must pay for these items, it can be understood why no revenue is forthcoming until a reserve capital is built.

#### SUPPORT MEANS DOLLARS

One of the immediate needs is the supporting of the various campus activities so that revenue may be realized to help defray expenses. Otherwise, general funds have to be tapped to make up this deficit. This should apply to all games, dances and special events.

#### HOPE SEEN

All is not a glum picture, however. Reserve funds have been allocated and earmarked for starting next year's athletic program; a

### **SPORTS** IN REVIEW

By ART MARGOSIAN

Mike Ryan, star quarterback on the past Ram football team, has indicated that he will attend the Fresno State College next September. Ryan, who received offers from colleges and universities up and down the Pacific Coast and the University of Pennsylvania, expressed much desire to play in a Bulldog uniform in September.

While talking to Mike, I found that he was trying to urge other members of the Ram football squad to attend FSC. Good luck, Mike.

Another Ram footballer, Gordon Johnson, is now attending the College of Pacific and rumors are in the air that Bob Cobb, rugged FJC scoring title. "Loopin' Lloyd" confullback, will enroll at USC this tinually passed off to his teammonth.

#### RAMS LOOK GOOD

Since the last day of publication (in early January) the Ram basketball five has improved considerably. The addition of Ernie Slade, has given Coach Paul Starr more to work with.

In league play the Rams have toppled Porterville, Coalinga, Taft, and San Luis Obispo and lost to the College of Sequoia and Reedley College. The Rams started the season with four wins because Santa Maria and San Luis Obispo refused to play and forfeited their games.

The Porterville tilt saw the Rams get off to a slow start, but go on to win handily in the second half 64 to 50. In the next game the Rams edged Coalinga 80 to 76 in a battle that saw Ram forward Lloyd Heav. in score 43 points and set a new CCJC scoring record.

The Rams put a scare into the top College of Sequoias quintet halding the Giants to a 20 to 17 score at halftime in the next week of play. The Giants, always powerful at home, outscored the FJC five 35 to 25 in the second half to win 55 to 42. Fresno lost a closie to Reedley in Fresno the following night in a contest featuring a blind mouse.

#### RAMS COP TWO

Last week the Rams knocked over Taft 59 to 55 and San Luis Obispo 62 to 43 in a jaunt to the Coast cities. The Fresnans were off in the first half and had to come from behind in the Taft game. In the San Luis tilt the Rams won handily with the Fresno reserves seeing much action. Heavin went below his usual twenty, scoring but 36 points in the two games.

Fresno has scored 876 points in 20 games for an average of approximately 44 points a game thus far. Defensively the Rams have been Martinez 5, Ferguson 4, Wixom 0, outdone with the opposition tanking Iverson 0, Ballard 1, Roberts 0. an average of 50 points a game. OTHER PLAY

In other league play the Taft Cougars took a sound 122 to 35 drubbing at the hands of a bloodthirsty COS five and also took a back seat to a high flying Reedley squad to a tune of 71 to 52.

Other league scores of recent tilts are: Reedley 46, San Luis Obispo 44; COS 59, Reedley 37; and Reedley 56, Santa Maria 42.

Head baseball mentor Warren Johnston greeted about 40 at the first baseball practice early this week. Coach Johnston's nine last year was tops copping many wins, one over the Fresno State College. (The Bulldogs were a powerhouse last year). Any other young man, who is handy with the hardwood should go out immediately and get in trim for the opening baseball

OFFICE AND SCHOOL SUPPLIES NEEDLEWORK - GIFTS - HOBBIES

### FJC Whips Taft, San Luis Obispo Over Week-end

Roaring back into the win column, the fighting Fresno Junior College Rams decisively trounced two opponents this weekend.

There was a "hot time" in the town of Taft last Friday nite. Trailing 36 to 30 at halftime, the Rams. lead by Lloyd Heavin, put on a rally which carried them into the lead in the middle of the third quartera lead that was never relinquished.

The Cougars, much to their sorrow, concentrated their defensive efforts on FJC's Heavin, who is leading the race for the conference mates, besides putting a total of 17 points through the nets.

Otis Harris and Willie Perry with 15 points each, Joe Ybanez with 10, and Warren Wright with 2, completed the scoring in the unusually former Edison star, to the squad exciting contest. High scorers for Taft were Joe Paige with 21 points, Ted Sinclair with 18, and Don Gleason with 11.

#### SAN LUIS WIN

The following night the host Vikings of San Luis Obispo also tasted defeat. The Rams were never pressed throughout the entire game, and coasted to a 62-43 victory.

Encouraging to Coach Paul Starr was the play of Don "Swishing Stretch" Bischel, in particular, and all of the reserve squad.

Bischel scored 10 points to come in behind Heavin, who scored 19 for high point honors, Lyman Ehrlich and Keith Vind turned in a fine floor game. The scoring was equally divided among the rest of the team.

#### WIXOM SCORES ZERO

Wixom, the Vikings' six foot nine inch center, was held pointless. High scorer for San Luis was Stinnett who poured 23 points through

#### JC ATHLETES COMPETE IN CASABA LEAGUE

Maurice Fitzpatrick, Louie Cocola, and Don Bausman of last year's successful Ram basketball quintet are members of the Gene Richards five, the current leading team of the top American League of the municipal circuit.

The Richards squad organized by Fitzpatrick, has lost but two games. Two members of former Edison High School teams and past college players, Vernon Riggins and Bobby Dean Thrower, round out the starting five.

DUH-UH! Coach Johnston told me to steal as many bases as I can.

### Forty-Five Greet Johnston In Early Baseball Turnout

The sound of cleat against turf and horsehide against bat and glove, met Coach Warren "Stoney" Johnston Monday afternoon at Holmes playground where forty-five aspirants for the 1950 Ram baseball squad ran through their first

Few veterans have returned from last year's club. Lou Cocola at second base, Bob Hill, a pitcher, and Maurice Fitzpatrick, an out fielder were among those at Holmes. "As you can see, all positions are wide open," the coach said.

Johnston hopes to develop two or three good pitchers this season. That is his biggest problem: lack of experience in the pitching staff.

Last season four boys played professional ball and are showing

Any hard-working, strong-backed boy interested in being baseball manager, see Coach Stoney Johnston in the boys' P.E. office.

up well. George Fujioka, pitcher; Jake Helmuth, catcher; and Don Bausman, short-stop will not return. All played with the Fresno Cards last season. Another player who will not return this year is pitcher Bob Cloud, who will start with the

Stoney has a rugged schedule of 22 games and will add more as the season progresses. The schedule is a hard one and Stoney hopes to The Rams open with the Fresno State Frosh Tuesday, March 7. The first league game is with Reedley on Friday, March 10.

The boys who showed up for practice Monday were the following:

Catchers Richard Fowler, Gerald Doty, Leonard Anderson; pitchers Bob Hill, Ledio Fanucchi, Lavern

### Traveling Rams To **Play Coast Fives** In Practice Tilts

The up and coming Fresno JC Ram basketball squad will travel to Salinas tonight to meet the Hartnell College five in a return game. In the first battle the Hartnell quintet won out 52 to 40.

Tomorrow the Rams will travel to Monterey for another practice game. The Rams dumped Monterey Peninsula twice earlier this season.

Coach Paul Starr's five will be out to avenge the early season thumping by Hartnell. The Rams have improved much and should give the Salinas boys double-trouble.

The Rams, paced by Lloyd Heavin, have moved into third place in the CCJC standings with four victories and two defeats and have given strong JC teams up and down the coast stiff competition. Hartnell pounced on Modesto 33 to 27 in their most recent contest. Fresno bowed 38 to 32 to the Modestans earlier this year.

HEAVIN TOPS

Flashy Heavin leads the Ram scoring attack with an average of about 19 points a game. Willie Perry and Otis Harris have come a long way in offensive play, while guard Warren Wright and forward Joe Ybanez have done much for the Rams defensively.

For Hartnell, six foot two inch center Fred Wilson, who tanked 16 points against the Rams in the first tilt, is the sparkplug. Tricky guards Wally and John Wong are ball hawks and set up the Hartnell offense while Harry Withers is an ace on defense.

#### MONTEREY FRIDAY

The Rams broke into the win column against the Montereyans to the tune of 48 to 36 and bumped the Lobos again 35 to 27 in the Modesto tourney. The Lobos have had a tough time all season but Coach Starr looks for anything but a pushover in the tilt.

Monte Aiello of Monterey proved dangerous in the first two efforts, racking up double figures in both games. Monterey had a terrible time with Stockton, losing 68 to 34 last Friday.

The probable starting lineup for the Hartnell battle will be forwards, Heavin and Ybanez; guards, Perry and Wright; and center, Otis Harris. Ernie Slade, a new addition to the squad, Don Bischel, Keith Vind, Gene Hambelton, and Lyman Ehrlich should see action tonight and tomorrow night.
