

WHEELER BECOMES PRESIDENT OF AMS

Clinton Wheeler, a sophomore, is the new president of the Associated Men Students.

Other officers of the all-male organization are Hal Griffey, vice-president; Orville Crane, secretary; James Stout, treasurer; and Robert Williams, program chairman.

The advisers are Joseph Woodman and Kenneth M. Hald. Ward Longueville, student body president, acted as president pro-tem and presided over the recent AMS elections.

Wheeler said he would select a governing board to assist the officers to conduct AMS activities throughout the fall and spring semesters.

The officers were elected at a recent "Bean Bust," sponsored by the AMS in the college's social room.

Football coaches Han Wiedenhofer and Ray McCarthy were speakers and answered questions on the pigskin squad before the showing of a film of the East-West football game.

Wheeler said purposes of the AMS organization include the effort to assist with other school activities, such as the Christmas Formal, and to make men students better acquainted with each other.

Jim Telegan was AMS president during the spring semester of last

year, while John Mullins was president during the fall semester of 1950.

Wheeler pointed out that the AMS will join forces with the Associated Women Students to sponsor FJC social and extracurricular activities during the year. The AWS president is Annabelle Calhoun.

Woodman said, "I think everybody had a good time, and I hope we have more meetings like the 'Bean Bust' soon."

"I'd like to express my appreciation to Mrs. Switezig and Jess Olinger for their cooperation and help."

AWS Holds Annual Hi-Jinks, Potluck

The Associated Women Students held their annual Hi-Jinks last night at 6 in the college's Ramble Inn.

After a potluck dinner, entertainment was provided by the women's physical education classes under the direction of Mrs. Hazel Pedersen. Hula dancers included Theresa Ramos,

ARCHIE BRADSHAW
... FJC dean of men

Ramos, Georgia Lempesis, Annabelle Calhoun, and other students. A film was also shown after the dinner.

The social event was informal and all women students and faculty were invited. Miss Calhoun, president of the organization, announced.

On the committee for the dinner were Joann Vatalaro, decorations; Priscilla Vickery, publicity; Miss Ramos, social; Ramona Gipson, hospitality; and Jackie Walters, refreshments.

Also assisting with arrangements were Miss Calhoun and other AWS officers, who include Nancy Lampert, secretary; Miss Lempesis, treasurer; and Dorothy Maybee, historian.

TWO ADVISERS
Advisers are Mrs. Pedersen and Mrs. Mildred Botsford.

The Associated Women Students is an organization to which all women students at the junior college may belong. Its purposes are to promote social and extracurricular activities and to aid in making women students "feel like they belong" on the FJC campus, AWS officers said.

AWS ACTIVE
Miss Calhoun urged women students who could not attend the potluck dinner and Hi-Jinks to participate in the many other activities which the AWS will sponsor during the school year.

Draft Tests Planned For Fresno Area

College students or those who plan to enroll in a junior college or four-year institution will have two opportunities in Fresno during the 1951-52 school year to take the selective Service College Qualification Tests, Archie Bradshaw, Fresno Junior College dean of men, said yesterday.

Bradshaw announced that the tests, which were first given last spring in cities all over the country, are scheduled for December 13 and for April 24, 1952.

Applications for the examination to be given in December must be postmarked not later than midnight November 5. Applications for the April test must be made by March 10.

DRAFT BOARDS
Copies of bulletins of information, application blanks and official return envelopes may be obtained from local draft boards.

To be eligible to apply to take the test, a student must meet three requirements, according to an announcement Bradshaw received from Earl J. McGrath, United States commissioner of education:

- (1) He must intend to request deferment as a student;
- (2) He must be satisfactorily pursuing a full-time college course;
- (3) He must not have previously taken a Selective Service College Qualification Test.

AGE LIMITS
Bradshaw said the American Council on Education had informed him that the age limitations on eligibility have been changed for this year's tests. For most students the old requirement that they be under 26 will still apply, but for others the maximum age is 35, since the draft law has been amended to extend the liability for military service of certain registrants until they attain the age of 35.

McGrath said that the criteria for deferment as a student are either a satisfactory score, which is 70, on the test or satisfactory rank in class standing. The latter is defined to include the upper half of the freshman class, the upper two-thirds of the sophomore class and the upper three-fourths of the junior class.

SENIORS, TOO
Seniors accepted for admission to a graduate school satisfy the criteria if they stand in the upper half of their classes or make a score of 75 or better on the tests. Students already enrolled in graduate schools may be deferred as long as they remain in good standing.

Vol. IV FRESNO, CALIFORNIA, THURSDAY, OCTOBER 11, 1951 NO. 3

UC Recognizes Junior College Courses As Having Full Value

Recognition of the value of public junior colleges as "an integral part" of the educational structure of California was emphasized in a new statement on admissions' policies of the University of California which was received by Fresno Junior College.

The university said that it will accept "at full value" approved transfer courses completed with satisfactory grades in the public junior colleges of the state. The admissions office at Berkeley further declared:

"Students who intend to complete their advanced studies at the university will frequently find it to their advantage to complete the first two years of their college course in one of the many excellent California public junior colleges."

OTHER FUNCTIONS
Another function of community colleges such as Fresno Junior College was also pointed out by the university. The admissions' office said that graduates of high schools who lack the entrance requirements which the various campuses of the university enforce should attend junior colleges to remove their admission deficiencies.

As an alternative for students who need to make up high school deficiencies, the Board of Admissions and Relations with Schools of the University of California has approved an experimental plan of admission, limited to the years 1949-53.

NEW PLAN
Under this plan an applicant from a California junior college or state college may be admitted on the basis of a record showing completion of at least 60 units of C-average work, in which must be included all of the subjects required for junior standing in the school or college of the university for which application is made.

Fresno Junior College officials said they would be glad to advise anyone in the Fresno area concerning the university's regulations on admission.

X-RAYS SCHEDULED

The mobile chest X-ray will be here at the south side of the school, near the chemistry lab, on Tuesday, October 30 and Thursday, November 1.

Finn Attends JC Classes To Avoid War

"Few Americans seem to know that Russia forced a treaty on Finland which provides that in the event another war breaks out Finland will have to fight with Russia against the United States."

This is the warning that a Finnic student, who is enrolled in Fresno Junior College, has for Americans.

Matti Korpela, 26, 144 North Van Ness, left Finland four years ago primarily because of the treaty with Russia.

"Any homesickness that I may feel for Finland is ended quickly by the knowledge that if I went back I might be forced to fight against Americans or be shot by the Russians," Korpela declared.

Korpela has lived for three years in the United States after spending one year in Sweden with the Swedish Merchant Marine, when he visited 20 countries.

Most of the time he has been in this country has been spent in Reedley, where he worked on a farm with a Finnic farmer. He also attended night classes in Spanish, typing, English, history, physical education, and orientation and group guidance.

The young Finn speaks excellent English, a language he learned while serving with the marines and coast artillery of his native country in the war against Soviet Russia. Korpela was drafted when 17 to fight Russia.

"Other marines played poker," Korpela said, "but a friend told me to study English with him, instead of playing poker, in order to use our spare time to good advantage."

After about three years with Finland's armed forces Korpela was discharged in 1945. He returned to his home in Helsinki, the capital of Finland, where he was born and lived except for his military service. In 1947 he went to Sweden. A year later Korpela was in the United States.

In 1944 Korpela also fought the Germans after Finland made a peace treaty with Russia which provided Germans should leave Finland in two weeks. The German troops refused to leave, so the Finns fought them, Korpela said.

College Sends 3 To Pasadena

Three Fresno Junior College representatives were in Pasadena Tuesday to attend a regional meeting of the California Junior College Student Government Conference.

They were Ward Longueville, FJC student body president; John Mullins, president of the state organization; and Joseph King, faculty adviser.

They attended the Southern California Junior College Association's regional section of the California student government body.

Mullins and King will attend a meeting October 20 in Stockton of the northern section of the state organization, while Longueville will be in Bakersfield the same day for the central section conclave.

Stockton College will be host to the northern group, and Bakersfield College will be host to the central section. The latter junior college will also be host October 20 to the fall meeting of the Central California Junior College Association, which several Fresno Junior College faculty members will attend.

King explained that he and the two students are attending the three regional conferences of the state's student governing organization in order to prepare for the statewide convention of the association. The state conference will be held in Fresno November 15-17, with Fresno Junior College acting as hosts.

King said the three-day state meeting would convene at the Californian Hotel. The Fresno Convention Bureau is assisting King's student government class and FJC's student council in making arrangements for the conference.

JOHN MULLINS
... state proxy

Prexy To Go To 2 Meetings

President Thomas A. Blakely will attend two educational meetings in Los Angeles and Sacramento this week and next.

He was in Sacramento last night with Stewart White, principal of the Edison High School, to attend a meeting of the State Committee on Cumulative Records. Dr. Blakely and White are members of the committee, which was appointed by Roy E. Simpson, superintendent of public instruction.

Dr. Blakely will attend a meeting of the State Advisory Committee for Trade and Industrial Education at the University of California at Los Angeles Tuesday.

He was appointed to this committee by Samuel L. Flick, chief of the bureau of trade and industrial education of the State Department of Education.

Rampage To Add Students To Staff

The Rampage, FJC's weekly student newspaper, needs more members on its staff, Editor Norma Augustine, said last night. No experience is necessary, and reporters, copyreaders, advertising salesmen, feature writers, and circulation and business personnel are sought. See P. D. Smith in M-33.

THIS WEEK'S CALENDAR

- OCTOBER
- 10—Wed., AWS Dinner, Ramble Inn, 6:00 p.m.
 - 11—Thurs., Dramatics Club Meeting, N-12, 12 noon.
 - 12—Fri., FJC vs. Hartnell at Salinas, 8 p.m.
 - 15—Mon., FBIA meeting, 12 noon, N-32.
 - 17—Wed., Christian Fellowship Meeting, M-11, 12 noon.

FBLA PLANS FOR CONCLAVE

The Future Business Leaders of America, in getting re-organized this year, are making plans for the Northern Division Conference in Fresno. Fresno will receive delegates from schools as far north as the Bay Area and as far south as Bakersfield. The Fresno Junior College chapter will be host, assisted by the Pi Omega, a group of student teachers at Fresno State College.

Betty Gunderson, past president of FBLA, attended a recent meeting and gave some of the purposes of this organization.

She told of the importance of helping students while seeking a job. Some of the points stressed the club will emphasize are character, skill, leadership, confidence, loyalty, and scholarship. The most important point is how to work with other people.

There are many advantages in being a member of FBLA. Several times during the year business men and women of the community speak to the group on qualifying for a job, on holding your job, and on how to please your employer and employees working with you.

The President Says

Pres. Thomas A. Blakely

The administration is continuing its efforts to improve FJC parking facilities and to solve individual parking problems as they occur.

Students may have noticed that in front of the building on the east side of O Street one hour restrictive signs have recently been posted by Fresno police. We hope that our parking "campaign" will result in the removal of these signs soon.

Sophomores will remember that last year our side of O Street was painted red, which meant "no parking." With the cooperation of Chrisman's Pharmacy the college was able to have the former red zone become a "no-restricted" parking area until two weeks ago when the one hour signs were posted.

We have been working with George Hartwell, the assistant mayor, to try to have the one hour signs removed. A police sergeant came to see me and recommended to the mayor's office that there is no need for the restrictions on parking in front of our building.

However, Mr. Hartwell phoned to tell me that since the one hour signs were posted as the result of a city ordinance it would take another ordinance to rescind the earlier action. Mr. Hartwell said such a move on the part of the city council would have to be initiated by a request from the city's Board of Education.

Consequently, I have placed this matter on the board's agenda, and the president of the board, Dean James M. Malloch, has assured me that the board will consider our request during tonight's meeting.

Walter Witt Has Wide Background

If you are wondering why students are becoming interested in art perhaps the new Walter Witt has something to do with it? He has more degrees than — anyway, he acquired a bachelor of arts degree in art philosophy at San Francisco State College and has his master's degree from the University of California. Witt had a cosmopolitan education in the finer universities of Europe under internationally known teachers. He has toured Italy, Germany and Holland, studying pottery, ceramics, jewelry making, metal crafts, and book-binding. His paintings have been exhibited in Europe and in San Francisco. And he is also the author of "Creative Proportions."

He is presenting to the college beginner a very interesting course, which consists of design, drawing and painting, commercial art, a craft's class, problems in color, analyzing pictures, and cut paper. The paintings and drawings will be based on still life and local subjects. Witt is teaching a more professional course, which has an unlimited professional approach.

EQUIPMENT FOR THE GARAGE

The Long And The Short Of It

BY ZOW CHOREBANIAN

WINTER HAS COME! Yes, the wearing of union suits, skirts, and sweaters has begun! Most students, mainly the girls, have been in this winterish mood for almost a week now. There are everything from cashmeres to straight skirts. **DEFINITION OF A STRAIGHT SKIRT:** Too much latitude and not enough longitude. (Say now.)

.....

WELL, this year and next have many important items to watch for on the school calendar. To briefly name a few . . . Armistice Day, Thanksgiving (ah, ha, turkey dinner), Christmas (going to hang my sock up early this year), New Year's Day (that's when you can't seem to recall what you did the night before), Memorial Day and then "mid term" grades and final exams. (Yep, one look at those grades and that's final!).

.....

WHA' HOPPEN? A strange character has been seen wandering around Ye Olde JC all bandaged up. As one teacher asked for explanations, he mentioned, "What's the other guy look like?" The answer? "I'm the other guy." See, never start an argument unless you know you can win.

.....

NO NOSE has it that the zoology classes have been cutting up lately! Cutting up frogs (croak), that is. But they're not fooling me, tho . . . I'm not buying any more ham sandwiches for lunch for a long while!

.....

STUDENTS — have you been feeling ill? Need Hadacol? Have no fear, for scattered among us we have none other than those girls of the famous "Nightingale Brigade." The girls are students of FJC and the Fresno County Hospital, and they will gladly psychoanalyze your case!

.....

BORROWED: Small boy on telephone, as teen-age sister rushes to grab it: "You must have the wrong number. I don't have a beautiful sister."

Dean Marsh Releases Fall Semester Student Calendar

Fresno Junior College students are planning a variety of social activities during October, Willa Marsh, dean of students, said yesterday.

In releasing the month's calendar of social and extra-curricular activities, Miss Marsh pointed out that other events will be planned later in October.

This week FJC's chapter of the Future Business Leaders of America met Monday noon to plan the semester's activities. Sponsors of the FBLA are Nancy Webster and Frank Svilich.

The Intersarsity Christian Fellowship held its second meeting of the semester Wednesday noon. Eleanor Anderson is acting student chairman, and Mrs. Lucile Williams is adviser. The group will meet every Wednesday noon during the school year.

Tommy Belden, rally committee chairman, has a group of 25 students in his organization. Joseph King is the adviser.

Jackie Walters has been chosen head yell leader by the rally committee. His assistants include Clinton Wheeler and Barry Berger-sen.

PEP GIRLS

FJC's song leaders, known as "pep girls," are led by Carol Johnson. The others are Lois Menzmer, Wilma Schaffer, Nancy Lampert, Ramona Gipson, Marilyn Kizer, Priscilla Vickery, and Joann Vatalaro. Ward Longueville, the junior college's student body president; John Mullins, president of the California Student Government Conference of junior colleges; and King will attend a regional meeting of the conference at Bakersfield College October 20.

Fresno Junior College will be host to the fall convention of the

state organization November 15-17, when 500 delegates from 72 junior colleges are expected to meet at the Californian Hotel.

Bakersfield College will also be host to the fall meeting of the Central California Junior College Association October 20. President Thomas A. Blakely of Fresno Junior College said he and several other FJC instructors will attend the conclave.

The Future Business Leaders of America will be host to the northern division conference at Fresno State College October 27. Fresno Junior College's chapter will participate, and will be hosts.

FREE X-RAYS

FJC students will have the opportunity to obtain free chest x-rays October 30 and November 1. Arrangements are being made by Mrs. Hazel Pedersen, women's physical education instructor.

Rams Play Hartnell In Salinas

By SAL LOPEZ

The FJC Rams travel to Hartnell JC in Salinas tomorrow. The Rams and Panthers will tangle at 8 p.m. in what seems to be the JC game of the week. The Panthers will be out to even the score with the highly rated Rams. Last year the Rams upset the Panthers by a score of 13-12.

Winning on home ground last year, the Ram eleven should prove a very persistent and most likely very poor guests to the Hartnell hosts. The coast eleven would like to even things up. They will be all out for revenge, hoping to chalk up a victory over the Rams.

Salinas, located near Monterey, should have fine weather for the gridiron battle which will take place at night. The Panthers feature a strong team every year, and this year is no exception. The Panthers lost to Taft J.C. last week by one point, 26-27. They have lost three games by narrow margins, but Hartnell has still one of the state's best jaysee teams.

The Rams have won from Reedley, 26-0, and from Palomar, 47-0. Last week they lost a heart-breaker to Menlo, 14-13.

Hartnell has a good passing attack, led by quarterback Elmer Valli.

FJC Drops First Loss To Menlo JC

FJC's Rambling Rams ran into trouble last Saturday afternoon. The squad was nipped in the final three minutes of play with Menlo JC, 14-13.

In a hard fought battle, leading all the way until the final stages of the game, the Rams lost a thrill-packed game when Bob Pederson passed to halfback Ron Engle for the last Menlo JC tally.

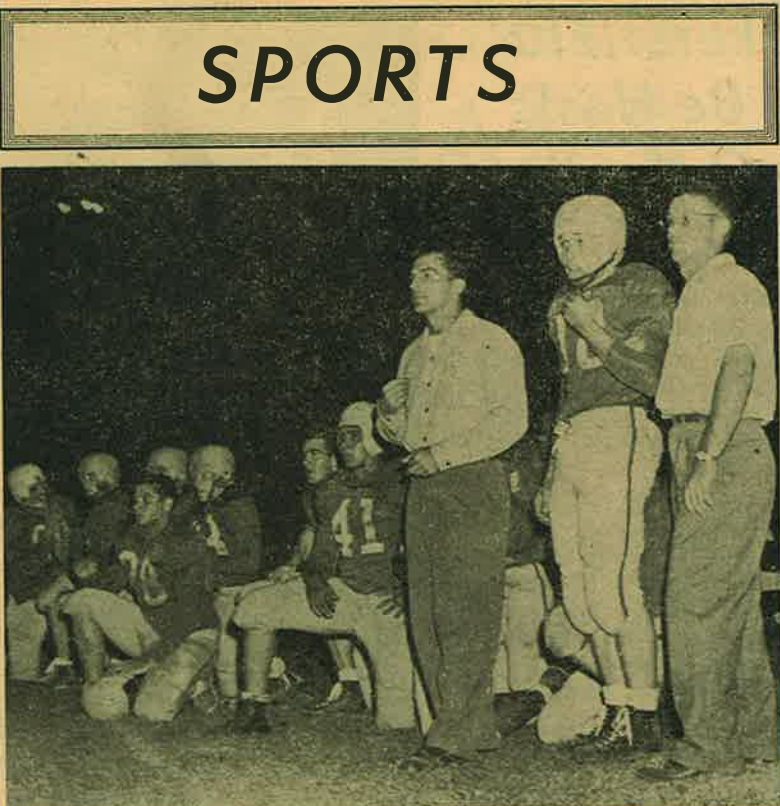

It was Fresno Junior College's first loss of the 1951 campaign after victories over Reedley and Palomar.

Winston Beasley of FJC ran 85 yards on the opening kickoff for the first tally of the evening. After a 50 yard march down field, Babe Chapanian scored on a four-yard plunge.

Menlo scored twice in the second period on Pederson's passes to halfback Ernie Boston and end Merle Flattley.

The Rams' forward wall tore the winner's line to shreds with its powerful rushing.

It was Menlo's second straight victory, with both wins coming in the final minutes by passes. Contra Costa JC was Menlo's victim two weeks ago; the score was 12-6.

TENSE MINUTE — Coach Hans Wiedenhoefer and some of his Rams are pictured in an action-packed minute during the first home game with Palomar Junior College. The coach was apparently about decided on a substitute to help "clear the bench" in the 47-0 rout of the Comets by the Rams. The picture is one of the action shots made at the game by The Rampage's ace photographer, Smiles Ramos. Watch for his pics in other issues of The Rampage.

FJC Student, General's Son, Lives In Iran

By SHARON DUMONT

Fresno Junior College has a very interesting student this year. This student is Ali Mohamad Moini, 25, a son of an Iranian general. Naturally, Moini is very interested in the Anglo-Iranian oil disputes, but is more an authority on the subject than the average since he has weekly correspondence with his family, who keep him up-to-date on the Iranian side of the argument. Just so his view will not be one-sided, he also has clipped everything from the local newspapers concerning the oil troubles, and has listened to daily radio commentators.

HERE TWO YEARS

The young Persian student has been in the United States two years. He studied at UCLA until the spring semester of 1951, when he transferred to Fresno Junior College.

After completing two years at FJC, Moini plans to transfer to Fresno State College to major in agriculture. Then he wants to go back to Iran to work for his country's agriculture department to help Iranian farmers improve their methods.

When his father was stationed with the Iranian Army in the south of Persia, Moini went to grammar school. Then his father was transferred to the northwest, near the Russian border, where Ali went to high school for three years.

WAR YEARS

Finally, his father, who is now general, went to Tehran after 1941, when the Russians and British occupied most of Iran. Ali finished his high school study in Tehran and attended the University of Tehran. An American missionary told him of American educational opportunities and advised him to go to UCLA. At UCLA a counselor suggested Fresno as a good region in which to learn about agriculture. Moini is taking English, history, economics, photography, health education and physical education at Fresno Junior College.

English For FJC Foreign Students Is Useful Class

By TERE ROBINSON

"The students in the foreign students' English class at FJC are making great progress with their studies," states Miss Kate Darling, instructor of the class.

The nations of China, Japan, Mexico, India, and Greece are represented. Alfonso Portilla, from Mexico City, resides with an American family in Fresno while their son visits Alfonso's family in Mexico. Several Chinese students — Benny Chon Chun, Jimmie Young, Ray Wong, Walter Lee, Steven Lowe, and Guy Lum-along with Mrs. Vasikiki Booras from Greece, are rapidly learning English. Izumi Fujimoto, George Tsuda, and Harry Tanaka from Japan are studying the geography of California with Frank Ortiz, Alex Martinez, and Joe Pulido of Mexico. Hinder Singh makes up the remaining member of the interesting class.

Each student can read and write in his own language and use his own dictionaries. Now, they are gaining a knowledge of English. Miss Darling further states that the students are bright, quick and eager to learn.

Women's P.E. Classes Get Hands At Badminton

The women's physical education classes are now playing volleyball, tennis, and badminton.

CLINT WHEELER
... AMS president

Pep Girls, Yell Leaders Visit Edison

FJC's eight pep girls and three yell leaders went to Edison High School Friday afternoon for a 2:30 rally. They were invited by Ronnie Fiorentino, Edison High president of the student body and yell leader.

Florentino helped FJC's three yell leaders lead cheers at the Palomar JC game and invited the pep girls and yell kings to visit Edison at that time.

The Rams' yell leaders are Jackie Walters, Clinton Wheeler, and Barry Bergersen. The pep girls include Carol Johnson, Lois Menzmer, Wilma Schaefer, Nancy Lampert, Ramona Gipson, Marilyn Kizer, Priscilla Vickery, and Joann Vatalaro. Wheeler is the new AMS president.

Drama Club Meets Today

A Dramatics Club meeting will be held today at 12:15 in N-12 to elect officers for the year and to plan the semester's activities.

Mrs. Phyllis Spencer, sponsor of the club, said any student who would like to join may come to the meeting. Actors, technicians, stage hands, property girls, and other specialists are needed. No experience is required, the adviser said.

Purpose of the club is to give members an opportunity to take part in plays, to help them develop poise and ability to appear before an audience with ease, and to furnish entertainment for the student body.

Mrs. Spencer said that one act plays will be enacted each month. Other activities of the group will include parties and an initiation of all new members.

IVCF TO BE OPEN TO ALL FJC STUDENTS

The Intervarsity Christian Fellowship Club is a Christian organization for the purpose of better understanding the privileges and responsibilities of Christian living, announced Dr. Lucile Williams, sponsor of the club.

"Any student who would like to become a member can attend the meetings and express their desire to join; the club is open to any and all Christian students," Dr. Williams said.

Officers pro-tem of the club are Eleanora Anderson, president; Kamia Peterson, vice-president; Lucile Christensen, song leader; Lawrence Hackett, pianist; Laura Lee Brewer, publicity; Catherine Lowe, poster chairman; Don Ebell, program chairman; and Bertha Smith, prayer meeting chairman.

Bible study is held Tuesdays at noon in M-11 and prayer meetings are held daily from 7:30 to 8:00 a.m. in M-11. Open meetings are held at noon on Wednesdays. Students bring their lunches and eat in the meeting.

A valley conference was held last

Bakersfield To Be Hosts To 2 Meetings

Fresno Junior College will send a delegation to Bakersfield College October 20 for the fall conference of the Central California Junior College Association.

Members are FJC, Bakersfield, Coalinga, Reedley, Porterville, Taft, Santa Maria, San Luis Obispo, and College of the Sequoias at Visalia.

FJC's president, Dr. Thomas A. Blakely, attended a meeting of the association's executive committee in Visalia recently when the October 20th conference was arranged.

Dr. Ivan Crookshanks, president of College of the Sequoias, was elected vice-president of the association. Don Carr, Coalinga J.C. head, is president.

In addition to the association conference at Bakersfield, another regional meeting for student leaders in the central section of the California Student Government Conference will also be held at Bakersfield College the same day. Ward Longueville, FJC student president; John Mullins, state president of the student government group, and Joseph King, faculty adviser, will represent FJC at the conference.

SPORTS, TOO

Athletic directors of the junior college association met at Visalia recently to plan the conference's basketball schedule, to consider the possibility of a play-off between the two sections of the conference in football, and to decide whether or not the nine schools in the association should form one league for sports competition.

Paul Starr, FJC athletic director, attended the meeting. Dr. Blakely reported that Santa Maria J.C. will not field a football team this year, and that the same will probably be true of San Luis Obispo J.C.

FJC ACTS

Dr. Blakely presented recommendations of the executive committee, comprised of the nine college presidents, to FJC's student council.

Dr. Ralph Prator, Bakersfield College president, extended the invitation for the conference of the association to be held at his school October 20-27.

Bookstore Offers Many Opportunities

Wesley Anderson, manager of the FJC Bookstore, and former teacher at Fresno High School, announced that books, school supplies, candy, gum, and cigarettes can be purchased at the bookstore.

The bookstore is located in the basement of the building in the middle hall. The hours are from 7:45 a.m. to 10:00 a.m. — 11:00 a.m. to 2:00 p.m. and 7:45 p.m. to 8:30 p.m. in the evening.

The bookstore now has a special on paper — 75 sheets for 10 cents and graph paper, 25 sheets for 10 cents.

The following books which were out of stock have been received: "Foundations of Good English," "Correlated Dictation and Transcription," "Fundamentals of Radio Receivers," "Practical Mathematics," "Electronic Motor and Welder Control," "Business Law," and "Elements of Electricity."

Assistants in the bookstore are Frances Penman, noon; Ward Longueville and Eddie Perez, in the evening.

Friday at Kingsburg. Five inter- varsity members from FJC attended. Delegations from Fresno State and Reedley JC also attended.

Nancy Hughes, from UCLA and a district officer, was the speaker at the conference.

BUSY PLACE — FJC's library is a busy place. If you don't know anything, or if you want to know more, the library is the place to go. Pictured above Miss Darlene Horch, assistant librarian, and Don Moulden, who used to work for the library, replacing books on the shelves.

Library Has Books From Which Local Movies Have Been Made

Many motion pictures now showing in local theatres have been adapted from books now available in the FJC library.

Some of the pictures have been rewritten and renamed under another title. The books may be checked out at your convenience, Howard Kaston, said.

One of the books is Theodore Dreiser's classic, "An American Tragedy," which is now showing under the title of "A Place In The Son." There is also Richard Wright's "Native Son;" this picture is to be shown in the theatres in the very near future. He also wrote "Black Boy," and it is the true to life story of his youth.

"Red Badge of Courage" by Stephen Crane may also be obtained in the library. "Up Front" by Bill Mauldin is about two GI's named Willie and Joe, and it concerns their comical experiences

during the war. It is based on the author's cartoons of the same name. Another film being shown is "Showboat" by Edna Ferber.

"Showboat" was also a play which ran on Broadway in 1948 and 1949. The music was by Jerome Kern, with the book and lyrics by Oscar Hammerstein.

You will find all these books in the library.

Kaston again urges the students to please sign the roll which is passed around every hour. This is the only way he can determine how many students use the library.

The library has a reserve book shelf. The books on it may be used in the library or checked out for overnight use only. But they must be back by 9 a.m. in the morning. A five cent an hour fine will be charged those who do not return the books promptly.

ATOM BOMB ATTACK PLANNED

By BETTY NICHOLS

An atom bomb attack is planned for the near future at FJC.

The bomb attack signal is one long ring, then three short rings on the regular class bell. This signal is repeated several times to attract attention. When this signal is given, students will march in an orderly and quiet manner to the designated shelter and line up against the wall, or as near as possible to the wall.

Arrangements are being made for handicapped students who can't get out of the building quickly. O. D. Carter, fire and bomb drill chairman, said.

When the "all clear" signal — single rings of the bell — is given, go slowly to the unbarricaded exits. Do not attempt to enter the building again. Go home and follow directions to prevent ill effects from burns.

BOMB SHELTERS

For shelter information refer to

procedures posted in each room. Bomb shelters at FJC are Shelter 1, North Annex, Lower Hall; Shelter 2, Main Building, Basement Hall or Ramble Inn; Shelter 3, Lower Hall and P.E. dressing rooms; Shelter 4, Dickey Playground Field House.

Carter, who is in charge of this drill, asks the cooperation of everyone to make the drills successful as possible. Being calm in evacuating the building quickly may save your lives in an A bomb attack in Fresno.

FIRE DRILL

A fire drill was held recently during the 9 a.m. classes to acquaint the students with fire drill procedures. The building was evacuated in one minute and 50 seconds.

The fire drill signal is the fire gong or three signals on bells. For further information regarding exits and regulations, see the notices posted in the building and in each room.
