NO. 21

## Scholarships Available For Future Students

A number of scholarships are available to college freshmen and high school seniors who plan to attend Fresno Junior College during the 1957-1958 school year, Archie Bradshaw, FJC scholarship committee chairman, announced recently.

He said interested students are invited to pick up applications for scholarships from their high school principals. The requirements for each high school senior are three letters of recommendation, including one from the student's high school principal. These letters should include an evaluation of the student.

### Students Will Be Notified

The students will be notified by the scholarship committee receiving an award. Bradshaw said the applications will be judged on scholarship, leadership and citizenship, including participation in student and community activities, a sense of honor, perseverance, stability, resourcefulness, and citizenship appreciation.

Bradshaw said financial need of applicants will also be a factor. Students who receive awards for two semesters will be required to maintain above average grades in the first semester to receive second semester grants.

### Scholarships Listed

The scholarships that are to be awarded are the Chester Cary Memorial, five scholarships of \$50 each; Fresno Council of Jewish Women Scholarship, two scholarships of \$30 a semester for students in the field of public health service; National Secretaries Association, one scholarship of \$100.

St. James Men's Club, Fresno, in honor of Dean Emeritus James Malloch, one scholarship of \$20, open to all high school seniors; FJC student council award, two scholarships of \$25 for high school seniors who have shown interest in participating in student government; Fresno Technical High School Alumni Award, one scholarship of \$100; Fresno Junior College Faculty Club Scholarship, one scholarship of \$100; "Bud" Blosser Memorial Scholarship, two scholarships of \$50.

The scholarship offered by the Fresno Council of Jewish Women is also offered to returning sophomores.

## Faculty Reps Advisor Group Hold Meeting

The advisory committee for business education division met with the faculty members of the division for dinner last Thursday night at 8 o'clock in the faculty dining room in the student union.

After dinner, the two groups met in the faculty library for a discussion about a proposed cooperative work experience program. This discussion was presented by Jack Hill, the marketing and advertising instructor.

Gervase Eckenrod, division placement officer, reported on new courses organized as the result of an occupational survey made last summer by the division. Advertising and marketing are some of the new courses organized.

## Jones, Miriam Klaus Win Talent Show

The Interclub Talent Show of Friday morning played before a full house and enthusiastic group of students in the Fresno State College Auditorium.

Jesse Jones and Miriam Klaus, from the Intervarsity Christian Fellowship organization, earned and received the

WINNERS—Jesse Jones, left, and Miriam Klaus display the trophy they won in the fourth annual Fresno Junior College talent show. They presented a reading, *The Creation*, accompanied by the FJC choir. The winners represented the Intervarsity Christian Fellowship. Bee Photo

perpetual trophy and certificate of achievement for their outstanding presentation of "The Creation." They were accompanied by the Fresno Junior College Choir.

Each of the other individual or group performances received great ovations also. In particular, the crowd favored Michael Gay, the singing ukelele player, and Charles Guiterrez, vocalist.

Muriel Maxwell, assembly chairman, wishes to express thanks publicly to Robert Love, chief engineer of KBIF, for so generously contributing to the success of the talent show by acting in the capacity of master of ceremonies.

The Interclub Council chairman, Harold Nielsen, speaking in behalf of his club, stated "We are extremely well pleased with the unusually large turnout for the show, and for the hearty enthusiasm of the students."

## Polio Clinic Postponed Until April

Mrs. Anne Gabel, the Fresno Junior College school nurse, has announced that the Salk polio immunization clinic scheduled for today has been postponed until April 25.

Mrs. Gabel said that Fresno County Health Officer Dr. Robert D. Monlux has received word from the United States Department of Health that the unexpected demand for Salk vaccinations throughout the United States has completely drained the present supply of the vaccine. The department of health had not anticipated such a huge demand for the polio shots, therefore the reason for the present shortage.

Dr. Edna Winter, the Fresno State College director of health services, who is organizing the clinics, hopes that a supply of the vaccine will be available by April 25. The FSC clinic will be held one day prior to the FJC clinic.

Mrs. Gabel reminded students to retain the permission slips signed by their parents until vaccination time next month.

## White Is Named President Of CCJCAA For 1957-58

Stuart M. White, president of the Fresno Junior College, was elected president of the Central California Junior College Association for the 1957-58 school year in the annual spring conference of the organization at the Coalinga College.

He will succeed William S. Houpt, the dean of the Allan Hancock College of Santa Maria.

Alfred M. Livingston, the director of the Coalinga College, was elected vice president, and Archie Bradshaw, FJC's dean of student personnel, was appointed secretary and treasurer.

The administrators approved the establishment of the Central California Junior College Women's Recreation Association by which women students of the junior colleges will participate in two sports days during the fall semester and one in the spring semester of each year.

They also established a unified policy in keeping with a state law by which all students who are veterans will have to take physical education for four semesters unless they are 25 years of age or over.

### CALENDAR OF THE WEEK

#### March

28 Alpha Gamma Sigma meeting at 12:30 PM in M-117.

Tennis, Rams vs. Reedley at Reedley, 3 PM.

29 FBLA state convention Baseball, Fresno vs. Porterville, 3 PM at Romain

#### April

1-5 Mid-term examinations.

2 Red Key meeting at 12:30 PM in M-217.

Baseball, Fresno vs. Coalinga 3 PM at Romain.

... Elected

## JC Has Record Enrollment; T & I Division Boosts Most

The current enrollment at Fresno Junior College is the largest in the school's history, George Holstein, dean of admissions and records, announced recently.

The total student enrollment figures are divided as follows: Business Division, 599 students; General Education Division, 858 students, and Technical and Industrial Education Division, 1,493.

The most popular majors in the Business Division are Business Administration, General Business, and Secretarial. The most popular majors in the General Education Division are Liberal Arts and Elementary Teaching. The most popular majors in the Technical and Industrial Education Division are Engineering, Radio and TV Repairmen, and Electrician.

In the Business Division, the number of students in the individual courses are Business Administration 192, General Business 126, Secretarial 106, Accounting 83, Clerical 75, Office Machines 10, Marketing 7, and Economics 0.

In the General Education Division, the number of students in the individual courses are Liberal Arts 216, Others 149, Teaching Elementary 137, Teaching Secondary 2, Pre-nursing 37, Criminology 31, Art 30, Agricul-

ture 28, Science 26, Physical Education 21, Home Economics 16, Pre-pharmacy 16, Pre-dentistry 14, Pre-medical 12, Social Science 12, English 8, Journalism 7, Pre-medical Lab Technician 7, Social Work 7, Speech 6, Forestry 5, Pre-legal 4, Political Science 3, Pre-X-ray Technician 2, and Public Health 1.

In the Technical and Industrial Education Division, the number of students in the individual courses are Engineering 275, Radio and TV Repairman 209, Automotive Mechanics 174, Electrician 132, Vocational Nursing 100, Plumbing 92, Machinist 79, Welder 72, Carpenter 67, Industrial Arts 52, Elements of Supervision 52, Body and Fender Repairmen 51, Mill Cabinetmaker 38, Draftsman 29, Meat Cutting 14, Plasterer 12, Painter and Decorator 10, Roofing 10, Commercial Artist 2, and Laboratory Technician 1.

The total enrollment at FJC is 2,950 students. These figures do not include the high school students attending or the Air Force Reserve Program.

The various heads of the departments are, Miss Ethel McCormack, business division; Robert P. Hansler, trade and industrial division, and John Mock, general education division.

## April 1-5 Is Exams Week

The Fresno Junior College spring mid-semester examinations will be held from Monday, Apr. 1, through Friday, Apr. 5.

Mrs. Kay Seagraves, dean of women, said, "the midterm grades are the basis for eligibility for positions in student government; students need to realize that a grade of 2.0 or a "C" average must be maintained to be a candidate to hold an office."

She said the student body president and vice president must have a "B" grade average, while the other officers, representatives and commissioners are required to have a 2.0 cumulative grade point average. The candidates for the associate in arts degree are also reminded that a "C" average is required for graduation.

## Accreditation Team Will Visit Junior College Site

The Fresno Junior College will be visited by an accreditation team of the Western College Association April 9 and 10. On the basis of the team's recommendation, the association's board of directors will vote at its next meeting to continue or withdraw the accredited rating held by FJC.

When a junior college is accredited, college credits earned by its students may be transferred to any other college or university in the western region and, through reciprocity agreements, to other college regions throughout the nation.

Members of the team are Algeo H. Brill, Yuba College, the chairman; Dr. Francis Noel, state department of education; Dr. Lawrence Osborne, College of the Pacific; Dr. Irene Palmer, San Jose State College; Phil Powers, Ventura College, and Dr. William Priest, American River Junior College.

The commission said that it and the Western College Association believes that accreditation has two values:

"The first value is that which comes from self-evaluation, as the staff of an institution works within the context of the accreditation visit, which normally comes but once in five years. Rather, they are more likely to result from the continuous thought that is given to the areas of concern in accreditation and by the continuous emphasis on standards and qualities that are considered important."

"The second value derives from evaluation by a professional agency outside of the institution itself. This provides an opportunity for constructive analysis of an institution's program as a group of impartial observers, well qualified in the area of post-high school education, pool opinions and judgments on the institution and its programs . . ."

The areas the commission will investigate are aims and purposes, curriculum, instruction, student personnel, and administration.

## Alpha Gamma Phi Beta Honors Initiates 15 6 New Members

Fifteen new members of Alpha Gamma Sigma, the California junior college scholastic honorary fraternity, conducted a spring semester initiation ceremony last Thursday noon in McLane Hall.

The initiation ceremony was led by Rodney Hill, the chapter's president; Jaquitta De Witt, secretary and treasurer, and Dr. Rolf Ordal, the adviser.

Qualification for membership in Alpha Gamma Sigma includes carrying 12 units or more earning 42 or more grade points, having a grade point ratio of 3.0 for the semester, and having a grade no lower than "C" on the entire college record.

Students who were initiated include Robert Broome, Bernice Amaral, Margaret Galbreth, Sharon Cummings, Elaine Anderson, Phyllis Gehrke, Raymond Halfaker, Angie Caldera, Gene Dudley, Victor Takeuchi, Robert Jensen, Harry Hale, Jim Repape, Richard Morris, and Leon Huffman.

Six new members of Phi Beta Lambda were honored at a potluck supper recently in the social room of the student union.

The new members are Gene Dudley, Raymond Beach, Donald Propes, Bill Murphy, Rita Harris, and Mrs. Mary Anderson.

Mrs. Edna Hartley and B. C. Henderson, sponsors, attended the meeting. Members present were Marian Bitter, president; Sharon Cummings, secretary; Marvin Cozby, reporter; Dottie Rubald, central section vice-president; Mary Lanotte, state parliamentarian; Richard Gentry, Charles Leavitt, Pat Pryce, Carole Bishel, Edith Forath, Diana Ayila, and Tony Najera.

The guests included Rochelle Harford, past member; Mary Ayila, Bob Palacios, Roy Anderson, and Arnie Hall.

Beach was elected second vice-president, succeeding Beverly Underwood.

HARRY MENESHIAN  
 . . . Jerusalem

## STUDENT OPINES ON JERUSALEM, AMERICAN LIFE

By BARBARA BEKERIAN

An interview was conducted with 17 year old Harry Meneshian, a foreign student from Jerusalem. His family consists of his mother, father, two brothers and one sister. The English language is spoken both at home and outside the home.

The cost of the movies in Jerusalem, according to Meneshian. Soccer is the favorite sport in his country like football is to the United States.

The cost of the movies in Jerusalem is less expensive than here. Tickets are 15 to 20 cents for adults and 10 cents for the children. Teenagers attend parties and enjoy practically the same sports as the young people in America.

Meneshian also remarked that the boys were separated from the girls in high school, but the elementary schools were co-educational.

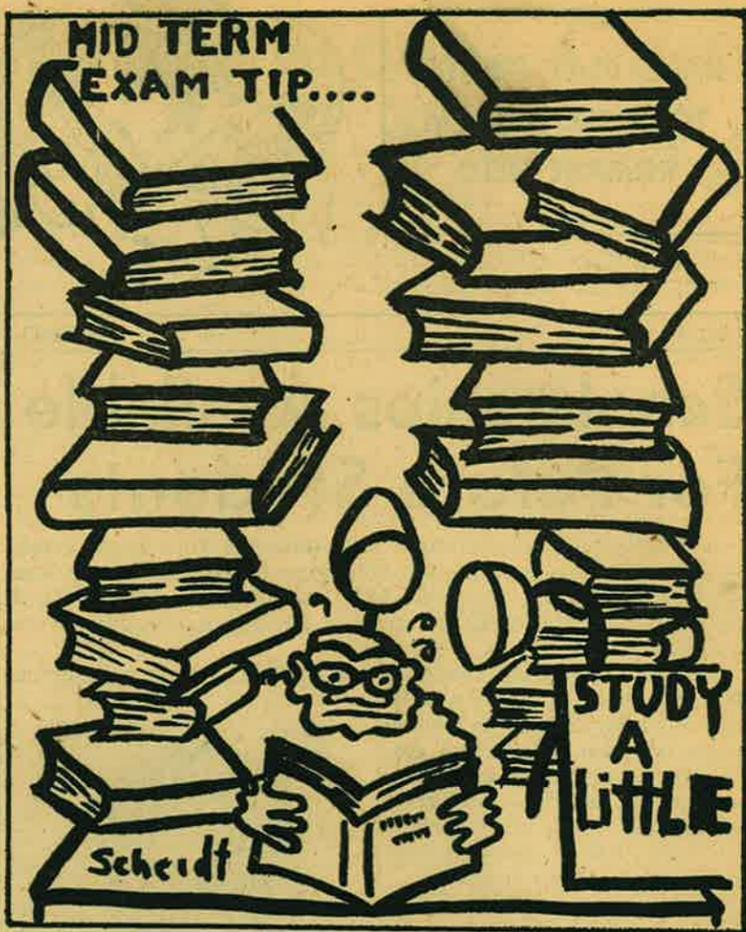

"The people in Jerusalem dress the same as Americans do. They enjoy ballroom dancing and the same music as we do. The men and women do not marry at any certain age, but marry when they fall in love, no matter how young or old they are," he said.

After Meneshian completes his studies at Fresno Junior College, he plans to attend Fresno State College and then transfer to the University of California at Los Angeles. His ambition is to become a chemical engineer.

When asked what his likes and dislikes are, he replied, "I like popular music and television. My favorite television program is 'Highway Patrol.' I do not like gambling."

The favorite movie stars in Jerusalem are Ava Gardner, Stewart Granger, and Marlon Brando.

He plans to carry out his ambition in the country he likes best after traveling.

## Junior College Gets New Electronic Demonstrator

After a year of waiting, Fresno Junior College's Radio and Television Department has received an electronic demonstrator. This demonstrator is the latest one on the market. Chester S. Garrison, instructor of Radio and Television, said that with the old demonstrator the student had to visualize the current supply principles in radio and television. This made it difficult for the instructor to teach and the student to understand.

With this new machine, the student can see all current supply principles in radio and television while the instructor is explaining them.

This electronic demonstrator cost approximately \$2,000.

## B Of A To Give FJC Two Awards

Two annual awards of \$100 each will be given to two students of Fresno Junior College by the Bank of America. One will go to a major in banking or business administration, and the other will go to a major in clerical or secretarial courses.

Students who are interested may obtain details from Miss Ethel McCormack, business division chairman, in A-15, and from announcements on the division's bulletin boards.

## FJC Offers Electric Shop To Students

The Fresno Junior College electric shop located on the O Street campus has a class for students who are interested in the electrical trade.

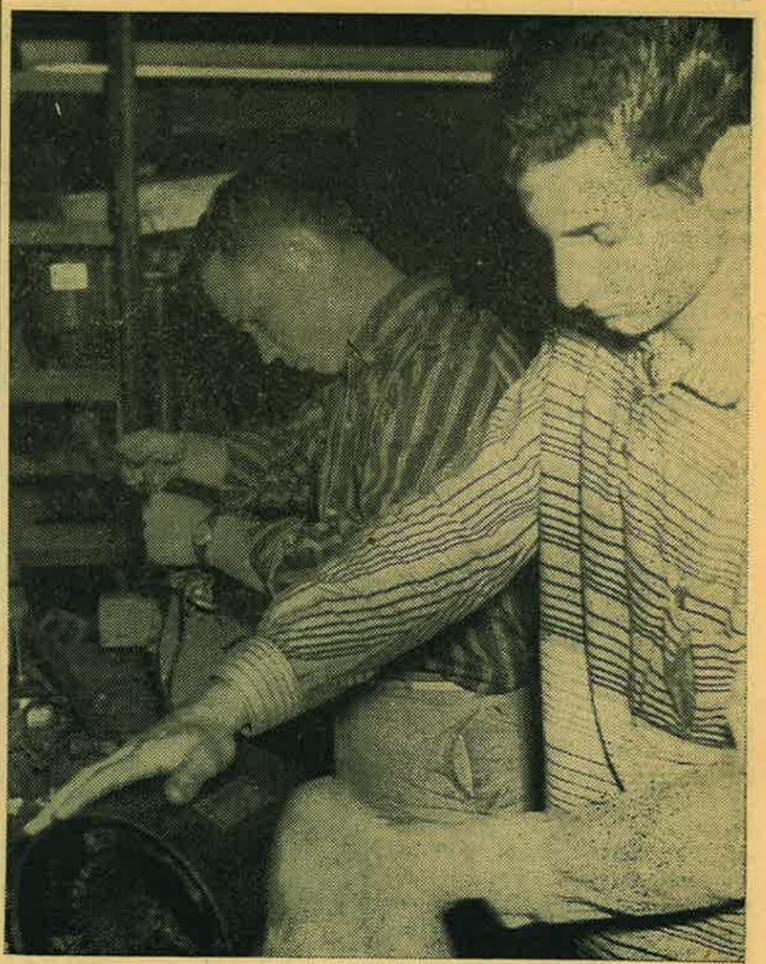

Walter Ridge, instructor of the electric shop, is busy teaching his students the art of electric motor rewinding and commercial house wiring.

The students who are taking the electric course for a vocation may receive an associate of arts degree when they fulfill the necessary requirements.

Merle Sons, instructor of the carpentry class and director of the project, said the electric class will wire the full-scale home which is being built by the carpentry class on the O Street campus.

Students who are interested in the electrical field may add the electric class to their program for the fall semester.

Money may be filthy lucre but my experience has been that it is those without it who treat us the dirtiest.

## As I See It . . .

By AUGIE CALDERA

The Central California Junior College Athletic Association will play a double round robin schedule this season in tennis. The loop was trimmed down to four members recently when Taft Junior College and Hancock College dropped out of the league. This leaves the College of the Sequoias, Reedley College, Porterville JC, and Fresno JC as the only ones which will field net squads this season. Only the first meeting between schools will be recognized as official matches, however.

This year's CCJCAA baseball loop is one of the tightest in the history of the league. COS and our own Rams were the pre-season favorites to battle for the crown but the Coalinga College Falcons, Reedley Tigers, and Porterville Pirates have shown definite power and should have plenty to say about who will win the league this season. Fresno defeated Taft and Coalinga; COS has won over Fresno, Taft and Hancock twice, while losing to Coalinga and Porterville; Porterville has beaten COS, and split with Hancock; Taft has failed to win as yet. Quite a mixed up race!

The track team has done very well despite the small squad that tallied 46 points at the Coalinga meet last week. I'll go along with Coach Ginsburg in hoping that more men participate in the sport and the performance of the athletes at hand improves.

### Aldredge Impressive

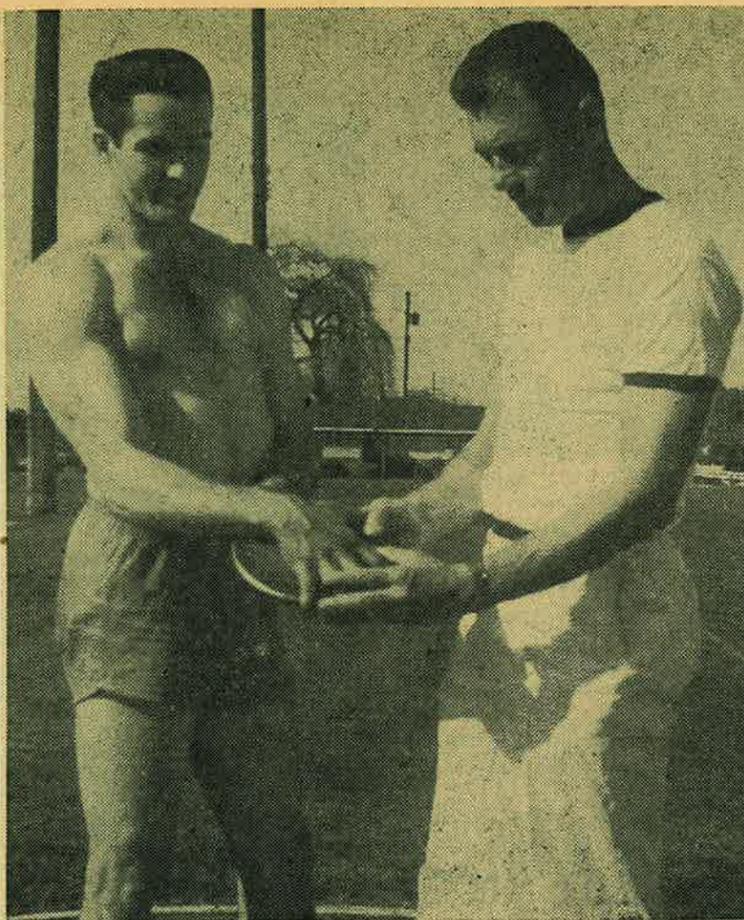

Reports from the Hollywood Stars' training site in Anaheim seem to indicate that Jim Aldredge, whom the Twinks signed off the Fresno Junior College campus, is looking good in action to date.

Aldredge got a double in two trips to the plate in an exhibition game a short time back.

### Veterans May Sign Monthly Forms April 1-5

Veterans may sign their monthly certifications between Apr. 1-5, Mrs. Louise Murphy, veteran's affairs secretary, announced recently that certifications that are turned in after this date will be forwarded to the Veterans Administration on a late voucher.

The period to be signed for is Mar. 1-31.

HERE'S HOW—Track Coach Erwin Ginsburg, right, shows discus thrower Frank Eller the correct way to handle the disk. Haugan Photo

## Ram Track Team Boasts Top Spiker

The Fresno Junior College track team may be having its troubles, but they have a surefire performer in the shotput and discus in Frank Eller.

Eller took first place in the shot and discus in a three way meet with Coalinga and Reedley earlier this year in Coalinga. He captured third place in both events in a meet with Taft also.

Eller is also no slouch in the sprint department, as evidenced by his third place finish in the Coalinga meet and fourth place in the Taft meet in the 100 yard dash.

While at FHS, Eller won varsity letters in track in both his junior and senior years. He graduated in 1956.

Last year while still in high school he finished second in the discus throw at the California State Track Meet.

## FJC Sweeps Double Header From Monterey 5-2, 6-4

Fresno Junior College upended the Monterey Junior College Lobos on both ends of a doubleheader at Romain Playground last Tuesday by scores of 5-2 and 6-4.

In the first game, Jim Richmond made his home debut as a starting pitcher and went the distance for the Ram nine, striking out eight men and holding his opponents to four scattered hits.

Chuckling a good game for the Lobos was Dick Jennings as he went the route, giving up only four hits. The first scoring in the game was produced by Monterey after Ken Asato singled and was sacrificed to second base by Rudy Yuma. Asato then stole third and came in on Bill Pappenberg's run-producing bad hop single into right.

Fresno came back in the last of the third after one man was out on walks to Dennis Bond and Jim Richmond. Clyde Reed promptly lifted a double between the center and the right fielder, scoring Bond. Don Ferguson and Larry Keller each followed with walks with Keller's coming with the bases loaded to force in Richmond with the go-ahead run.

Monterey tied it up in the fifth after Pappenberg singled, stole both second and third, and scored on an error by the catcher.

In the last of the fifth, Fresno went ahead to stay. Reed reached first on an error and then stole second. Ferguson again walked. Keller smashed a single through the box, scoring Reed. Jack Zimmerman grounded to the third baseman who made a bad throw to first enabling Ferguson and Keller to

# Ram Miscues Give Tigers 6-4 Victory

By AUGIE CALDERA

The Reedley College Tigers took advantage of four Ram errors and a fine pitching effort by lefty Ted Collins to hand the local baseballers a 6 to 4 setback on the Tiger diamond last Friday afternoon.

Collins, who defeated the Rams last season in Reedley, duplicated the feat as he held the Fresnoans to five scattered hits after replacing starter Fred Watari in the fifth inning. Although out hitting the Tigers, the Rams failed to hit in the clutch and folded in the field also, as the Tigers played errorless ball and hit when necessary.

### Takes Lead

Fresno jumped to a two run lead in the second frame as Larry Keller walked and was chased home by a double from the bat of Cloyce Keeney. Jim Richmond walked and Augie Caldera moved both runners up a notch with a sacrifice bunt. Keeney tallied as Phil Bertelsen grounded hard to the first baseman.

Jerry Burcher started on the hill for the Rams and held the Tigers in check until the fourth inning when big Bob Hickman smashed a line drive over the

head of leftfielder Keeney and legged it for an easy homer.

Reedley trailed, 3 to 1, until the fifth frame when three hits and two Ram miscues produced 3 more runs and the Tigers took a 4 to 3 lead after five full innings. Larry Keller relieved Burcher, but the Ram fielders failed to support the big redhead and the Tigers continued to score.

### Tigers Score

A pair of singles by Hickman and Collins, plus two more Ram errors accounted for another pair of Tiger runs in the sixth. Keller struck out the side and prevented the winners from lengthening their 6 to 3 lead.

The Rams threatened in the eighth, but a double play by the alert Tigers, and a not-so-alert umpire snuffed out any possible scoring by the locals.

Richmond opened the Ram ninth with a walk. Caldera flied to shallow left, and Bertelsen laced a single to right. With runners on first and third and only one out, Jack Zimmerman bloomed what appeared to be a sure hit to short left but Mickey Self, Tiger shortstop, raced far back and snagged the ball as he roled over and over. With two out Stan Busch singled to center, scoring Richmond with the final Ram tally.

### Top Hitters

Busch, Keller, and Keeney were the leading Ram batters with two hits each.

Tomorrow the Rams will host the strong Porterville College Pirates on the Romain Playground diamond in an important CCJCAA league contest. Another loss by the Rams will severely hurt any chances for a share of the league

## Fresno Netters Trounce Pirates

The Fresno Junior College Ram tennis team defeated the Porterville College racquetees 4 to 1 last Thursday afternoon on the Roeding Park courts. Coach Margaret Tylor's Ram net squad will play the Reedley College Tiger squad this afternoon at Reedley.

Miss Tylor reports that a round robin schedule is in the making due to the fact that there are now only four teams in the CCJCAA. Should the round robin schedule be passed, only the first round matches will count on the official standings.
