

## Students Will Attend Sky Ranch Conference

The FCC student body government representatives are holding their semi-annual conference Feb. 2 and 3 at the Sky Ranch in Oakhurst.

Joseph W. King, student government advisor, said the primary purpose of the conference is to acquaint the elected

officers and appointed commissioners with the policies and procedures of their new offices. The conference will help prepare the officers to carry out their responsibilities with confidence and efficiency from the beginning of their term of office.

### Job Orientation

Each administrative job will be thoroughly discussed by the newly elected officers and the retiring officers on the first day.

King said it takes time for a newly elected officer to get his feet on the ground. Without this type of orientation at the beginning of the term, the officers would have to learn their jobs by the costly system of trial and error.

The second day of the conference will be attended also by the newly elected and the current Representatives at Large and the commissioners of the fall and spring semesters.

### Conference Plans

The conference agenda will include the review of the previous Sky Ranch conference, Inter-Club Council, training in parliamentary procedure, and a question and answer period on administration. The spring activity calendar will be planned. The conference will end with the installation of officers.

## Council Kills Election Results, Sets New Vote

The Fresno City College student council declared the election held Friday null and void during its regular meeting Tuesday. The council also authorized tomorrow's election.

Charles D. Young, the commissioner of elections, issued the following statement:

"There will be a re-election on Friday, Jan. 15. It was noted that the election held Jan. 8, 1960 had some discrepancies; there were 466 ballots cast and only 451 students registered

on completion of voting. This was most likely caused by some students voting and not entering their names on the registration book.

"I, as commissioner of elections, urge every student to vote in this re-election. It is up to you, the students, to see that all voting done at the polls is legal and fair to all candidates."

The new election will be held tomorrow from 8 AM to 3 PM. The one and only voting booth will be located on the student center porch.

In the first election David Hanna was certified by the committee to have defeated Barbara Anderson by a margin of 35 votes.

### New Ballots Numbered

Young stated the new ballots will be numbered to make sure the total number of votes cast in the new election will equal the total number of students who register. A ballot not marked with a rubber stamp will be disqualified.

Miss Doris N. Deakins said she or Joseph W. King, the student council advisors, or Young will be present at the balloting. The votes will be counted by the election committee and the advisors. Young is appointing a new committee since some of the present members are candidates, which is prohibited by the student body constitution.

### Unopposed Candidates

Diane Nixon and Allen Graves are assured of election in the new balloting as they were unopposed in their race of student body vice president and president of the Associated Men Students.

In the first election Carrol Jacobsen nosed out Sidney Craighead for treasurer, Linda Carol Miller defeated Marjorie Neufeld for secretary. Brenda Daum won the presidency of the Associated Women Students over Virginia Collins.

### Representatives At Large

The ten candidates elected to the post of representative at large in the first election are Al Gray, Eric Radanovich, Roger Dupzyk, Jon Johnson, Douglas Webb, Charles Overs, Jr., Rae Deane Pyatt, Linda Weddle, Tamra Koerner and Lladona Miller.

The five candidates who lost this post now have a chance of being elected. They are Frances Ostos, Olga Ermoian, Charles Hudson, Dorene Giardano and Laurice Jibellian.

Each student will have an opportunity to go to the polls tomorrow to support his candidates.

Candidates for the major offices and their total votes in the first election include president, Hanna, 237; Mrs. Anderson, 202; vice president, Nixon, 385; secretary, Miller, 267; Neufeld, 175; treasurer, Jacobsen, 218; Craighead, 214; associated women students president, Daum, 95; Collins, 70; associated men students president, Graves, 191.

DAVID HANNA

BARBARA ANDERSON

## ICC Offers 4 Scholarships

Fresno City College's interclub council is offering four \$25 scholarships for students returning to the college in the spring semester.

The scholarships may be used to buy textbooks, pay student body card fees and meet other college expenses.

### Application Blank

Barbara Anderson, the council's scholarship committee chairman, said application blanks may be obtained in the dean of students office in Room 18 of the administration building. They must be returned to the office by Jan. 26.

The \$100 for the scholarships is financed by the annual sale of student privilege cards which admit City College students to several local theaters at reduced prices.

### Committee Members

Members of the committee also include Robert Acuna, Naomi Hobbs, and Andriette Metzler. The adviser is Doris Deakins, the dean of women.

Four \$25 scholarships were awarded by the council last June for the fall semester. The recipients included Barbara Anderson, Diane Nixon, Thomas Westerfield and Irene Hernandez.

Four scholarships of \$25 each are being offered by the Inter Club Council to students returning to FCC next semester. Students may obtain applications from Archie Bradshaw, the dean of students, in A-118, before Jan. 26.

Scholarships will be awarded to students on the basis of need, grades, and activities.

Information on the other scholarships and loan funds may be obtained in the counseling center.

Most other scholarships are awarded before the beginning of the fall semester. However, a few scholarships are available for the spring semester.

## Noon Dance Aids March Of Dimes

Fresno City College students will have two opportunities this week to aid the campus drive for the March of Dimes.

Delta Psi Omega, the dramatics club, will sponsor a noon dance today in the student center social hall. Students will pay 10 cents admission, and all proceeds will go to the polio drive.

Club members will also sell bags of salted peanuts in the shell for 10 cents. The sale will be conducted in the student center foyer today from 11 AM to 1 PM and tomorrow from noon to 1 PM.

Hallie West, the Delta Psi Omega president, said the college swing band, directed by Marvin Belford, will play for the dance.

Barbara Anderson is the general chairman of the March of Dimes Week at FCC. Club members who are assisting her include Ben Tayan, Shirley White, Bette Ward, Thomas Westerfield, Garth De Leon, Rodger Dunham, Laurie Monson, Carl Wheeler, Claudia Andresen and Daniel Leonard. Clyde Sumpter is the club's advisor.

CASTANET DANCER — Angie Hernandez performs traditional Spanish dance at the annual Noche De Fiesta Dance sponsored by the Latin American Club.

## Registration Ends Jan. 22

Pre-registration and pre-registration counseling for returning students will end Jan. 22. Pre-registration for the night students will end Feb. 11.

Archie Bradshaw, the dean of students, said that many classes are closing and students not pre-registered may find that the classes they desire are not available.

### 54 Classes Closed

Bradshaw said that 1,360 students have already pre-registered and 54 classes have been closed.

Pre-registered students will complete registration Feb. 1 and 2 from 8 AM until noon, and from 1 PM until 4 PM. Those students not pre-registered before Feb. 1, will complete registration Feb. 3, from 8 AM until noon and from 1 PM until 4 PM.

Robert Kelly, the dean of the evening division, reported that registration for all currently enrolled FCC night students was scheduled from Nov. 30 to Jan. 15.

Returning students who do not register during this time and new evening division students may register from Monday to Feb. 3.

### Counselors Available

Kelly said that counselors are available for consultations every Monday evening through Thursday in Room A-118 and will be available from Jan. 18 to Feb. 10 in Room A-200 for technical and industrial classes. Business class counselors will be in A-121a and general education class counselors may be contacted in the counseling center.

Kelly said that petitions for graduation are due by Feb. 19. He also said that evening and day students will take part in the same graduation. Last year 76 students graduated who were attending night school; of these 47 were full time night students.

## 15 Extra Ballots Changes Elections

Tomorrow an election is being held on the Fresno City College Campus. No! You are not reading last week's paper. A re-election is being held tomorrow because of discrepancies in the procedure of the last election.

The trouble all stemmed from 15 more ballots being cast than people who registered. Some of the student council members arrived at the conclusion that either somebody purposely 'stuffed' the ballot box or the people in charge of handing out ballots didn't make certain everyone signed the register.

It is obvious that the student election by-laws aren't adequate to insure an efficient, legal election. The student council should take action to prevent this unfortunate situation from reoccurring in future elections.

Also, the election officials should meet prior to the election to be oriented in the election procedures.

There should be rigid requirements set up for the selection of election officials and election committee members. The commissioner of elections should not have the sole power of appointment.

Unfortunately, the calling of a new election may make some students think that the winners of the first election were guilty of 'stuffing' the ballot box. However, the discrepancy of 15 ballots doesn't prove anything of this kind.

Surely a new election would not be necessary if the members of the election committee and the election officials had had more supervision both at the polls and during the tabulation of the results.

Larry Adams

## Students Who Cheat Expect Understanding

Be there a student with soul so dead who never to himself has said, "If my instructor understood me I would have gotten an A out of that course."

From childhood students realize that all teachers should understand them and enjoy having them in their classes. Many parents feel that any problem their child has in school is a direct result of their child not being understood.

By the time this child grows up and enters college this idea is part of his way of life. According to a national magazine on the newsstands this week, a large majority of college students expect to be understood and forgiven even when they cheat on college examinations.

Within a few weeks students of FCC will be starting new college classes and meeting new instructors. If they are mature enough to realize that their attitudes in class will be the basis for a successful learning experience or a poor one, then they are mature enough to gain something from a college education.

If a survey were made on this campus to learn the extent of cheating, what would be the results as far as you personally are concerned? Remember, it isn't the college that's being cheated, it's the student.

Eleanor Patton

### Exchange Notes

## Auto Club Gives Drivers Assistance

The main purpose of Oakland Technical High School's auto club, the Saf-T-Pins, is to inspire safety among automobile drivers. The members glean information about automobiles which qualify them to help anyone in trouble with a car. When a member sees an automobile driver in distress, he offers his assistance. In return for his services, the Saf-T-Pin member requests that the motorist mail a card to Technical High School telling in detail of his services. In this manner the member may receive credit for his job.

American River Junior College - Sacramento

Last Wednesday, Ted King, student body president, presented the ARJC victory flag to the activities director, Jan Hutchinson.

The purpose of this flag is to promote more school spirit. It will be hoisted ceremoniously on the flag pole in front of the school immediately following each victorious Beaver game.

Diablo Valley College

A motion to set up a student responsibility committee for the purpose of preventing further vandalism in the student lounge was passed unanimously by the Viking council. The move came in the wake of an announcement that students had virtually ruined two expensive chairs.

An investigating group of a similar nature has been set up in the past, leading to legislation empowering the council to take whatever action they deem necessary.

"ARE YOU SURE THIS IS MORE HEALTHFUL THAN CIGARETTES?"

## CHEMISTRY HELPS MODERN FARMERS

By FRANK DONOBEDIAN

Chemistry will have a far-reaching effect on many different student majors, said Floyd Quick, chemistry instructor. Modern agriculture is using chemistry more and more. Because of the increasing use of insecticides farmers must know the different kinds of insecticides and their effects.

Chemistry is also put to work in modern farming by the ingredients of fertilizers. Fertilizer plants employ a great many chemists. Certain chemicals are used even in the irrigation water for farms.

### Medical Majors

Pre-med, pharmacy, and pre-dental majors have the greatest need of a knowledge of chemistry. Students with any of these majors must have at least three years of chemistry including chemistry 1A and 1B, one year of organic chemistry and one year of quantitative analysis.

All engineering majors must have one year of chemistry. They must have one semester of chemistry 1A, but may take either chemistry 1B or organic chemistry the other semester.

### Foresters Need Chemistry

All biology, geology, nursing and pre-forestry majors must have one year of chemistry. Chemistry 2A-2B will fulfill their requirement of chemistry.

For students planning to take higher forms of chemistry, such as physical chemistry, certain math courses are required.

## One Student Passes Test

Harold Norfolk, a student in James Dinsdale's afternoon radio class, passed the first class operator's license test in the Federal Communications Commission's tests given last month.

Dinsdale stated that the purpose of the tests was to give a student authorization to operate radio transmitters and receivers and to be able to operate and repair any type of radio broadcasting equipment for government jobs. The tests also aid in getting a second class license for working with aircraft and missiles in the air force.

There were no students who passed the second class test but 11 morning and afternoon class students passed the third class test. They are Abel Espinosa, Robert Friesen, Robert Ginther, Charles Harmon, Raymond Miller, Jesse Ortiz, Manuel Angel, Ray Comacho, David Hoo, Hans Matheus and Keith Yee.

## CC Students Attend Red Cross Meeting

Dr. Paul J. Pastor and three FCC students attended the California state meeting of the American Red Cross at the Mermaid Room in the Hacienda Motel Jan. 7, and demonstrated mouth-to-mouth techniques in artificial respiration.

Pastor is an instructor of health and physical education at FCC. The students taking part in the demonstration, which was based on the methods of artificial respiration as presented in the May 1959 Red Cross Supplement on artificial respiration, were Mrs. Dorothy Pierini, Alvin Murchison and Robert Roe.

### Demonstrate Pressure Method

Also taking part in the demonstrations at the meeting were Dr. Henry Fricker, the director of Health Education at Fresno State College, and two FSC students. The FSC students demonstrated back-pressure arm lift, and chest-pressure arm lift methods.

Pastor reported that the discussion which followed the demonstrations indicated the importance of being prepared to use a variety of techniques in helping a non-breathing accident victim resume breathing.

### Air Passage Necessary

It was emphasized by Dr. Pastor that an open air passage is necessary before resuscitation can be effective. He stressed that work must be started immediately for best results.

### Air Force To Recruit

The Air Force will have a recruitment team in the student center foyer today until 2:30 PM to talk to students about navigation and pilot training.

A testing program will be available tomorrow in Room 200A of the administration building from 8 to 11 AM and 1 to 4 PM.

Information may be secured from the team or from Paul Starr, the FCC dean of men.

M/Sgt. Paul R. Walls, recruiting sergeant, will be available to interview students who are interested.

### What's New?

## OLD MAN AT SHOW IS RIOT

By ANDREW FEDERICO

The stupid old man and I were in the front row of the theater watching a terribly sad romantic movie. We both had two bags of pop corn, a Milky Way, a Mr. Good Bar, and some caramels that the stupid old man had bought as we came into the theater.

It was the old man's idea that I call him stupid. He had said I should call him "viejo pendejo" because he thought it was appropriate and that the older a man gets the stupider the things he thought were smart become.

### Herds Cattle On Bicycle

The old man had been a great man in his day. He would tell me stories of his youth, when he used to herd cattle on a bicycle. Of course, this was an exaggeration, but what he really was trying to say was that he could have done it if it had been necessary.

After his cattle days were over he came to Fresno and became a contractor of cement laying projects. This was about the time that Fresno first started to put in cement sidewalks around town. One of the bigger jobs that the stupid old man did for the city was to cement the Chandler airfield strip on the west side of town. Another was laying the cement steps in front of the Memorial Auditorium.

### Movie Is Heart Breaker

Anyway, the movie we were watching was a World War II thing that included heart break and humor. In one part when the actor and actress got together for a love scene, el viejo pendejo got up from his seat as the fellow was going to kiss the girl and said:

"Chingetela! Get her! Get her, don't let her go, now!"

The stupid old man was waving his fist at the screen, while the audience behind us was hissing and shouting for him to shut up and sit down. Finally an usher came down and told him if he didn't control himself he would have to leave. The old man said he was sorry and sat down.

"That dumb fellow," the old man said, as the actor left his girl at her front door and started for his car.

### Shakes His Fist

"Como es pendejo, how dumb," he said, and stood up again to shake his fist at the actor as he drove off.

The viejo pendejo's name was Victor Cortez. Before he died of cancer a few years ago, he had become disgusted with the world and with the people in it because they make it so complicated.

One of the things he disliked the most was dishonesty. He used to say that the only thing to do with something that wasn't honest was to mock it.

## Students May Buy, Sell Books

The FCC bookstore will buy student's books Jan. 26 to 29 from 9 AM to 3 PM and Jan. 27 and 28 from 6:45 PM to 8:45 PM.

Payment for the books will be at standard buyer's blue book price.

Students who are unwilling to sell their books to the bookstore may list the books in the store. Title of the book and the name and telephone number of the seller should be on the list. This list is open year around.

The bookstore buys books for these few days only at the end of each semester. The only exception to this ruling is to students who have dropped a class and wish to sell the books of the dropped class.

## Club News

## CST A Elects New Officers

By MARY GULKE

Newly elected officers for the spring semester of the California Student Teachers Association are Mary Ann Hartman, president; Steve Parks, vice president; Della Hernandez, secretary, and James LeRoy, treasurer. Miss Hartman appointed Emma Hernandez publicity chairman and Barbara Anderson membership chairman.

The club's first meeting of the spring semester will be held on Feb. 9 in B-3 to plan the semester's activities.

## Rally Committee

The Rally Committee will hold its final meeting of this semester today at 11 AM in A-109 at which time all Rally Committee materials must be returned.

## Newman Club

Timothy Brooks, Carol Radish, Esther Lima and Colleen Clark represented the FCC Newman Club at the Central Southern California Province meeting of Newman Clubs Jan. 10 in Bakersfield.

The conference offered suggestions for a better organization of Newman Clubs and for encouraging membership in the club.

It was suggested that Newman Clubs should help other colleges that don't have Newman Clubs in forming Newman Clubs.

Irma Rojas, NC member, is giving a dance for FCC NC members and their guests tomorrow night in her home.

## Inter-Club Council

Campus Club Charters will be given to the FCC clubs at the next meeting of the Inter-Club Council on Jan. 28 in B-6 at noon. All club representatives should attend this meeting to accept their club charter.

Delta Psi Omega, the drama club, had its constitution approved at the last meeting, Jan. 8.

## Delta Psi Omega

Delta Psi Omega, the drama fraternity, is sponsoring a March of Dimes dance at noon today in the student center social hall.

The admission charge is one dime per person with all proceeds going to the March of Dimes.

Melvin Belford's FCC swing band will provide music for this dance.

Doris Deakins, the dean of women, urges all students to attend this dance in support of this very worthy cause.

## Campus Christian Fellowship

Marge Neufeld was elected president of the Campus Christian Fellowship for the spring semester.

The other new officers are Jack Simon, vice president; Meredith Adams, secretary; Jim Hart, treasurer, and Clara Sherrod, Inter Club Council representative.

Miss Neufeld said the social chairman and publicity chairman will be appointed prior to the installation to be held next semester.

## Job Opportunities Open For Students In Spring

By GARY COOKE

The United States Geological Survey in Menlo Park, California has announced there are employment opportunities now available for college students.

A representative will be at FCC tomorrow to interview students who will be available for full time employment in Jan. or Feb., and who do not plan to continue their education next semester. Interviews will be held tomorrow in A-121.

There are openings for carto-

graphic and engineering technicians with entrance salaries of \$3,590 to \$4,490 per year, the Survey reported, and the jobs consist of topographic mapping.

The Survey said cartographic technicians will compile detailed topographic maps to a high order of accuracy — reflecting planimetry, drainage, topography and vegetation — through operation of precise stereoplotters. The work will be performed at area headquarters office in Menlo Park.

## Students Take Spelling Tests

The Fresno chapter of the National Office Management Association will give a spelling test to the business classes of the Fresno schools. The test will consist of three hundred words.

Miss Ethel McCormack, the dean of business, said that businessmen keep saying they need people who can spell. Miss McCormack agrees with the businessmen that the spelling of the students is generally poor.

The test will be given during the week of Jan. 18 and the week of Jan. 25.

## Nurses Plan Ceremony

A completion ceremony for vocational nursing students will be held 7:30 PM, Jan. 28, in the social hall of the FCC student center building.

Nursing students who are scheduled to receive completion certificates are Mary Frances Abee, Emma Marie Bartel, Shirley Mae Clendenen, Judith Rae Disney, Linda Allen Dupzyk, Barbara Jean Elliott, Barbara Mae Gee, Trinidad O. Gonzales, Marvell Johnson, Jean Phillips Kittrell, Maggie Ara Moore, Dorothy N. Salsman, Christine Anna Specer, Elouise Stephens, Helen Marie Stewart and Roy Thomas Weldy.

Vocational nursing instructors are Mrs. Josephine E. Hostetler, RN, Mrs. Mildred Bosteder, RN, Mrs. June E. V. Pool, RN, and Mrs. Matilda Gassman, RN.

## Price Of Ram Raises To \$3.75 At End of Semester

Arthur Margosian, the Ram adviser, reported that after Feb. 2, the price of Ram yearbooks will go up to \$3.75.

The current price of Rams are \$2.50. The Ram may be bought at the bookstore or at the Ram office in SC 212.

Margosian reported that only 500 Rams will be printed. After 450 are sold no more can be sold, because 50 books will be set aside for the administration, the library, and the yearbook staff. More than 200 Rams have already been sold.

Rams will be on sale from 10 AM to noon in the student center today and tomorrow. They will also be on sale in the student center Feb. 1 and 2 during registration.

## '60 CHEVY! ONLY WAY YOU CAN BUY A CAR FOR LESS IS TO BUY A LOT LESS CAR!

**THRIFTIEST 6 IN ANY FULL-SIZE CAR**—Chevy's Hi-Thrift 6 is the '60 version of the engine that got 22.38 miles per gallon in the latest Mobilgas Economy Run—more than any other full-size car.

**NEW ECONOMY TURBO-FIRE V8**—Here's a V8 with the "git" Chevy's famous for—plus a new economy-contoured camshaft and other refinements that get up to 10% more miles on a gallon of regular.

**EASIER-TO-LOAD LUGGAGE COMPARTMENT**—The trunk sill is lower and the lid opening is more than a foot and a half wider than Chevy's nearest competitor's. There's over 20% more usable space!\*

**MORE ROOM WHERE YOU WANT MORE ROOM**—Chevy's trimmed down transmission tunnel (25% smaller) gives you more foot room. You also get more head and hip room than in any other 2- or 4-door sedans in the field.

**WIDEST CHOICE OF POWER TEAMS**—A choice of 24 engine-transmission teams in all—to satisfy the most finicky driving foot. There are seven engines with output all the way up to 335 h.p. and five silk-smooth transmissions.

**EXTRA CONVENIENCES OF BODY BY FISHER**—No other car in Chevy's field gives you crank-operated ventipanes, Safety Plate Glass all around and dozens of other Fisher Body refinements.

**CHEVY SETS THE PACE WITH LOWER PRICES**—All Bel Air and Impala V8's are lower priced, as are many options. Example: a Bel Air V8 sedan with Turboglide, de luxe heater and push-button radio lists at \$65.30 less for '60.

**QUICKER STOPPING BRAKES**—Long-lived bonded-lining brakes with larger front-wheel cylinders for '60 give you quicker, surer stops with less pedal pressure.

**SOFTER, MORE SILENT RIDE**—Chevy's the only leading low-priced car that gentles the bumps with coil springs at all four wheels. Noise and vibration are filtered to the vanishing point by new body mounts.

**NOT CHANGE FOR CHANGE'S SAKE, BUT FOR YOURS**—There's only one person we consider when we make a change—and that's you. That's why we don't think you'll find anything more to your liking at anything like the price.

The more you look around the more you'll find to convince you that no other low-priced car has so much to show for your money as this new Chevrolet. Here's the kind of styling sophistication and subtle detail that only Fisher Body craftsmanship can create. Here's the kind of Full Coil comfort that neither of the other two leading low-

priced cars—and only some of the smoothest riding higher priced ones—build into their suspension systems. Here's more room inside (where you want it) without an inch more outside (where you don't want it). And with all these advances Chevy has managed to hold the price line! Your dealer will be delighted to fill you in on all the facts.

See The Dinah Shore Chevy Show in color Sundays NBC-TV—the Pat Boone Chevy Showroom weekly ABC-TV.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer.

SPORTSTALK

By LARRY ADAMS

The first round of the Central California Junior College Athletic Association race is under way and the early season favorites are on top.

The Allan Hancock Bulldogs, almost perennial favorites in the league, have a lone win over the Fresno City College Rams, but the Rams, with their win over Coalinga, seem to have solidified their holdings in the top four.

Porterville, a dark horse favorite, got over one of their biggest

LEAGUE STANDINGS		
Hancock	1	0
Porterville	1	0
Fresno	1	1
Coalinga	1	1
Sequoias	0	1
Reedley	0	1
Tuesday Results		
Fresno 75, Coalinga 69		
Porterville 74, COS 62		

hurdles Tuesday night when they beat College of the Sequoias Giants. Their win, coupled with the Rams' win, will make Friday night's game between FCC and Porterville a big one.

The first round battle now seems to be between Porterville and Hancock, with Fresno, Coalinga and COS putting up the battle for the other top spots. Destined for the cellar at the time of this writing, are Taft and Reedley.

This weekend will find a full CCJCAA schedule. Tomorrow night Hancock will be in Visalia, Coalinga in Taft, and the big game will see Fresno in Porterville. Saturday night Reedley will be in Santa Maria and Taft in Porterville.

The second round, which will begin in February, might change the entire league picture. Coalinga always comes up with added players, along with Reedley and Porterville. Of course the other league members will get more players at the semester.

Wrestlers Capture Cal Poly Invitational Meet

By RICHARD KRIKAVA

When the going gets tough, that's when the tough get going.

This is the story in a nutshell how the Fresno City College Ram wrestling team won five first places and scored 80 points in winning the annual Cal Poly Invitational wrestling tournament.

San Luis Obispo was the scene of the battle ground where some of the finest wrestlers in the state met last Saturday. By many this tournament is considered as a warm-up for the state meet because of the strong competition.

The five first places for the Rams by weights: 115, Larry Nehring; 123, Ed Davies; 147, Jim Moore; 157, Erroll Johanson, and 191, Joe Aquino.

The victory in the Cal Poly affair keeps the Rams' unbeaten, once tied record clean of defeat. San Bernardino, the Rams' fighting cousin who tied the Rams earlier this season, placed second with 74 points, followed by El Camino College with 68 points.

The Rams' next opponent will

Rams Lose To Allan Hancock In Modesto Championship Tilt

Only seven points separated the Fresno City College Rams basketball team from winning the Modesto JC Invitational Basketball Tournament held last week in Modesto. The Rams fell victim to the Allan Hancock Bulldogs in the championship game, 57-50.

For the second time in one week the Rams met the Central California Junior College Athletic Association favorites and were beaten by the same. This game proved to be anything like Tuesday's game.

RUSS O'LEARY

Seven New Sports Added At Semester

Seven competitive sports will swing in when the fall semester goes out. Basketball and wrestling will continue in the spring semester and added to the list of competitive sports will be baseball, track, golf, swimming and tennis.

Len Bourdet, in his third year, will coach the baseball team. Erwin Ginsburg will again head the track team. New to the full coaching ranks will be Ray McCarty who will coach tennis and Margaret Taylor will be golfing coach for the women. Her male counterpart will be Hans Wlendenhoefer. Dr. Paul Pastor will again head the swimming team.

The Bulldogs, again led by center Jerry Foster, jumped to a 15-10 first quarter lead but couldn't add to the bulge at the half, which saw the score, 29-24.

The Rams kept even with the Bulldogs in scoring and at one time cut the Hancock advantage to one point. At the end of the third period the score was 42-39 but the Bulldogs surged ahead to finally come out on top.

Most of the statistics show the reasons for the Hancock win. The Bulldogs netted 15 of 20 free throws while the Rams hit only six of 12. The percentage from the floor was 28 per cent for Hancock, 36 per cent for the Rams. The Rams netted 22 buckets to Hancock's 21.

Contra Costa Falls

To open the tourney the Rams defeated the Contra Costa College Comets, 75-74, in a nip and tuck battle that saw 40 personal fouls called. This game was played Thursday night.

Contra Costa opened the scoring in the game and held a 24-20 first quarter lead. The Rams rallied and took a 36-31 halftime lead and then held on stiffly for the victory.

Friday morning the Rams met one of the best teams in northern California — the San Francisco City College Rams. The game turned out to be a defensive one and the Rams came out on top, 48-37, having to overcome a 12-4 first quarter deficit.

Rams beat SJCC

In the semi-final to the main event the Rams met the San Jose City College Jaguars. The Rams took an early lead and then fought off a determined drive to gain a 72-63 win.

Darnell Mikel, the Rams' second highest scorer who was expected to sit the tournament out with a sore leg, received some grateful help from Los Angeles City College's trainer, Steve Evans. The LACC practitioner of preserving injured athletes showed Ram coach Joe Kelly how to tape Mikel's leg so that it wouldn't bother the high scoring forward. This fine show of sportsmanship by LACC proved helpful to the Rams as Mikel tallied 44 points.

The scoring:  
Fresno (50)—Jacobsen 13; Mikel 4; Nowell 4; Lowe 12; Lee 3; Stark 4; Bishop 8; O'Leary 1; Farnsworth 1.  
Hancock (57)—Foster 21; Wilson 10; Firth 16; Farrell 7; Wilson 3.  
Fresno (75)—Jacobsen 21; Mikel 10; Nowell 16; Lowe 12; Lee 7; Stark 6; Bishop 4; O'Leary 5; Johnson 3; Taylor 1.  
Contra Costa (74)—Crane 20; Stimel 16; Smith 11; Lacey 12; Scruggs 2; Greene 4; Connes 1; Brown 2; Lanere 6.  
Fresno (48)—Jacobsen 10; Mikel 6; Nowell 5; Lowe 10; Lee 4; Bishop 2; O'Leary 11.  
SFCC (37)—Lewis 11; Cofield 7; Dirks 2; Wilson 10; Carson 7.

Rams Meet Porterville Tomorrow

Still on the road but slowing down their torrid pace of the past few weeks the Fresno City College basketball team will meet their third league foe tomorrow night. The unbeaten Porterville College Pirates are the opponent in name.

The Pirates now sport a 12-0 record and won the Antelope Valley Tournament last month. Porterville's scoring attack is led by six foot nine inch center, Titus White. He is followed in scoring by six foot five inch forward, Ben Brooks. The other starters for the Pirates are Gene Coggins, forward, and guards Jerry Crawford and Pete Rodriguez.

Charlie Lowe has kept a consistent pace and still leads the Ram scorers with 256 points.

Rams Beat Falcons For First Win

COALINGA—The FCC basketball team came up with an all-important league win Tuesday night when they invaded the oil community of Coalinga and downed a favored Coalinga College Falcon five, 75-69, after trailing the Falcons by eight points at one time.

Darnell Mikel, shin splints and all, proved to be the hero of the game. He started the Rams scoring in the game, when the Rams were trailing, 8-0, and started a scoring spree that saw the Falcons lead cut to one point before the half ended.

The high scoring forward tallied 15 of the 28 points scored by the Rams in the first half and had the dubious honor of guarding Coalinga's towering center, John Morgan. Mikel not only proved his worth at scoring but did a good job of guarding Morgan. He was the only Ram that could get any amount of rebounds in the first half.

In the second half, forward Tom Jacobsen took the burden of scoring and bucketed all of his 17 points in the final half.

Jacobsen put the Rams in front in the second half with a score from the sidelines. The Falcons tied the score once more but an easy lay-in for Jacobsen, with the score knotted, 33-33, started a Ram drive that put them beyond Coalinga's reach.

Reserve center Ron Nowell, who started the game in place of Russ O'Leary, did a good job in that position in the second half.

The Scoring:				
Fresno	fg	ft	pf	tp
Jacobsen	8	1	4	17
Mikel	12	2	4	26
Nowell	2	3	2	7
Lowe	2	1	3	5
Lee	5	3	3	13
Bishop	0	4	0	4
O'Leary	1	0	1	2
Farnsworth	0	1	0	1
Totals	30	15	17	75
Coalinga	fg	ft	pf	tp
Williams	8	2	2	18
McClure	1	0	5	2
Morgan	6	6	4	16
Balley	7	1	4	15
Curtis	2	0	5	4
Baines	5	4	3	14
Totals	28	13	23	69
