FRESNO, CALIFORNIA, THURSDAY, MARCH 24, 1960

NO. 20

Scholarship Fund Grows To \$1,616

The Dean James M. Malloch memorial scholarship fund at FCC, established Feb. 19, the day after the dean's death, now totals \$1,616.25.

The FCC student council contributed \$300. Other contributions have been received from the city college faculty club, individual faculty members and from organizations and individuals in Fresno.

Archie Bradshaw, the dean of students, said the scholarship fund will be a perpetual one; the interest from the donated money which is being invested in a local financial institution will be used for scholarships for incoming freshmen.

Bradshaw said the first \$50 award will be made next fall. The Dean Malloch scholarship will be awarded to students with financial need, outstanding academic achievement and participation in church, school and community activities.

He said the FCC scholarship committee will consider all applicants who qualify. The award will be made on a point system.

Donations to the fund are still being received. Bradshaw invited further contributions from friends of the dean, who served as a member of the Fresno City Board of Education for 19 years and helped establish the college in 1948 as a separate institution from the Fresno State College.

Entrance Tests Start On May 31st

Entrance examinations for the fall semester at FCC will begin May 31 and terminate Sept. 8.

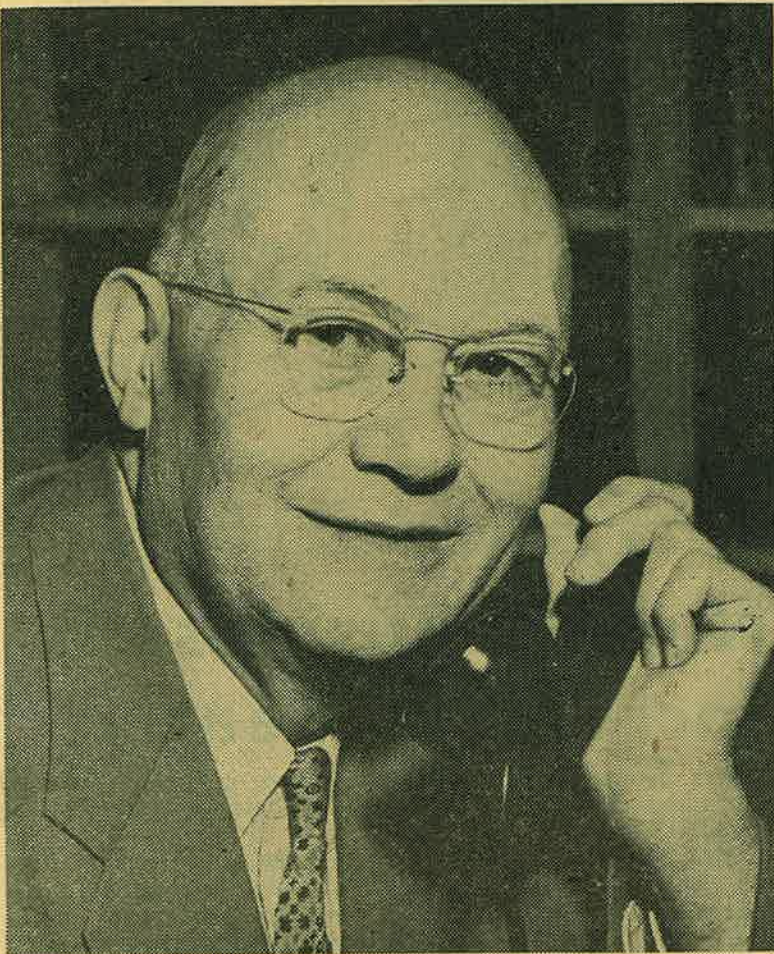

High school seniors who plan on enrolling for the fall semester should file admission applications promptly. Dean of Students Archie Bradshaw said the first 400 students to apply will be permitted to take the May 31 tests, while the second 400 will take the examinations June 4. The tests will not be given again until Aug. 22.

The testing program will include a new test which will take the place of the American Council of Education examination and the mathematics placement test previously used. This test, the School and College Ability Test, will take only one hour and 25 minutes to complete.

Complete testing dates are scheduled as follows: May 21 and June 4 at 8 AM in the FCC auditorium, Aug. 22 at 1 PM and Aug. 23 at 8:30 AM in the auditorium, Aug. 31 at 7 PM and Sept. 8 at 8 AM in Room 200 in the McLane Hall.

Vocational Nurses examinations will be given on Aug. 22 at 1 PM in the library.

Preregistration and counseling of new students is scheduled for Aug. 25, 26, 31, Sept. 1 and 2. Returning students will be preregistered Aug. 29 and 30.

DEAN JAMES M. MALLOCH — Fresno City College is sponsoring a memorial fund for the late Dean Malloch who was a member of the board of education for 19 years.

Play Rehearsals Begin On Spring Production

Rehearsals have started for the spring play, "Antigone." Clyde Sumpter, the director of the play, said the cast will include Danna Arslan as Antigone, Sandy Getchell as Ismene, Sandra Denber as the nurse maid, and Eurydice will be played by Hallie West.

Ron Eddington is cast as Creon, Phil Wulf, as Haemon. The first guard will be played by Mike Parker, second guard Carl Wheeler, third guard Ben Tayan, and Tom Westerfield will play the role of the messenger.

The roles of the chorus and the page are not filled yet.

Sumpter said "Antigone" is a contemporary version of Sophocles' Greek tragedy Antigone, which is part of his well known trilogy composed of "Oedipus Rex," "Oedipus at Colonus" and "Antigone."

"Antigone" will be a theater in the round production. Sumpter said it will be the first production of its kind at FCC. It is also the first out door production attempted at FCC.

Sumpter said, "The biggest problem a director faces in doing this type of show lies in fusing the contemporary elements with the classic elements, that is, in presenting a modern show which re-

tains the flavor of the Grecian period."

The curtain will go up on "Antigone" May 6-7 in the court yard, which is in the east end of the administration building of FCC.

"Antigone" was written by Jean Anouilh and adapted by Lewis Galantieri.

CALENDAR OF THE WEEK

Mar. 24

11:00 AM — Alpha Gamma Sigma, Committee Room.

7:30 PM — Newman Club, 2140 Cedar Ave.

Mar. 25

Dead Week begins.

Mar. 26

Track meet, Fresno State College Frosh vs. Fresno City College, Ratcliffe Stadium.

President Predicts Enrollment Increase

President Stuart M. White computed the new study for the citizens' committee studying the needs of the Fresno City Schools in an impending bond election June 7.

He foresees a fall, 1960, registration of 4,334 students. The predictions are based on an estimated increase of 377 students a year, the average increase from 1953 to 1959. The total fall enrollment for 1948 was only 388.

White's prediction of 3,151 for the fall of 1957 was only 10 under the actual total of 3,730. The 1959 estimate of 3,521 was 438 less than the actual total of 3,957.

FCC's peak enrollment last fall for 4,254, but nearly 300 students withdrew before the official total was computed Oct. 31.

The fall enrollment for 1950 was 1,348; the estimate for 1960 is 4,334, a 300 per cent increase over the last ten years.

FCC expects to enroll 754 of the 6,804 students who are expected to graduate from 35 central San Joaquin Valley high schools this June. This estimate is based on the average of an 11 per cent enrollment of the students graduating over the last three years.

The addition to courses offered, as well as the influx of people to the Fresno area, are contributing factors in the increase of enrollment, according to the office of the administrative dean.

The number of foreign students attending FCC is increasing. Ninety-three foreign students are attending classes this semester, compared to 83 for the 1959 fall semester.

White also has made new projections for full time and part time enrollments.

The forecasts for full time enrollments are 1,874 in 1960; 2,049 in 1961; 2,224 in 1962; 2,399 in 1963; 2,574 in 1964; 2,749 in 1965. The full time figures previously have been 649 in 1953; 875 in 1954; 975 in 1955; 1,113 in 1956; 1,288 in 1957; 1,699 in 1958; 1,699 in 1959.

The projections for part time

students are 2,467 in 1960; 2,676 in 1961; 2,885 in 1962; 3,094 in 1963; 3,303 in 1964; 3,512 in 1965. The previous part time figures have been 1,004 in 1953; 1,339 in 1954; 1,719 in 1956; 1,873 in 1957; 2,031 in 1958; 2,258 in 1959.

Another chart predicts day and evening enrollments to 1965. The day predictions are 2,503 in 1960; 2,725 in 1961; 2,945 in 1962; 3,169 in 1963; 3,391 in 1964; 3,613 in 1965. The night forecasts are 2,101 in 1960; 2,229 in 1961; 2,357 in 1962; 2,485 in 1963; 2,613 in 1964; 2,741 in 1965. The charts show day enrollments previously have been 1,459 in 1955; 1,468 in 1956; 1,805 in 1957; 2,116 in 1958; 2,281 in 1959. The night figures have been 1,381 in 1955; 1,440 in 1956; 1,525 in 1957; 1,751 in 1958; 1,973 in 1959.

Spelling Test Will Be Given

Miss Ethel McCormack, dean of the business division, announced that the National Office Management Association spelling tests will be given tomorrow at 8, 9, 10, and 11 AM, and at 1 PM in room A-200b.

Miss McCormack said the tests are designed by businessmen working with the school to encourage students to be better spellers.

Students who get 100 per cent on the test will receive a certificate which, according to Miss McCormack, may help them obtain a job.

The test will be given by NOMA members.

COLLEGE CREDIT PROGRAM OPEN TO OUTSIDE SCHOOLS

FCC's college credit program for high school seniors will be open this fall to high schools outside the Fresno City School District. John S. Hansen, the administrative dean, said information is being sent to these high schools in anticipation of eligible students participating in this program this fall. This fall will mark the second year of operation for this program at FCC.

Of the 15 courses offered to college credit program students, three are new. Biology, history and philosophy will be offered in addition to anthropology, economics, engineering, geography, history, mathematics, music, psychology, Russian and sociology.

College Prep Students

To be eligible for the college credit program the student must be a high school senior taking college preparatory courses in which he has at least a B average. The student must possess an above average or better academic aptitude,

give evidence of high scholastic motivation, and make a score of at least 55 on the cooperative reading comprehension test. Students must have the approval of the parent, dean, counselor, and principal concerned.

There are 63 high school students enrolled in the courses offered them this semester. Forty-nine of this total are seniors, 13 are juniors, and one is a sophomore.

High Grade Average

College credit is given only to seniors. High school juniors and sophomores will receive high school credit. Seniors taking college transfer courses will receive credit for these courses at the various branches of the state university, at the state colleges, and at private colleges and universities.

College credit program students last semester had a grade distribution on a percentage basis of

76 percent above average and 4 percent below average.

The college credit program students seem to be well liked from the results of the faculty questionnaire regarding these students. One instructor feels they stimulate others in the class and thinks it is one of the best programs to come this way in quite some time.

The main point emphasized by the college credit program students is for the college to offer more courses. Some students feel that the present program is too limited.

Of the 63 students enrolled this semester, 27 are from Fresno High, 20 from Bullard High, seven from Roosevelt High, two are San Joaquin Memorial High students, two are Edison High students, one is from Fowler High, one from McLane High, one from Sanger High, and two are from Washington Union High.

They are enrolled for a total of 75 classes in 15 different courses.

Scholarships Available For Fall Semester

Fresno City College, each year, offers scholarships to entering freshmen from high schools and to returning City College students.

The scholarships available are of two types: Those considered open (or general) to students who apply directly to Fresno City College, and those which are restricted in which the student makes application directly to the donors.

GENERAL OR OPEN SCHOLARSHIPS

Chester Cary Memorial — Donated by Fresno Labor Council, A.F.L.-C.I.O., in honor of the late Chester Cary. Five scholarships of \$50 (\$25 each semester). Open to both men and women high school seniors. Scholarships are based on need and ability to succeed in college.

Fresno Council of Jewish Women — One scholarship of \$30 open to students in the field of public health or social service. Award is based on need and ability to succeed in college. Open to all high school seniors.

Fresno City College Faculty Club — Donated by members of the Fresno City College Faculty Club. One scholarship of \$100 (\$50 each semester). Open to outstanding high school seniors, men or women. Award based on scholastic achievement and need.

Blosser Memorial — Donated by Mrs. F. C. Blosser in memory of her late husband, "Bud Blosser." Two scholarships of \$50 (\$25 each semester). Open to freshmen or sophomore men. Awards based on need, good citizenship, scholarship and athletic ability.

North Fresno Kiwanis — One scholarship of \$50 (\$25 each semester). Open to all high school seniors in the Fresno area. Based on ability to succeed in college and need.

Fresno Council of Parents and Teachers Association — Two scholarships of \$50 (\$25 each semester). Open to a student in the field of pre-nursing and to a student in the field of vocational nursing. Based on ability to succeed in college and need. Two scholarships of \$50 (\$25 each semester). Open to students in education majors. Based on ability to succeed in college and need.

American Legion Auxiliary, Unit No. 509 — One scholarship of \$50 (\$25 each semester). Open to a daughter or son of a veteran. Based on citizenship, scholarship and financial need.

Fresno Optimist Club — Five scholarships of \$50 (\$25 each semester). Open to freshmen and sophomore students who demonstrate ability to succeed in college and who are in need of financial assistance.

Fresno Evening Opti-Mrs. Club — Two scholarships of \$50 (\$25 each semester). Open to returning City College women students. Awards are based on need and ability to succeed in college.

Dean Malloch Memorial — Donated by Fresno City College faculty, students, and friends of the late Dean James M. Malloch. One scholarship of \$50 (\$25 each semester). Open to high school seniors, men or women. Award based on scholastic achievement and need.

Fresno City College Student Council — Four scholarships of \$25 each. To be awarded to two high school senior men and two high school senior women who have shown proficiency by participation in student government and/or student activities. Four scholarships of \$25 each. To be awarded to two returning men and two returning women who have shown proficiency by participation in student government and/or student activities. One scholarship of \$100 (\$50 each semester). Open to outstanding high school seniors, preferably to teaching, science, or mathematics majors.

Fresno City College Inter-Club Council — Four scholarships of \$25 each, to be awarded to two returning men students and two returning women students who have shown proficiency by participation in student government and/or student activities.

RESTRICTED SCHOLARSHIPS

National Secretaries Association — One scholarship of \$50 (\$25 each semester) to be granted to a high school senior who shows promise in the secretarial field and plans to qualify for the Associate in Arts Degree.

American Business Women's Association — One scholarship of \$50 (\$25 each semester). To be granted to a high school senior woman from Fresno County who shows promise in the business field and plans to qualify for the Associate in Arts Degree.

Business and Professional Women — One scholarship of \$50 (\$25 each semester). To be granted to a high school senior who shows promise in the business field and plans to qualify for an Associate in Arts Degree.

Fresno Auto Parts — Two scholarships of \$25 each. To be granted to an auto mechanics major and to a body and fender major. Based on the satisfactory completion of one semester's work, as determined by the instructor and a representative of Fresno Auto Parts.

Information concerning qualifications and applications may be obtained from the Counseling Center, Room A-118. Deadline for receiving scholarship applications is May 1.

No. 37—"... and does your husband have any CAMPUS activities?"

Nurse's Business Is Increasing Yearly

Mrs. Nora Simpson, the FCC nurse, is a busy woman. More and more students are finding their way to her office in AD-136.

Mrs. Simpson attributes her increase in visitors to three possible reasons. She feels that possibly many students are just discovering the nursing service.

The increased enrollment is another factor, she stated. Also at present there are a number of gastro-intestinal disorders and sore throats bringing students to her office.

The present health counseling

Class Serves Foreign Foods

The students in the home economics class prepared and served foreign dinners.

Mrs. Norma Carpenter, home economics instructor, said students from each kitchen prepared and served a simple meal of three to four foreign dishes. The meals were of German, Egyptian, and Italian origin.

Mrs. Carpenter said the foods prepared in the German style included baked chicken, browned potatoes, hot potato salad, sausage, sour cream salad, caraway seed bread, apple dumpling, and a pudding.

The Egyptian menu included yogurt salad, egg plant casserole, and a cake from a foreign cook book.

Italian spaghetti, chicken cacciatore, tossed salad, and a baked dessert were prepared for the Italian dinner.

Mrs. Carpenter said that faculty members were invited guests and were served by the students.

Mrs. Carpenter said students had the opportunity to learn the problems of management and preparation of complete meals.

What's New

Boy Knows Of No War

By ANDREW FEDERICO

An eight-year-old named Eddie walked into the Swan Malt Shop on Tulare St. in Chinatown with a dime in his hand and asked the friendly Chinese man for a double decker ice cream cone.

The Chinese man stuck his head into the ice cream freezer, and as he came up with the second scoop. The butcher from across the street rushed in with some exciting news which he gave in Chinese.

Then both of them walked out onto the sidewalk, which had suddenly become alive with excitement. Eddie also went out to give the Chinese man the dime, but instead of taking it, he turned to Eddie and said:

"The war is over! The war is over!"

"What war?" Eddie asked, but no one paid any attention to him, so he stuck the dime in his pocket and with the ice cream cone started walking towards town.

When he got past the Southern Pacific railroad tracks, he could see the people running in and out of the department stores. All of them looked like they didn't know what to do next, so they shouted: "The war is over! The war is over!"

"What war?" Eddie wanted to know as he stood on Fulton St., which had become as full of commotion as a parade day.

From the Patterson and Bank of America buildings secretaries were throwing confetti and the day's correspondence out of the windows. In the street what looked like very important people were riding in convertibles, and they, too, were shouting that the war was over.

On the sidewalk all sorts of people were jumping up and down, hugging and kissing one another. Some of them were even crying, but at the same time all were shouting that the war was over.

By this time Eddie's ice cream cone had melted over his hand, and he was wondering if the world would ever be the same again. Then a fellow wearing a cowboy outfit, complete with boots and hat, came down the sidewalk kissing every girl he could grab. In between kisses he would shout: "The Japanese have surrendered. The war is over!"

"What war?" Eddie asked an old man standing next to him.

"Ah," the old man replied, "there has been no war."

New Book Needs Name

FCC is starting a new school magazine this spring semester. Robert J. Shaver, creative writing teacher, said that the magazine needs a name and any suggestions from students will be considered.

The suggestions should be turned in to Shaver. His office is A-201. He said that a panel of students or faculty members will select the name to be used.

Students who have written any creative material of either short story, short story, poems, plays or articles may turn them in to Shaver to be used in the magazine.

Submitting the material doesn't mean, however, that the material will be used. If the material is used the student will not receive any money. He will, however, get the pleasure of seeing his material in the magazine.

The material used will be selected by a staff of students.

FCC Debate Team Wins Excellent Ratings

The FCC Debate Team won excellent ratings at the March 18 debate conference at Bakersfield.

The debate teams at the conference were from Northern California to the Mexican border. The colleges represented were San Diego State, El Camino College, Palomar Junior College, University of California at Santa Barbara and Fresno State College.

Other schools attending were the University of Arizona, Los Angeles State College, Pepperdine, Bakersfield College, San Bernardino College, San Fernando Valley State, and Long Beach State.

Winning Debaters

Two of the winning debaters from FCC were Reggie Marcellino and Alan Hays who won excellent ratings over debaters from El Camino College, and Bakersfield College while losing to debaters from LA State, Palomar, and Pepperdine.

Other debaters from FCC who won ratings were Charles Overs and David St. Louis who won over San Bernardino College and Palomar College while losing to San Diego State, El Camino, Long Beach State, and San Fernando Valley State.

Other Winners

Jack Crockett and Neil Nvotio won over the University of California at Santa Barbara and lost to San Diego State, Fresno State, University of Arizona, and El Camino.

Franz A. Weinschenk, the FCC debate coach, was very pleased with the ratings the team won. He stated that only a few debate teams received excellent ratings such as the FCC debate team received.

Graduates May Place Orders For Announcements

Students who expect to graduate this June are advised by Joseph B. Woodman, one of the class sponsors, to be sure they order their announcements soon.

Announcements may be ordered in the book store any time until Apr. 15.

The announcements were selected from a wide choice of styles by a group of about 150 sophomore students.

Further plans for the coming graduation will be completed at a meeting to be Mar. 28 at 11 AM in the committee room of the student center.

George C. Holstein, the dean of admissions and records, estimated the number of graduates this June will be 228. This figure includes 35 students who completed their requirements in February.

He said the figure is not a final calculation, however, until midterms and finals are completed. There are always some students on the border line of qualification.

Mrs. Jewel Herbert, the manager of the book store, said the Apr. 15 deadline for announcements is also the deadline for ordering class rings.

HEALTH CENTER — Mrs. Nora Simpson, the school nurse, speaks with Karen Flower, a freshman student who is studying to be an airline hostess. (See story on page 2.)

Examinations Start Next Thursday

"Flunk now and avoid the rush" are the thoughts of many Fresno City College instructors as the spring midterm exams draw near.

Paul Starr, the dean of men, stated, "The Fresno City College midterm examinations are scheduled from Mar. 31 to Apr. 6 during regular class hours."

"Dead week" will begin on Mar. 25.

David Hanna, the student body president said, "During this week club and social activities are to be curtailed. No examinations are to be given."

Starr said students wishing to know the results of their grades should contact their counselors, the dean of women or the dean of men.

Final examinations will be held from June 3 to June 9. The final examination test schedule will be announced later.

Students Hear Talk By Architect

Walter Wagner, local architect and registered engineer of Fresno, recently gave a talk to industrial art and to drafting students in the field of architectural designing.

Wagner designed the FCC industrial arts buildings; the new First Baptist Church of Fresno, and many Sears Roebuck stores throughout the United States.

His talk was given to inform the students of the opportunities in the architectural field. In addition he presented the school with one of his own professional looks that he uses on the job.

Mechanics Class Visits Bay Area

Shannon Smith, Harmon Allen and 19 students from the Air Frame and Engine Mechanics classes at Fresno City College took a trip to the Bay area on Mar. 11 to visit United Airlines.

The primary purpose of the trip was to check the maintenance department at United Airlines. Smith stated that the students toured the plant.

One of the more interesting parts of the trip was the students' opportunity to see what types of jobs await them.

Astronomers Hold Monthly Meeting

Central Valley Astronomers will hold their first monthly meeting of the year tomorrow from 7:45-10 PM in A-211.

The CVA is a community organization, open to all interested persons. The membership fee of \$5.50 includes a subscription to a monthly magazine that is sent out to each member.

The CVA is an organization of amateur astronomers who meet for lectures and observation in astronomy. Each member does not have to have his own telescope, as there are members of the group that have a few extra.

Club News

Group Holds Contest Today

By JOHN CRIDER

The Forensics Club is sponsoring the first annual FCC Club and Organization Speaking Contest today.

Marvin Castagna, president of the FC, said that the contest started this morning at 11 AM, in Room B-7. He said that the topic of the speeches will be "How the, name of club, Helps Students To Become Better Citizens."

The sponsoring club and the winning speaker's name will be inscribed on a perpetual trophy and given to the winner. Certificates of merit will be awarded to the placing speakers.

Castagna said that the aim of the contest is to encourage beginning speakers.

Alpha Gamma Sigma

The annual state-wide convention of Alpha Gamma Sigma will be held at Fullerton Junior College Saturday, Mar. 26.

Four officers and one advisor from FCC's Alpha Gamma Sigma will attend the meeting. The delegates will leave Mar. 25 at 1 PM and return the following Saturday, Mar. 26.

Giselle Boroyan, AGS secretary, reported that there now are 45 members in the FCC honor society.

Mexican Representative Postpones FCC Visit

William L. Sherman, a field representative from Mexico City College, has notified that, because of temporary difficulties with airlines, his visit to this campus will be postponed until later in the spring.

Sherman was to have interviewed FCC students and shown moving pictures and slides of Mexico on Monday, Mar. 28.

Team Drops Two Games Over Week

The Fresno City College Ram baseball team failed to find the win column this week as they were turned back twice in home games played in John Eulless park Monday and Tuesday.

The Rams dropped an 8-5 decision Monday to the Fresno State College JV's and were set back 11-7 by the Castle Air Force nine on Tuesday.

The FSC JV's were never in trouble as they swept past the Rams behind the combined pitching of Denton Todd and Mike Garrison. Glen Schmidt, FCC's center fielder, smashed a home run in the fifth with one on to lead the Rams hitting attack.

Hoover Yields Seven

Bucky Hoover, the Rams starting pitcher, went the entire route, giving up seven hits.

Tuesday's game with Castle Air Force was a wild affair with the visitors emerging as victors in the 11-7 affair.

Six errors committed by the Rams accounted for most of the damage. However the Rams defense did come alive by completing two double plays.

Strikes Out Eight

Starting Ram pitcher Doug Atwood struck out eight in seven innings and was supported by an eight hit attack.

Shortstop Tom Jacobsen collected two hits and first baseman Hoover hit a two run double to lead the Rams at bat.

The FCC Rams now have a record of three wins, and seven losses. They will open their Central California Junior College competition against Coalinga College Saturday in Coalinga.

R H E	
Fresno CC000 120 020—5 5 3
FSC JV's104 300 00x—8 7 3

Fresno CC200 001 211—7 8 6
Cortozzo, Harris 6, and Bowers; Atwood, Burkman 7, and Frankfort.	

Tennis Team Wins—Loses

The Fresno City College tennis team fared better than was expected over the week as they won their first match of the season but dropped the other match. The Rams' lone loss, was due to lack of one more woman tennis player.

In the second game of league competition, the Fresno City College tennis team was downed by the Porterville College Pirates, 3 to 2, on the Porterville courts.

The teams split on the four matches, but FCC was forced to give Porterville one match by default. The Rams have no entry for the women's singles.

Tom Haverty of FCC defeated Stan Davis of Porterville in the men's singles, 7-5 and 6-4.

Fran Ragghianti and Wayne Kernohan, both of the Ram team, defeated Gil Straugh and Tony Carlen of Porterville for the men's doubles, 6-2 and 6-0.

In the women's doubles, Diana Johns and Kathy Sievers of Porterville defeated Becky Arnbrister and Jenice Potere of the Ram team, 6-1 and 6-1.

Ruth Chavez and Kam Ahmadzadeh of Porterville defeated Gerie Frisch and Murry Taylor of FCC, 1-6, 6-1 and 9-7, for the mixed doubles.

The Rams defeated the Coalinga College Falcons in the first league meet of the season in Coalinga.

Tuesday, the tennis team will host the Reedley College Tigers.

HARRY EDWARDS DISPLAYS his form for the photographer. In last week's meet with the University of California Freshmen and Monterey Peninsula College, Edwards tossed the discus 169 feet but fouled by stepping out of the throwing ring. That toss was short of the National JC record by inches. He will get another chance this weekend when the Rams meet the FSC Freshmen at Ratcliffe Stadium. (Photo by Rex Wangberg)

Hall And Rooters Win Again-Face FSC Frosh

By JOHNNY NOBLE

Bill Hall, Fresno City College sprinter, again captured first place honors in the 100 and 220 yard dashes in the tri-track and field meet with the University of California Freshmen and Monterey Peninsula College at Berkeley, Saturday.

The Cal Freshmen scored 54½ points to take first place. Monterey was second with 49½ points, followed by FCC with 45 points.

Chet Rooters, with a throw of 49 feet nine and three-quarters inches, took first place in the shot put, and his teammate Benney Benneyan followed with third for the Rams.

Saturday at 2 PM, the 11 man Ram team will meet the Fresno State College Freshmen in a dual meet at Ratcliffe Stadium. Student body cards will be honored and all students are urged to attend this first home meet of the track season.

Coach Ginsburg's entrants in the meet will include sprinters, Hall and Lamont Whittle; hurdles, Willie Turner, Ron Tinkler, and Percy Brown; pole vaulters, Bill Giese and Joe Ortiz; quarter milers, Cliff Pickens and John Hampton; distance men, Fernie Montanez, Jim Hart and Neil Hollenbeck; weight men, Rooters, Edwards and Benneyan.

Gene Johnson, Ram high jumper, suffered an ankle injury in practice, and will be unable to participate in the meet against FSC. While at Edison high school, Johnson had a record jump of 6 feet 2 inches.

The results:
Mile—Walton, C; Hansen, M; Alexaplis, C. 4:35.0.
Shot Put—Rooters, F; Palmer, M; Benneyan, F. 47-9¼.
440—Pierce, M; Pickens, F; Hamovitz, C. 50.4.
100—Hall, F; Williamson, M; Campbell, M. 9.9.
120 High Hurdles—Davis, C; Tinkler, F; Lofton, M. 16.3.

Ram Baseball Team Opens League Play

By LARRY ADAMS

The Fresno City College baseball team will open the 1960 Central California Junior College Athletic Association race with co-defending champions, the Coalinga College Falcons. The game will be played in Coalinga Saturday, starting at 6 PM. The contest will be a two-night double header.

The Rams, after a fair start, are on the short end of a 3-7 record and hope to come closer to the .500 mark with the double header with the Falcons.

Bucky Hoover and Doug Atwood will assume the pitching chores for the Rams. When Atwood pitches Hoover will play in his first base position.

Probable starting infield for the Rams will be Ken Frankfort, catcher, Tom Burkman, first baseman, Pete Lango, second base, Jim Saunders, third base, and Tom Jacobsen, shortstop.

Heading the list of outfielders is Joe Monis. The little man in left

field with the big bat is leading the Rams in hitting with a .500 average. Joining him in the field will be Glen Schmidt in center field, and a toss-up between Earl Cozart and Dan Ramirez in right field.

The Falcons have fared a little better in pre-league games than the Rams and are led by football star Ronnie Lee and veteran first baseman Chuck Johnson. Some added power is furnished by Steve and Oscar Flores. Steve is a veteran of the 1955 championship Coalinga team.

Other interesting league action will find College of the Sequoias at Santa Maria to meet the Allan Hancock Bulldogs in a double header. The Bulldogs are a dark horse favorite in this year's league race. The COS-Hancock, FCC-Coalinga games will both be of great importance in the final outcome of league play.

Tankers Drop Tri-Meet To Sequoias And Sacramento

Fresno City College's Jerry Opperman, for the third consecutive meet, scored double wins in the 50 and 100 yard free style in a triangular meet held in Visalia last Friday afternoon.

Despite the efforts of Opperman, the FCC Rams came out on the short end by placing third with the College of the Sequoias winning their third consecutive meet. COS scored 61 points and was followed by Sacramento with 55 and Fresno with 43.

Next Tuesday the Rams will meet the Fresno State College JV's at the FSC pool at 3 PM.

Beside Opperman's two first place victories the Rams won three second places and three third places. The second place winners were Keith Bush, 440 yard free style; Roy Havenhill, 200 yard breast stroke, and Gary McLean, 200 yard back stroke.

Ave Minasian and Sid Craighead placed third in the individual medley and the 200 butterfly, respectively.

Tracksters And Coach On TV

FCC track coach Erwin Ginsburg and several of the track team members will appear on the Sunrise Seminar television series Wednesday, Mar. 30.

Ginsburg said the program will be directed toward presenting track techniques and training exercises to elementary age students.

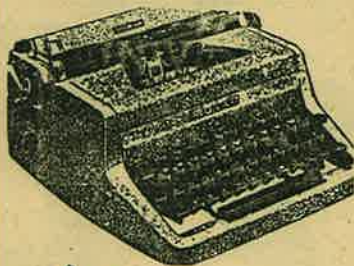

The students will demonstrate, live and on film, starts, sprinting, baton passing, the shot-put, and possibly high jumping and broad jumping.

With Ginsburg will be FCC track men Bill Hall, Fernie Montanez, Ron Tinkler and Chet Rooters.

The program will be presented at 7:30 AM on KFRE-TV.

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt...and with the air and space vehicles of the future. Someone must chart its course. Someone must *navigate* it.

For certain young men this presents a career of real executive opportunity. Here, perhaps *you* will have the chance to master a profession full of meaning, excitement and rewards...as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant...and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the
Aerospace Team.
