FCC Offers 61 Scholarships To New, Returning Students

A total of 61 scholarships are available to new and returning FCC students next year.

The scholarships are of two types: The open or general, available to those applying directly to FCC, and the restricted, available by application directly to the donor.

The scholarships are awarded on a competitive basis according to the applicant's scholastic record, financial need, character and promise of future success. Students receiving scholarships on a two semester basis are required to maintain above average grades in the first semester in order to receive second semester grants.

General scholarships available to returning students only, are the Blosser Memorial, Fresno Optometrist Club and the FCC Associated Students at \$50 each; California Congress of Parents and Teachers, \$60; and the FCC Inter-Club Council award, \$25.

Closed scholarships available only to returning students are the NOMA business award, \$100, and The Credit Women's Breakfast Club, \$50.

General scholarships available to both returning students and high school seniors are the Progressive Home Club, \$150; the Associated Students Somoan Student award, \$100; Fresno Evening Opti-Mrs. Club, \$75; Fresno City Council of Parents and Teachers Association, Margaret

Robinson Scholarship and the Geraldine Wheeler Scholarship at \$50 each; Fresno Council of Jewish Women, \$30; and American Legion Auxiliary, Unit No. 509, \$25.

Restricted scholarships available to returning and high school students are the William H. Love Scholarship, \$250; San Joaquin Valley Stock and Bond Club, \$75; and Fresno Auto Parts, \$25.

General scholarships available to high school seniors only are FCC Faculty Club and Dean Malloch Award at \$100 each; Allen S. Mason Scholarship, Chester Cary Memorial Scholarship, FCC Associated Students, McLane Memorial Scholarship and North Fresno Kiwanis Club at \$50 each.

Restricted scholarships available to high school seniors only are the Downtown Fresno Kiwanis Club, \$100; California School Employees' Association, \$55; American Business Women's Association, Business and Professional Women, Central California Optometric Society, Fresno County Medical Assistants Association and National Secretaries Association at \$50 each.

Applications and confidential reference forms may be obtained from Counseling Center, Room 118 of the administration building, or from high school principals or counselors. Applications must be received in the office of the Chairman, Committee on Scholarships, FCC, no later than May 1.

FCC's CHOIR is presenting its annual Easter assembly. Pictured (are far) Michael Civiello, Mike Lubbes, Dave Nelson, Don Boyer, Leonard Hoskins and Jim Cavin. (Scott Photo)

FCC Choir Presents Program

Fresno City College's sixty-five voice choir presented its annual Easter assembly concert last night and again this morning.

The Easter music program, directed by C. Lowell Spencer, featured eight choir soloists.

The soloists were Patricia Armer, Leonard Hoskins, James

Cavin, David Boyer, Michael Lubbes, David Nelson, Laura Gaspee, and Arba Boggs.

Civiello Organist

Michael Civiello, the choir organist, was accompanied by Jim Ganduglia, who played the tympani, gongs, and the chimes (all percussion instruments).

The Easter music program was divided into two parts.

The first half of the program the choir performed The Cherubic Hymn, by Howard Hanson, generally regarded as America's leading contemporary composer. His piece of music contains unusual adaptations of musical sounds.

Popular Music

The second half of the program was devoted to a popular romantic period cantata, The Seven Last Words of Christ, by Theodore Dubois.

Spencer said, "Students will find The Cherubic Hymn an exceptionally fine work. The work is very unusual in musical sounds."

As for the cantata by Dubois, he said, "It is very dramatic and the soloists performed exceptionally well."

Editors Win Awards At Disneyland

Second prize in front page make-up and third prize in news-writing were awarded the Rampage last weekend at the annual conference of the Journalism Association of Junior Colleges held in Disneyland, Orange County.

The judges awarded the make-up trophy to Editor Dennis Hagobian, who designs the front page of the Rampage. The news-writing trophy was presented to Feature Editor Tom Walls for his story covering the death of Percy Brown, ex-Circulation Manager of the campus weekly. The story appeared on the front page of the Feb. 21 issue.

Over 40 junior colleges from various parts of the state were represented at the three day conclave, which featured two banquets, four workshops and on-the-spot contests in the fields of news-writing, features, sports and photography.

Spring Vacation Starts Monday

FCC students and the Rampage staff will begin the spring holiday vacation next Monday.

The nine-day vacation will end on Monday, April 15, when all students will return to their regular class schedules.

Due to the spring holidays, the Rampage will not be published again until April 18. At that time the Rampage will resume weekly publication.

FCC Offers Summer School

Fresno City College will offer its first summer school session in the history of the school with 28 courses planned beginning on July 1.

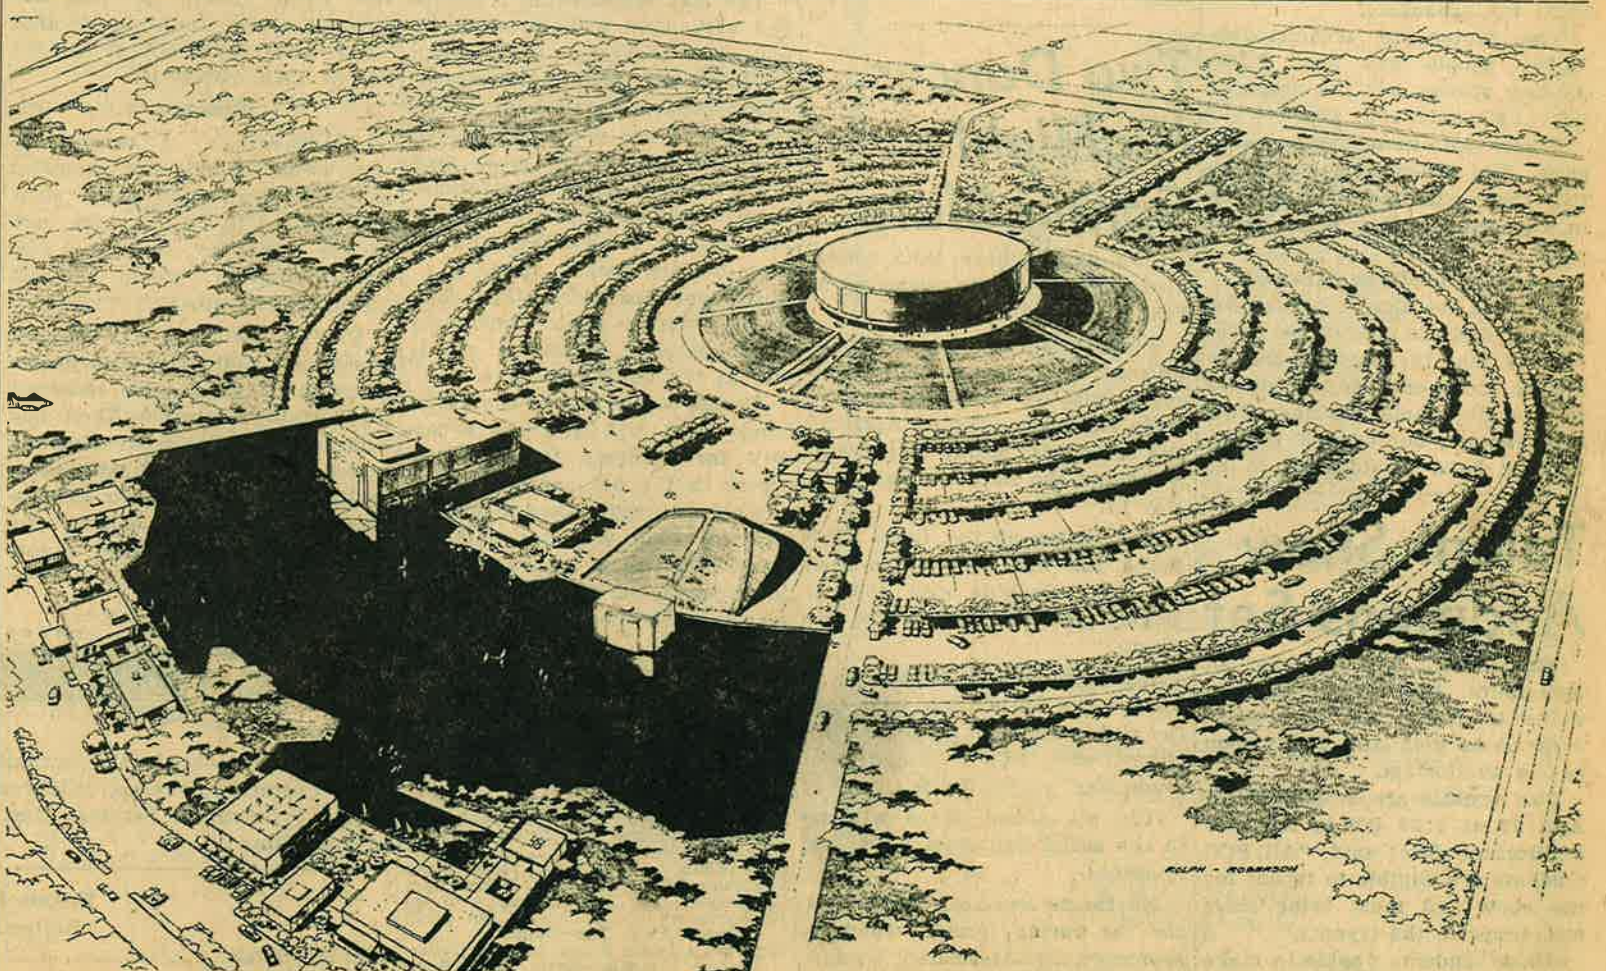

Registration for currently enrolled students who have been pre-counseled will be held June 27, 1963 at 8 AM. These students may pick up their route sheets in the Admissions Office and be counseled by their regular counselors after April 1.

1963 high school graduates and other new students who have not attended any college, and who wish to attend the summer ses-

sions, must take the placement test on one of the following Saturdays: May 25, 7:50 AM; June 1, 7:50 AM and June 8, 7:50 AM.

Students who have enrolled at Fresno City College prior to the spring semester, 1963, will report to the Admissions Office on June 28, 8 AM to 11 AM for readmission.

Students transferring from other colleges should file an application, polio statement, placement test scores and two copies of their transcript with the Dean of Admissions before their registration date on June 28 at 8 AM.

FRESNO CITY COUNCIL voted against this plan for the convention center. Why? Because there's a lake, golf

course, parking for 2,400 cars and room for expansion. Does this make sense? (See Editorials on page 2.)

Editors Clash Over Proposition A

Editorial

Vote No On Prop. A; Better Site Needed

By DENNIS HAGOBIAN
Editor

On April 9, Fresno voters will go to the polls to vote on Proposition A, the 8,000,000 dollar Convention Center Bond. It has been stated time and time again by the pushers of the bond that the convention center will not cost the taxpayers anything. How can this be true? The 8,000,000 dollars has to come from somewhere.

Fresno County, in a VERBAL agreement, has stated that it will donate 170,000 dollars annually for 30 years to help pay for the center, but there is no guarantee. The agreement is verbal, not written.

Taxpayers Pay

If the county quits paying this annual amount, the taxpayers will have to pay because it is written in the bond that the city council has the power to levy and collect annual tax sufficient for payment as it falls due.

The bond says the rate of interest of 8,000,000 will not exceed six per cent. The pushers of the bond state that in Fresno no bond interest has ever exceeded four per cent. This is not true. In 1957 two bonds passed with 5 per cent interest and in 1959 one bond passed at six per cent.

\$58,546 Loss Annually

The conventioners have estimated a total annual income of 421,454 dollars. If the bond passes for six per cent interest the total annual interest will be 480,000 dollars. This means the convention center will lose 58,546 dollars annually.

Is this proper handling? Is this the way the Fresno City Council plans for a convention center?

If the convention center is such a money making project, why doesn't private enterprise build the center. Del Webb is building a hotel in Fresno, why doesn't he build a convention center?

Location Wrong

The location for the convention center is out of place. There's no room for expansion.

The center, to accommodate 10,000 people will need 2,500 parking spaces, but the proposed bond lists only 400.

Where will these other people park. The pro-conventionists say that there will be ample parking in the future. But what about now?

Another Bond For Parking?

There is one block proposed for parking and the convention pushers say that the parking can go up two, three or even four stories to provide ample parking. This isn't enough, but even if it was, another bond would have to be

Talent Show Auditions Set

Jim Scott, commissioner of assemblies, has invited all students to tryout for the talent show to be held Apr. 25 at noon in the auditorium.

The tryouts are scheduled for Apr. 16 at 7:30 PM in the FCC auditorium. Scott said, "All FCC students are eligible to tryout for the show and must bring their own props to the tryouts."

Those students unable to make the tryouts are asked to contact Clyde Sumpter in room 154 of the administration building.

More Classes Transfer To New Gym

By BILL HORD

Fresno City College's new athletic structure went into further use over mid-semester "dead week" with the completion and filling of the two swimming pools east of the main building.

The FCC swim team is taking afternoon practices in the pools and PE instructors plan to give group games classes some variety with swimming workouts.

Dancing

Other PE classes are utilizing the other facilities of the building, including modern dance and social dance classes which have been moved to the dance studio at the south end of the main lobby.

Jump ropes, scales, and tape measures provide the scenery in the girls exercise room—or the all-purpose room as it was designated in the planning.

The equipment is used in five physical fitness classes for girls along with a rigid exercise schedule which the girls follow and then chart their progress.

Combatives

Paul Cookingham, PE instructor and wrestling coach, also holds a combatives course in the all-purpose room, but this class will be moved upon the completion of the additional exercise rooms under construction now.

The men's body building class, now being held in an appropriated class room, will also be moved to one of the new exercise rooms in the future.

Some improved and more efficient body-building equipment was also brought into use with the new fieldhouse, the most modern being a "universal gym."

Versatile Machine

The new fixture is a four-station machine offering a chance for several students to work out at the same time. The machine's stations include gimmicks for the chest press, shoulder press, leg press and overhead and lower pulleys.

The main gymnasium is equipped with eight badminton courts and eight basketball goals which facilitate six badminton classes this semester. Seven body building classes use the weight room.

To the east of the lobby area are a first aid room, a conference room, and concession facilities, plus offices for coaches and an ultra-modern locker room.

Outdoor facilities, other than the swimming pools, will offer other physical education activities at the auditorium site.

Tennis courts east of the swimming pools will halt the necessity for students to cross the street to the old courts west of the old gymnasium and a football practice field will not only let the football team utilize the new locker area, but will provide P.E. classes with on-the-spot outdoor recreation.

Convention Center Belongs Downtown

By TOM WALLS
Feature Editor

The opposition to Proposition A, the convention center bond issue, was woefully weak to begin with. It has weakened steadily until it is now on the verge of complete collapse.

Those who oppose the measure have seen one after another of their arguments crumble and fall under the weight of the true evidence. They have repeatedly clouded the issues behind a barrage of twisted facts and half-truths. The fact is, THEY HAVE NOT BEEN ABLE TO MAKE ONE POINT WHICH COULD STAND UP UNDER OBJECTIVE EXAMINATION!

Now, in desperation, they have attacked the proposed site of the center, contending that it should be located at Ashlan Ave. and Motel Drive, a full two miles outside the city limits, rather than in the "congested downtown area."

The time has come to examine their allegations, point by point, and let the voter view the issue in its proper perspective.

Congestion?

ALLEGATION: The proposed location would cause congestion in the downtown area.

FACT: City Traffic Manager Leslie Frink has endorsed the proposed site in full. He believes the downtown street system is not carrying cars at full capacity, and the addition of the convention center would not cause a noticeable slowdown in the flow of cars on the present one-way streets.

Parking

ALLEGATION: There would not be adequate parking at the proposed site—only 400 cars as compared to 1400 at the Ashlan-Motel Drive location.

FACT: True, there would be space for only 400 cars at the center itself, but when combined with the existing and planned parking facilities within a two mile radius there would be evening parking available for 1600 cars. According to the plan for the rural plant, the farthest parking space would be located TWO AND ONE HALF MILES FROM THE CENTER!

Benefits

ALLEGATION: A rural location would benefit the shopping centers, motels, and other business located in the northern part of the city more than the proposed location would benefit downtown interests.

FACT: Both the Fig Garden Merchants and the Manchester Merchants Council have endorsed the downtown location. There has been no opposition from suburban motel owners. These businessmen realize that a downtown convention center would benefit the entire community. They know

that the average dollar spent by a convention delegate changes hands 26 TIMES.

20 Acres 'Free'

ALLEGATION: The county could receive 20 acres free to build the center at the Ashlan-Motel Drive site.

FACT: Two Sacramento firms have offered to provide 20 acres of land, but under the terms of the agreement rights to the remainder of the 80 acre site would remain in the hands of the firms, to be sold, at a profit, to private interests. The firms would also retain exclusive rights to the concessions within the plant. Thus a great part of the convention revenue would be spent in Fresno, but go automatically to Sacramento.

Opposition

ALLEGATION: There is strong opposition among Fresno civic and business groups to the bond proposal.

FACT: Only one organization, the Fresno Citizens for Better Planning, has openly opposed the measure. The leader of the group is a real estate broker who owns land and has offices located within the boundaries of the proposed downtown location. LESS THAN TEN PERSONS HAVE ALLOWED THEIR NAMES TO BE USED IN CONNECTION WITH THIS GROUP. On the other hand, not less than 150 Fresno clubs and organizations have gone on record in favor of Proposition A, and six of the seven candidates for City Council endorse the proposal, the lone dissenter being the aforementioned head of the Fresno Citizens for Better Planning.

Time Wasted

When the city of Seattle, Wash. voted to build a convention center, there followed a period of two years of bickering over the location of the plant. Two potentially profitable years were wasted. Fresno cannot afford to allow the same thing to occur here. Conventioners are ready and waiting. All that is needed is a place for them to meet and that place must be located in the geographical and business center of the city—downtown.

A victory for Proposition A on the April 9 ballot will represent a sound investment in the future of a sound community.

Drama Club Wants Short Skits For Show

Delta Psi Omega, FCC drama club, will hold tryouts for their annual spring talent show, Apr. 16, at 7:30 PM in the FCC auditorium said JoAnn Rizzo, president of the club.

Miss Rizzo said that anyone interested in trying out should prepare a three to five minute skit, song or dance and have

their own accompaniment. She also suggested that anyone who can't come to the tryouts, but wishes to perform, should make further arrangements with Clyde G., Sumpter, sponsor of the club.

Associated Women
The Associated Women Students and the Associated Men

Students are planning their annual Spring Formal, May 17, from 9 PM to 1 AM, at the Rainbow Ballroom, said JoBeth Jackson, president.

The committee chairmen for the dance are: Bids, Melaun Dowell; Publicity, Rosalee Shiffer, Lorraine Shields and Barbara Roth; Refreshments, Dotty

Stokes and Dorothy Feldmann; Decorations, Carolyn Poindexter and Barbara Didier.

Fine Arts
The Fine Arts Club will have something new this year for its annual Fine Arts Festival, May 20-25. Folk music and jazz, which will be pre-recorded, will be played as background music

while the exhibits are being presented, said Roger Derryberry, president. Derryberry said that the festival will be later in the spring.

Sigma Tau Alpha
The Sigma Tau Alpha, FCC Student California Teachers Association, will have their spring retreat at Shaver Lake at the club's cabin, Apr. 5 and 6, said Warren Churchwell, president.

BUSINESS CLUB—The new members are (front row, left to right) Bella Fena, Isabella Salazar, Barbara Akama, Agnes Garcia, Alnita Schmidt, Belli Frazel; (second row, left to right) George Craft, Otila Guierrez, Sally Chaves, Beverly Akama, Jackie Martinez, Bee Rodriguez, Agnes Hurtado, Carmen Rodriguez, Gishla Henderson, Sherian Rank, Dick Carothers (back row, left to right) Naomi Alvarez, Sharon Schafer, Alicia Rivas, Stella Redondo, Mrs. Mary Miller (advisor), Kathy Klepper, Carol Klepper, Carol Schaeffer.

Students Set Coffee Hour Orientation

The next People to People coffee hour will be held at 3 PM Apr. 17, in the student lounge and will be open to all students, stated Dorothy Feldmann, chairman.

The orientation session that is to follow is at 7:30 and will feature a discussion of the problems that the ambassadors could face while in Europe.

The ambassadors have invited all interested students to join them for this session, and the remainder of the meetings, to be held Wednesdays at 7:30 in the committee room of the cafeteria.

Publicity Chairman Mitchell Bower stated the list of featured speakers will be announced next week at the meeting.

The ambassador delegates are Fred F. Faieta Jr., Kathy Murphy, Leslie Gunzel and Rick Wrightson.

Disneyland Hosts Five FCC Council Envoys, Apr. 18-20

Fred F. Faieta Jr., Fred K. Martin Jr., Leslie Gunzel, Rick Wrightson, and Larry Krum are the delegates to the California Junior College Student Government Association Conference, and were selected by the student council.

The meeting will be held at Disneyland, Apr. 18-20, and will discuss the important problems and activities of junior college student government in the state of California.

Musical, Art-O-Rama Main Attraction

Arts Festival In Blue Prints

Fresno City College's drama, music and art classes will produce the college's second annual Festival of Arts May 20-25.

Drama students will stage a musical comedy, "The Boy Friend," May 23-25 in the student center social hall. It will be

directed by Clyde G. Sumpter.

Art students of Curtis D. Draper and Walter E. Witt will sponsor their third annual Art-O-Rama during the entire week. It will be an outdoor exhibit of paintings, drawings, ceramic sculptures and portraits.

The city college band will present a concert May 20 in the east court of the administration building.

Diane Benbrook, Stephen Berglund, Kathryn Thomas, Anna Tookoian and Richard Fagundes will play the leads in "The Boy Friend." It will be the first musical attempted by city college

Others in the cast include Margaret Thomas, Deanna Passmore, Carole Schaeffer, Doris Pires, Michael Quijada, Jo Ann Rizzo, Ronald Scott, Ronald Baker, Roger Johnson, Doreen Kruger, Lubberta Meursinge, Carmen Rodriguez, Robert Russell and Linda Jones.

Ram Repartee

Compton College 'Tartar Shield'

Former Tartar grid star, Mike Miller, has signed a professional football contract with the Los Angeles Rams. Miller a 6'-1" 225-pounder, attended San Jose State after graduation from Compton.

While performing for the Tartars in 1959, Miller was a pile-driving fullback and a defensive star. He will aid the Rams as a linebacker.

Oakland City College 'Tower'

The third annual Charlie Potatoes Dance, presented by Alpha Beta fraternity and sponsored by ASSOC, was held in the Brazilian Room at Tilden Park Mar. 23.

This year's theme was "Charlie Potatoes Comes From the Continent" and featured the Darryl-Hanley Quintet.

FCC SWIMMERS take time out from their heavy practice schedule in preparation for their final loop meet at COS in Visalia.

HITTERS SHINE; SCHMIDT GETS WIN

Ram Nine Topples Hancock

Two league games and the San Jose Tournament provide the action for Fresno City College's baseball nine over Easter vacation, but local fans will have to travel to see them play.

Saturday the Rams are at College of the Sequoias in Visalia, Monday and Tuesday in San Jose, and Saturday, April 13 at Modesto Junior College.

Coach Len Bourdet's hard-hitting diamond-men have posted a 12-5 season's record, their latest win being an 11-5 rout of Hancock Tuesday afternoon.

The Rams collected 15 hits against Hancock with Harry Miller banging out four in five trips to the plate. Two of Miller's hits were doubles.

Bob Schanze continued his hitting spree with three hits while Tom Shitanishi connected on two of three and drove in four runs.

Three Ram Players On All Loop Team

Five Fresno City College basketball players, the starting team, were honored in this year's selection of the Valley Conference all-league teams.

As expected, the Rams dominated the selections for the first squad, Center Lonnie Hughey, forward Rich Turney and guard Bill Hicks—numbers one, two, and three in conference scoring—were named to the first team.

John Loyear and Steve Mazzoni, the other FCC starters, were named to the second team. Mazzoni tied with two other players in the voting.

Fresno City Students Pick Liberal Arts

Liberal Arts is the most popular major on campus. Four hundred and fifty men and two hundred seventy-three women have listed the general field as their major.

Other popular majors include General Business, with 414 students; Business Administration, 234; Auto Mechanics, 224; Elementary Teaching, 212; Engineering, 210; Electronics, 198; Accounting, 159; Electrician, 146 and Nursing, 137.

FCC pitchers Howard Schmidt and Chris Heintz allowed Hancock eight hits. Schmidt went the first five innings for his first win of the season, and Heintz, who has a 2-1 record, went the final four.

Last Saturday the Rams picked

up two easy conference wins against Sacramento City College with pitchers Dick Selma and Bix Heyden throttling the hosts 15-2 and 8-1.

Selma and Heyden now have identical 4-1 records for the season.

Tennis Victory Streak Halted As COS Wins

By BRENT JOHNSON

Dan Ozier's hard court men lost their first match of the season last Tuesday against College of Sequoias by a score of 4-3. Friday and Saturday of the same

week proved more successful as the netmen defeated American River Junior College and Sacramento Junior College respectively by scores of 5-2.

In the singles against C.O.S. Rick Flori defeated Jerry Hopps 6-3, 5-7, 7-5, Fred Moberly lost to Bill Robertson 6-2, 4-6, 6-1, Warren Stallings fell to Cleon Lewis 6-3, 6-1, Bill Nixon overpowered Marty Jinks 6-4, 7-5, and Dave Koon toppled Pat Porter 6-3, 6-1.

In the doubles, Hoops and Robertson mastered Moberly and Koon 6-3, 5-7, 6-4, while Jinks and Porter achieved victory over Flori and Nixon 6-3, 6-2.

In Friday's match against ARJC, Fiori beat Rick Underwood 8-6, 6-2, Moberly triumphed over Eric Young 6-3, 6-1, Don Bragonier went down to Ralph Phillips 6-3, 4-6, 5-7, Nixon was persuaded by Mike Nord 12-10, 6-4, and Koon conquered Ron Purtle 6-3, 6-4.

In the doubles, Moberly and Koon teamed up to sway Underwood and Young 4-6, 6-2, 9-7, as Fiori and Nixon surpassed Purtle and Phillips 6-3, 6-3.

In Saturday's 5-2 victory over Sacramento, the scoring went as follows. Keith Madriago fell to Fiori 7-5, 6-2, Fred White was defeated by Moberly 6-1, 6-1, Bragonier lost to Arrants on a forfeit, Nixon downed Dave Chorley 6-0, 6-2, and Koon felled René Gibson 6-2, 6-2.

The doubles were split as Fiori and Nixon overpowered Madriago and Chorley 6-4, 7-5. FCC lost the second doubles match on a forfeit.

The netters will again step on the courts tomorrow at 2:30 PM in Stockton Junior College's home territory.

Golfers Lose Cunningham; Record, 10-0

Richard Cunningham, Fresno City College's golf ace, has been lost to the squad for at least two weeks according to Coach Clare Slaughter—and at the most crucial time.

The linkmen are undefeated for the season and have a 5-0 record in league matches with the second round of loop action beginning this week.

The Rams meet American River and Sacramento City College in a double dual at the Merced Country Club Monday after a non-conference match at Bakersfield City College today and another with Monterey JC here tomorrow.

FCC has its toughest loop matches at the end of the season against Modesto and COS, teams which they beat 16-14 and 19-11 respectively earlier in the year—but with the help of Cunningham, who has grade problems.

Tuesday through Friday of next week Fresno hosts the Northern California Junior College championships on four local courses.

Play will start at Belmont Country Club Tuesday, switch to Fort Washington Wednesday, move to the San Joaquin CC course Thursday, and finish up on the Sunnyside course Friday.

Thinclads Back In Action With Good Showings

By BOB CAUDILL

Coach Erwin Ginsburg's FCC track squad will try to buck the weather again tomorrow, hosting Stockton and Sacramento in a double Valley Conference dual meet at 3 PM in Ratcliffe Stadium.

The Rams finally got back into action with fine showings in meets Saturday and Monday after having two encounters cancelled by rain.

Ginsburg's thinclads narrowly missed placing second in the JC division of Santa Barbara's Easter Relays Saturday. Glendale College won with 49 points, compared with Los Angeles Valley's 33 and Fresno's 32.

Fresno snowed under Modesto 80-33 Monday in a meet originally scheduled for last Thursday.

New Record

Fred Teixeira, after a mixup among the official timers, was credited with a 23.4 seconds clocking for the 220 yard low hurdles at Modesto.

The mark is one full second under the FCC record for the event and is the top JC mark in the state so far this year.

Ginsburg said that one official caught Teixeira at 22 seconds flat, another at 23 seconds, and the third official's watch failed mechanically.

The 23.4 mark finally settled upon was somewhat arbitrary and Ginsburg said that Teixeira's time was probably even better.

The coach shuffled his regulars in the running events. Oscar Haynes, usually a quarter miler, won both sprints; Curtis Craig,

half miler, won the 440; and Lyal Carlton, miler, won the 880.

Hughey Leaps

Lonnie Hughey, with very little practice since basketball season, won the high jump at 6'2" and may up that mark considerably as the season rolls on.

George Moore gave notice that his leg troubles are nearly over, winning the broad jump at 23'11 1/4" after soaring 22'6" at the Easter Relays.

The Rams expect little trouble from Stockton and Sacramento tomorrow. Stockton competed along with Fresno and Modesto Monday and lost to the Pirates 82-39.

Modesto summary:

100 yard dash—1. Haynes (F); 2. Williamson (F); 3. Teixeira (F). 220 yard dash—1. Haynes (F); 2. (second and third places not reported; unofficially taken by Stockton).

440—1. Craig (F); 2. (second and third places not reported; unofficially taken by Stockton).

880—1. Carlton (F); 2.00.4; 2. Poolcy (M); 3. Guy (M).

Mile run—1. Olbrantz (M); 4:41.0; 2. Snetzinger (F); 3. Sanders (F).

Two mile run—1. Martinez (F); 10:20.4; 2. Albrantz (M); 3. Snetzinger (F).

120 yard high hurdles—1. A. Williams (F); 15.6; 2. Moore (F); 3. O. Williams (F).

220 low hurdles—1. Teixeira (F); 23.4; 2. A. Williams (F); 3. Wallace (M).

Mile relay—Fresno (Craig, Carlton, Haynes, Williamson); 3:25.3.

Pole vault—1. Plante (F); 13'; 2. Parkes (F); 3. Harvey (M).

High jump—1. Hughey (F); 6'2"; 2. tie, Evans (M) and Jones (M).

Shot put—1. Maggard (M); 48'2"; 2. Mischel (F); 3. Young (M).

Discus—1. Jacobs (F); 151'; 2. Westrich (F); 3. Bischel (F).

Broad jump—1. Moore (F); 22'11 1/4"; 2. Williamson (F); 3. Bigler (M).

Tankers In Tough Dual For Crown

First place in the Valley Conference swimming race is in reach for the Fresno City College tankers if they can get past College of the Sequoias Friday in Visalia.

The Rams go into the final loop meet of the season as the underdog, based on an earlier 64-31 loss to Stockton, a team which COS beat 65-30. If FCC loses, it will have to settle for third place.

One bright outlook for the Rams is their winning streak of eight meets after losses in their first two outings.

Modesto was the latest victim in the conference and FCC clipped the Pirates 54-41. Cabrillo and Monterey were also beaten by the Rams last week.

Against Modesto the Rams won seven events with Corky Vanderluis getting the only double in the 200 yard freestyle and the 500 yard freestyle.

Other individual winners for Fresno were Carl Klavon in the 200 individual medley, Kit Mealy in diving, Vern Klavon in the 200 yard butterfly, and Doug Bradford in the 200 yard breaststroke. Mealy beat Bill Sharpe of Fresno by one-fourth point.

The Rams are pointing towards the league meet Friday, Apr. 12, in Sacramento and the Northern California Junior College championships April 26 and 27 in Visalia.

While we are postponing, life speeds by—

SENECA

Seneca said it around 25 A.D. and wise men have been echoing his remark ever since.

Today, no man can afford to postpone his financial planning. And an integral part of that planning is a life insurance program.

Our campus office specializes in life insurance programming for young men. For full information about the benefits of getting a headstart, stop by or telephone.
