# Kelly Forsees FCC 12-Month Campus

Will FCC become a 12-month campus? Robert Kelly, dean of the evening division, was the target of this and other questions as the Rampage investigated the question.

Dean Kelly emphasized that this is still a very nebulous subject. As yet, he said, the coordinating committee has only briefly discussed the subject. Much more research is required before any plans are made.

The program is now being used by some universities and will soon appear on the state college level. Junior colleges will then get involved. He estimated that a 12-month campus will come to FCC around 1970.

A decision for the 12-month program is only the beginning. A choice must then be made between the trimester and quarterly plans. Dean Kelly favors the quarterly plan, probably following the quarters of the calendar year.

The length of the quarters is still another problem, he said. Should one be condensed and shorter than the other like a summer school session? Or should they all be equal?

He said that expense, with its pros and cons, is also to be considered. Expenditure for additional instructors' and teachers' salaries would increase. He added that another problem would be whether or not to hire more teachers or have longer teaching periods.

He said that longer teaching periods would make it difficult for the teachers to improve themselves. Course revision would also be demanded by this program.

Dean Kelly also pointed out that the 12-month campus would hinder maintenance, remodeling and construction.

# Ram Selects New Editors

Nancy C. Vasquez, 21-year-old industrial chemistry major, has been selected as this year's editor of the Fresno City College Ram.

Miss Vasquez is a fulltime student at Fresno State College and is continuing her studies in home economics at FCC.

Janice Poindexter, 18-year-old social science major, has been appointed as assistant editor.

Other members of the magazine staff include Steve Larson, art director and reporters, Benjamin Conteras, Jo Ann Labbrecht, Kay Posselt, Nancy Davidian, Tony Ingram, Allen Davis, Don Rager, Diane Gnagy, Elberta Hurst, Roger Fike and Ben Woudstra.

Sign ups for the new Ram magazine will be held Sept. 28—Nov. 2. The Ram will be free to students who sign up in advance. Sign up envelopes are available in Room 217, in the Student Center Building and on the table near the entrance to the book store.

Miss Vasquez said she believes the sign up will exceed last year's 1,300 copies due to the increased enrollment.

Something else new this year will be a mystery story, according to Miss Vasquez. The feature story will be about some person or place on campus and the identification will be up to the student body. The idea of a mystery should help increase interest in the magazine, she said.

# Fall Budget Increases Are Highest

Five Fresno City College groups received allocations at the Finance Committee's fall budget meeting Wednesday, Sept. 22.

The budget is based on estimated budget figures and the amount of money to be appropriated. The appropriation money comes from the sale of student body cards.

The total for this tentative budget is \$41,655, which is \$1,156 above last year's budget. This money is divided between these five groups; activities, athletics, organizations, publications and others.

Activities consist of assemblies, conferences, honor and leadership awards, social affairs, student welfare, telephone services, rally, secretarial and guest funds. They are asking for \$5,835.50.

Athletics had the largest decrease in their budget, as compared to last year, equaling \$1,235.50. Athletics has the regular sports such as baseball, basketball, track and football but also includes laundry and cleaning, awards and letters, cross country, insurance and athletic training supplies. Athletics has a tentative fall budget of \$16,709.50.

Organizations include Associated Men Students, Associated Women Students, international relations and the oral arts of bank, choir, debate, and drama. Their budget equals \$5,750, which is \$1,116 less than last year.

Publications is made up of on and off campus publicity, the Ram, the Rampage, and Potpourri. Potpourri is a magazine wherein the students contribute stories or

(Continued on Page 3)

# Cafeteria Ups Food Prices

The Fresno City College cafeteria is raising its prices. Dale Lumsden, the manager, also announced it will be closed in order to clear tables whenever necessary.

At the present time it takes two men an hour to clear all the tables. Lumsden stated that five people will probably have to be hired to work in 30 minute shifts. This will create five to ten hours of extra labor, which will cost the cafeteria \$15 to \$20 more a day. This sum will depend upon the cooperation of the students.

The problem has been aggravated, Lumsden continued, by increase in enrollment. "They seem to have the attitude that they just don't care. Those who bus their dishes seem to be faces you can recognize from last year. At the present time less than 50 per cent of the students are cooperating."

# Plaque Honors FCC

Officials at the unveiling of the FCC monument are, from left to right, Richard F. McCarthy, chairman of the California Historical Landmarks Advisory Committee; Stuart M. White, Superintendent of the State Center Junior College District; Ron Primavera, student body president and Archie Bradshaw, FCC president.

# Monument Marks Site Of First JC

By GARY JEPSON

A monument commemorating the site of California's first junior college is now at the corner of Stanislaus and O Streets.

A bronze plaque lies in the monument of native quartzite and is the 803rd official California State Historical Landmark.

"Fresno City College began in August of 1910 as California's first junior college," said Dr. Archie Bradshaw, president of FCC.

"The first year the school had an enrollment of 20 students and three instructors, and by 1912 there were 44 students."

Major departments the first year were English and Latin, history, mathematics, chemistry, French and German. The first budget noted \$1,500 spent for books and \$3,200 for salaries.

"By 1948 the school had 337 students and 27 instructors, and we now have 4,700 full-time students and 156 instructors," said Dr. Bradshaw.

Clyde L. Smith, 81, residing at 525 Poplar Ave., is believed to be the only survivor of the first graduating class of FCC.

The late C. L. McLane, named city superintendent of schools in 1899, is credited with starting the junior college movement in California. McLane was concerned because Fresno's schools could not get enough qualified teachers.

He felt that there was a need for an increase in teaching salaries or an establishment of a teacher training center for the Fresno area.

Historians says that McLane knowing the first alternative was out of the question, started a teacher-training center in Fresno. As a result of McLane's drive FCC now stands.

# College Play Seeks Cast

Last day of tryouts for Pierre Patelin, a one act medieval farce will be held today at 4 PM in the Fresno City College auditorium.

The Farce of the Worthy Master Pierre Patelin, the complete title of the play, will have a cast of four men and a woman. All students are invited to try out for a part.

Students who might be interested in helping with work backstage are also urged to sign up during the tryouts.

Frederick Johnson, the director, said the plot of the play evolve around a scheming attorney who manages to outwit a judge but gets paid back by one of his own clients.

"It can actually be described as a medieval Sergeant Bilko show," Johnson said.

The play will be presented at various high schools throughout the year.

# State Center Board Delays Survey Study

The Board of Trustees for the State Center Junior College District have delayed serious consideration of Superintendent Stuart M. White's "Space Adequacy Survey" until a later date.

Meeting in the Fresno City College library last Thursday evening, the board decided to postpone until Oct. 5 or 14 their study of White's original survey and added supplement. On one of those days, depending on whichever date is most convenient for the board members, the trustees hope to draw representatives of the city and county planning commission to discuss the survey.

The supplement to the "Space Adequacy Survey," was introduced by White at a board meeting two weeks ago. It showed a plan to build a third campus for 4,000 students with enrollment ceilings of 5,000 at Reedley and 6,000 at Fresno City College. It would cost about \$7 million more than a proposal to expand Reedley to 5,000 and FCC to 10,000.

## Costs Overlooked

Speaking before the board last week, however, White said he overlooked some important factors in calculating the costs for additional facilities.

He explained uncalculated costs in providing more non-teaching stations facilities at the Fresno and Reedley campuses would make the costs for expanding to 10,000 and 5,000 students about the same or possibly greater than the costs of adding a new campus.

## Costs Include

These non-teaching stations, whose costs were not computed in the "Space Adequacy Survey," include expanded library, gymnasium, cafeteria, administration, counseling, faculty and parking facilities.

White said these facilities, essential to a new campus just starting out, would be calculated in

(Continued on Page 3)

# Funds Nix In Clearing

The State Center Junior College District will not be forced to reject funds which were sought to buy microscopes for Fresno City College this year, said Garland Peed, assistant superintendent of the district.

Peed said a new interpretation of Senate Bill 318 by the State Department of Education means the district will not have to subtract capital improvement funds received for the microscopes from the cost of federal funds sought for construction of a \$1 million plus vocational and technical training center at Reedley Junior College.

It had been feared that the state department might require a district accepting federal monies to subtract the total from state funds under SB 318. Peed estimated State Center would have lost about \$39,000.

Rather than use more of its own money (above the \$548,000) the district possibly would have rejected the grant.

"SB 318, the Junior College Facility Construction Act, provides a formula under which 86 cents of state funds would be received for every \$1 of State Center District money up to a combined total of \$1,025,714," said Peed. "The State Center District's share will be \$548,757 if the full state entitlement is approved. The state would allocate \$476,957 to Reedley's program."

## Record Crowd Enjoys Bar-B-Cue, Game, Dance

It will take something fantastic to top the excellent evening of entertainment offered Fresno City College students last Saturday at the annual Ramburger Round-up.

The committee chairman, faculty members and student workers should be proud of their part in the operation of the Round-up, which attracted a record crowd of 2,300.

The well planned activity left nothing to be desired by all who attended except, perhaps, the addition of a few extra seats to offset the sudden influx of late comers.

Special recognition goes to Don Perry, who devoted many hours outside of his full academic schedule in the preparation of the Round-up. Additional kudos go to members of the faculty who cooked and served the food.

The Dillard's, a folk singing quartet composed of Douglas and Rodney Dillard, Dean Webb and Mitchell Jayne, kept the audience entertained throughout the barbecue with their half singing and half comedian antics.

The march to Ratcliffe Stadium to watch the FCC-LACC football game and the dance afterward capped the evening's activities. For those of you who didn't avail yourself of the opportunity to attend the Round-up—you missed an excellent evening of entertainment.

### Spirit Boosters

## Cheerleaders Attend Parley

Jane Boswell, Diane Hamby and Gary McCurry, FCC cheerleaders, participated in a cheerleaders' workshop at Redlands University, Redlands, California, last July 25-31. The National Cheerleaders' Association sponsors the workshop annually, in order to teach cheerleading techniques appropriate to high school and college cheering sections.

Approximately four hundred high school and college cheerleaders from California, Arizona and as far away as Washington attended the workshop. They followed a schedule of competitive drills, sessions of instructions in

techniques and social activities in the evenings.

During the daily competitive drills, the school squads were divided according to their sizes — small, medium and large. The FCC cheerleaders competed against the medium-sized squads. In four days of drill competition, the FCC cheerleaders won a first place award, a second and an honorable mention. On the fifth day, in semi-final competition, McCurry competing alone, won a trophy among small squads. He and the first runnerup went into final competition against two squads from the medium class and two squads from the large class. The four hundred

## Book Store Waiting Line Reaches End

A welcome lull has settled into the campus book store following this fall's purchasing storm.

Jewel Dettinger, the manager, commended the "outstanding" student body attitude during the four-day book buying peak.

"We confronted no belligerence whatsoever," she said. "And all complaints were registered politely."

"We appreciated this courtesy, especially since I am sure that the long wait in line was enough to try anyone's patience."

Two cashiers are on duty in the store to handle a normal day's business; eight employees served students during post-registration buying.

Richard Avedisian of the Fresno City police force guarded the door for security reasons. He arranged, as he has for the past several years, his vacation time in order to do the work. Mrs. Dettinger said this gesture was principally a goodwill service from the officer, since his compensation is nominal.

For students returning next semester Mrs. Dettinger has a few tips which may help prevent a repeat performance of the onslaught.

Plan to buy books immediately after registering. Don't wait until school begins.

Keep the book purchase receipt. Students will receive a full refund for texts in undamaged condition if they find they have bought the wrong book or for any other reason cannot use it.

Students preregistering in the spring should buy their books during the summer. The bookstore will be open every weekday during the summer months.

## Instructor Vacations In Europe; Observes Cultural Differences

For many Fresno City College instructors, the months of June, July, August and September added up to one long, hot summer. Especially for those spending half of their 13 week vacation teaching summer school.

But for others, like history instructor Noel D. Frodsham, the long semester break offered some very rewarding experiences.

Frodsham and his family decided to spend their summer where the action was not. As he explained recently, "we tried to get as far away from the noise and excitement as we could, to find some place where we could have peace and quiet and still enjoy ourselves." Their solution — Europe.

During their travels through Europe, the Frodshams visited such countries as Norway, Sweden, Denmark, England, France and Czechoslovakia. They also spent some time on the Isles of Skye, located off the coast of Scotland and noted as one of the favorite spots of the infamous monarch Bonny Prince Charles of Scotland.

Frodsham, in evaluating the merits of each country he and his family visited, said he liked "Denmark for its people, Norway for its scenery, and Sweden for its technology."

When asked how he felt visiting the Iron Curtain country of Czechoslovakia, Frodsham said he was surprised to find the people so friendly.

"Frenchmen treat Americans like dirt," he said, "but the people of Czechoslovakia treated us very graciously. But," he continued, "the poor economic condition makes Czechoslovakia seem 'very depressing.'"

"The people may live under Communism," he said, "but they do not like it."

One thing Frodsham liked about Czechoslovakia was the buying power value of the American dollar. He explained the value of an American dollar bill is sixteen times greater in Czechoslovakia than in the United States.

"Unfortunately," he noted, "the prices for certain luxury items in Czechoslovakia are much higher, in proportion to what the average worker earns, than the prices for those same items in the United States. A small-tubed television set costs about the equivalent of \$700 in American currency."

The Frodshams' trip this past summer marked the fifth time in the last nine summers they have visited Europe.

## FCC Spanish Instructor Given Leave

A life-long ambition has finally come true for Lee Ross, a Fresno City College instructor.

The Board of Trustees voted Thursday night to grant Ross a one year leave of absence so that he could accept a post with the state department under the United States Information Agency in Latin America.

The official title will be director of a bi-national center. The purpose would be to promote better American relations.

"There are also bi-national centers in the Far East and to a lesser extent in Europe," Ross explained.

"The purpose of this program is to promote better understanding of Americans and other people."

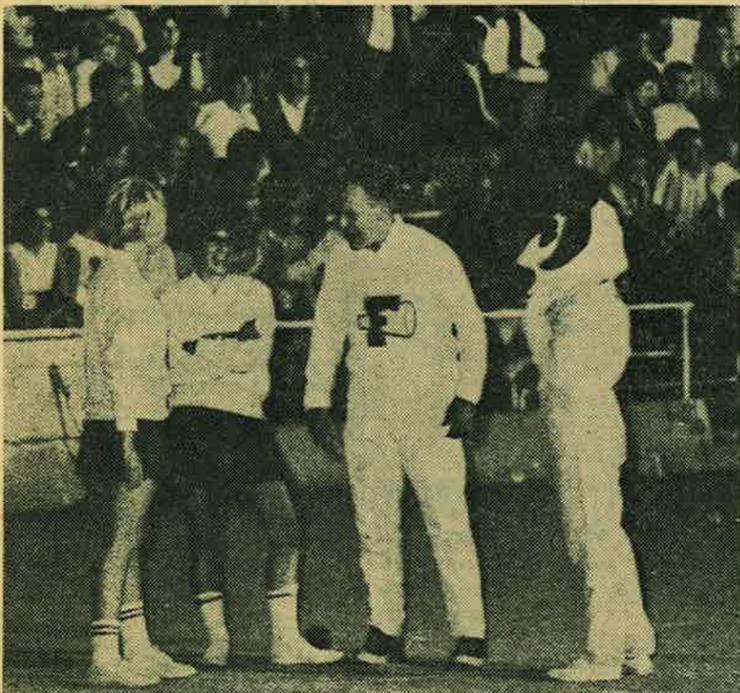

"There will be one English teaching program and the sponsorship of cultural events, symphonies, art shows, and other events. Also there is a university relations program that will induce students to be interested in American culture and ways of life in North America."

Ross previously had been awarded a Fulbright Fellowship to teach in Paraguay during the 1963-64 school year. He taught English in Asuncion, the capital of Paraguay, at its national university.

He was one of three teachers assigned to Paraguay and one of two assigned to the university. He was required to teach English at all levels and to assist in organizing a school of languages.

Ross has lived in four Spanish-speaking countries. While in the service he was stationed in the Philippines and earlier taught in Cuba. He also attended the National University of Mexico during 1955-56.

Ross studied at San Jose State and holds a master's degree in Spanish from Stanford University.

Diane Hamby, Jane Boswell, Gary McCurry and the Ram discuss the routine for their next yell.

# McGinnis Heads FCC Judicial Branch

For the first time in its 55 year history, Fresno City College will have a judicial department.

"The purpose of the new judicial department," said Michael McGinnis, chief justice, "is two-fold.

"First," he said, "it will attempt to maintain a system of checks and balances on the executive department of the student government."

## Campus Corner

### Clubs Set Activities

By LORI LAWSON

The Campus Religious Club will present a film entitled "The Affluent Society" today at noon in Room 158 in the Administration Building. All students are welcome.

Delta Psi Omega will hold a meeting this afternoon at 5:30 in Committee Room B in the cafeteria. Dinner will also be served, and the events planned for the fall will be discussed. The last chance to try out for the one-act play, "Pierre Patelin," will be today at 4 p.m. in the auditorium.

A cast of four men and one woman will be selected. Any FCC student may try out.

The drama club held elections during its last meeting. The following officers were elected:

Francis Sullivan, President; Sandra Dralle, Vice President; Sue Cocciola, Secretary-Treasurer and Harry Hart, Inter-Club Council Representative.

The Associated Women Students will hold a meeting on Thursday, Oct. 7, at noon in the lounge in the Student Center on the second floor of the building.

Second, he said that it will relieve the FCC administration of the problem of disciplinary action and will handle the problems more efficiently.

The judicial department was voted into the student constitution at the beginning of the fall semester last year. McGinnis was then appointed as chief justice by Ron Primavera, student body president.

In preparation for the court, McGinnis consulted local bar officials, lawyers, and area judges. He also received judicial outlines from various college student organizations which operate judicial systems.

The student court shall review, interpret and have jurisdiction over issues involving discipline or constitutionality. It shall have the power to recommend disciplinary action to the administration of FCC.

McGinnis said that students who violate campus regulations, as he said is being done in the cafeteria, would have to face the student court. However the court will deal primarily with matters of a constitutional nature.

Appointee associate justices are, Ken Bundy and Lou VanBibber. The court clerk is Mary Cabrera. The other court positions will be filled at a later date, as yet unannounced.

Early arrivals at the Ramburger Round-up scramble for available seats in preparation for coming festivities. A record crowd attended the eighth annual barbecue.

## Ramburger Round-Up Scores Big Success

"Fresno City College's eighth annual Ramburger Round-up Saturday was the best one yet," said Miss Doris Deakins, dean of women.

Attire was casual and an estimated 2,300 students attended the event. The faculty prepared the meal for the students.

Those participating were Dr. Lucille Allen, Frederick J. Johnson, Mrs. Leneve S. Leatham, Mrs. Aina D. LeValley, Francis Elsner,

Jackson C. Carty, Mrs. Betty J. Asbury, Philip D. Smith, Paul H. Starr, Mrs. Georgene Wiedenhoefler, Miss Nancy H. Webster, Ray C. Cramer, Bruce L. Morris, William A. Reynolds, William F. Spry, Harmon W. Allen.

Others were Mrs. Martha L. Hoard, Robert F. Winter, Alden Edgar, John M. Wagenhalls, Mrs. Nain T. Young, Mrs. Mary E. Trett, Mrs. Helen M. Bever, Miss Deakins, William H. Day, Robert H. Kimura, Merle L. Martin, Rodney Krueger, Kenneth C. Clark, Dean H. Larsen, Wilbur S. Beasley, Carl Rustigan, Albert Odahl, Mrs. Bonita Martin, Lawrence W. Martin, Peter C. Christian, Richard Cleland, Paul D. Cookingham, John T. McCuen, Allen Miller, Chester Duckhorn.

### Others Participating

William A. Neal, Richard M. DeKoning, Charles King, Dan W. Ozier, Fred Bartels, Arthur S. DeManty, Andrew F. Rowe, Joseph B. Woodman, Clifford Eischen, Edward B. Hibler, Mrs. Sara S. Dougherty, Miss Jane Shriner, John Ryska and Elroy Robinson.

Food and refreshments served were barbecue beef Ramburgers, potato salad, pork and beans, coffee, milk, soft drinks and ice cream.

After the barbecue the students marched to Ratcliffe Stadium to watch the Ram football team kick off its home season against Los Angeles City College.

## Moats: Best FCC Band

Although small, the 65 member band has caused some problems.

The supply of instruments, uniforms and music are insufficient. Flute, oboe, bassoon, clarinet and saxophone players are also needed. "Nevertheless," FCC Band Director Vincent W. Moats promised, "This year's band should be the best since FCC's beginning."

A pops concert is scheduled before Christmas vacation. A joint concert with Reedley as well as symphonic and jazz concerts will be staged during the spring semester. Two assemblies are also planned.

Contests may include the Junior Rose Bowl halftime on Dec. 8 in Pasadena. The FCC Studio Band may attend the University of Nevada Dance Band Contest in Reno.

The pep band, student organized, played for FCC's first home game last Saturday. It will also play for all out of town games.

Halftime shows are planned for McLane Stadium on Oct. 9.

Gary Deeter is the band's drum major. Mary Cabrera, Janette Ginnder, Jean Hansen and Marlene Martin are the majorettes.

## Viet Nam Bound

### Red Cross Collects Books

Because of the increase in military troops in Viet Nam, the Fresno County Red Cross Chapter has been asked by its national headquarters to help collect paperback pocket books for hospital patients and able bodied United States troops.

Ron Primavera, student council president, said that the council will not begin to approve of any drives for collection of these books until it can get a definite deadline from the Red Cross.

Howard Sehlin, chairman of the local chapter, said that only paperback books are in demand now.

They do not want magazines or Reader's Digest.

Even though a first shipment was sent Sept. 27, they are still collecting.

Individuals may take their books to the Red Cross Chapter House at 2844 Fresno St. or call 264-5941 for pick up if large quantities are available.

## FCC Maid Of Cotton Is Sought

California Maid of Cotton applications are now being taken by Miss Doris Deakins, dean of women. FCC will sponsor three candidates for the contest to be held in Fresno on Nov. 12 and 13.

Applications, which must be completed by Oct. 21, are available in Room 128 of the Administration Building.

Candidates must be between 19 and 25 before Dec. 29, 1965. They must be at least 5 feet 6 inches tall, never have been married and have been born in a cotton producing state.

The winner will receive a \$1,000 scholarship and the first alternate will get \$200. The 1966 Maid of Cotton will tour the state appearing on television, making store appearances and speaking before agriculture and civic groups.

She will also receive an all cotton wardrobe which she will wear to the National Maid of Cotton selection in Memphis, Tenn.

## Board . . .

(Continued from Page 1)

computing the costs for another college.

Using the 10,000 student plan as one example, White pointed out that 70 additional classrooms would accommodate 2,775 students. This total added to a base figure of 4,000 students would increase room capacity to provide for 6,775 students at a cost of \$3,500 per student.

The remaining 3,225 students of a 10,000 enrollment for which the nonteaching stations would have to be expanded were not calculated in the original plans. For these 3,225 remaining students, a figure of \$3,000 per student is used.

Board member Walter G. Martin proposed that a study be made to find out what Fresno City College would need in the way of room, library and other facilities for 6,000 students. He also recommended that the lot adjacent to John Eulless Park be used as parking facilities for FCC students.

In other action, the board voted to grant FCC Spanish instructor Lee Ross a one year leave to take a governmental assignment in Latin America.

## Budget . . .

(Continued from Page 1)

poetry to be published. The budget total for publications is \$8,860. This is \$1,415 more than last year and the biggest increase of the group.

The Student Council met yesterday to pass, reject or revise the presented budget.

# Rams Smash LACC In Home Opener

## FCC-Reedley Tilt Set For Saturday

By VERNON PETERS  
Rampage Sports Editor

Next in the path of Fresno City College's on rushing football team is traditional rival Reedley Junior College. The sister schools of the State Center Junior College District will collide in Reedley Saturday at 8 PM.

Reedley will be going for its second win of the season while the Rams try to make it three victories in a row.

In their season opener, the Tigers lost an intersectional game against Monterey Peninsula College, 20 to 0.

The Reedley offense came to life last weekend as they blasted by San Jose City College 38 to 14. FCC defeated San Jose in its season opener, 24 to 13.

The Rams will be facing a prototype offense that Reedley Coach Don Danielson uses. Danielson has built this year's squad around 14 returning lettermen, including veteran quarterbacks Gary Masich and Frank Monis.

Fresno won last year's contest, 20 to 13, and holds a 15 to 2 series edge.

### Yuba Next

FCC will have only one non-conference game left to play after Reedley. It will be in Marysville against first-time opponent Yuba College of the Golden Valley Conference.

The Rams' victory over Los Angeles City College last Saturday night indicates FCC's potential as a championship team.

LACC, along with Fullerton Junior College and Long Beach Junior College, was a preseason pick as one of the leading contenders for the Junior Rose Bowl game.

Although the freshman-dominated Rams showed they could make up for size and experience with aggressiveness and desire, they cannot hope to coast to the Valley Conference title.

FCC head football Coach Clare

Slaughter stated that he feels "this year the Valley Conference is the toughest JC league to win in the state. From the looks of the scores in the non-conference games, every member of the Valley Conference appears to be the team to beat."

### Season Opens

Fresno will open its league play in Visalia, Oct. 16, against the College of the Sequoias' Giants. COS opened its 1965 season with a 20 to 19 victory over East Los Angeles.

The Giants have three first-stringers back among 19 returning lettermen. Among the returnees is 1964 all-conference defensive back Marvin Welch.

The night of Oct. 23 will find the Rams pitted against the Pirates of Modesto Junior College in FCC's last out-of-town game of the season.

Modesto is loaded with promising freshmen who displayed their worth in a stunning 39 to 14 opening win over Cabrillo.

### Last Three

The Rams will return home to play their final three games, any or all of which may determine the league championship.

American River Junior College will invade Fresno on Oct. 29. The Beavers will have a veteran backfield led by all-league quarterback candidate Bruce Lee. Last year Lee passed for 963 yards and 10 touchdowns. ARJC won its opener against Sierra Junior College 32 to 0.

Following ARJC into Fresno will be its cross-town rival, Sacramento City College. The Panthers, who shared the VC title with the Rams last year, promise to be tough again. In their season opener they trounced the perennial Bay Area powerhouse, Contra Costa Junior College, 42 to 7.

### Sacramento Strong

SCC has seven returning linemen and a backfield that is potentially the league's best. At quarterback is veteran Larry Zenker, an all-league candidate. At halfback are frosh speedsters Curtis Clark and Danny Walten, members of last year's state championship high school 880-yard relay team.

In closing out the season, the Rams will host the Mustangs of San Joaquin Delta Junior College. The Mustangs have a line anchored by 260 pound Larry Johnson, 220 pound Randy Donis, and 190 pound Al Caton, all veterans.

All members of the Valley Conference were in action last weekend.

Ram defensive back Ron Ortega, No. 57, deflects pass to LACC's Jim Street, No. 41, in last Saturday's game.

## FCC Rams Eye Conference Competition

The Fresno City College cross country team travels to Modesto tomorrow to participate in a six-way Valley Conference meet.

Coach Bob Fries stated, "Since this is an unofficial meet, the main idea is to see just which teams are strong and which ones are weak."

The Ram harriers started their season successfully last Friday by crushing Reedley College with a perfect score of 15 to 44. The perfect score was attained when the Ram runners swept home with the first five finishes.

Steve Garcia, newly elected team captain, paced the team with a first place finish in the time of 13:52. He was followed across the finish line by Ram harriers Larry Stocks, Alton Durst, Ben Mendiola and John Garcia.

Three more Rams took the seventh, eighth and ninth positions. They were freshmen Frank Luna, Leonard Cascillas and Dave Dunaan. Two veterans, John Begue and Phil Martin, took the 13th and 16th place finishes, respectively.

Team captain Garcia slowed up on two or three occasions to encourage the first five Rams to stay together in the leading positions.

The dual meet was over a distance of two and a half miles. The pace times for the meet were a sizzling 75 seconds for the 440, 5:11 for the mile and 10:50 for the two-mile.

## Figueroa Romps In 26-13 Victory

By HOWARD SAIKI  
Rampage Sports Writer

Coach Clare Slaughter's Fresno City College Rams combined a rock-hard defense with a crackling ground offense to sweep past the Los Angeles City College Cubs 26 to 13 in their home opener last Saturday night.

The game marked a successful return to Ratcliffe Stadium for the Rams who have held their home games at McLane since 1959. Ram supporters responded to the large stadium as the game drew 4,500 spectators.

The big man in the Ram offense was veteran Fred Figueroa. The bruising fullback smashed for three touchdowns while gaining 48 yards in 16 carries.

### Nolte Goes 60

Ernie Nolte, veteran FCC speedster, put the Rams on the scoreboard with only two minutes and 21 seconds gone in the first quarter. Nolte fielded a LACC punt on his own 40 yard line and behind a wall of Ram blockers raced 60 yards to pay dirt as the Rams took a 6 to 0 lead.

With seconds gone in the second quarter Ram quarterback Jim Newman hit split end Nolte with a pass good for 13 yards and followed it up with a 24 yard toss to tight end Lyle Buckert to put the ball on the LACC three yard line.

Newman then called on Figueroa to supply the power, and the big fullback responded with his first score of the night to put the Rams out in front 12 to 0.

### Punt Blocked

FCC defensive end Eddie Williams set up the Ram's final score of the first half as he partially blocked a Cub punt and allowed the Rams to take over on the 24 yard line of LACC.

Three plays later Figueroa bulled his way over right tackle for his second score of the night. The point-after-touchdown was kicked by Lance Patigan and the

## Polo Team Prepares For Victory

Coach Gene Stephens' water polo team are busily preparing themselves for this week's game against the College of San Mateo Saturday at 10 AM in the FCC pool.

Last week FCC dropped its second match of the year to the Fresno State College reserves, 12 to 10 in the Ram pool in a double overtime. Regulation play ended with the score tied at 8-all.

Jay Huneke led the Ram scorers with 5 field goals. He is currently leading the tankers in scoring with 18 goals in four games.

The Modesto Swim and Racquet Club invaded the campus on Saturday at 10 AM and defeated them 18 to 9.

Blair Looney, right forward pushed in four goals while left forward Jay Huneke added three. Also playing a fine game was the goalie, Tom Gross.

Rams left the field for halftime with a 19 to 0 lead.

Fresno's final touchdown came in the third quarter. Ram lineman Larry Pepper pounced on a Cub fumble on the LACC 43. With the assist of two penalties the Rams moved to the one yard line where Figueroa crashed through right guard for his third TD of the evening. Patigan added the extra point and the Rams led 26 to 0.

### Reserves Play

With 9:39 remaining in the third quarter Slaughter sent in his reserves. LACC then took advantage of the Ram reserves' inexperience and managed to score twice in the final quarter.

Following a Cub interception of a Jess Ruelas pass, Los Angeles found itself in scoring position as their big fullback raced around right end for 68 yards. Two plays later LACC was on the scoreboard as Cub quarterback Dan Andrews passed to Al Raciou for the touchdown.

The Cubs' final score came about by a blocked punt and personal foul penalty that placed the ball on the Rams' eight yard line.

## ACHIEVEMENT AND SATISFACTION

Personal satisfaction comes from many sources. One of the greatest is individual achievement.

Working in a field that offers opportunities for developing your own abilities is certainly rewarding. For many men, this has come through a career in life insurance sales and sales management.

Provident Mutual starts training college men while they're still students, giving them a chance to earn while they learn. Our Campus Internship Program numbers among its graduates many men who are currently enjoying successful careers with the Company in sales, supervisory, and management positions.

We welcome the chance to tell you more.
