Reporter Holds Campus Survey On Election

By Mildred Shaw

While walking around the FJC campus the other day I started thinking of the coming election and wondering who was going to win. I decided I would get some other students' opinions on who they wanted and why.

Here is a survey I took of a number of FJC students:

Who do you think will win presidency and why?

Boy—Sue Sheehan because she has the interest of the students and she is very experienced in holding office. His last statement was "she is young at heart."

Girl—Martin Isler because he is a man and has a nice personality and the capability to go along with it.

Boy—Dean Lee because he has a nice personality and is capable.

Girl—Sue Sheehan because she is very active in activities and has a lot of experience in holding offices.

Boy—Dean Lee because he is capable and very competent.

Girl—Martin Isler because he is quiet capable and has a very good personality.

Boy—Sue Sheehan because she is quite well known and quite active

Girl—Dean Lee because he is capable.

Boy—Martin Isler because he is interested in the students' activities and faculty.

Girl—Dean Lee because he has the personality and is quite capable.

Boy—Martin Isler because he has the interest of the students.

Girl—Sue Sheehan because she has the experience and even if she is a woman she can hold the responsibility as much as a man.

Boy—I don't know because all the candidates running are very good and have got what it takes.

Voters! Candidates Must Have Ability, Horse Sense

Here at Fresno Junior College the election machine begins to revolve with full force. This semester 20 students are running for fall student body offices.

It will be up to you students to pick the worthy candidates who will represent you and the school to the best of their abilities.

Ability is defined in Webster's Dictionary as quality or state of being able; power to perform, whether physical, moral, intellectual or legal.

From the above definition it is evident that a candidate must be qualified in many respects. This qualification is not the candidates' opinions of themselves. No, it is what the voters think.

Yes, the job of selecting your officers for the fall semester is a puzzling and important one. Be sure your choice is competent for the job; be sure he has the other characteristics of a good officer: intelligence, fairness, tactfulness,—and is in possession of good old common sense.

Remember before you vote, pause for a second and ask yourself, "Will this person be a good representative of FJC and does he possess tact, use common horse sense, and have a good knowledge of parliamentary law?"

Bill Goolsby Recalls Memorable Incidents

By NORA BARTON

N. T. "Bill" Goolsby, head custodian of Fresno Junior College, said he has been in charge of all supplies in this building for 20 years.

The custodian said he started here when it was the old Fresno Tech and has been head custodian for twelve years.

Goolsby, whose duties are supervisory care of buildings, safety of buildings and ground, sanitation, helping in student activities, setting up arrangements, ordering, receiving and issuing supplies, feels the administration and faculty of FJC have done a tremendous job in spite of building obstacles.

Earthquake Problems

He said one of the more serious of his experiences was in the fall of 1952 when two college buildings were condemned because of earthquake hazards after two days of classes.

FJC then moved to the Memorial Auditorium and Dickey playground and occupied a part of four churches. Last summer 14 new bungalows were installed and all classes were moved back to the main campus except one at Dickey.

Goolsby said the men that work with him take a personal pride in their individual work and show a real interest.

Big Responsibility

The head custodian is responsible for the boiler heat and is subject to call 24 hours a day and adds that he does sometimes get such a call.

"I recall once," he grins, "a certain watchman was so frightened when the boiler safety valve popped off steam, he almost tore the stairway down trying to get out."

In his 20 years of coming in contact with so many students he finds it a great pleasure to meet them later in different walks of life.

"They still remember me and stop and talk to me," he stated proudly.

Four Faculty Members Attend Business Meeting

Four faculty members of FJC's business division will attend the central section meeting of the California Business Education Association in Modesto Saturday.

Those attending are Miss Ethel McCormack, the division chairman; Miss Gertrude Stubblefield, Paul Soderstrom, and Francis Svilich.

As the Rampage goes to press the election returns were as follows: Raymond Tapia and Joe Gonzales are tied for president; Lenard Romero, vice president; Angelina Ramos, secretary; Al Herrera, treasurer; Fred Alanis, sgt.-at-arms; and Gloria Leopoldo, publicity.

Meetings are held every other Wednesday in room S-10. Members will be encouraged to use the Spanish language at all of the meetings.

Fads Head Into Bathing Suits

By Ella Papagni

Since the hot weather is here again swimming seems to occupy the favorite pastime.

The women's fashions in bathing suits are emphasized a great deal.

Magazines Features

Most fashion magazines are featuring cotton printed suits with shirred elastic backs.

The strapless bathing suits are still rating high, and to them a new design has been added with buttons down the front and pockets that come across the hipline.

Ruffles Are Back

The pantaloon type suit seems to be shown more this season with more ruffles and fullness added to them.

Bright colors, prints, brocades and stripes will be very popular this season in bathing suits as well as play clothes.

PLAY THAT TUNE — The newly organized Collegiate Combo whacks out a tune for the noon dances. Members of the group are left to right, Helen Embry, Ronnie Haskins, Carole Gostanian, and Art Tyler.

STATE PRISON MAY USE NEW SHOP PLANS

James E. Welden, chairman of the trade and industrial division of Fresno Junior College, reports the California State Prison at San Quentin may build a shop building similar to FJC's new \$193,000 shop building being erected on Fairview Avenue.

Welden said he sent plans of the new shop recently to Lester E. Ecke, supervisor of vocational instruction at the prison, upon the supervisor's request after inspecting and visiting the site.

Welden said the copy was made from drawings by Mairon Fox, Richard Lonzano and Oliver Riggin, students in Ernest Wolf's class in advanced architectural drawing.

FJC President Attends Confabs

President Stuart M. White of Fresno Junior College recently attended a liaison committee meeting, a vocational nursing conference, and an administrative conference.

White was appointed to the liaison committee by Leo Wolfson, the association president. Its purpose is to maintain effective relationships between California's universities, junior colleges, state colleges, and high schools. White was also appointed to serve on a sub committee through which liaison is maintained between the state colleges and the state's junior colleges. The meeting was held in Los Angeles Thursday, Friday, and Saturday morning.

The vocational nursing educational conference was held April 21, at the Oakland Junior College, and was sponsored by the Bureau of Industrial Education. When you come right down to it, you smoke for one simple reason... enjoyment. And smoking enjoyment is all a matter of taste. Yes, taste is what counts in a cigarette. And Luckies taste better.

Two facts explain why Luckies taste better. First, L.S./M.F.T.—Lucky Strike means fine tobacco... light, mild, good-tasting tobacco. Second, Luckies are actually made better to taste better... always round, firm, fully packed to draw freely and smoke evenly.

So, for the enjoyment you get from better taste, and only from better taste, Be Happy—Go Lucky. Get a pack or a carton of better-tasting Luckies today.

Good Ship Library Has Many Ports Of Interest

By Joe Rampage

On the good ship Library we travel the seas of enjoyable reading which is informative as well as exciting. From the sea of fiction we dock our ship at "Willoughby Carter" by Humphery Parkington. This is a story of a young hero with a vocation for medicine. Like all good heroes, he meets with plenty of discouragement on the way—from his father, who wants him to go into the family business; from his mother with her schemes for social upgrading; and from distracting love affairs. The question is can a young man with ability, persistence and a good deal of charm win out?

Story Of Hardship

In the port of emotion we come upon the "Land of Strangers" by Lillian Budd. Here is a story of young Carl Christianson, a Swedish immigrant who worked his way to America. In Chicago he eventually found Ellen, and later married her. This is the story of heartaches and strives of the young immigrant, and the dream he has for himself and his family.

Laying anchor in the port of true life we come upon "A Sergeant Named Batista" by Edmund A. Chester. Batista, the man who through military and revolutionary means exercised a stabilizing influence on the Republic of Cuba at a time of national nervousness.

Interesting Facts

"Hypnotism: An Objective Study in Suggestibility" by Andre M. Weitzenhoffer throws us in the choppy sea of the mind. This is based on facts and it separates myth from actuality.

Well, that the end of our cruise on the ship of pleasure. If you really want to visit those places just ask for the books from Jackson Carty, librarian, or Darlene Horch, assistant librarian.

Miss McCormack said a limited number of students will be accepted for each course, and she advised interested students to telephone her at 3-5241 for further information.

The one unit refresher courses are offered to accommodate employed persons and others who desire to improve their skills.

Employment Service States Need For Clerical Help

Cecil Sargent of the California State Employment Service said that there are numerous job opportunities in the Fresno area for clerical workers, either men or women. He said those with training in shorthand and bookkeeping are

especially needed. Sargent also said that male stenographers, who can take dictation and transcribe at the rate of at least fifty words a minute, have an excellent chance for advancement.

Transcribers Society Thanks FJC Students

Miss Willa Marsh, dean of students of Fresno Junior College, announced she recently received a letter from the National Transcribers Society for the Blind, thanking the FJC student body for contributing \$67.55 to the organization to buy books for the blind.

The money was collected in the form of a free will offering at a assembly, the main attraction being Gus and Eddie Motter, blind brothers and ex-students at the University of California in Los Angeles.

Miss Marsh said the letter states the books they are now Brailleing are: "Quest for the Lost City," "Rugged Land of Gold," "Rider on the Mountains," "Abraham Lincoln," "Crazy White-Man," "Hunter," "Back Down the Ridge," and scores of others.

Former State Champs Face Ram Nine Friday

By DON N. SHROYER

Coach Ray McCarthy's Fresno Junior College Rams will entertain last year's state champions, Sacramento Junior College, tomorrow afternoon in Romain Park to round out a very full week of action for the FJC baseball squad.

The Rams lost to the Castle Air Force nine on the Air Force diamond Monday, 12-1.

The game slated for Tuesday with the College of the Sequoias at Romain Field was rescheduled for today at 2:30 p.m.

The Sacramento squad is reported to have many returning lettermen from its championship squad and should give the Rams a real test.

As the Rampage went to press, Coach Ray McCarthy had not decided who would be on the mound for the Rams. He started Tony Fragus against the Castle Air Force Bombers Monday and will call on Dick Knight to face the strong conference opponents, the College of the Sequoias today at Romain Field.

McCarthy has been plagued all season with a short pitching staff, and just last week called upon the versatile Fresno Junior College shortstop, Mack Sanwo, who incidentally hurled four innings of hitless ball.

FJC Nine Wins, Loses Three Tilts

The Fresno Junior College baseball squad balanced the books over the Easter holiday as they compiled three wins against three losses.

Coach Ray McCarthy's squad marked up their first two wins of the holidays when they knocked over Oceanside Junior College and the College of the Sequoias in the first annual San Joaquin Valley Junior College Tournament, which was held in Bakersfield April 15-17.

Lopsided Victories

The Rams knocked out a 10 to 7 victory over the Oceanside Spartans as Dick Knight tossed a seven hitter, McCarthy called on Elton Willis to pitch in the COS contest, and he allowed only five hits as the Rams scored an impressive 15-3 victory.

The Bakersfield College Renegades upset the Rams' winning ways on April 17 when the 'Gades downed the Rams in a close 4 to 1 contest, with FJC pitcher Charles Ratliff marked up with the loss.

Fliers Bow

The Castle Air Force Bombers were the Rams' next victim as the Rams scored a lopsided 12 to 8 win. The Ram batters collected 14 hits off the offerings of Andy Cargill and Dave Price while Larry Schmitz allowed only eight base knocks to the Bombers.

The Rams entertained the Coalinga Junior College Falcons in a Central California Junior College Athletic Association contest on Tuesday, April 20, and found the Falcons pretty rough as the Rams came out on the short end of a 14 to 7 score.

Elton Willis started on the mound for the Rams, allowed eight hits and gave the ball to Schmitz in the sixth. Schmitz allowed nine knocks and was charged with the loss.

Coalinga Stops Rams

Ted Ellis was the starter for the Falcons and gave up only three hits while he walked only two. Bob Randolph came on in the fourth and allowed only five hits and walked five. He was credited with the win.

Righthander Ellis scattered three hits at the Veterans Field in Coalinga on Friday, April 23, to give the Coalinga Falcons a 7 to 0 league win over the Rams.

Ellis had complete control of the contest and coasted after his teammates put the game on ice in the sixth. Ellis whiffed eight and walked three batters as he chalked up a second Falcon victory over the Rams in one week.

Knight collected two of Fresno's three hits.

Conference Meet Slated For Tomorrow Afternoon

By DONALD N. SHROYER

The Fresno Junior College thinclads will travel to Taft tomorrow afternoon to participate in the Central California Junior College Athletic Association conference meet.

The other schools of the association who are participating are the College of the Sequoias, Taft, Coalinga, Reedley and Porterville Junior Colleges.

Those who place first or second in any event during this conference meet will become eligible to compete in the Northern California Meet, to be held in Santa Rosa May 8. Those who place in Santa Rosa will be qualified to go on to the state meet at Santa Monica.

Although the Rams lack depth, Coach Hans Wiedenhoeffer feels some members of his squad will make it to the northern meet.

He mentioned the potentiality of Floyd White, Walter Torosian, Johnnie Carter and Dick Wennig. Wiedenhoeffer said that Wennig has not been a winner, but someday Wennig is going to toss that discus and it's going to land over by Reedley; he has plenty of potential.

King Judges Contest

Joseph King, speech instructor, and students from his student government classes, attended a parliamentary procedure contest in Hanford Tuesday night. King was a judge.

In voting for your next Pres take only one thing into consideration and that is Martin Isler. If large funds are to be used for campaigning he would still spend small amounts because great campaigning does not reveal a person's real character but the character he wants to have told, therefore just take Martin Isler as he stands, a great participant in school activities, a true lover of sports and above all a person with not only ability but the personality to benefit the students as individuals . . .
