Rampage Staff Recalls Highlights Of 1953-54

As the final weeks of the school semester come to an end, so does the weekly publication of the Rampage except for the souvenir edition.

During the sixth annual year of publication we were at the helm when Fred Hall became the State president of the FBLA; Patsy Jean Still was elected parliamentarian of the state conference at Coronado; Joseph King, speech instructor, was appointed state parliamentarian adviser for the Coronado conclave; Stuart M. White became president of Fresno Junior College; the football team took its fourth league crown; the cage team taking the league title and placing third at the state tourney; purchasing of Sam the Ram III; and finally the retirement of James E. Welden, trade and industrial education chairman.

Those mentioned above were but a few of the news we reported to you. In its entirety all that we did could not be done by ourselves. We have you the readers to thank as well as the faculty members, but most of all we thank our adviser Philip D. Smith.

FRESNO JC MALE STUDENTS GIVE OPINION ON FEMALE FADS

By ELLA PAPAGNI

A survey of the men on the FJC campus has been taken on their opinions of fads and styles they dislike about the opposite sex.

The opinions are:

Bob Curran—"I dislike girls that wear pedal pushers to class; they should go back to 'them thar hills'."

Bill Hernandez—"If girls are to wear their hair very short they should also wear men's clothes to complete the picture."

Tom Kerr—"The females who wear sun glasses in class should bring a sun lamp with them to complete the picture."

Sam Duncan—"The girls that wear those full petticoat slips to school should go back to the 'roaring 20's'!"

Bob Kelerease—"My pet peeve is girls who bleach their hair, and girls that wear levis."

Well, girls, here are some of the things the male sex dislikes, so either accept them or forget them.

Pedro Vicente Becomes Student

By NORA BARTON

Pedro Lopez Vicente, born in British Honduras, is a Fresno Junior College business student.

He began instructing in an elementary school when he was only sixteen. After three years of teaching he moved to Guatamala where he worked for the United States Fruit Company for 24 years. He was in charge of the electrical department office, acted as a photographer and operated the movies for the company.

Leaves Country

Two years ago he felt the conflict between the new government set-up and the company for which he was working and decided to leave.

Vicente said colored foreigners all over Guatamala had no chance for any type of work and decided before that happened to him he would come to the United States where he had heard of the many opportunities offered any race.

Vicente is especially grateful to the Fresno Junior College teachers who have given him much understanding and encouragement.

Part Time Job

The ambitious student is a part-time janitor at the San Joaquin Memorial High School.

Vicente remarks, "Students here do not realize that there are a lot of people in other countries who would like to have the educational opportunities of the youth in the United States."

Edith Bennett Enjoys Working At Fresno JC

By NORA BARTON

Mrs. Edith Bennett, matron of the Fresno Junior College for nearly two years, finds, because of the cooperation of the people she works with, that she enjoys working here more than anywhere else.

Mrs. Bennett's work includes towel counts for the women's physical education program, the changing of the sheets and pillow cases for the nurse's quarters, general care of the girl's gym, and also the general matron care at the Dickey Playground.

Has Trust of Girls

Although her main work is keeping up with the maintenance, Mrs. Bennett said she enjoys the trust the girls in the gymnasium have in her and finds certain satisfaction in trying to help iron out little problems and give them comfort.

The girls confide that she is ever ready with the thread and needle and even with the bobby pins whenever they need her help.

Keeps Supply of Pins

They add many times she keeps a supply of pins for corsages and bobby pins for last minute grooming at school dances.

"If I had a million dollars, I know I would spend it on this school," Mrs. Bennett said, "because the students who come to the Fresno Junior College are hard working, ambitious and deserving."

"I also find Mrs. Hazel Pederson a very cooperative person to work with and think she and the girls are doing a marvelous job in spite of the cramped quarters."

Cool Down Dad! It's Only Books

By JOE RAMPAGE

Dig these crazy mixed-up things! Boy, it's real gone and it should stay that way. What's this jive about you ask? To give you the lowdown, gotta warn you, it's really 3D (dopey, dumb, and dense). These high goof things are called books!

Well, anyway, the first (real gone) book is called "The Newcomer" by Clyde Davis. This story is about a kid moving into a new town, and the going over he gets from the other kids on the block. Seriously, have you ever felt the utter cold of being a stranger, uninvited and unwanted in a new town?

The next book's entitled "The Bonanza Trail" by Muriel Walle and is a yarn on the history of the great gold rushes of the West. If you like reading about ghost towns and mining camps, and some of the blood spilling, this is the book for you.

The last book can make a guy choke just saying the title. It's called "The Art and Architecture of India" or "The Pelican History of Art."

Compton Wins JC Division Of West Coast Relays

The 28th Annual West Coast Relays dominated the sports pages and the minds of sportsmen this past weekend as stars Mal Whitfield, Perry O'Brien, the Oklahoma Aggies Relay squad, and many others vied for top honors in track and field events in the Blackstone Avenue Ratcliffe Stadium.

Athletic Director Paul Starr for Fresno Junior College, along with Stuart White, FJC president, acted as officials at the relays and Coach Hans Wiedenhoefer entered only three members of his ten man squad in three events. Those who represented Fresno Junior College were Richard Wenig, who entered the Junior College Discus event; Johnny Carter, who entered in the Junior College competition of the high jump; and Walter Torosian, who raced the 100 yard dash also in the Junior College level of competition.

Compton Junior College was the winner of the JC division as they were sparked by the record-tying 120 yard high hurdle win of Lionel Daniel.

The JC scores:
Compton 32 1/5, LA City College 28 1/10, Modesto 25 1/2, Valley JC 25 1/2, Santa Ana 25, Mount San Antonio 18, Sacramento 14 1/2, East Los Angeles 14, Long Beach CC 12, Glendale 7 1/2, Chaffey 5, Pasadena CC 4, Bakersfield 4, Santa Monica 3, Hartnell 3, Santa Rosa 1 7/10, El Camino 1, John Muir 1/2, Porterville 1/2.

Former Fresno Junior College track star Millard Hampton appeared on the scene Saturday evening when he raced in the open inter-collegiate class as an independant. He was eliminated, however, in the first dash of the evening.

Latin American Club Installs New Officers

The Fresno Junior College Latin American Club, a newly organized group, held their semi-formal installation dinner at the Fiesta last Thursday.

Dr. Eldred Renk, sponsor, officially installed the president, Joe Gonzales. He in turn installed the other officers, Raymond Tapia and Angie Ramos.

Ceremony Held by Candlelight
The candlelight ceremony was enacted in a soft Latin atmosphere with continental rhythmical music.

The table was adorned with red roses in the center against a white background. Candle holders decorated the sides.

Dinner Included Hot Dishes
The dinner consisted of Spanish dishes, including tacos, enchiladas, and refitos.

Johnny Fuentes, chairman, assisted by Delores Martinez and Angie Sillan, decorated the dining room.

Miss Ramos, secretary, said the Spanish-spoken installation given by Dr. Renk was performed magnificently.

RECORD TYING EFFORT MISSED

By DONALD N. SHROYER
Sports Editor

Our sincere apologies to Walt Torosian, who we overlooked in our review of the Central California Junior College Athletic Association track meet held in Taft a few weeks ago.

The College of the Sequoias won the meet, and most of the Ram participants did not place first in any of the events. However, they did take some firsts in the preliminaries.

Torosian won one of the preliminary races in the 100 yard dash but came in third in the final heat. But the thing that we failed to report is that Torosian tied the school record in this preliminary race by zipping through 100 yards in 9.9.

Torosian has starred on the FJC track squad for the past two seasons, has turned in many fine performances, and is certainly deserving of equaling the school record in the 100.

Congratulations go to Walt, and please forgive us for not being on the ball.

Sports Seasons Come To A Close At FJC

The baseball bats and gloves, along with the spikes of the thinclads, joined the other Fresno Junior College athletic togs this week in the storage rooms as the athletes of FJC retired from action in the 1953-54 school year.

Triumphs along with discouragements have been prevalent throughout this year.

The first gathering of FJC athletes came last September when the 1953 version of the Fresno Junior College football squad began its training sessions. The gridgers ripped through a mighty rugged schedule with possibly the smallest squad in size and weight in the history of the school. Late in November the iron men of Coach Hans Wiedenhoefer had captured the fourth straight Central California Junior College Association crown for Fresno Junior College by going through the league schedule undefeated.

Joe Kelly New Coach

Late in November and at the start of early December the cagers of FJC greeted new cage coach Joe Kelly as he started his first season working with the athletes of Fresno Junior College. One year

before he had been instructing the cagers of Fresno High and this year he was coaching the exstars of Edison High School who had only a short time before been his rivals.

Kelly, combined with the talents of these stars from Edison High School, did some very wonderful things for FJC. Most important of all is the fact that they brought to Fresno JC the first Central California Junior College Association cage crown in the history of the school.

With the coming spring the cagers put away their basketballs; and the bats and baseballs, along with the spikes of the thinclads, made their appearance on the scene.

Little Response To Calls

Both coaches Ray McCarthy of baseball and Wiedenhoefer of track received little response from the athletes of FJC. As a result, the squads of both teams were limited in size and therefore hindered greatly in the quest for the crowns in both sports. Neither team fared so well and so comes an end to another season of sports at Fresno Junior College.

QUESTION:
*What makes a
Lucky taste better?*

ANSWER:
"IT'S TOASTED"
to taste better!

No question about it, Luckies taste better to thousands of college smokers.

No question about the reasons why Luckies taste better, either. Today, nearly everybody knows L.S./M.F.T.—Lucky Strike means fine tobacco. And that fine tobacco is toasted to taste better.

"It's Toasted"—the famous Lucky Strike process—brings Luckies' tobacco to its peak of flavor . . . tones up this light, mild, good-tasting tobacco to make it taste even better. So enjoy better taste in your cigarette. BeHappy—GoLucky!

Creep, Be Bop Survey Gets Crazy Mixed-Up Results

By MILDRED SHAW

Are you hep to the new jive around Fresno or in plain English are you "real gone?"

Some students are still wondering what some of the new dances like "Be Bop" and "The Creep" are, and so I thought it would be a good idea to get some definitions and comments.

Terry Scharton—"Be Bop sounds like a bunch of orchestra fleas on a hot frying pan."

Helen Embry—"Bop provides an excellent excuse to jump around like a bunny. It's the most, to say the least. To me Bop is a real gone reserved version of Bach."

Bill Hernandez — His definition of Be Bop is like someone walking in their sleep. He prefers fox trots or just the regular jazz.

Shirley McLaughlin — Her definition of Be Bop is a worm trying to get in a hole that is too little for him.

Carole Gostanian—"Bop is a crazy mixed-up version of any song. It expresses the freedom that is in a musician's soul. It's real hep music to shuffle, too. I think the Creep is the most. P.S. All you cats come to the Bop Hop in B-11 which is supposed to be June 3."

Bettie Iversen—"Be Bop is real cool! The Creep is like being in a boat—real close. (Remember the talent show!)"

Gladys Popp—"Be Bop is 'real crazy'."

Rosemary Taylor—"Be Bop puts the bep in the bop!"

That's all of this hep talk for today.
