

JC Uses Machine System

By JACK HERGENRADER

Following the automation trend in modern business and industry, the Fresno Junior College has mechanized much of its record keeping operations previously done by hand by installing the International Business Corporation system.

President Stuart M. White said the new process will speed up FJC's entire record keeping operations, making them more economical and efficient.

George C. Holstein, dean of admissions and records, explained that the card punch procedure and other mechanized processes will record attendance and sickness and other data about them, and other information.

Mrs. Jean Reynolds, who has operated similar office recording machines in Texas, will operate the key punch machine under Holstein's supervision.

A code number has been given to every FJC course, including day and night subjects, and every instructor also has a number.

"The system can do almost everything but talk," Holstein said. "It will provide us with essential information about students, their grades and attendance instantaneously."

He added that many universities and colleges and some city school systems are using the record keeping system. The Long Beach City Schools employs it for its entire operations, including elementary and secondary schools.

Student Nurses Taking Training

The Fresno County General Hospital School of Nursing is the scene of 49 student nurses taking their academic training in the Fresno Junior College.

Kenneth Hald, science department chairman, said all student nurses who have studied at the junior college the past six years and have finished their training at the School of Nursing have passed their state board examinations.

In addition to the cooperative program between the junior college and the hospital's nursing school, Hald said FJC offers a year of pre-clinical nursing to qualify candidates for admission to all schools of nursing.

Rams, Cougars Battle In First League Game

By Ruben Barrios

Fresno JC will travel to Taft College Saturday night for its first league game and will attempt to avenge a 19-13 upset loss by the Cougars last year. The game will be played at 8 p.m. in the Martin Memorial Field in Taft.

The Taft Cougars defeated Ventura 25-6 last week while

Fresno got trounced 41-13 by a powerful Bakersfield College eleven. Fresno now has won one out of three games.

FJC Coach Hans Wiedenhoefer's forward wall seems to be the main handicap to the Ram eleven this year. Richard Fendorak, FJC end, is the only letterman on the line. The others are reserves from last year or new boys that came in.

Two Are Doubtful

To make matters worse for the Rams two of their top players may not see action against the Cougars. Fendorak and Larry Kaprielian, halfback, are on the injury list and are doubtful performers.

Wiedenhoefer is still trying to find a clicking combination in his line. He has moved Don Birkle, the number two quarterback, into the end position. Birkle is an excellent pass receiver and will undoubtedly see plenty of action Saturday night.

Mike Flaherty, a San Joaquin Memorial High School product, has reported for practice and is working at the quarterback and halfback positions.

Team Lacks Experience

The Ram mentor mentioned that his team lacks experience, but feels that by mid season he will have

(Continued on Page 4)

Fresno JC Records Largest Enrollment

The Fresno Junior College has the largest enrollment in its history, including day and night registrations.

FJC officials reported the school has more than 3,000 students in day and evening classes. The day total was 1,374, including 66 high school students in shop classes, at the end of the third week of the fall semester.

The enrollment in evening subjects is 2,035. However, George C. Holstein, dean of admissions and records, said several hundred of these students are either in more than one night class or are in day

(Continued on Page 2)

FJC Has Exhibit In '55 Fair

This year Fresno Junior College has arranged an exhibit as part of the Fresno City Schools' displays which centers around mathematics. The exhibit includes a television set, a ferris wheel, and two toy cars colliding.

Erret J. Smith, a machine shop instructor, said that all these are used to demonstrate mathematics and motion.

The school's exhibit which is housed in the education building of the 1955 Fresno District Fair, presents mathematics used in FJC trade and industrial classes and formulas studied in FJC mathematics classes.

Will Show Oscilloscope

The TV set, which is set on its side, has an oscilloscope attached. Carl Morgan, a mathematics instructor, said that the oscilloscope shows its oscillograph on a large chart which interprets "all the mathematics of the oscillograph, which measures electric pulsations of the set in terms of mathematical signs."

The ferris wheel is about five feet in diameter. For seats it has about 30 baskets. Four or five of these baskets show the functions of the wheel itself.

Exhibits Toy Cars

A headon collision is exhibited by two toy cars. The formula of their impact is illustrated, which Morgan said, "is the mass times the velocity of the other vehicle."

President Stuart M. White appointed a junior college fair committee to arrange the exhibits, including Smith, chairman; Morgan and Ernest Wolf, mathematics; James Dinsdale, television; Merle Sons, carpentry; and Walter Witt, art. All are members of FJC's faculty.

Student Council Approves Fall Student Body Budget

The student council of the Fresno Junior College has approved a student body budget of \$12,681 for the fall semester.

The spring semester budget a year ago was \$7,287.20.

The funds budgeted for the fall semester are Assemblies, \$125; Baseball, \$400; Basketball, \$1000; Football, \$4,200; Track, \$120; Awards, \$600; Conference, \$2,330; Guest fund, \$100; Oral Arts, \$215; Publicity, \$75; Rally, \$696; Rampage, \$1,250; Social Affairs, \$400;

Student Welfare, \$20; Scholarships, \$50; Yearbook, \$2,000, and Tennis, \$100.

Joseph King, a student council advisor, explained that the \$2,330 budgeted for the state student government conference will be returned to the student council after the conference.

Bert Ereman, student body president, said the student body's income from student body card sales, athletic contests and other events, and publication advertising.

AUTOMATION—George C. Holstein, Fresno Junior College dean of admissions and records, watches Mrs. Jean Reynolds operate a card punch machine which is part of FJC's new mechanized record keeping system.

FAIREST OF THE FAIR—These four FJC coeds are demonstrating the school's exhibit at the Fresno County Fair. Front row is Alfreda Barton, left, and Genny Schellenberg. In the background are Olga Hernandez, left, and Eleanor Franco.

Deadline For Paper Articles Is Set For Tuesday At 2

The deadline for articles going into the Rampage is Tuesday at 2 p.m.

If any club or organization has any newsworthy article it would like to have the Rampage publish, it should remember the deadline, as no story will be published in the paper after Tuesday at 2 p.m.

The Rampage would like for each club to use its services to the school, and so we would like to get acquainted with the publicity chairmen of the clubs so the club activities can be given to the students.

I know that sometime during the school year something which is vital to the students knowledge will probably be left out of the paper. This is not done intentionally but it is because of the fact that not enough information has been obtained on the article or because space was limited.

The Rampage welcomes comments from the students. Also a letter to the editor column could be started if enough students participated or take interest.

Any letter supposedly to be published in the Rampage should bear the student's signature. However, the signature will not be published unless the writer wishes it to be so. The letters have the same deadline as other publicity stories mentioned above. Letters may be left in Room A3 on the Fresno State College campus, which is the Rampage office.

Campuses Have Adverse Effect On Department

The long distances separating the two campuses of Fresno Junior College has had adverse effects on its music department.

Lowell C. Spencer of the music department said that the band practices at the "O" street campus, making it difficult if not impossible for the students on the State College campus to participate. The attendance, therefore, is quite small and the band is not functioning as well as in previous years.

The band has always taken part in parades, rallies, and games in the past. This year, however, its small size puts limitations on its activities. It still plays at ball games, and will continue to render musical support to the Rams.

The choir is conducted on both campuses and has not been affected to any appreciable extent by this change.

In Spencer's view, the improvement in the band can only be affectively made when FJC moves to the state college campus in its entirety.

— J. S. Bhore

Auto Mechanic Instructors Take Training Course

Two FJC auto mechanics instructors have completed a two-week summer training course at the two General Motors Training Centers in California.

Joseph Woodman attended the General Motors training center in Burbank and specialized in automatic transmissions. Charles M. Coffman attended the training center in San Leandro, and completed a course that consisted of theory and practice in new developments on late model General Motors cars.

Editor Praises MGM's 'Trial'

By AL COPUS

Last Saturday morning a premiere showing of MGM's new production "Trial" was shown at the Hardy's Theatre in Fresno.

Being invited to the showing, I went and saw what I believe will be one of the truly remarkable pictures of 1955.

"Trial" is a courtroom drama produced by Charles Schnee, and directed by Mark Robson. The picture was previewed in New York July 28, 1955 and its running time is 109 minutes.

With all the (1) story-telling and (2) political insight given strong scripting, directing and acting, the result is a powerful entertainment. "Trial" is bound to move people and turnstiles.

"Trial" stars Glenn Ford, Dorothy McGuire, Arthur Kennedy, John Hodiak, Katy Juarno and features Rafael Campos.

I think that "Trial" should be a hit with college and high school students. The picture starts tomorrow at Hardy's.

Students Urged To Use Facilities

Now that the junior college has settled down to its regular tempo, campus problems should be given thought. One of these problems is that of keeping the two campuses clean. This opinion was voiced by Paul Starr, dean of men.

He said that the administration feels the necessity of some sort of measures to cope with the situation. He urges the students, therefore, to utilize the various facilities provided for the purpose of getting rid of the debris.

Starr pointed out that waste paper receptacles and containers are provided at various convenient locations on both campuses. Students eating their lunches on the lawns are asked to make use of these containers.

Students Feel That Ike's Health Plays Major Role

The question this week was, "Now that President Eisenhower is ill, do you think it will have any effects on the presidential election of 1956?"

Frank Diaz, sophomore, studying criminology: Yes, I do not think President Eisenhower will run in 1956. Therefore the Democratic party will win by a landslide. (I hope).

Pat McCormack, freshman, studying secretarial work: I think it will have effect on the 1956 election. The President's health will play a big

part if he will run or not. I hope he does run, because I want the Republicans to win.

Richard Tatoian, freshman studying dramatics: Yes, it will have effects on the election, because I don't think President Eisenhower will run in 1956. I don't think Vice-president Nixon will run either. I read something about Governor Knight running. I think the Democrats will win.

Dr. Eldred J. Renk, FJC instructor: There are too many imponderables in the picture to permit a definite decision in either direction. Only the future, the medical profession, and President Eisenhower himself can say.

Loretta Jennings, freshman studying education: I think it probably will make a difference, because he may not feel he can run for another term. I think the Democrats will win.

Mrs. Leona De Berry, FJC bookstore clerk: The 1956 election will have no effect on the President. If the President can do his job right, he will stay in office. I also think he will run in 1956.

Fresno JC Has Record Students

(Continued from Page 1)

classes. He estimates the duplications total 400.

While the school has had only 10 per cent increase in day students in a year, the increase for night students during the same period is more than 50 per cent.

A year ago FJC had 2,288 total registration, including 1,254 day students and 1,034 night students. In the spring semester of 1955, the official total was 2,835, including 1,252 day and 1,583 night students. In the fall of 1953 the total was 1,787.

This semester's night registration totals 2,035. This includes 960 in the trade and industrial education division's trade extension, apprenticeship training and pre-employment classes; 850 in general education, and 225 in the business division. The 66 high school students in day classes include 42 from Roosevelt, 21 from Edison, and 3 from Fresno High School.

Council Plans For Annual Ram Week

Plans are now under way for the annual Fresno Junior College Ram Week which will run from October 12 through November 4. The plans were discussed at the first meeting of the Inter-Club Council.

The Fresno Junior Chamber of Commerce will sponsor Ram Week. The junior college mascot, Sam IV, sometimes known as Samson, and a campus queen, who remains to be selected, will preside over the activities.

Campus arrangements will be handled by the Inter-Club Council and the rally committee. Chairmen are Fred Hall, student body vice president and council head, and Edgar Wilkins, rally committee chairman.

Hall also stated that there should be plenty of newspaper publicity for the home coming football game.

The Inter-Club Council is an organization of presidents or representatives of all school organizations. Their purpose is to coordinate activities.

The weekend activities will end with a home coming game November 4 between the Fresno Junior College Rams and Hartnell College. The queen will be crowned at the game.

Ramble Inn, Bookstore Doing Well

Bookstore

"The bookstore has started out this semester well, due to the large number of students who bought books before school started," said W. G. Anderson, manager of the FJC bookstore.

The bookstore is actually a student body function with all profits going to the student body treasury. Last semester the bookstore turned over \$4,000 to the student body treasury.

Anderson credits this success to the cooperation from the students for buying their books and other supplies from the store, and for selling to the store their used books.

The bookstore has everything that a student going to FJC might need for scholastic endeavor, and anything that a student might want can be ordered.

Hours of the bookstore on the FJC campus are 7:45 a.m. to 4 p.m. On the Fresno State College campus the hours are 7:45 a.m. to 3:15 p.m.

Leona DeBerry is in charge of the bookstore on the State campus.

Ramble Inn

The Ramble Inn is located on the FJC campus to serve light lunches to the students during the day. It is open from 7 a.m. to 2 p.m.

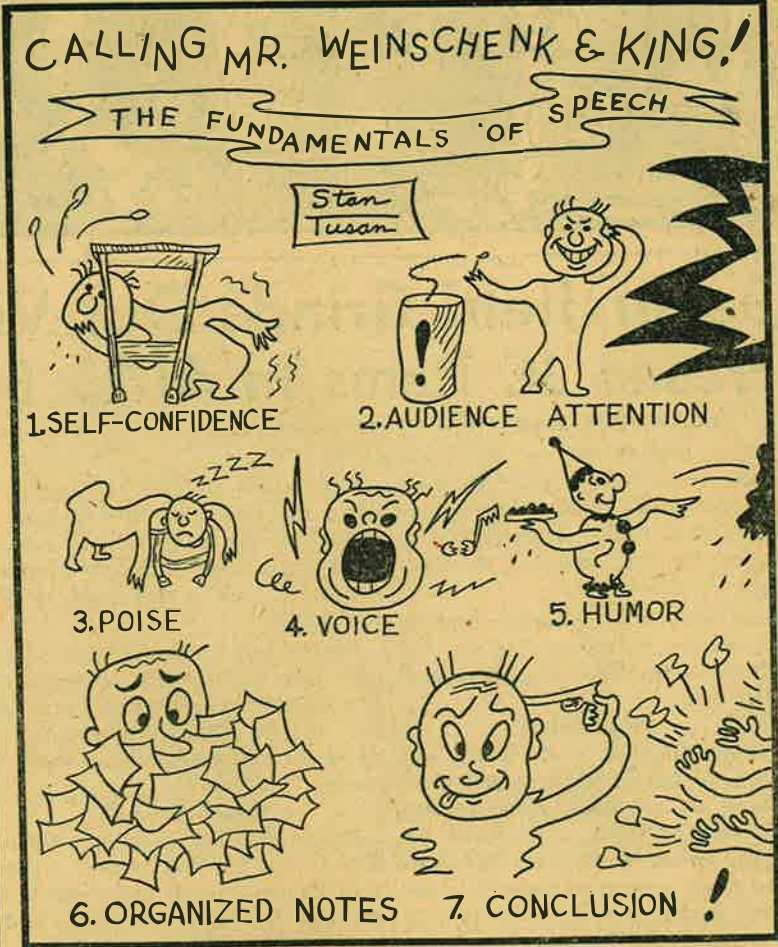

"The best food for the lowest prices is the aim of the Ramble Inn," said Mrs. Nina Stradal, manager of the Ramble Inn.

Mary Bennet and Joanna Freiburger, who are Mrs. Stradal's helpers, do their best to satisfy the students, not only with delightful meals, but also with conversation when time permits.

Students employed in the Ramble Inn are Calvin Fox, Jim Ringer, Fred Hall, and Bert Eremann.

Paul Starr, dean of men, said that the Fresno State College campus cafeteria will be available for FJC students to use along with the regular college students. The cafeteria hours are 7:30 a.m. to 10:30 a.m., 11:00 a.m. to 1:15 p.m. for the cafeteria, and 7:15 a.m. to 4:15 p.m. for the coffee shop.

Ray Hamilton Appointed New AMS Treasurer By Board

At a meeting recently, Tom Flores, Associated Mens Students' president, announced that the AMS executive board has appointed Ray Hamilton to fill the vacancy of treasurer left vacant by Bill Service when he failed to return this semester.

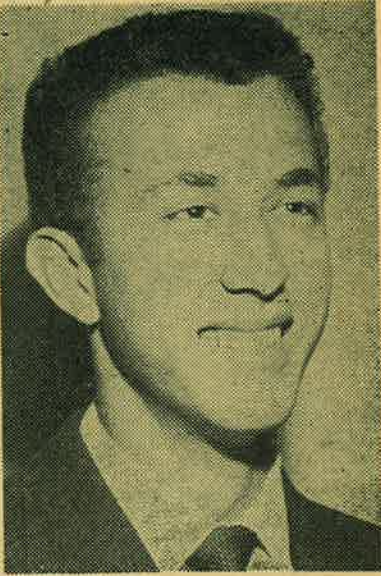

Hamilton, a Riverdale High School graduate, is a sophomore student at the college and is majoring in accounting.

Tentative plans were discussed for the Bean Feed. The Bean Feed is an annual affair sponsored by the AMS in honor of the football team. Movies of the Ram games are usually shown and coach Hans Wiedenhoefer introduces his players and coaching staff.

Other AMS officers elected last spring are Don Lovelace, vice president, and Gary Alcorn, secretary. Jackson Carty, Kenneth Hald and Erret Smith are the sponsors of the AMS.

The AMS and Associated Women Students will co-sponsor the annual Christmas Formal. The formal is an annual affair sponsored by various clubs each year. Last year's affair was sponsored by the freshman class.

Bakersfield Grinds Out Victory Over Fresno JC Rams In 41-13 Bruising Rout

By MICHAEL HARTMAN

The Bakersfield College Renegades with Jimmy Riley scampering for three touchdowns ground out a 41-13 victory over the Fresno Junior College Rams last Saturday night in Bakersfield.

Bakersfield's powerful running attack and timely passing was too much for the game but outmanned FJC team.

White Shines

Ram Fullback J. C. White was probably the outstanding individual player on the field. White carried the ball 17 times, and gained 145 yards for an 8.4 average. He scored the Rams second touchdown in the final period on a beautiful 25 yard run. White leaving the game in the final minutes received a tremen-

dous ovation from the 10,907 paying fans.

Bakersfield marched for a touchdown the first time they got possession of the ball, going 75 yards in 12 plays. Leonard Bulmer capped the drive with a five yard slash for the T.D.

Claude Gilbert taking a 20 yard pass from Fred Perry climaxed a 73 yard drive in six plays. Later in the quarter Riley scampered 14 yards for another Renegade touchdown.

Fresno Scores

Fresno hit the scoring column late in the second period when Tom Flores plunged over from the one foot line after the Rams had traveled 79 yards in 12 plays.

The Renegades scored again just

before the end of the half as Ray Thompson took a punt and ran it back 45 yards.

Touchdown For Bakersfield

Bakersfield countered again late in the third quarter when Riley skirted left end and rambled 31 yards for the touchdown.

Fresno then took over with White's touchdown run climaxed a 67 yard drive.

The final score of the game came when Renegade Quarterback Bulmer lateraled to Thompson who in turn lateraled to Riley who went over for the touchdown. The play covered 17 yards.

Scores By Quarters

| | | | | |
|-------------|---|----|---|------|
| Fresno | 0 | 7 | 0 | 6—13 |
| Bakersfield | 6 | 21 | 7 | 7—41 |

SPORTLITES

By RUBEN BARRIOS

The Fresno Junior College Rams in taking a 41-13 spanking from the Bakersfield College Renegades last Saturday night had nothing to be ashamed of.

Fresno Coach Hans Wiedenhofer had little to work with the first few weeks of practice because his football candidates had summer jobs. The first few days of practice only 15 to 25 boys turned out for practice. For Bakersfield's first turnout there were some 78 football hopefuls.

Although the score, lopsided as it may have been, the Rams put up a terrific battle. J. C. White

DRIVE SAFELY!

Tracksters Working Out

Members of the cross country team are working out daily at 4 p.m. in Ratcliffe Stadium. Hans Wiedenhofer, FJC track coach, said two outstanding milers, Johnny Foreman and Dale Westfall, are leading the team. Additional members are needed and interested students are asked to contact Wiedenhofer.

played one of his best games of the season when he carried the ball for an average of 8.4 yards per carry.

Tommy Flores played his usual good game, completing eight out of ten passes. Max Bishop, Larry Kaprielian and Don Birkle gathered some of Flores' passes for sizeable gains. John Aldredge, David Wilkie and Harold Marquez were outstanding on the line. Marquez played most of the game with an injured leg.

Robert Jones, 18, Madera Union High School's outstanding wrestler has enrolled at Fresno JC. Jones last year was valley wrestling champion in his weight class and was second in his class at the State Wrestling Tournament.

He is majoring in General Business.

FJC Rams Will Travel To Taft

(Continued from Page 1)

a smooth working club. The Rams probable lineup for the Saturday night game is Harold Marquez, and David Wilkie, ends; Dick Kelton and Tom Sano, tackles; John Aldredge and Bob DiFuria, guards, and Leo Hall, center.

In the backfield will be Tom Flores, quarterback; Max Bishop or Nick Rendino, right half; Kaprielian or Charles Hevron, left half, and J. C. White, fullback.
