Spring Semester Election Plans Begin December 5

By BOBBIE BURTON

Fred Hall, the chairman of Fresno Junior College's election committee, announced the FJC's student council will begin its spring semester election procedures December 5.

Although FJC freshmen solved the problem of more than one campus by electing two sets of officers, the FJC student body election committee decided the school will have only one set of spring semester student officers.

Hall announced the group voted to hold elections on both the main and the Fresno State College campuses on successive days.

Voting Days

Hall stated students on the main campus will vote January 10 and students on the FSC campus on January 11. Both elections will be from 8 a.m. to 2 p.m. The main campus election will be in the main office and the FSC voting will be next to the FJC library.

The committee announced candidates for 10 offices may file petitions until December 9. The committee will meet December 9 and 12 to approve or reject applications and will post the approved list of nominees the next day, when official campaigning will begin.

Candidates will be introduced at a nominations assembly at 11 a.m. January 5 in the Fresno Memorial Auditorium. Other nominations may be made from the floor, but Hall said such candidates will have to secure petitions. Each nominee must have a minimum of 35 signatures of student body members.

Revote Dates

If no nominee receives a majority of votes, a revote will be held January 13 from 8 to 11:30 a.m. on the main campus and from noon to 3:30 p.m. on the FSC campus.

Students will vote for a president who will take over Bert Eremann's post, a vice president, a secretary, a treasurer, and six representatives at large on the student council.

The new officers will be installed at another assembly January 17 in the auditorium.

Requirements For Officers

Candidates for office must have attended FJC one semester before they assume office except nominees for president must have attended two semesters. All candidates must be carrying at least 12 units with a C average and must be a student body member. They must not be on probation.

Many Hours Go Into Making Confab Success

For the second time in the history of the school, Fresno Junior College is to host the California Junior College Student Government Conference.

It is hard to count the many, many hours that the local student government officers and the conference leadership class have spent in trying to make the event a well-remembered one.

The reason for this student get-together is mainly to exchange ideas and information, and to aid in the solving of various individual school problems.

Joe King, the FJC student government adviser, and the state coordinator, is the inspiration behind the conference leadership class, which organized the conference.

Jim Ringer, the state president, has put in a great deal of time in order that this conference will be a most successful one. Ringer has planned for this event since his appointment last spring. He is a type of a guy that will work hard for something he believes in, and he does this without trying to glorify himself.

It is hard to make any other individual stand out for the leadership class students, and the student government officers have all worked and planned together for this event.

FJC is a school with four campuses this semester, and yet we have had more and better activities in this semester than we have had in many a season. This is only through the cooperative effort among every student concerned.

And to add to this I would like to welcome every delegate and I sincerely hope that everyone will benefit from this conference.

Press Conference Comes To Fresno Tomorrow, Saturday

For the first time there will be a state press conference pertaining to only junior college students.

The conference, which begins tomorrow, is one that has been sought after by junior college newspaper editors and advisers for a number of years. There is another conference also meeting in Fresno this weekend—the California Junior College Government Association—and both conferences will be held to exchange ideas and information.

The press conference will not have as many delegates as the government conference but it will have direct bearing on junior colleges throughout California in the school newspapers.

Ed Lewis, chairman of the event, from Stockton College and president of the Northern California Junior College Press Association, should be given a lot of credit along with John Duke of Fresno State College in making this event possible.

Before this press conferences have combined the high school journalists with the junior college newspaper staffs.

Ram Boosters Favor First International Football Game

On Thanksgiving Day the FJC Rams will play their first international football game with the National Polytechnic Institute of Mexico, a four year college.

The question of the week is: "What do you think of the Rams playing an international game?"

Lois Van Alstyne, general business major: "I think that it is a very good idea because FJC will get good publicity from this game. It will show good will among the two countries. It will also show good ability on the part of FJC to play a four year college."

Rodger Post, forestry major: "It sounds like a good deal. There will also be good international relationship. Next year when the Rams play in Mexico City, the trip will be a wonderful one. More things should be done like this; like a trip to Hawaii."

Paul Starr, FJC athletic director: "It is a very good idea. It gives a chance to see the type of football that Mexico plays. It will also be an educational experience for the Rams. I hope we have a good crowd and I expect to see a good game."

Ernie Clark, criminology major: "It shows that FJC is big time. Next year the Rams will be ready for Fresno State. It will show what the FJC yell leaders can do. It will give me something to do on Thanksgiving."

Jacqueline Wright, social work major: "If the Rams can play them, fine. It will be good experience for the Rams. Also FJC will get good publicity and there will be good will between the two teams."

HI! JOIN ME FOR A LUCKY DROODLE?

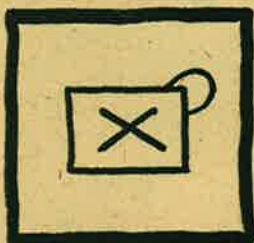

WHAT'S
THIS?

For solution, see
paragraph below.

HERE'S A DROODLE THAT PACKS A PUNCH. It's titled: Lucky smoke rings blown by prizefighter with tooth missing. It packs a moral, too: Why knock yourself out looking for a better-tasting cigarette when all you have to do is light up a Lucky? Luckies taste better, first, because Lucky Strike means fine tobacco. Then, that tobacco is TOASTED to taste better. So light up a Lucky. It's the winner — and still champion — for better taste!

Rams Meet Mexico On Thanksgiving

By HAL WILSON

The National Polytechnic Institute of Mexico City, who will invade the Fresno Junior College Rams on Thanksgiving Day, has compiled a record of four wins and two defeats so far this year.

Both losses have been to American teams. The first to the University of Maryland Frosh, 27-13 and the other to Sheppard Air Force Base 27-25. They have defeated their four Mexican opponents with little trouble.

Large Enrollment

The Mexico City institution is a four year school and has an enrollment of approximately 23,000 local and foreign students.

The Rams, while presently suffering from numerous injuries, expect to be in good shape in time for the Thanksgiving Day classic.

Principal injured players at present include Larry Kapriellan, who wrenched a knee in the Hartnell tilt, and J.C. White, who suffered a badly twisted ankle in the same game.

Coach Expresses Belief

Coach Hans Weidenhoefer expressed belief that both players would see action in the Mexico City contest.

Tickets are being sold at Homan's Sporting Goods, Mid-Valley Sports Center, and Sports Equipment Company. The price will be \$1 for adults and 50 cents for high school students. Children under 12 will be admitted free if accompanied by their parents. Junior College students who hold student body cards will be admitted free.

Lancers Rap Fresno 40-6

The first invasion of the Rose Bowl by the Fresno Junior College was a sorry thing for the Rams, when they were smashed by the hard driving Pasadena City College Lancers 40-6 Friday night.

Pasadena opened the scoring late in the first quarter, when Quarterback Ross Matranga intercepted a Tom Flores pass on the Rams' 20 yard line. In seven plays the Lancers had the first of six TD's with the pay off play being a four yard off tackle smash by Fullback Ron Cox. Cox also converted.

Early in the second period, the Rams scored their only touchdown of the afternoon moving 88 yards in 19 plays. A 14 yard pass play from Flores to Don Birkle hit pay dirt. Birkle's attempted conversion was blocked by End Hillard Hill.

Pasadena bounced right back with their second touchdown of the day. Halfback Hal Sellers smashed over tackle and rambled 41 yards for the score. Cox converted and the score read 14-6 at halftime.

The game turned into a rout in the third quarter as the Lancers scored three times on the passing of Matranga and Halfback Jim Maxfield. Matranga tossed a 28 yard aerial to Hill, and Maxfield fired six yards to Ellis Johnson and 19 yards to John Haigh all for touchdowns.

Pasadena's last touchdown came in the fourth quarter on Matranga's pass to End Les Smith.

Score By Quarters

Fresno	0	6	0	0	6
Pasadena	7	7	19	7	40

Fresno scoring: Touchdowns — Birkle (caught 14 yard pass from Flores).

Pasadena: Touchdowns — Cox (four yard plunge), Hill (caught 28 yard pass from Matranga), Johnson (caught six yard pass from Maxfield), Haigh caught 19 yard pass from Maxfield), Smith caught 13 yard pass from Matranga).
