

FRESNO JUNIOR COLLEGE

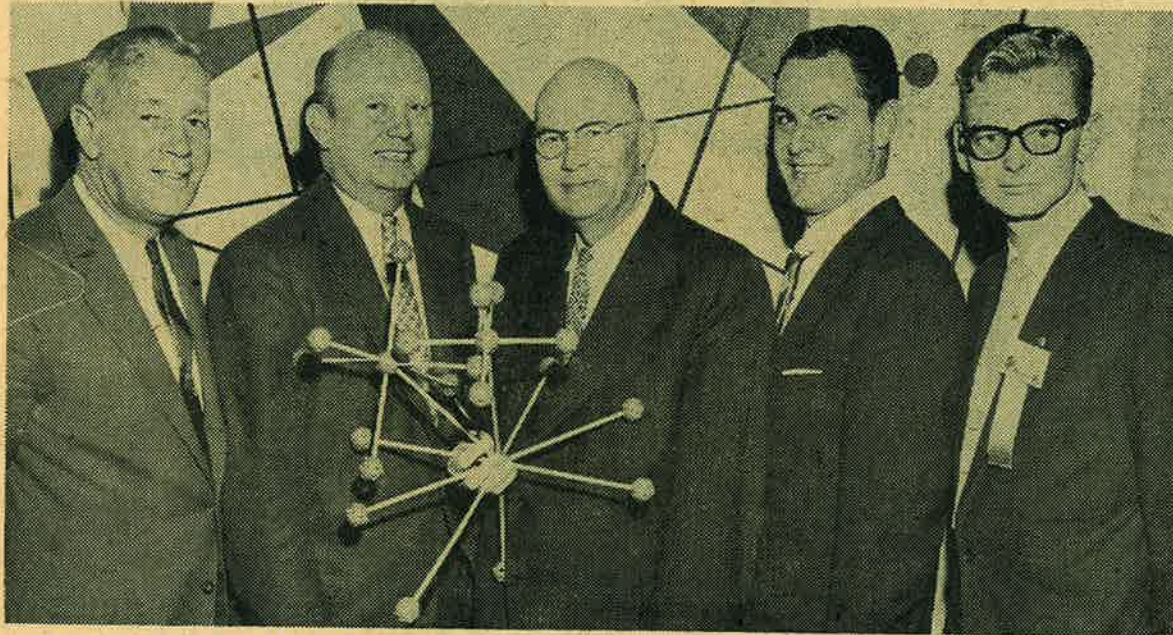

RAMPAGE

PUBLISHED BY THE ASSOCIATED STUDENTS

VOL. VIII

FRESNO, CALIFORNIA, WEDNESDAY, NOVEMBER 23, 1955

NO. 10

CONFERENCE SPEAKERS—The speakers at the 20th annual junior college conference were, from left, Edwin C. Kratt, city superintendent of schools; Arthur L. Selland, president of the Fresno City Board of Education; Dean Emeritus James M. Malloch, board member; Assemblyman Donald D. Doyle of Walnut Creek; and James Ringer, former state president of the organization.

Reporter Covers State Conclave Hosted By FJC

(Editor's Note: Patti Ford, Rampage feature editor, attended the three day student government conference for the Rampage. Here she gives her first hand report.)

I had the opportunity to attend the 20th biannual California Junior College Student Government Association Conference, November 17 through 19 in the California Hotel. The conference opened Thursday with approximately 375 student delegates and advisors, representing 59 other colleges.

A welcoming banquet was held that night. Fred Hall was the master of ceremonies. He introduced Joseph W. King, FJC student council adviser, who is the association's state faculty co-ordinator, and the state officers.

The Rev. James M. Malloch, dean emeritus and a member of the Fresno City Board of Education, gave the invocation, and welcoming speeches were made by Arthur L. Selland, the board's president; Dr. Edwin C. Kratt, the city superintendent of schools, and James H. Ringer, FJC student, who is the president of the association.

Stuart M. White, FJC president, introduced Donald D. Doyle, state assemblyman from the 10th district, who spoke on the "Legislatures Interest in You."

Assemblyman Doyle Speaks

Doyle said: "America needs leaders just as much as it needs scientists and engineers. Participating in the student government conference means a great deal to me because of the opportunities to come face to face with our future leaders, to participate in that phase of the educational program that has made the United States great through leadership and citizenship training, and to join the real pioneers in the development of the frontier of human relations."

Only through dynamic, democratic leadership have we been able to develop our high standards of living, our technological powers, and our business, industrial, and labor organizations we now have."

Ringer met with the steering committee following the banquet, to plan the physical operation of the three day conference.

Meanwhile, Bert Ereman, FJC student body president, met with the orientation committee, which is for secretaries and chairmen of the workshops.

The student delegates attended a get acquainted dance from 10 to 1 p.m. Ellen Niere, an FJC student, was chairman of the event.

Visits Different Workshops

Friday I visited the different workshops to see what they were doing.

The first workshop on the list was the student government. The delegates discussed having a master calendar to co-ordinate the dates of all junior college conferences.

They also decided that our present system of voting took too much time and amended the Constitution to provide for one delegate from each member college to have one vote instead of two in the general assembly, and the reaffirmation of the important basic principles of the Bill of Rights.

The finance workshop for schools that have a \$25,000 budget, discussed scholarships, and the different ways of operating a bookstore.

Resolutions Made

A resolution was made by all schools who have a budget under \$25,000 recommending the student government of each college to be afforded the maximum control in budgeting the expenditure of the student body funds. The membership fee of the California Junior College Student Government Association was changed from \$7.50 per

semester for each school to \$10 per semester from each school.

I then went to the campus activities workshop. Here delegates adopted a resolution that all junior college clubs sponsor a service project each year. A resolution was also made to divide the campus activities workshop into two parts, each part according to enrollment.

Publications Workshop

The publications workshop representatives passed a resolution that all delegates to the publication workshop must either be a member of the journalism department or their approved representative.

The last workshop I attended was athletics. A resolution was passed for the State Athletic Committee of the California Junior College Association to determine the state championship football team.

Following the dinner Friday night a general assembly was held where proposed resolutions were passed on.

A dance and entertainment were held from 10 to 1:30 a.m. that night.

The main event of the conference Saturday was to finish passing the proposed resolutions in the general assembly, and the installation of new officers.

A final luncheon and installation of officers was held at 12 noon in the Californian Hotel.

New Officers Installed

Ringer, the regional conference president, installed Donald Hudson of Compton College as the spring semester president of the CJCSGA.

Other officers who were installed as regional vice-presidents include Donna Land, Porterville College, central section, and David Flacker, Chaffey College of Ontario, southern section. A student from Sacramento Junior College will be chosen later as the northern regional vice-president.

Spring Conference

The spring CJCSGA conference will be held in Catalina Island in the St. Catherine's Hotel in Avalon April 26 through 28. Four junior colleges from the Los Angeles area will be hosts to the conference. They are Compton, Santa Monica, El Camino, and Harbor college.

I feel that everybody who participated in the conference benefitted, and the schools will profit by their work.

FJC Uses New Grading System

Fresno Junior College has employed a new system for grading and making grade points. Under the old system an A counted 3 points, and a D was worth no credits. Effective September 26, an A counts 4 points and a D is worth 1. Under this system the student receives credit for a grade of D whereas in the past he did not.

An Inc. will denote not completing a course and will not warrant credit until made up. W will indicate a withdrawal and WF will mean a withdrawal and a failure. Excessive absence or withdrawal without a petition will result in a grade of WF.

Formal Queen Contest Underway

Teraoka Elected Vice-Prexy At Nisei Club Election

Officers elected at a recent Nisei Club election are Henry Teraoka, vice-president; Mary Huey, recording secretary; Harumi Okamura, corresponding secretary; and Betty Take-shita, publicity chairman.

Arthur Yamaguchi, the president, and Shinya Tokubo, the treasurer, were elected last semester.

Assistance Given To The Students

An adviser is assigned to each entering student on the basis of vocational choice. This adviser is always available for assistance in academic and vocational guidance and assists in planning program at the time of registration.

If a student finds that he has a problem he should arrange for an interview with his adviser.

Alley Parking Forbidden

The Fresno Police Department has informed the administration of FJC that parking in alleys in the surrounding area is prohibited by law.

Any student cars parked in these areas will be towed away and the owner will be held responsible for paying the towing charge plus the fine involved.

Lovelace Is Coordinator For Activity

Don Lovelace, vice president of the Associated Men Students and chairman of the queens' committee for the Christmas Formal, said plans for the queens' contest are well underway.

The dance is being sponsored by the Associated Women Students and the AMS.

Voting for the queen will take place from 9 a.m. to 10 a.m. at the entrance to the Yosemite Room of the Hacienda Motel where the dance will be held December 9 from 9 p.m. to midnight. Lovelace explained that each bid would be equal to one vote for queen.

Miss Willa Marsh, dean of students, said that no effort is being spared to make this dance a success. The highlight of the affair will be the election and crowning of a queen.

Each of the student activity clubs at FJC will submit a candidate and the choice will be made by vote. The organizations are to support their candidate and take care of their campaigning.

Shinya Tokubo, bid chairman, said bids will be available November 28 to December 8 at noon, in A15 on the state college campus and in the hall near the business office on the main campus. There will be no charge, but students must present their student body cards and sign the register before obtaining bids.

The AWS and AMS committee chairmen voted at a recent meeting to have a queen and two attendants. The queen will be crowned at 11 o'clock by Lovelace, who will be master of ceremonies.

Exams Are Required

Final examinations on the entire semester's work are given at the close of each semester. Students are required to take the scheduled final examinations at the appointed time and place in order to secure credit.

FJC ELECTION CALENDAR

The student body election committee has completed plans for election procedure. Students are requested to note the following dates:

DECEMBER

- 5-9—Candidates secure and return eligibility slips. See Mrs. Fuller on main campus. See Mrs. Thoms on FSC campus.
- 9-12—The election committee meets to approve eligibility of candidates and approve and schedule campaign requests.
- 13—List of approved candidates posted.
- 13-Jan. 9—Campaigning and publicity (election committee must okay poster space and campaign plans).

JANUARY

- 5—Nomination assembly at 11:00 in the Memorial Auditorium.
- 4-9—Training of election officials. January 4, FSC Campus; January 9, Main Campus.
- 10-11—Election, January 10 — 8 a.m. to 2 p.m., Main Campus. January 11, 8 a.m. to 2 p.m., FSC Campus.
- 13—Re-vote (if necessary) 8 a.m. to 11:30 a.m., Main Campus; 12 to 3:30 p.m., FSC Campus.
- 17—Installation of officers at 11 a.m. in Memorial Auditorium.

Rams-Donkeys Clash On 'Gobble' Day

Fresno JC Ends Season In Ratcliffe Stadium Tomorrow

The Fresno Junior College Rams wind up the 1955 football season tomorrow when they meet the National Polytechnic Institute of Mexico in Ratcliffe Stadium at 1 o'clock.

The Thanksgiving Day classic will be the first game against international competition for Coach Hans Wiedenhoefer's boys. The Rams will play a return engagement with the Mexican school next year in Mexico City.

Paul Starr, director of athletics at FJC, said the local school is happy to schedule a game with a school of this stature. The Mexico Poly Institute is a trade school with an enrollment of 24,000 students.

Impressive Record

The White Donkeys, as they are called, have compiled a four win-two loss record with one loss being to the University of Maryland freshman 27-13 and the other a close 27-25 defeat by the Sheppard Air Force Base of Texas.

They defeated the Pentathlon College of Mexico twice by scores of 31-13 and 31-2 and also defeated the University of Mexico City twice by scores of 21-0 and 26-12.

The Mexico team has won the Mexican football championship for the past three years.

The Rams have had an up and down season winning five while dropping four. Last week the Rams were dumped 40-6 by Pasadena City College and hope to bounce back in the Mexico game.

Last Game

Playing their last game for the Rams will be ace Quarterback Tom Flores, Halfbacks Larry Kaprielian, and Nick Rendino; Ends Harold Marquez, Dick Fendorfak, and Larry Anderson; Tackles Dick Kelton, and Richard Barstow; Guards Thurman Burson, Bill Ruby and Delmas Moore; Fullback Adolph Mendoza and Handyman Don Birkle.

Tickets have been on sale for the past week at Homan's, Mid Valley Sports Center and Sports Equipment. They are \$1 for adults, 50 cents for students, and children under 12 free if accompanied by parents. Fresno Junior College Students with student body card will be admitted free.

Foley Chosen As Club President

Pat Foley was elected president of the Newman club in a recent meeting. Foley is a freshman student and is taking a general transfer course.

The other officers who were elected are Suzanna Cook, vice-president; Diana Avila, secretary; and Jim McGee, treasurer.

Membership dues to the club will be \$1.50 both semesters, 50 cents for this semester and \$1 for next semester.

The next Newman Club meeting will be held Wednesday, November 30, at 8 p.m. in St. John's Church.

Mexico Football Team Staying At Californian Hotel

The thirty-five members of the National Polytechnic Institute of Mexico City football team arrived yesterday and are staying at the Hotel Californian.

The National Polytechnic Institute of Mexico City is a four-year trade school with an enrollment of 25,000 students.

The school started playing football in 1937. The school colors are maroon and white. The team is known as the White Donkeys and their mascot is a white donkey.

The game between the Rams and the White Donkeys tomorrow in Ratcliffe Stadium will be the Donkey's first game in the United States this season.

The White Donkeys played Sheppard AFB of Texas and the University of Maryland freshman team in Mexico City in earlier games.

SPORTLITES

By RUBEN BARRIOS

John Foreman broke the three mile 100 yard senior record at Lake Millerton Saturday afternoon. The lanky FJC star runner turned in a time of 15:21, bettering the previous record by 40 seconds. However, the race will not go into the record book because it was not an official meet.

Dale Westfall and Marshall Grosvenor two other FJC runners were among the finishers.

Hans Wiedenhoefer, who coaches these three boys, was very pleased with their great improvement and pointed out the tremendous improvement of Foreman.

Foreman, former standout miler for Roosevelt High School, will probably be used either in the mile or two mile race when the track season comes around in the spring.

Fresno wound up the Central California Junior College Association title race in second place behind undefeated Taft Junior College.

Fresno started slowly but mid-way in the season picked up top form and hit a four game winning streak which started with a 25 to 7 triumph over Reedley JC and ended with a bruising 40 to 6 defeat suffered at the hands of Pasadena City College in the famed Rose Bowl Stadium.

It marked the first time in the past six years that Coach Wiedenhoefer's gridders have not held or shared the CCJCA title. The Rams wound up league play with a three win one loss and a five win four loss in the overall season previous to the coming Mexico game tomorrow.

Porterville JC who was deadlocked for the league lead before meeting the Rams finished behind FJC with a three and two mark. The College of the Sequoias Giants follows Porterville with a disappointing two wins and three defeats record.

Reedley JC with its recent victory over Coalinga JC finished the league in fifth place, and left the Falcons in the cellar with no league wins.

HUNGRY FOR A WIN—Paul Starr, FJC director of athletics; Nick Rendino, halfback; Harold Marquez, end; and Hans Wiedenhoefer, head coach, from left, are hoping for a win over the National Polytechnic Institute of Mexico City in the final game tomorrow.

Rams Prepare For El Camino Quintet

The Fresno Junior College Rams basketball squad is preparing for its first game on December 2 against El Camino Junior College there.

Coach Joe Kelly has singled out the performances of returning Center Gary Alcorn, Guard Marion Daniels and Forward Huey Davis.

Fresno compiled a 28 win, two loss record last year climaxed by the winning of the state tournament in Fresno.

While Alcorn, Daniels and Davis seem to have a spot on the starting line-up sewed up, there is fierce competition between several boys for the other positions.

Besides the two returning veterans and Davis, Kelly has been impressed by Edison's Al Brown, Roosevelt's Kalem Barserian and Madera's Polly Carver at the forward slot; Dick Payne of Roosevelt at center and Ben Eichman of Fresno High, Larry Griffith of Roosevelt and Louie Obradovich of Edison at guard.

The Rams will participate in four tournaments this year. They are the Bakersfield tournament, December 9 and 10; the Hartnell tournament in Salinas on December 15, 16, and 17; the Sam Berry Memorial tournament in Glendale on December 27, 28, 29 and 30; the Modesto tournament in Modesto on January 5, 6 and 7.

Delegates Cast Unanimous Vote For New Organization

Delegates from eighteen junior colleges voted unanimously Saturday to form a new statewide organization, the Journalism Association of Junior Colleges, at the Fresno State College Shaw Avenue campus. It is composed of the Northern California Junior College Press Association, which includes the central district, and the independent southern schools.

Navy Cadet Team Plans FJC Visit

A naval aviation cadet information team will visit the Fresno Junior College Wednesday, November 30.

Interviews will be held in the Ramble Inn and in the library on both campuses from 10 a.m. to 2 p.m.

Paul Starr, dean of men, said they will furnish information on naval flight training and other naval officer candidate programs to all interested students.

The interviewing officers from the Oakland Naval Air Station will be Lieutenant Commander James Blackwell and Lieutenant Hollie Elliot.

The required 60 semester (or 90 quarter) hours has been changed to permit students who will have the necessary educational requirements within the next 90 days to apply for the flight training program during the current semester of school.

It is a navy policy not to encourage young men to discontinue their schooling prior to graduation.

DON BIRKLE
... halfback

Two steering committees, the faculty and the student committees, were chosen.

Steering Committee

Elected as members of the faculty steering committee were Ed Lewis, chairman, president of the NCJCPA, and head of the journalism department of Stockton College, and E. A. McAllister, San Mateo JC, northern section; William Camrath, El Camino JC, and Miss Doris Sharpe, Santa Barbara College, southern section; Phil Smith, Fresno JC, and T. Elton Foreman, College of the Sequoias, central section.

Student steering committee members elected were Al Copus, Fresno JC, and George Wilson, COS, central section; Dick Cobb, Shasta College, and Glis McHenry, chairman Oakland Junior College, northern section; Bill Wilson, El Camino, and Jerry Coulter, Los Angeles Harbor Junior College, southern section.

Lewis said the organization was formed to bring all junior colleges in California together to discuss mutual problems. The eighteen schools represented from as far south as Los Angeles, and as far north as Shasta, at the conference, are charter members of the new organization. Lewis said all junior colleges in the state will be invited to join.

Set Various Measures

The student committee set down various measures which should be done by the association. These are to exchange ideas and publications; to have access to professional advice; to send summaries to member colleges, and to interchange constructive and critical advice.

The newspaper business managers adopted a resolution that a professional advertising man be asked to talk to the group at coming conferences, and also to have an exchange of advertising ideas between the junior colleges.

Attending from FJC were Smith, Copus, and Joan McCauley, assistant business manager on the Rampage.
