Co-ed Lounge Idea Being Considered By Student Council

"The idea of a co-ed lounge for Fresno Junior College students is being considered by the student council," stated Mrs. Kay Seagraves, dean of women.

She explained that a committee under the direction of Ken Pipes, had been selected to look into the idea. The committee suggested that rules be drawn up concerning the use of the lounge.

The committee suggested that the lounge be open to all students from 10:30 AM to 12:30 PM and from 1:30 PM to 4:30 PM. It would be open at noon for club meeting use only.

No eating or drinking would be allowed, however, smoking would be permitted.

The committee also suggested that the student council buy wastebaskets and ash trays for the lounge.

"If clubs wish to use the lounge at night, they will need a petition," said Mrs. Seagraves. "Also, if any food is served, the club will be responsible for any damage and will be charged for it."

World Affairs Club To Re-Organize

Again this semester the World Affairs Club is trying to reorganize itself into an active on-campus organization. With the graduation or transfer of former members to other schools, this relatively new club was devoid of all student participants at the end of the 1957 summer semester. William A. Rumley and Hugh K. Golway, sponsors of the club, are urging students interested in international as well as local affairs to come to the first meeting. Membership is unlimited and being present at the meetings constitutes one as a member. Freshman students are particularly welcome.

Those who join the club will be allowed to attend the Fresno Chapter of the World Affairs Club of California. These meetings, with a few exceptions, are closed to the general public. Also, if the reorganized club promises to be continually active, funds will be allotted its members to attend the California World Affairs Clubs' Conference usually held at Asilomar on the Monterey Peninsula.

Student Council Members Will Attend Reedley Meet

Members of the Fresno Junior College student council will attend the annual fall meeting of the Central California Junior College Student Government Association at Reedley College, Saturday.

Al Grace, FJC student body president, will be chairman of a workshop on student government. Other workshops will be concerned with finance, public relations, Associated Women Students, athletics, activities, and student body secretaries.

Homecoming To Be Celebrated

The initial plans for the annual homecoming to be held Oct. 30 through Nov. 1 have been approved by the student council.

The festivities will begin Wednesday at 11:40 AM in an assembly and rally in the auditorium with the election of the queen candidates, six speeches to be made by an alumni and a rally by the pep girls and yell leaders. At 12:40 PM a luncheon for alumni and members of the Associated Men Students and Associated Women Students will be held in the student council building.

Highlighting the activities for Thursday at 8 PM in Ratcliffe Stadium will be the football game

Augie Caldera, chairman of the interclub council, which is sponsoring the selection of the queen candidates, announced that the Rambler and Rampage photographers will take pictures of all homecoming candidates today at 2:45 PM in the student union social hall.

with Reedley College, and during halftime the introduction and coronation of "Her Majesty."

The homecoming dance sponsored by the rally committee on Friday from 9 to 12 PM will come as a climax to the annual event.

Retraction

The Rampage wishes to announce that an error was made in publishing the new library hours in last week's issue.

The new hours are 8 AM to 4:30 PM, Monday through Friday and 6:30 to 9:20 PM Monday through Thursday.

Reserve books may be charged out for two hours during the day to be used in the Reserve Room only. They may be taken for overnight use only after 4 PM, 3 PM on Fridays, and are due back by 9 AM the next school day.

King Is Adviser

Joseph W. King, the FJC student council adviser, is the state faculty coordinator of the California Junior College Student Government Association. King said "the Reedley conference will be a preliminary for the annual fall state conference at the Sheraton-Palace Hotel in San Francisco Nov. 14-16."

Garrigus To Speak

Charles Garrigus, a Reedley College faculty member, author and politician, will be the main speaker at an opening assembly. Ben Kor of Reedley will be chairman of the conference; Charles Stringer will be master of ceremonies during a luncheon and Reedley College students will provide entertainment.

Reedley College expects 300 delegates from the nine member junior colleges of the central association. They are Reedley, Fresno, Porterville, Coalinga, Bakersfield, Taft, San Luis Obispo, Allan Hancock of Santa Maria, and College of the Sequoias of Visalia.

STUDENTS MAY USE SUGGESTION BOXES

The boxes seen on campus are for suggestions by the students, to aid the members of the student council in the government of Fresno Junior College.

On the University Ave. campus they are placed at two convenient locations: in the student center and in the main foyer of the library. A third box is located on the "O" St. campus.

All suggestions which have merit will be published in The Rampage. Jim Repape, chairman of the committee planning these boxes, stated that all suggestions would be given consideration and in this way, he added, the student body would be able to communicate with its council.

Campus Sweetheart To Be Crowned Saturday After Taft-Ram Game

The Associated Men Students' Sweetheart will be crowned in the Fresno Junior College social hall at a dance after the game with Taft this Saturday night.

The AMS conducted balloting Tuesday, Oct. 8. The four candidates are Luella Sinner, Kathy Sharum, Claudia Andresen, and Patricia Jean Mendie. James Richmond, AMS president, will crown the sweetheart.

The inter-club council is sponsoring the dance. A five piece combo of FJC students, led by Nate Hygelund, will provide the music for the dance.

Taft Is Invited

Taft football players and other students will be invited to the dances. Decorations will feature the colors from each school, red and white for FJC and maroon and white for Taft.

The decorations will center in a six foot football, which will have autographs of the Ram football players and will have messages of success from students to the team suspended from the football. Football pennants of other colleges will also be used.

Caldera Is Chairman

Augie Caldera, the inter-club council chairman and student body vice president, will be general chairman of the dance. His committee, all members of the council, and the groups they represent include Donald McGuhin, Caduceus Club; Courtney Newman, Intervarsity Christian Fellowship; Gene Dudley, Red Key; Richard Armstrong, Trades and Industries Club; Susan Yamen, freshman class; Melvin Wright, rally committee.

First Holiday Of Year To Be Observed

The annual Business Education Day will be held this year on Wednesday, Oct. 23.

Business Education Day is a holiday for all students in the Fresno City Schools, including Fresno Junior College.

Business Education Day is sponsored by the Chamber of Commerce of Fresno and its purpose is to develop a better understanding between the teachers in the Fresno City School System and the businesses in Fresno so the teachers can pass the information on to their students.

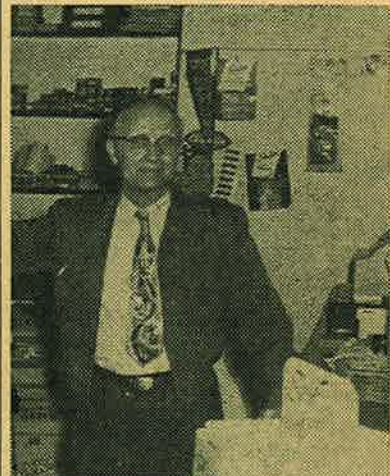

The meeting will start at Fresno High School and will progress to the different business establishments in Fresno.

Teachers have a choice of five particular fields in which to visit: wholesale and retail services, real estate, insurance, finance, and manufacturing.

FRESHMEN ELECT QUEEN CANDIDATE

Linda Allen was elected to represent the freshman class in the Homecoming Queen contest.

She was chosen from a group of finalists including Phyllis Koenig, Sue Yamen and Margaret Christiansen.

WESLEY G. ANDERSON
Retired

FJC Honors Anderson On Retirement

A dinner was held in the Fresno Junior College faculty room, Wednesday evening, Oct. 2, for Wesley G. Anderson, who retired as manager of the FJC Bookstore, Oct. 4.

The speakers at the dinner were Stuart M. White, president of FJC. He commended Anderson for the fine work he had done in the bookstore. Paul H. Starr, director of athletics and Dean of Men, welcomed Gil Horner as the new bookstore manager.

Anderson was born in Buffalo, N.Y., June, 1886. He graduated from Hamlin University, St. Paul, Minnesota, with an AB degree in 1909. He did graduate work at the University of Minnesota, University of California, and Fresno State College.

Anderson taught at Fresno High from 1926 to 1951. Upon retiring from teaching in 1951, he came to FJC and became bookstore manager.

CURTIS LACKEY
Returns to FJC

Lackey Returns From Overseas

Curtis Lackey, the Fresno Junior College apprenticeship training co-ordinator, has just returned after a years absence as a member of an educational team, to set up a vocational teacher training program under direction of the U.S. State Department and the Republic of the Philippines.

Eight people were chosen by Stanford University to aid the Philippine Educational System and Lackey was one of those selected.

Prior to this vocational education, schooling was limited to mostly Academics. The Philippine Islands realized that in order to compete for world trade, technical know-how was needed.

The Stanford team set up the first teacher training program in vocational education. They started by the development of shop layouts, equipment and supply lists, curriculums and causes of study in co-operation with the Secretary of Education of the Philippine Islands for Industrial training.

The main sports of the island are baseball and basketball. Contact sports are not popular.

In comparison to our national pastime, the Philippines have cock fights, bull fights and Jai a Lai.

The Philippines import everything and export Copra, Hemp and Coconut oil.

They have compulsory education for all children with public and private education under the Secretary of Education.

Flying Saucers Are Discussed

By LORALEE SEDOO

Carl Morgan, the Fresno Junior College physics instructor, stated that the physics department at present is doing some research on flying saucers. The idea of flying saucers is somewhat fantastic perhaps, yet it is gaining wide interest throughout the world.

The physics department already has pictures of reportedly actual flying saucers. They are much bigger than present day planes.

The theory also believes that already visitors from outer space have landed and are living on this earth. The question is, how can the

Jaycee Dance Band Plays For Fair

Tomorrow afternoon from 2 to 2:30 the Fresno Junior College dance band will entertain in the outdoor theater at the Fresno County Fair. Every day during the run of the fair, a band from some city school gives a musical presentation. Tomorrow, however, will be the first time that the junior college band has been asked to play.

The members of the dance band, under the direction of Marvin Bedford, are Jesse McFerren, Jesse Johnson, Neil Winn, Veloyce Rowe, Ben Quintana, Joe Lana, James Hellman, James McNabb, Don McKay, Ernie Klassen, Dave Turner, and Henry Mendoza.

The carpentry students of Merle Sons worked on the construction of the Fresno City Schools' display at the fair.

Frosh Attend Orientation

To acquaint freshman students with student government and its functions and the benefits they may obtain by participation in extra curricular and social activities, was the topic of discussion at an orientation program in M-200 Tuesday.

Speaking on behalf of their clubs were Jim Richmond, Associated Men Students; Shirley Huber, Associated Women Students; James McCrory, California Student Teachers Association; Ronald Hogan, freshman class; Johann Kurrik, Ted Swang, and Aida Markarian, International Club; Courtney Newman, Intervarsity Christian Fellowship; Lillian Carillo, Latin American Club; Susan Cyr and Diana Avila, Newman Club; Charles Leavitt and Barbara Fragus, Future Business Leaders of America; Sharon Cummings and Arlene Vetting, Phi Theta Kappa; Gene Dudley and Kenneth Pipes, Red Key; Jesse Jones, Talent Club; and Luella Sinner, World Affairs Club.

The orientation program, presented to 12 freshman orientation classes during four class hours, was organized by the interclub council. Augie Caldera, the council chairman, was the general chairman.

AWS, AMS Will Install Fall Officers

Fall semester officers of the Associated Women Students and the Associated Men Students of the Fresno Junior College will be installed tonight at 6 PM in a dinner in the student center on the University Avenue campus.

The spring semester presidents, Frankie White of the AWS and Charles Leavitt of AMS, will install the new officers.

The fall officers of AWS are Shirley Huber, president; Donna Dell, vice president; Sumyi Taniguchi, secretary; Sonya Miller, treasurer; and Sharon Wallem, historian.

Miss Huber also has appointed four commissioners, who also will be installed. They are Geraldine Stevenson, publications; Margaret Christensen, publicity; Joyclyn Imperatrice, membership; and Diana Avila, social affairs.

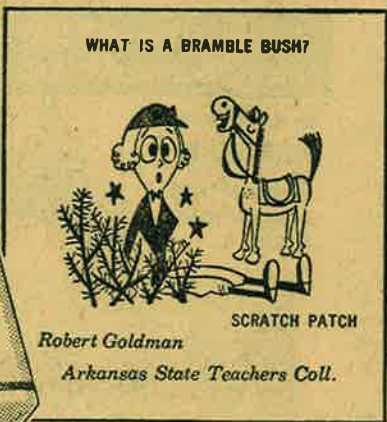

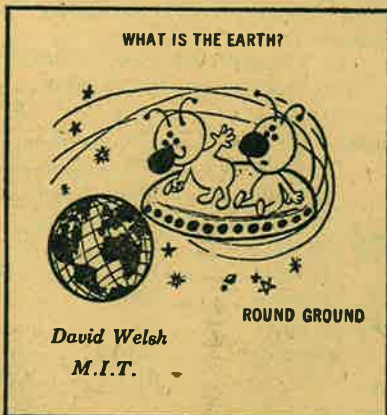

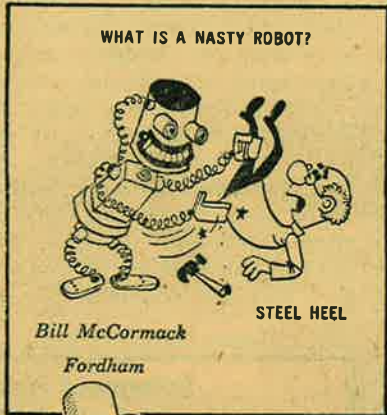

The fall officers of AMS are James Richmond, president; Dennis Bond, vice president; Augie Caldera, secretary; Jessie Jones, treasurer; and Kenneth Pipes, interclub council representative.

From The End Zone

By AUGIE CALDERA
Sports Editor

It appears to this writer that the Central California Junior College Athletic Association football campaign will be one of the closest ever. No less than four grid teams will be serious challengers for league honors. Coalinga JC, last year's champs, appear to have a sound team but will find it mighty rough keeping our Rams, the COS Giants, Porterville Panthers, Taft Cougars, and Reedley College Tigers from gaining the top spot.

The Rams' 20-20 tie with the Giants from COS is just an indication of how close the race will be. Porterville and Reedley appear to be tremendously improved. Reedley which is unbeaten in three starts, seems to be the most improved team in the league. However, this writer feels that the Tigers are too thin in the line and lack the needed size to go all the way.

Taft, always a top contender will undoubtedly provide the rest of the league with some of the biggest and toughest line opposition. The Cougars, who were the biggest team last year, will probably head the league in size again.

Hancock appears to be weak in all departments.

"Barking Joe" Kelly, the Rams cage mentor, issued the call to his prospective hoopsters to begin workouts for the coming season. The Ram's five is blessed with such top stars as Johnny Hampton, Polly Carver, Dennis Matthes, Larry Gambrill, and Stan Busch, all established performers. It appears that the Rams will once again field one of the top teams in the league.

New baseball coach Len Bourdet's Ram nine currently posts a one win and one loss record in Winter League play. Veterans Jim Richmond, Augie Caldera, Stan Busch, Cloyce Keeney, Ray Lujan, Dennis Bond, Clyde Reed, and Phil Bertelsen are expected to form the nucleus for this year's squad. Newcomers Mike Urrizola, Mike Noakes, Alex Levorio, Ronnie Hogan, and Darrel Wooster are other highly rated prospects. From the number of returning lettermen plus the new prospects, Bourdet should come up with a top notch nine.

Rams Hold Giants To Tie

By GARY BECKER
The Fresno Junior College Rams opened their Central California Junior College Association football season by tying the favored College of the Sequoias Giants 20 to 20 last Saturday night in the Mineral King Bowl in Visalia.

The Rams scored first, late in the opening period as they marched 70 yards in nine plays culminated by a 23 yard aerial from quarterback John Lujano to halfback Alex Kobzoff. Kobzoff's conversion was blocked.

In the second quarter, COS went ahead going 68 yards in four plays. Bernard Boren throwing to end Jerry Short for 35 yards and the score. Dale Messer added the extra point to put the Giants out in front 7 to 6.

The Rams forged into the lead moving 73 yards in nine plays with Ram fullback Vestee Jackson ripping off tackle for 36 yards and a touchdown. Kobzoff added the extra point and the half ended with Fresno leading 13 to 7.

COS tied the score in the third quarter when they recovered a Ram fumble on the FJC 40 yard line. The Giants drove to the one yard line where fullback Eugene Reyes plunged over for the tying score. The extra point attempt was no good and the score was tied up at 13 all.

Fresno took the lead once again as Jackson scored his second touchdown of the night by ripping off tackle for 25 yards and the score. Kobzoff once again added the extra point.

COS moved from their own 37 to the Fresno 15 where right halfback Messer went around right end for the touchdown. Messer added the point after touchdown making the final score 20 all.

The Rams drove down to the COS 24 yard line and the game ended. Coach Hans Wiedenhofer maintained his record of never losing to a COS team in eight years.

Leading the Ram running attack were Kobzoff, Jackson, and Ken Pipes. Ends Bill Herron and Fred Raco, guard Bill Pritchard and center Dale Lowery all first string men were out because of the flu.

THE SUMMARY
Fresno 6 7 0 7 — 20
COS 0 7 6 7 — 20
Fresno scoring: Touchdowns — Kobzoff, 23 yard pass run; Jackson, 36 yard run; Jackson, 25 yard run. Conversion — Kobzoff, 2.
COS scoring: Touchdowns — Short, 35 yard pass run; Reyes, 1 yard plunge; Messer, 15 yard run. Conversions, Messer, 2.

FJC Enrolment Hits New High

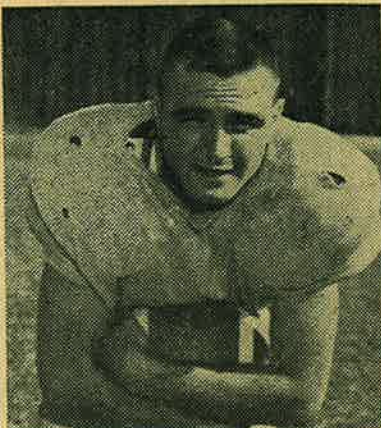

Fresno Junior College's fall semester enrollment reached a new high of 3,428 when registration for credit ended for all classes.

George C. Holstein, dean of admissions, stated the current total is 409 more than the 3,019 students enrolled a year ago at the end of the third week of the fall semester.

FJC has 1,859 day students compared to 1,500 a year ago, and 1,609 night students, compared to 1,519 last year.

The college has 42 students on student visas from foreign countries, and an estimated 700 students enrolled under Veterans subsistence programs.

Pipes Ably Fills Fresno JC HB Slot

Ken Pipes, a hard running back on the Fresno Junior College Ram football team, holds down the starting left halfback position. He along with halfback Alex Kobzoff and fullback Vestee Jackson form a very fine running attack.

Pipes is a fine runner and a good pass receiver. He demonstrated his running ability in the Fullerton game by taking a pitchout and going 35 yards for the touchdown that enabled the Rams to tie Fullerton 6 to 6.

Coach Hans Wiedenhofer stated that, "Ken is a real hard working boy and in the last two games has shown me he learned a lot of football last year." He also stated that, "Pipes probably is the most improved veteran on the team this year."

His football experience consists of two years on the Clovis High School varsity and one year on the FJC team in which he lettered.

He was born on Oct. 19, 1937 in Bakersfield, Calif. He stands five feet 10½ inches and weighs 165 pounds.

Rams To Face Taft Eleven

This Saturday the Fresno Junior College Rams return home to tangle with the Taft Junior College Cougars at Ratcliffe Stadium at 8 PM.

Coach Hans Wiedenhofer expects Taft to give his Rams some of the toughest competition they have had this year. Last year the Cougars tripped the Rams in Taft by a score of 19-6.

The probable starting lineups for each team are listed below.

Physics Teacher Discusses Saucers

(Continued from Page 2)
said visitors survive? They were not made to live in our oxygen or to endure our cold or our heat; and some of them would come from climes that have no atmosphere.

A letter from John Adamski, of Monrovia, an outstanding American pioneer in this field, is also in the department. This letter not only refers to the flying saucer photographs, but continues: "Men from these ships have already landed upon our earth, and have been in social contact with us. It is possible for us to meet them, and never recognize them."

Morgan, who is undertaking a scientific research into this problem, reports that it is facing this problem, fantastic to many, on an unbiased, unprejudiced plane. The questions resolve themselves mostly to these: Are these photographs actually showing a true flying saucer? Are these flying saucers actually from outer space? Could a space man actually exist on this earth? Could we meet and not know him?

Morgan said to answer these questions the department must first verify the truthfulness of these photographs; secondly, must determine the fact that these ships have not been man-made here on earth; thirdly, must determine whether this space man is presumed from our own solar system, other systems being so many hundreds of times farther away could survive on our earth, and, fourthly, why would we not recognize one of these, since depending on the planet from which he came, he would look so vastly different? On planets which have no atmosphere, the space men would have neither lungs, nose, or ears. His eyes would have to withstand brighter light. Coming from a planet so cold as to consist of frozen methane gas, he would have thick hairy skin, and perhaps his feet would sport talons by which he could dig into the ice and not slip.

Morgan said these are a formidable list of questions, but before one can speak with any degree of authority these and thousands of other questions must be answered.

Tennis Tourney Sign-Up Today

Any Fresno Junior College student interested in playing in an intramural tennis tournament should sign up between today and Wednesday, Oct. 16 with Miss Margaret Tylor in the lobby of the girl's gymnasium.

Last years champions, Tom Lahanas and Catherine Podsakoff, will be on hand to defend their titles. Times for the matches will be arranged. The matches will be men's and women's singles.
