## PIPES WINS PRESIDENCY

### Registration Will Run From Feb. 5-7

#### Preregistration For Spring Semester To Close Jan. 24

Spring semester preregistration for day students will end Friday, Jan. 24. Registration will be held Feb. 5 in the Fresno Junior College library for day students.

"Those students who have preregistered between Dec. 2 and Jan. 24 and who have not completed registration by Feb. 5 will lose their place in classes and will have to start over again with registering on Feb. 6" state George Holstein, FJC dean of admissions and records.

Counseling and preregistration for new students will be held on Feb 3 to 5. Registration for the old students who did not finish on Feb. 5 and the new students will be Feb. 6 and 7.

Night students on the University Ave. campus, currently enrolled in classes, were counseled and preregistered Jan 13 to 15 from 7-9PM.

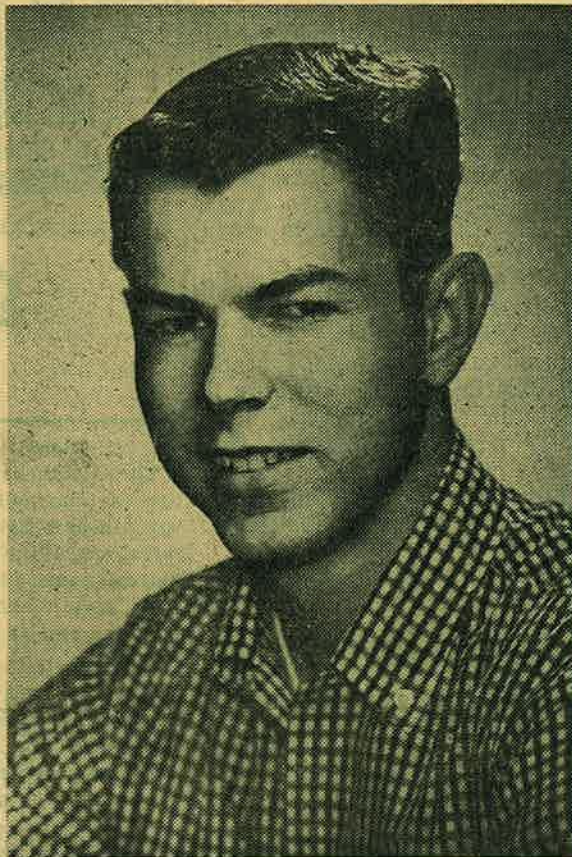

Preregistration was held in the admissions office of the administration building on the FJC campus and the counseling was held in room 160 of the same building.

Registration will be held on the nights of Feb 4 to 7. The new night students will register at the same time. They may register with the day students on Feb. 6 and 7.

Counseling, preregistration, and registration for night classes on the O St., Edison, and Continuation High campuses will be held Jan 20 to 24, in the classrooms on the three campuses.

Instruction for the spring semester will begin Feb. 10 for all FJC classes.

Many of the classes which were offered for the spring semester have been filled. Students currently enrolled are urged to fill out their program with their adviser this week if possible.

**SPEARHEAD FJC POLIO DRIVE** — Margaret Christensen and Jerry Roberts are FJC's Miss and Mr. Teen, who are spearheading the March of Dimes fund raising activities of junior college students. They are in charge of tomorrow night's "Coins for Polio" dance.

### Polio Benefit Dance Friday

"Coins For Polio" is the theme for the benefit dance to be held tomorrow night from 9:30 to 12 midnight in the Fresno Junior College student social center on the University Ave. campus.

The dance, sponsored by the student council with the assistance of Phi Beta Lambda, the FJC business organization, will follow the FJC-Taft basketball game in the Yosemite High School gymnasium.

Margaret Christensen and Jerry Roberts, FJC's Miss and Mr. Teen of 1958, are in charge of the dance arrangements.

Proceeds from the "Coins For Polio" dance will be turned over

to the Fresno March of Dimes fund committee. Miss Christensen and Roberts are in charge of FJC fund raising activities.

Dance music will be provided by Adolph Mendoza and his band, and will include special entertainment by the Corvettes.

The committee chairmen for the social affair are Billie Jean Trout and John Alexander, decorations; Carolyn Steffen, refreshments; Sidney Mosesian, cleanup, and Wayne Cook and Bill Scheidt, publicity.

Those helping on the decorations for the dance are Raymond Beach, Chuck Leavitt, Shirley Huber, Nola Myers, Sharon Wal-

lem, Bill Murphy, Linda Hastings, Miss Trout, Barbara Pacheco, Betty Amaral, Mike Diaso, Marie Baptista, Margaret Van Vleet, Alexander, Carroll Trippel, Shirley Britton, Carlee Forsman, Vera Mae Joseph, Jan Ganshorn, Joyce Phillips, Mary Ann Merritt, Judy Johnson, Diana Johnson, Deanna Miller, Norma Pilegard, Lester Atkins, Dave Kelly, Robert Cunningham, Le Roy Herzog, Carolyn Steffen, Mary Anderson, Emma Jean Mitchell, Juanita Mitchell, Carol Daniels, Richard McMahon, Marilyn Nichols, Linda Hastings, Jean Gress, and Sumi Taniguchi. Also working on the committee other than Phi Beta Lambda members are Barbara Fragus, Donna Dell, Nancy Powers, Fred Rico, Ron Schultz, and Fran Dunham.

The sponsors will include Joseph W. King, the student council adviser; Mrs. Kay Seagraves, dean of women; and Paul Starr, dean of men.

The students attending the dance will be charged 75 cents per couple and 50 cents for stags. Dress for the dance is school clothing.

**DECORATIONS MEETING**  
"Students who are interested in helping on the decorations for the dance are requested to be in the social hall at 1 P.M. tomorrow," stated Miss Christensen.

#### Takeuchi Is VP; Daniels, Avila Win Student Positions

The newly elected Fresno Junior College student body president is Kenneth Wayne Pipes, who defeated Carl Allan Grace, the fall semester president, in his bid for reelection. Pipes, a sophomore and a liberal arts major from Clovis, has been a representative-at-large for two semesters. He received 242 votes while Grace received 206.

Although the difference between the number of votes received was not small enough to make the presidential election results too doubtful, the ballots were counted more than once for the sake of certainty.

The office of student body vice-president was won by Victor Takeuchi, who defeated Barbara Fragus. Takeuchi received 313 votes and Miss Fragus 160.

##### Other Victors Named

Others elected are Carol Lee Daniels, secretary, and Diana Jean Avila, treasurer. Miss Daniels received 287 of the votes cast for secretary; her opponent, Sumiye Taniguchi, received 179. The 225 votes cast for Miss Avila were enough to defeat her opponent, Sharon Wallem, who received 194.

Representatives elected and the number of votes they received are Richard H. Bratcher, 249; Augie Caldera, 271; Joan Campopiano, 241; Margaret Christensen, 277; Jesse McFerrer, 245; King Morris, 253; Donald R. Real, 350; Salvador Rodriguez, 317; Howard L. Sanders, 341; and Thomas Williams, 348. Defeated were Clemmie Fay Cox and Billie Jean Trout, Miss Cox and Miss Trout received 220 and 225 votes, respectively.

Of the total number of votes cast, 479, the O St. campus accounted for 144 of them and the Edison campus for 21.

#### CALENDAR OF THE WEEK

Jan. 17

3:00 PM International Club, Dr. Stanley Cosby, guest speaker, Social Room, Fresno Guarantee Building.

9:40 PM Coins for Polio Dance, FJC Social Hall.

Jan. 21

1:00 PM Caduceus Club trip to Valley Children's Hospital.

8:00 PM Basketball game, FJC-Hartnell JC, there.

Jan. 22

11:30 AM Inaugural Assembly, University Ave. auditorium.

Jan. 23

12:40 PM Alpha Gamma Sigma, M-123.

### Cyr, Bertelsen Win AWS-AMS Nominations

Phillip Bertelsen and Susan Cyr were elected president of the Associated Men's Students and Associated Women's Students, respectively. Bertelsen defeated Dennis Bond, 173 votes to 84. Cyr's votes outnumbered her rival's, Claudia Andresen, 109 to 34.

The AMS vice-president-elect is Pete Mehas. He won over William Long by 134 to 127. The result of the voting for the AMS vice-presidency was one of the closest of the student elections.

##### Caldera, Roberts Win

Augie Caldera, who was unopposed for the office of AMS secretary, and Jerry Roberts, candidate for AMS treasurer, who also was unopposed, will assume these of-

SUSAN CYR  
... New AWS President

PHIL BERTELSEN  
... New AMS President

fices at the opening of the spring semester.

Margaret Christensen, newly elected AWS vice-president, gained 93 votes to 88 over her rival, Diane Avila.

##### Other AWS Victors

Nancy Powers, candidate for AWS secretary, won by a margin of 88 votes to 38 over Clara Randolph.

In another close race Carolyn Steffen defeated Billie Jean Trout for AWS treasurer, 69 votes to 62.

Cokey Newman was elected AWS historian by gaining 89 votes over her rival's 42. Her rival for this position was Willa Adams.

Votes were counted by the FJC election committee.

## Reform In Education

The United States was described as a country possessing a "creampuff" culture in a speech recently given by Assemblyman Wallace D. Henderson, a Fresno Junior College history and political science instructor.

The FJC instructor's statements dealing with the United States' present cultural situation, were in direct accordance with those being asserted by leading educators throughout the country.

Many of the leading educators of this country agree that the chief danger to the nation lies directly within it, and that it does not lie in the recent scientific achievements of Russia.

This danger has been expressed as existing in the present educational standards of this country. It is evident that the sciences have been neglected in this country. Many high schools have no laboratories, or the facilities they do offer are highly inadequate. On the other hand, a person would have to travel a great distance before he could find a school not offering a gym with all of the necessary facilities.

There will almost certainly be changes made to correct this situation in our country's educational system. But the American people must not allow a scientific curriculum to crush out all others in education. To allow this would be to erase privileges that have never existed in Russia.

To uphold its civilization to the utmost a country must be composed of a liberally educated citizenry.

Improvements are needed in the liberal education field as well as in the scientific curriculum of our educational system.

The dire educational situation existing in this country is the result of the American society in which it exists. It is only the members of this society which can correct this situation.

Supporting the appeals of educators and granting them their due recognition, will aid greatly in bringing about this needed reform in education.

—Pat Rafferty

## Fresno Junior College Club Invited To Speech By Soil Conservation Head

Dr. Stanley Cosby, assistant state administrator for the Soil Conservation District, will be the featured speaker at a meeting of the Soil Conservation Service, to be held in the social room of the Fresno Guarantee Building at the corner of Blackstone and Ashlan Ave., tomorrow at 3 PM.

He just recently returned from a tour of Morocco and he will show pictures and speak of his trip.

Members of the Fresno Junior College International Club have been invited to attend the meeting. "All students and instructors who are interested in Morocco are invited to attend," stated Hagop Mekhitarian, president of the club.

Reservations for the meeting can be obtained by telephoning Mrs. Luella Bettencourt at AM 8-4557.

## Library Offers Vocational Data

The display cases of the Fresno Junior College library contain many books and pamphlets on occupations and careers. These display cases are to be found in the room adjoining the main reading room.

"Students are urged to come and look at the papers, books, and pamphlets," stated Jackson C. Carty, head librarian.

Among the many books and pamphlets on occupations and careers are "Occupational Outlook Handbook" by the United States Department of Labor, "How to Get and Hold the Job You Want" by Ruth Hooper Larison, "Complete Courses in Civil Service" by James W. Callery and Martin Levin, and "How to Organize and Manage a Small Business" by Nelms Black.

In other display cases can be found such books on careers as

## ELEVEN PASS ENGLISH TEST FOR TEACHERS

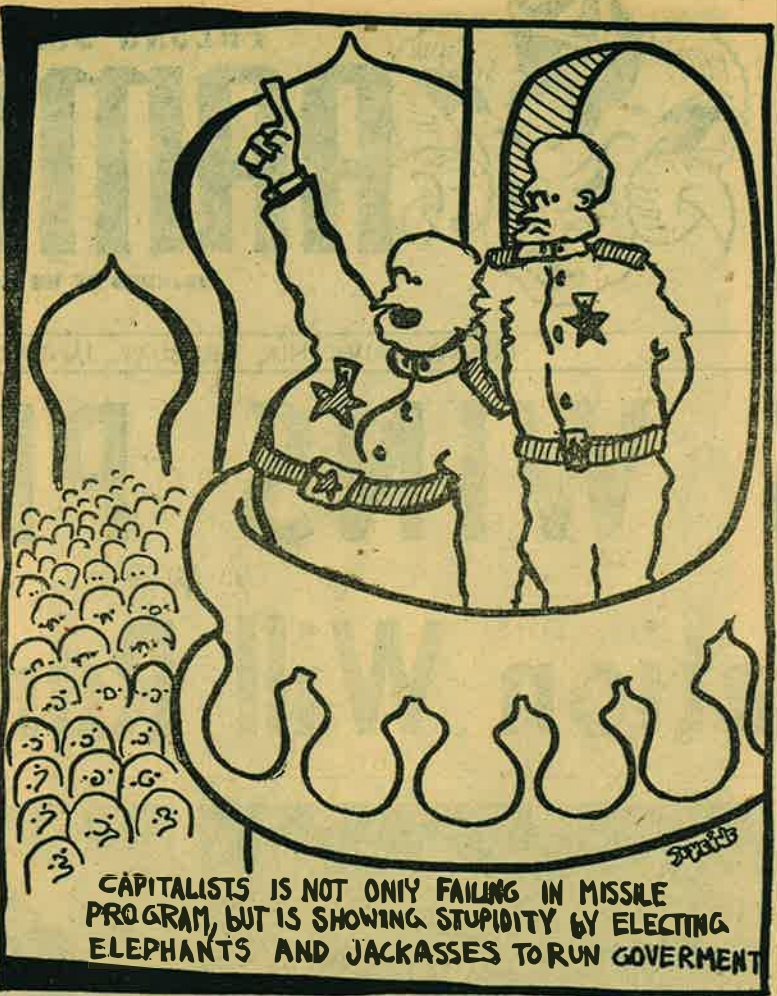

Only 11 of 72 Fresno Junior College students passed an English proficiency examination given to sophomores who are planning to transfer to Fresno State College as education majors.

They are Constance Amodeo, Marilyn Bancroft, Nadine Boyd, Elaine Cantrell, Alfred Fimbres, Betty McCarthy, Gene Patterson, Edna Smith, Rodney Van Kirk, and Carolyn Waite.

Archie Bradshaw, the dean of students, said the test was given on the sophomore level for four-year liberal arts colleges.

Students who failed will be required to take a special course in English for education majors either at FJC or FSC.

nursing, electronics, television and radio repairman, secretary, and school teaching.

## Exchange Notes

By BETTY TORIGIAN

**Hartnell College**  
The Panther Sentinel reported that a Hartnell College student wrote a new fight song which was introduced at the Hartnell-Monterey football game. The song was played after each touchdown and helped with the pep at the game.

The Hartnell College student wrote the words for the song, and the band director set the words to music. The song was judged out of ten entries, for originality, rhythm, and aptness as a fight song.

**Central High School**  
The Grizzly Gazette of Central High School announced that the biology teacher released some interesting information concerning his biology classes.

One of these attractions is a complete human skeleton. This specimen was purchased from a biological supply house in Chicago and was imported. The skeleton apparently came from India.

The body is rather slender, and the height is only four feet eleven inches. It is a male close to 20

years of age. The class also has a human skull of a baby.

**San Jose State**  
The Spartan Daily of San Jose State College reports that a jazzy, poem-spouting Bohemian via San Francisco, Kenneth Rexroth, apparently has stirred up some Spartan fury.

Bart Snyder, chairman of the San Jose State College Phi Mu Alpha music fraternity sponsoring a Rexroth concert, stated that "people either hate him or love him. He is before his time."

## Eight Vocational Nursing Students Do Well On Test

Eight Fresno Junior College students placed in the 95 percentile on a vocational nursing test given to 2,968 students.

Twenty-seven FJC students participated in the test, which was given in 49 schools of 23 states, said Archie Bradshaw, dean of students.

The examination, which was sponsored by the National League for Nursing, took two days to complete.

Those students placing in the 95 percentile or better were Noritta M. Boggs, Evelyn B. Dean, Irene Dorow, Velma H. Hancock, Beryl G. Nichols, Ruth M. Scalzo, Ruth S. Scott, and Gladys L. Watson.

## Peace Officers' Training Begins On FJC Campus

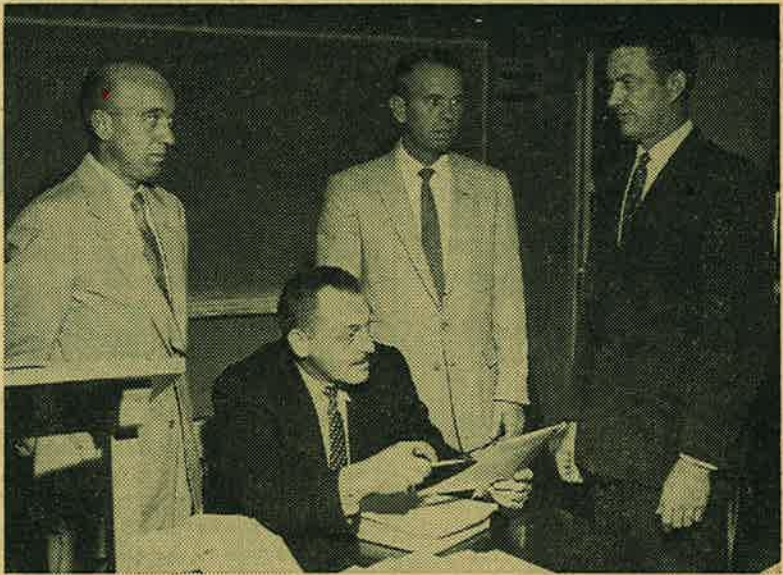

The California Technical Institute of Peace Officers' Training for the Central San Joaquin Valley began Monday on the O St., campus of Fresno Junior College. Enrollees in the school consist of 65 officers representing 11 cities in the valley.

Cities represented at the school are Clovis, Ceres, Delano, Dinuba, Fresno, Fowler, Hanford, Madera, Merced, Modesto, and Turlock.

The school is an annual event, whose purpose is to stimulate the development of new technique and procedure in police service and to provide advanced training for the officers which is not provided locally.

Robert P. Hansler, dean of FJC's technical and industrial division, stated that 17 classes are being offered in the school, and each class will cover various phases of law enforcement.

John P. Peper of Sacramento, the state supervisor of peace officer's training, is the director of the institute.

FRESNO JUNIOR COLLEGE is host to members of the California Technical Institute of Peace Officers' Training. Seated is John P. Peper, the state supervisor for peace officers' training. Standing, left to right, H. L. Gray, Merced Police Department; Lt. Bill Ladd and Lt. Norris Norem, both of the Turlock Police Department.

## Contest Open To FJC Coeds

Fresno Junior College coeds who are single and between the ages of 18 and 25, are eligible to enter the Miss Transportation of 1958 contest.

Contestants in the contest will be judged on figure, poise, and personality. Each entrant will be requested to appear in a bathing suit and to later don a formal.

Applications are now available for those interested and may be obtained by calling Donald R. Austin, chairman of the contestants' committee, at either AD 3-1979 or AM 8-8211. Applications may be filed up until Jan. 22. Ten girls will be selected to appear at the Fresno Transportation club annual dinner dance which will be held in the Sunnyside Country club.

Eddie Bingham, a former FJC student who was last year's winner, is leaving Fresno to become a hostess for United Air Lines at Cheyenne, Wyo.

Prizes, as well as trophies, will be given to the winner and two alternates.

## Student Comes From Germany

Foreign student Juhan Kurrick, now attending Fresno Junior College, came to the United States on Jan. 28, 1957, from his home in Germany.

He was born on Nov. 27, 1939, in Estonia, a small country which was occupied and dissolved into the Russian empire in the early years of World War II. The Kurrick family disguised themselves as Germans as they fled in 1941 into Germany after the Russian invasion of their native country.

Before coming to FJC in the spring of 1957, Kurrick attended high school in Meunninger, a small city near Munich, Germany. He intends to complete his education at Fresno State College, where he will major in chemistry.

Kurrick is an active student, serving on the Interclub Council as representative for the International Club and also as a member of Phi Theta Kappa, honorary scholastic society.

## Club News

**Caduceus Club**  
The FJC Caduceus Club plans to journey to the Valley Children's Hospital in Fresno Tuesday for an afternoon field trip. The group will be accompanied by the sponsor and FJC nurse, Mrs. Nora Simpson.

**Phi Theta Kappa**  
The coed lounge was the scene of an evening business meeting of Phi Theta Kappa Tuesday.

# 26 New Courses Will Be Offered In Spring

By HELEN HORTON

Students registering for the spring semester have approximately 26 new courses available to them. Five of these courses are being offered for the first time and the others only during the spring semester.

The fields in which classes will be offered this spring are:

Secretarial training and problems, tax collections, labor relations, economic problems of the valley, botany, general elementary bacteriology, human physiology, quantitative analysis, introduction to teaching, elements of geography, mathematics and music for the elementary teacher, mechanics of expression, determinative mineralogy, introduction to philosophy, conference leadership, techniques of baseball and track, competitive track, golf and tennis, industrial chemistry, engineering mechanism and statics.

The new spring classes offered to extended day students are functional chemistry, basic English, improvement in reading technique, elements of geography, industrial education organization and management and cost control, blueprint reading and layout of structural metal workers.

Students desiring to take one or more of the new courses listed above, should contact their counselor at the earliest possible time before preregistration ends Jan. 24.

## Alpha Gamma Sigma To Discuss Money Projects

Alpha Gamma Sigma, an honorary society at Fresno Junior College, will discuss money raising projects and plans for the spring semester at their next meeting Jan. 23 at 12:40 PM in Room M-122.

"Members will have their pictures taken for the Rambler at this meeting also," stated Harry Hale, president of the organization.

## Hansler Appointed As Consultant

Robert P. Hansler, dean of the technical and industrial division, has been appointed a consultant to the Commission on Accreditation of Service Experiences of the American Council of Education.

Cornelius P. Turner, the commission's director, made the appointment in Washington, D.C. The director said Hansler will assist the commission in evaluating United States Armed Forces Institute courses in radio servicing and radio repair.

Hansler said FJC's instructors in electronics, radio and television will assist him in the evaluation work. They are Gerald Fries, James Dinsdale and Chester Garrison.

Hansler was nominated by FJC President Stuart M. White on Turner's request. In his letter to White, Turner stated the council has been designated by all the regional education organizations as the agency to evaluate and make credit recommendations to schools and colleges concerning the amount of high school, terminal junior college or baccalaureate credit which might be granted to students in the institute and other service institutions.

The commission secures the services of three civilian educators in various sections of the country in evaluating each course or each training program.

**READY TO BE SOLD** — The highest bidder will be the recipient of this three bedroom home built by the Fresno Junior College technical and industrial classes on the O St. campus. The house, which cost \$3,300 to build, will be sold to the highest bidder by the Fresno City Schools.

## Bids Now Accepted

# Model Home Is Built On FJC O Street Campus

A full scale house, built by the Fresno Junior College technical and industrial classes on the O St. campus, will be sold at auction.

Bids are now being accepted by the city schools' business office,

and the closing date on bids will be Jan. 23.

Merle Sons, carpentry instructor who was in charge of the project, explained that each year the FJC trade classes build a full-size house through cooperative planning and designing to give students practical experience in carpentry, home planning and construction problems.

The house, the fifth the classes have built since 1951, has 1,313 square feet of floor space, with three bedrooms and one and three-quarters baths.

The carpentry class built the house and was assisted by the electrical and architectural drawing classes.

The exterior of the house is completed, but the interior will remain unfinished. Sons said the reason for this is that often a buyer decides to choose his own finish.

Sons said proceeds from the sale will be used to build another house next year. The complete cost of the house was \$3,300.

The instructor added, the emphasis on building the house was to learn careful workmanship and sound building practices.

## Graduation Opens Writer To Student Body Opportunities

Employment possibilities are excellent for vocational nursing students after graduation, said Robert P. Hansler, the dean of FJC's technical and industrial division. Hansler also announced that starting Feb. 10, a three semester course in vocational nursing will be opened.

Although FJC vocational nursing alumnae are employed throughout the San Joaquin Valley in hospitals as well as doctor's offices, Hansler said that the course is also a good preparation for future housewives. The vocational nursing course includes class work at FJC, and practical training at Fresno hospitals.

Mrs. Josephine Hostetler, the acting coordinator of vocational nursing training, will hold interviews with all women who are notified that they have passed the test. The interviews will be held at the junior college.

After interviews, applications to the course may be filed for admission. Physical examinations will be required of all successful applicants. Applications may be made and information obtained at Hansler's office in Bungalow 3 on the O street campus.

## Band, Pep Girls To Be Represented At Games

The Fresno Junior College rally committee decided to send half of the pep band and half of the pep girls to the basketball games of the spring semester in a meeting Tuesday.

"The rally committee also helped sell peanuts for the Teens for Polio drive in downtown Fresno this week," stated Jerry Roberts, commissioner of rallies.

## Writer To Speak To Student Body

Dr. Kurt D. Singer, a writer and a former intelligence officer, will speak to the Fresno Junior College student body Monday, Feb. 17. The time for the assembly will be decided at a later date.

His topic will be "Spies and Traitors."

His report on atomic espionage has been utilized by the United States Atomic Energy Commission.

Kathy Sharum, commissioner of assemblies, announced Dr. Singer is one of the most dynamic and interesting speakers ever to come to FJC and that students will enjoy his speech.

## SPRING TEST SCHEDULE

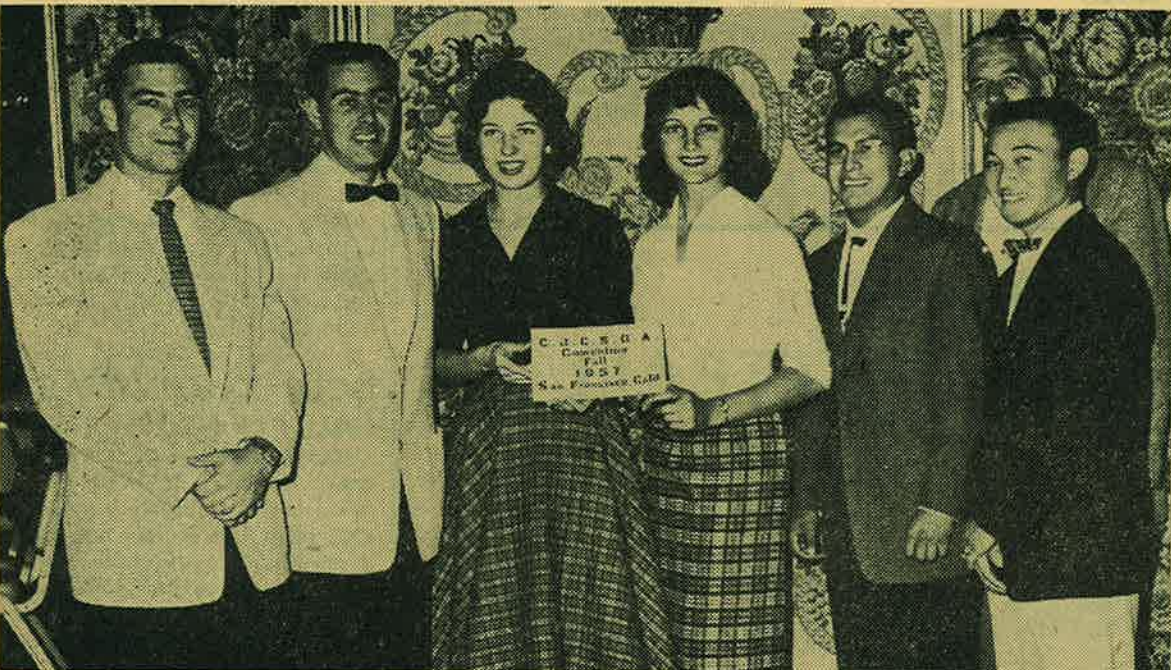

Archie Bradshaw, the Fresno Junior College dean of students, announced the following schedule of tests to be given for the spring semester.

| Test                          | Date    | Time    | Room  |
|-------------------------------|---------|---------|-------|
| Vocational Nurse .....        | Jan. 21 | 9:30 AM | M-200 |
| English Placement & ACE ..... | Jan. 28 | 9 AM    | M-200 |
| English Placement & ACE ..... | Jan. 30 | 9 AM    | M-200 |
| English Placement & ACE ..... | Feb. 4  | 9 AM    | M-200 |
| English Placement & ACE ..... | Feb. 5  | 9 AM    | M-200 |
| English Placement & ACE ..... | Feb. 6  | 9 AM    | M-200 |
| English Placement & ACE ..... | Feb. 7  | 9 AM    | M-200 |
| Basic Math Test .....         | Feb. 4  | 1 PM    | M-207 |
| Basic Math Test .....         | Feb. 5  | 1 PM    | M-207 |
| Basic Math Test .....         | Feb. 6  | 1 PM    | M-207 |
| Basic Math Test .....         | Feb. 7  | 1 PM    | M-207 |

The extended day test schedule is as follows:

|                               |         |      |       |
|-------------------------------|---------|------|-------|
| English Placement & ACE ..... | Jan. 28 | 7 PM | M-200 |
| English Placement & ACE ..... | Feb. 6  | 7 PM | M-200 |

The ACE test given with the English placement examination is the college aptitude test.

**FALL SEMESTER STUDENT COUNCIL** — Six members of the Fresno Junior College Student Council are pictured at a recent student government conclave in San Francisco. They are, left to right, Jim Richmond, Al Grace, Shirley Huber, Barbara Fragus, Augie Caldera, council adviser Joe King, and Vic Takeuchi.

"If I could only

comb my own hair..."

That isn't much to ask of life. To move a hand. To raise an arm. To become self-reliant.

TODAY, it's just a wish that wells up in a polio patient. TOMORROW, it may be a blessed reality.

For the MARCH OF DIMES not only helps save life. It helps make life worth living for the thousands throughout the nation who STILL struggle to overcome the disabilities inflicted by crippling polio.

Of 300,000 survivors of paralytic polio, one in three could still benefit from techniques of modern rehabilitation developed through the MARCH OF DIMES.

When you give to the MARCH OF DIMES, you give meaning and purpose to the lives you helped save.

Survival IS NOT ENOUGH!

Join THE MARCH OF DIMES

# Carver Stars As Rams Topple Reedley, 86-72

The Fresno Junior College Rams exploded in the second half to win an 86-72 league encounter over the Reedley College Tigers in the Yosemite Junior High School gymnasium Saturday night.

Never more than a few points separated the teams during the first half as Fresno guard Polly Carver, with 19 points in the first half, matched baskets with Reedley guard Jerry Arthur and forward Les Zedric.

During the first half, Zedric continually made "impossible" shots and continued the torrid pace early in the second half.

Talks To His Man  
During the last 10 minutes of play, Carver resorted to the defensive measure that made Joe Kelly an All-American, talking to his man. It proved effective as Zedric went scoreless for the rest of the game.

John Hampton, who usually does most of the Rams' scoring, did little shooting in the first half, mostly because of the tight guarding of Leroy Kroeker, and at the intermission had tallied only four points. In the second half Hampton teamed up with Carver, and together they scored 25 points, with Hampton getting 15 of them.

The rebounding of Fresno's ND Haskins was terrific during the entire game as he dominated both backboards. He also chipped in with seven points, six of them coming on tip-in shots snatched out of the waiting hands of a Reedley rebounder. Also rebounding very strongly for the Rams was forward Larry Gambrell.

Terrific Foul Shooting  
The foul shooting of the entire Reedley squad during the first three-fourths of the game was executed with pin-point accuracy as they hit approximately 90 per cent of their charity tosses. Arthur accounted for nine of the Tiger's total.

It was a rough and tumble game as a total of 47 fouls were called, 25 of them on the Rams. Despite this, Kroeker was the only man forced to leave the game because his limit had expired.

High man for Reedley was Arthur with 25. Center Kenny Wall and Zedric followed with 17 and 15 points, respectively.

The time for registration is coming very near now that the fall semester is nearly over. In many of the competitive sports at Fresno Junior College, more men are needed to fill out a well rounded squad.

Coach Erwin Ginsburg's track team, which was far from being a well rounded squad last year will begin practice sessions shortly after the spring semester begins.

Anyone who would like to go out for track can talk to Ginsburg after the spring semester begins and work out a schedule for the individual to practice his particular event.

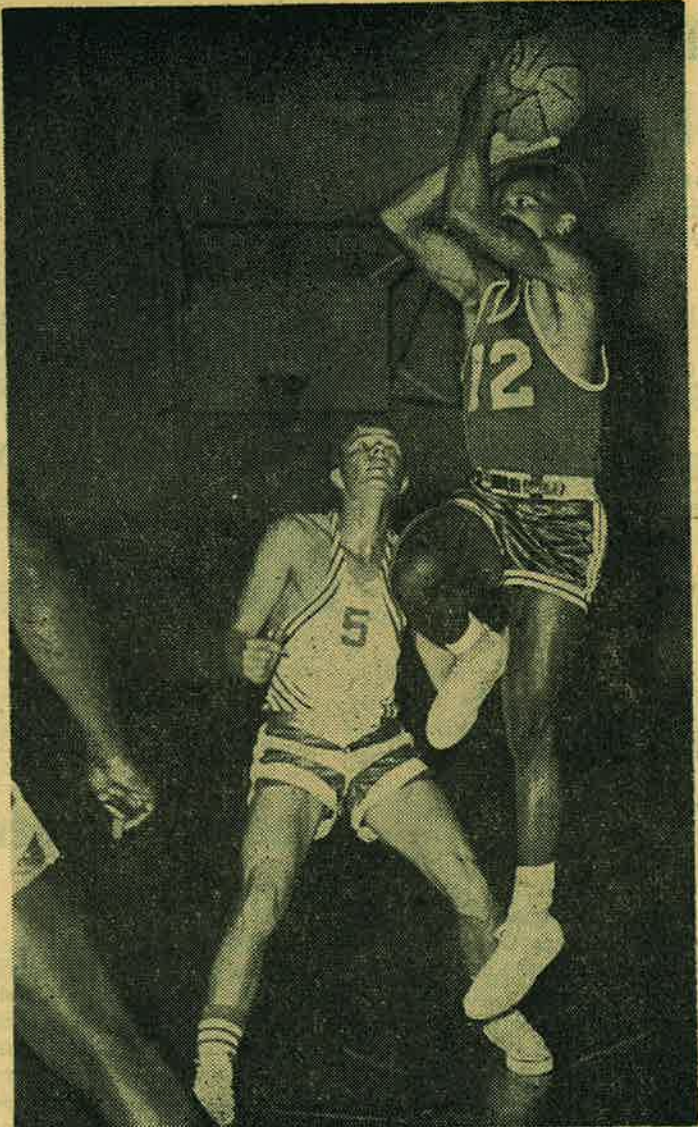

The wrestling team, with the weight divisions that are represented, constitute a very strong team. However, in order for a team to function well, all weight divisions must be represented by at least one man.

Coach Hans Wiedenhofer urges men to contact him about wrestling in these particular divisions. The divisions are: 123, 130, 137, and 147 pounds.

The tennis squad will also begin practice sessions shortly.

## Rams To Meet Taft Cougars, Also Cal Poly Frosh, Hartnell

The Rambling Rams of Fresno Junior College will host the Taft College Cougars in the Yosemite Junior High School gym tomorrow night at eight o'clock.

Coach Joe Kelly's cagers expect a real tussle from the visitors who have defeated Porterville while losing to Reedley College in league play. Kelly reports that the Cougars have plenty of size and desire. The Cougars and Rams are arch rivals, and tomorrow night should decide whether or not the locals can be expected to push the COS and Allan Hancock teams for top honors.

Polly Carver, who almost single-handedly wrecked the Reedley five last week, has picked up in his scoring and will team with Johnny Hampton at the starting forward spots. Larry Gambrell and George Sarantos will be the guards, and top rebounder Nat Haskins will open at center.

Little Sarantos has improved his play with each game and has managed to average ten or twelve points per game.

The Rams will travel to San Luis Obispo for a game with Cal Poly frosh Saturday night. Kelly will probably give some of his reserves plenty of chances to play in this practice.

Next Tuesday, the locals will meet the Hartnell College of Salinas team in the coastal city. It too, will be a practice game.

So far this year the attendance at the Rams' home games has been very good. At every one of the home games, close to 400 fans have packed into the Yosemite Junior High School gymnasium to witness Junior College basketball.

This attendance has been way over last year's. Considering that the team is having a losing season thus far this year, it is surprising that so many fans turn out for the games.

Just the same many students do not go to the games. For the benefit of you who do not, let me introduce each player and his number, with a brief sketch of how well he performs on the courts.

Choosing Is Difficult

It would be difficult to determine just who puts on the best performance out of the starting five. Forward John Hampton, No. 12, currently leading the squad, is one boy to watch. His one handed jump shot from either corner is very accurate. He also possesses a deadly jump shot from the foul line or anywhere around it.

Second in scoring to Hampton is flashy guard Polly Carver, No. 17. Carver possibly puts on the best individual showing with his incredible jump shots, his accurate passing and all-over good ball playing. On defense, Carver is no slouch either. He is continually talking to his man, thus sometimes causing his opponent to drop off in the scoring departments.

Forward Larry Gambrell, No. 9, third in team scoring, has a one handed set shot from his forward spot that seldom misses if he is given much time to aim.

Gambrell also figures prominently in the rebounding departments. Placing next to ND Haskins in rebounding, he can jump high in the air to pick off rebounds.

Sarantos Is Fastest

Guard George Sarantos, No. 11, the smallest man on the starting five, is possibly the fastest man on the team. Unless he is constantly guarded closely, he will be off and running for an easy layup shot.

He can also hit from outside if given time to set. His passing is very accurate and he takes advantage of opportunities. Consequently, he is one of the team leaders in assists.

Last, but by far not least, is Center Nat ND Haskins, No. 14. Haskins leads the team in one department that a winning team must have — rebounding. Without rebounds a team will get only one shot at the basket then quickly change to defense.

Haskins has a strange style in rebounding. While most rebounders have their legs straight up and down when they grab a rebound, Haskins' are spread wide apart.

Besides rebounding Haskins is also a scrapper. He concedes nothing to the opponents, therefore, he is always in there fighting for the ball.

This concludes the starting five. I hope you benefitted from this column and maybe you will come out and watch the boys tomorrow night against Taft.

## GOLF COACH ISSUES CALL TO GOLFERS

Hans Wiedenhofer, Fresno Junior College golf coach, has put forth the call to all prospective FJC golfers to contact him in the men's gymnasium in regard to signing up for competitive golf.

Six men constitute a golf team and valuable coaching advice can be picked up during practice sessions.

Back this year to head the golf team is last year's leader, Jim McCrory.
