## Ramburger Roundup Is Friday

### Insurance Plan Available For FCC Students

Archie Bradshaw, dean of students, announced that a medical insurance plan, designed especially for students of Fresno City College, has been made available this year.

#### Insurance Costs

The policy, which will cost each student \$6 a semester, gives the student twenty-four hour protection on or off campus. Coverage for the entire college year will cost \$12 and for a calendar year \$16. According to Bradshaw, members of the faculty wishing the same type of coverage would have to pay approximately seven times this amount.

The purpose of the plan is to give adequate financial protection to students confronted with unexpected medical expenses. Dean Bradshaw wishes to point out to students that such sudden medical expenses can make the difference between continuing with a college education and having to quit college.

Such things as existing health facilities and local medical costs were taken into consideration when the policy was written. The policy gives, among other things, partial coverage for hospital daily room and board benefits. A check with local hospitals shows that this cost averages between \$23 a day, for a semi-private room, to \$32 a day.

#### Other Benefits

Other benefits include hospital confined miscellaneous expense, surgical expense benefit (the average cost for use of the surgery is \$20 an hour) out patient expense, and ambulance expense.

Application forms are available either from Bradshaw's office or from Mrs. Nora Simpson, the college nurse. So far, 200 FCC students have signed up for the insurance policy.

WHITE MEETS WHITE — Stuart M. White, Fresno City College president, shakes hands with Miss Shirley White, the student body president.

### FCC Presidents Extend Welcome To Students

"As president of the student body, I wish to take this opportunity to extend a welcome to all students enrolled in Fresno City College.

"As we begin the school year, I want to encourage each of you to take an interest in all school activities which are planned for your benefit.

"We have a wonderful student council this year and if at any time you have any problems, please feel free to ask their help. The student council meetings are open to all students, and any suggestions from students are welcome.

"I wish each of you a pleasant year."

Shirley White,  
Student President

### COLLEGE PRESIDENT, FOOTBALL COACH SPEAK AT ASSEMBLY

Stuart M. White, FCC president, and Shirley White, student body president, were the featured speakers at the first assembly last Thursday in the school auditorium.

Miss White urged both new and old students to participate in the activities at school. She presented the school president who introduced the administrative staff, the student body executives, and members of the student council.

White expressed the hope that the added parking facilities on University Ave., though not completed, will be adequate in helping to alleviate the parking problem. He added that the new technical and industrial buildings

should provide one of the best divisions of its kind in the state. Estimating the total cost of campus improvements at \$1,800,000, he requested that all students use the facilities with care.

White pointed out that it is becoming necessary for people to have a college education, and as enrollments increase the requirements must correspondingly be raised. He conveyed his disappointment in the number of student probations and disqualifications during the spring semester, and added his hope that this will be improved this semester.

Football coach Clare L. Slaughter spoke briefly and asked that

(Continued on Page 2)

"For the faculty and administration of Fresno City College, I extend a most cordial welcome to all students as we begin this school year of 1959.

"The tremendous strides made by our college in the past few years have been spent in the past year to provide our students with a unified campus for the first time in many years. Thousands of dollars have been spent in the past year to provide our students with a fine campus, excellent instructional equipment, and a competent faculty.

"I strongly urge every student, regardless of his major, to give his fullest support to all college activities and to work toward greater friendliness of campus life and the strengthening of our unified campus. By the end of this school year I hope that you will be able to say to yourselves, 'Behind me is a year of achievement; before me is another year of opportunity.'

Stuart M. White  
President, FCC

### WOMEN TO HOLD FIRST MEET, PLAN ACTIVITIES

The Women's Recreation Association at Fresno City College will hold its first meeting Sept. 29 in the women's gymnasium.

Miss Wyn Winther will preside at the 11:00 meeting where plans for the first Sportsday will be discussed.

Sportsday, to be held on Oct. 31, will have the theme "Halloween Carnival of Sports."

Miss Margaret Tylor is the faculty advisor of WRA and Miss Cathern Irwin is the co-advisor.

### Student Council Hosts First Social Event For Fall Semester

The second annual Ramburger Roundup will begin with a barbecue tomorrow at 6:30 PM on the student center lawn.

The Fresno City College student council will be host to students and faculty members at the first student social event of the school year.

### White Outlines Master Plan

Stuart M. White, president of Fresno City College, outlined the framework of the master plan survey of higher education in California at the first faculty meeting of the current school year.

"The school last year," stated White, "had day classes on three campuses and four campuses at night school." This fall is different with the completion of six new shop buildings at a cost of about \$1,500,000.

#### United Campus

White said that tremendous progress has been made in giving us a united campus. "We are now preparing for the celebration of our golden anniversary next year," said White to the 110 full-time faculty members.

White said the most pressing issue in California Junior College education today is the higher education survey. He said that a resolution of the legislative last spring requested the liaison committee of the state board of education and the regents of the University of California to prepare a master plan for the development, expansion, and integration of the facilities, curriculum, and standards of higher education in junior colleges, state colleges, and universities.

#### Master Plan

White said that a survey is being made by a master plan survey team and a joint advisory committee of the universities.

(Continued on Page 2)

Male members of the faculty will serve the dinner menu consisting of barbecued beef "Ramburgers," potato salad, coffee, milk, coca cola, and ice cream.

Eric Radanovich, chairman of the Ramburger Roundup, announced that students must present their tickets before being served. The purpose of distributing the tickets is to determine the amount of food to order.

The student center social hall will be the scene of the final event of the evening when Jack Rustigan's band will play for dancing from 8 to 11 PM.

Rodger Dunham will be master of ceremonies and is also in charge of arranging for entertainment preceding the dance.

Radanovich and Diane Nixon, student body secretary, are general chairmen of the affair. Other committee chairmen are Rollin Scott, publicity; Fred Randall, tickets; Allen Graves, arrangement of facilities; and Lawrence Cobb, clean-up.

### New Pep Girls, Yell Leaders Are Picked

Eric Radanovich, commissioner of rallies, announced the results of the pep girls and yell leader tryouts.

The three yell leaders are Jim Phelan, Ann Brannon, and Linda Pelletier. Phelan is head yell leader.

The six successful pep girl contenders were Rita Comeau, Yvonne Jackson, Dezie Woods, Marydale Brosmer, Marilyn Kelly, and Sharon Haroin.

STUDENT BODY YELL LEADERS — Ann Brennan, Jim Phelan, and Linda Pelletier generate school spirit from the FCC fans at the Fullerton football game.

## Rampage Editors Welcome Students

We, the co-editors of the Rampage, would like to extend a cordial welcome to all students on behalf of the Rampage, the weekly school paper.

The Rampage is a paper dedicated to a policy of responsibility to the student body, faculty, and the administration, sincerity, impartiality, fair play, decency, and localization.

We would like to urge all students to participate in as many campus activities as possible but to keep in mind the importance of giving the proper amount of time to studying.

All suggestions to the Rampage will be carefully read and considered. Students may use the suggestion boxes for this purpose. All suggestions must be signed and will be published in the Rampage.

David Hanna and Diane Nixon

## Governor Brown Expresses Interest In FCC Progress

To All The Students of California:

With the opening of this first school year since I became Governor, I want to express to every student in California the real interest of all our States in your personal progress and education in the coming months.

I want you to know that a really great effort is being made by your own community and our State to provide fine school opportunities for you. Just in dollar terms, for example, the State's share of support for our public schools was raised this spring, and the citizens of California believe their contribution towards your education is the best investment we can make.

I hope you will make full use of the tangible and moral support being given your schooling by your parents, your teachers, and all of the rest of this State. We deeply want your own individual development for your own sake. But you must also prepare to help meet the opportunities and challenges of your immediate area, our State and Nation, and—in fact—all the world about us.

I hope you will undertake this school year with real interest and determination. I have a 13 year old daughter of my own in school in Sacramento, and I want to encourage you as I do her. She, like you, may not always see the immediate need, but for yourself and all of California, I hope your teachers this year encourage you to work harder, including certainly the homework, and get much greater good and enjoyment in what you are doing than ever before.

My best personal wishes and hopes for your new school year!

Sincerely,  
EDMUND G. BROWN, Governor

## 59 Qualify As Honor Students White Outlines Master Plan

Archie Bradshaw, FCC dean of students, announced that fifty-nine students have qualified for Alpha Gamma Sigma, the California scholastic honorary society.

The qualifying students were chosen after fulfilling the eligibility requirements. The requirements are to carry 12 units or more, to earn 42 grade points or more, and to have a grade point average of 3.0 for the semester. None of the students had a grade lower than a "C."

Last year Phi Theta Kappa was the other national organization having honorary standing at FCC, but it has been dropped by action of the student council.

The students are: Barbara Anderson, Sonya Austin, Dorothy Barnes, Gisele Boroyan, Phyllis Garrich, Gonzalo Chacon, Nish Chillingurian, Carroll Christiansen, Charles Corum, Beth DeFar, Kay Fouts, Jim Gaither, Trinidad Gonzales, Larry Grossi, Isidlo Gutierrez, David Hanna, Florence Harper, Deanna Haw, Irene Hernandez, Barbara Hochderffer, Clarence Johnson, Beverly Kadow, Mary Kamimoto, Tamra Koerner.

Other eligible students are Shirley Kumano, Mabel Lethem, Evelyn Lovelace, Debra McClintock, Llandona Miller, Judy Monson, Maggie Moore, Catherine Morison, Earl Mostad, Franklin Nahayama, Diane Nixon, Rodolfo Nunez, Kelgo Obata, Daniel Opperman, Shirley Pacheco, Robert Parkman, Michael Phillips, Norma Rose, Thomas Russell, Dorothy Salsman, Dorothy Scott, Lloyd Simmons, Johnny Smart, Helen Stewart, Hubert Tanaha, Miyeko Teranishi, Don Walker, Wayne Wallace, Bette Ward, Roy Weldy, Shirley White, Richard Williams, Phyllis Williamson, Kin Ying Ken Wu and Charles Young.

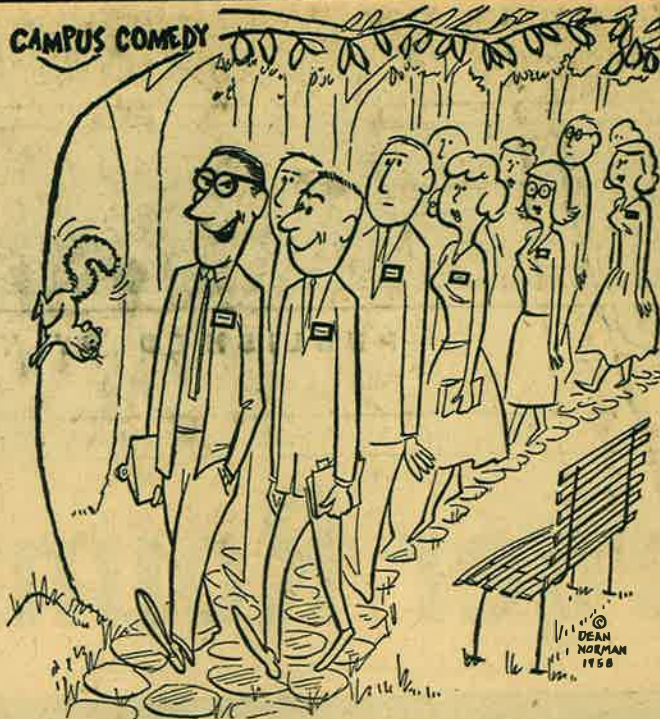

(Continued from Page 1)  
state colleges, junior colleges, and independent colleges.

The two committees are studying the relationships of the four types of institutions and defining their functions.

On the subject matter of selection and retention of students in junior colleges, White said that about half of the students in a four year college do not graduate. He said the state average of dropouts in a junior college is between 20 and 22 per cent. It is between 12 and 15 per cent at FCC.

## \$1,500,000 Shop Buildings In Use

Fresno City College's \$1,500,000 construction program has been completed.

This consists of six new shop buildings on the University Avenue campus.

Fresno City Board of Education made formal acceptance of the buildings in July. Equipment for the carpentry, machine shop, auto mechanics, body and fender, lapidary, and mill cabinet classes has been moved into the buildings.

The old city college shop buildings on the Edison campus are being used by Edison High School. They are converting them into auto mechanics, general metal, wood, graphic arts, and electricity buildings.

### New Courses

FCC will offer eight new classes in the new buildings next year. They include beginning and advanced heavy duty and diesel mechanics, mathematics of electronics, fundamentals of electronics, electronic systems, communication licensing, liquid petroleum, and geriatrics.

The six buildings of prefabricated concrete have more than 100,000 feet of floor space and gives FCC a unified campus for the first time since 1952.

The technical and industrial division serves hundreds of students in many day and evening classes in the six new buildings.

## Students Invited To Bay Picnic

Foreign students attending Fresno City College have been invited to attend an International Family Day in Oakland, Calif. on Oct. 4.

The committee for International Family Day has invited the students to attend the picnic in native dress.

The picnic, to be held in Woodminster Amphitheater in the East Oakland hills, will begin at 12:30 PM. Students wishing to attend are asked to contact their campus foreign advisor before Sept. 25. Peter K. Hess, a student from the University of San Francisco, is in charge of student participation.

His Excellency Ben C. Limb, Ambassador to the United Nations from Korea, will be the principal speaker of the afternoon program commencing at 2 PM.

FCC has an International Club which is open to both foreign and American students.

## What Is New?

By ANDREW FEDERICO

A fellow with a tired looking neck, a patching beard and cocker spaniel eyes, came up to the typewriter of a reporter one day and said in a passive tone, "Do the dead know what time it is?" causing the reporter to say, "What?"

So, in the same tone, the fellow said, "It is dark out, Jack. The stations don't identify themselves."

And, again the reporter responded with, "What?"

"Did I ever tell you about the time my mother met God?" The fellow said.

"Not recently," the reporter said.

"Let me tell you about it. He took her hand and she started to cry—"

"Who did?" the reporter interjected.

"My mother," the fellow said.

"Why?"  
"How do I know why? What would you do if something like that happened to you? Anyway, these weren't my ideas. I heard them on a poetry and jazz record the other day."

"Whose poetry and whose jazz?" the reporter said, getting the hang of things.

"A poet named Kenneth Patchen and a sextet."

"So why tell me?"

"I want you to put something in the newspaper about it."

"You mean, about if the dead know what time it is?"

"Sure," the fellow said, getting all excited and not knowing what to do, or say next, "It's really great. You should give it a listen. Everyone should. It's boss action. You should hear Patchen and the music as he says, 'I went to the city and there I did weep. Men acting like fools and living like sheep. Oh, can't hold the hand of my love, can't hold her lily white hand,' it's pitifully sad and happy things all at once," the fellow concluded, going through all sorts of facial expressions.

"I'll see what I can do for you," the reporter said, and the fellow started out the door saying something about the murder of two men by a kid wearing lemon-colored gloves.

## '58 Yearbooks Are Available

Arthur Margosian, yearbook advisor, has announced that 40 copies of last year's yearbook are still available.

The books, which cost \$2.50, may be purchased in the yearbook office located in Room 211 of the Student Center during the afternoon hours.

## Veterans Must Complete Attendance Report

All veterans attending FCC under any of the GI Bills are reminded that they must complete a Veteran's Monthly Attendance Report each month, announced Mrs. Louise B. Murphy, secretary, Veterans Office.

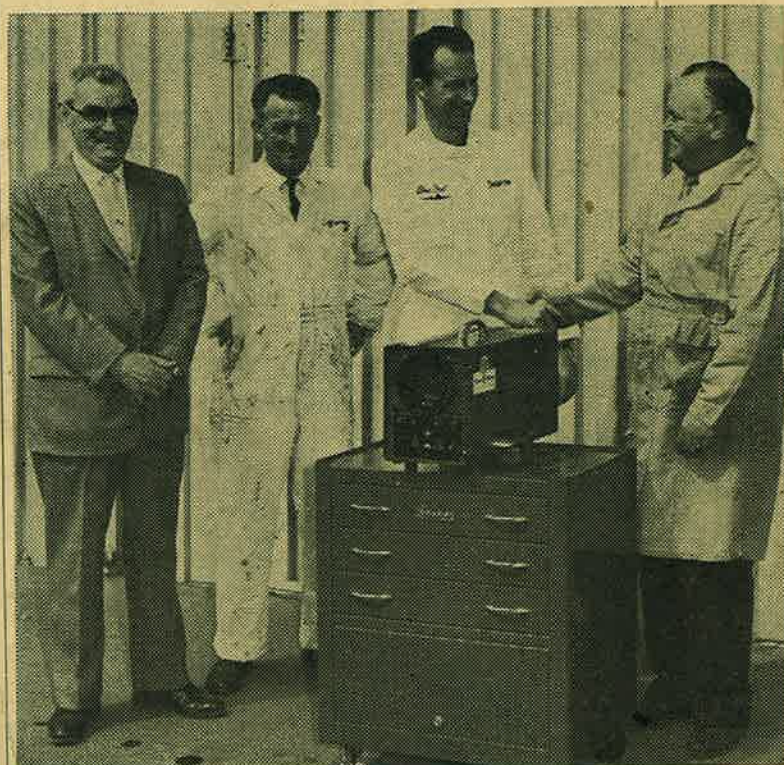

Except for the instructor's signature the form should be completed and dated before it is taken into the veterans office.

This form is not to be signed before the last day the class meets in the month.

## COLLEGE PRESIDENT SPEAKS IN ASSEMBLY

(Continued from Page 1)

the student body give the team full support during the season. Though most of the players are new this season, he expressed his belief that the team would be in good shape for the first league game on Oct. 3.

IGNITION ANALYSER — Two representatives of a tool company present a \$900 ignition analyser to FCC auto mechanics shop. Pictured from left to right are E. F. MacIlvain, company representative; Charles Coffman, auto mechanics instructor; Al Gerber, company representative; and Joseph Woodman, auto mechanics instructor.

# German Is Offered At City College

John S. Hansen administrative dean, announced that FCC is providing a class in beginning German for the first time.

Three years ago only one foreign language, Spanish, was offered. Since then, French, Russian, and German have been added to the curriculum in that respective order. Hansen speculated that if the demand for foreign languages continues, more languages will be added. The next one will probably be a Slavic language.

## Four Languages Offered

Another addition, second year Russian is being offered for day students. Both beginning Spanish and Russian are being taught in the extended day classes this semester.

Hansen said the foreign language courses are becoming increasingly popular with students, indicating an increasing awareness of their importance. Another incentive, he said, is a state law enacted in 1958 allowing state colleges to require foreign languages in certain majors.

## German Taught

A new member of the faculty is teaching German and Russian classes this year. G. Alex Kalistratov, a native of Latvia, was graduated from the University of Pennsylvania and taught in the army language school in Monterey for four years.

The Spanish instructor, D. Lee Ross, has studied or taught in Mexico, Cuba, and the Philippines. William A. Reynolds, Jr., who studied at the Sorbonne in Paris and who has both a bachelor and a master degree in French from Stanford University, is the French instructor.

# Students Receive Free Bus Service

Fresno City College operates three buses and one station wagon for those students who live out of town. All buses and the station wagon arrive at the FCC campus at 7:45 AM.

One bus originates in Madera at Mary's Cafe at 6:45 AM. It travels west out Madera Ave., and arrives at Kerman Union High School at 7:05 AM and leaves at 7:10 AM. It turns east on McKinley, arrives at Central Union High School at 7:20 AM and leaves at 7:25 AM.

## Bus Schedule

The second bus originates in Chowchilla, and leaves there at 6:45 AM and arrives at Casa Grande Motel at 7:10 AM. The bus leaves there at 7:12 AM.

The third bus originates in Sanger. It leaves Sanger from the Snow White Drive-In at 11th and N Sts. at 6:25 AM, goes out Academy Ave. to Adams and arrives at Fowler High School at 6:49 AM. The bus leaves there at 6:45 AM, arrives at Adams and Elm Aves. at 6:59 AM. It arrives at Washington Union High School at 7 AM and leaves at 7:05 AM. From there it turns east on American Ave. and arrives at Malaga at 7:20 AM. The bus travels north on Chestnut St. to Tulare St.

## Bass Lake Served

The station wagon leaves Bass Lake at 6:30 AM and stops at Oakhurst and Coarsegold.

The buses leave on their return trips at 4:15 PM from in front of the school.

The station wagon leaves at 4:15 PM from in front of the student union.

NEW FACULTY MEMBERS — The new Fresno City College faculty members are, first row, left to right, Miss Catherine Irwin, Mrs. Leneve Leatham, Robert Hopson, Miss Sylvia Jaskari, and Mrs. Grace Gartman; second row, Richard Cleland, Arthur Margosian, Howard Goolsby, Charles Moran, and Laurance Coons. Not pictured are Mrs. Norma Carpenter, Walter Conkey, Gleb Kalistratov, William Marks, Victor Okkerse, Richard Sandau, and Mrs. Grace Gartman.

# 16 New Instructors Appointed To Faculty

Administrative Dean John S. Hansen announced the appointment of new faculty members.

Four of the new faculty are transfers from the Fresno City School system. They are Mrs. Norma J. Carpenter, home economics; Richard L. Cleland, industrial arts; Leneve S. Leatham, English and mathematics; and Victor J. Okkerse, mathematics and physical science.

Miss Sylvia Jaskari, who came to FCC from Texas Lutheran College, is teaching in the business division.

## Diesel Mechanics

Howard T. Goolsby, former night school coordinator in the field of auto mechanics, and Walter S. Conkey, also from the evening program will be teaching in the Technical and Industrial Division. Conkey will be the heavy-duty diesel mechanics instructor.

Laurance E. Coons, formerly of Culver City, will be available as a full-time counsellor.

The women's division of physical education has as an instructor Miss Cathern M. Irwin, former supervisor of physical education in the Stanislaus County schools.

Arthur H. Margosian, who did public relations work at Fresno State, is teaching journalism, photography, history and English.

Charles L. Moran, a former Fresno High School teacher, has just completed a year's leave of absence on a National Defense Scholarship. Moran is teaching biology at FCC.

Richard R. Sandau has come from Oxnard, Ventura County, to teach English.

## Foreign Languages

G. Alex Kalistratov is the instructor for German and Russian. He has just completed four years at the Army Language School in Monterey.

Mrs. Grace Gartman, who previously taught at Clovis High School, is teaching in the education division.

Mrs. Gartman is teaching Mrs. Helen Cates' classes. Mrs. Cates is taking over the classes of Kate Darling, who is ill.

William Marks is teaching day and evening courses in sheet metal.

Psychology is being taught by Robert Hopson, who has been teaching in Santa Cruz.

Still to be employed is a director of nursing, in anticipation of the beginning of the registered nurse program next fall.

Hansen pointed out that junior colleges are in a particularly favorable position in obtaining teachers. He said that teachers prefer working with students who are more mature than those at the high school level.

**Patronize Our Advertisers**

# AGS Makes New Plans For Semester

Florence Harper, president of Alpha Gamma Sigma, a student honorary society, announced that students who were members of AGS last semester will be notified by mail of the first meeting. Students who have not been members, but who are eligible, will also be notified.

The rosters are being scanned now for this information; however, if you think you qualify for membership and your name is overlooked, please attend the first meeting.

Qualification for membership is as follows: A student must be carrying a minimum of 12 units, have a grade point average of 3.0 and never having received a D or an F for any course.

Fall semester officers are Mrs. Harper, president; Naomi Hobbs, vice-president; Shirley Pacheco, treasurer; and Catherine Morrison, secretary.

AGS has two new sponsors this year, Dr. Paul Pastor and Mrs. Margaret Taylor. The sponsors and officers are making plans for a very active year. They urge all interested, eligible students to attend the first meeting.

# Language Lab Will Be Ready Soon

The only foreign language lab in the Fresno city schools system is being installed on the FCC campus.

Lloyd Tingy, who is supervising the installation of the equipment, stated that the laboratory will be ready for use within two weeks.

The money for this project has been provided under Title III of the National Defense Education Act of 1958. School officials announced that \$7,257 is being provided by the federal government, and a matching such of \$7,259 has been approved by the Fresno City Board of Education. The total cost will be \$14,516.

D. Lee Ross, FCC Spanish instructor, said that the equipment will consist of 30 soundproof booths and a master council.

Each of the 30 booths will have a tape recorder with a two track tape. The instructor's voice is recorded on the top track of the tape. The student plays the instructor's pronunciation of the word, and then records his own pronunciation on the bottom half of the tape for comparison. He can then repeat the process until the word is learned.

Ross said that the laboratory will enable the students to participate actively during the laboratory period rather than to be in the passive situation of the conventional class in which the student participates actively only two or three times during a class period.

John S. Hansen, administrative dean, said that the language laboratory, when completed, will be available to day classes in Russian, French and Spanish and beginning German. Hansen stated further that the laboratory will also be available to night classes in beginning Russian and Spanish.

Ross said the addition of the language laboratory will greatly improve the student's understanding of foreign languages and its instruction.

**ATTENTION**  
We need 3 musicians. Vibes, Tenor Sax and Piano Player. Contact Jeane J. Harrigal, Ph. BA 7-1602 any time after 5:00 P.M.

# Reception Honors New Instructors

The Fresno City College faculty held its first social event of the fall semester on Sept. 13 in the student center patio. It was the annual president's reception.

The guests were received by the FCC President Stuart M. White and Mrs. White and F. Harrison Hall, the Faculty Club president, and Mrs. Hall.

The guests of honor were Messrs. and Mmes. Charles F. Carpenter, Richard L. Cleland, Walter S. Conkey, Laurance E. Coons, Howard T. Goolsby, Robert K. Hopson, G. Alex Kalistratov, Lee H. Latham, Arthur H. Margosian, William A. Marks, Charles L. Moran, Victor J. Okkerse, and Richard R. Sandau, Miss Cathern M. Irwin, and Miss Sylvia Jaskari.

Invited guests were Drs. and Mmes. Edwin C. Kratt, Arnold E. Joyal, Irwin O. Addicott, and Dallas A. Tueller, Dean and Mrs. James M. Malloch, and Messrs. and Mmes. James H. Robinson, Dennis B. Wheeler, George W. Turner, Lewis S. Eaton, Erwin A. Dann, and J.-C. Trombetta.

Floyd J. Quick, vice president of the Faculty Club, was the general chairman in charge of the reception. He was assisted by Mrs. Louise B. Hazelton and Mrs. Jonell Krikorian, decorations; Mrs. Hazel V. Pedersen, Miss Gertrude Stubblefield, and Miss McCormack, refreshments; Miss Doris Deakins, general arrangements; and Mr. and Mrs. Walter V. Whitmann, name tags.

# BOOKSTORE, CAFETERIA HOURS ANNOUNCED

Mrs. Jewel Herbert, bookstore manager, announced that the bookstore will be open from 8 AM to 4 PM Monday through Friday and from 6:45 PM to 8:45 PM Monday through Thursday.

Mrs. Nina Stradal, cafeteria manager, said the coffee shop will be open from 7:30 AM to 4 PM Monday through Friday and the cafeteria will be open from 11 AM to 1:30 PM Monday through Friday.

# Hornets Hold Off Three Ram Drives For 6-6 Tie

The Fullerton Junior College Hornets held off three Fresno City College Ram drives in the last half to gain a 6-6 tie. The tilt was both teams' opening game of the season. The game was played in McLane Stadium Saturday night.

Neither team's offense had a chance to really jell on the slippery turf. Fresno's Gene Bamburg made the longest run of the evening of 22 yards in the second half.

Fullerton's line, which outweighed the Rams by nine pounds per man, forced the Rams to the outside. When Fresno would try to go through the line they were stopped for short gains or a loss.

### Fullerton Scores First

The Hornets drew first blood in the game. Their drive started when they recovered a Ram fumble on their own 49 yard line. A pass from Ron Fujino to Armond Corona was good for 11 yards to the Fresno 42.

Fujino then swept left end for another 11 yard gain to the Ram 31. Leon Porter and Corona lugged the ball to the 16 in two consecutive plays. Dick Hildebrand skirted left end for nine yards to the eight, setting up the first touchdown.

Porter was thrown for a two yard loss on the first play but Al Owens broke through the center of the Ram defense and was dropped on the one yard line by Ram Chet Rooters. Owens then went over right guard for the TD. Owens attempted to run for the two point conversion try but was stopped short.

### Rams Drive Back

After a 17 yard kickoff return by Gene Bamburg to the Ram 39, Fresno started its touchdown drive. From the 44 Fullerton was penalized 15 yards for unsportsmanlike conduct, putting the ball in play on the Hornet's 41.

After a three yard gain by Bamburg, Willie Turner skirted left end for a 12 yard gain. Turner carried to the 20 and fullback Harry Miller carried to the Fullerton 7.

Bamburg was held for no gain; then quarterback Bob Hart threw a spot pass to end Joe Williams, good for six yards. From the one Harry Miller drove over for the score. Willie Turner attempted to run for the conversion but fumbled the ball.

Following the Ram kickoff, Chet Rooters intercepted a Fullerton pass, and although helmetless, returned the ball to the Hornet 35 before being brought down.

From the Hornet 35 Miller and Turner carried to the 24 in two quick plays. Miller tried twice to find a hole in the Fullerton defense, but both times was held for no gain.

### Hornets Come Close

With Fullerton taking possession on their own 26, with only a few minutes left in the half, the Rams slacked up on their defense.

A pass from Porter to end Marty Vedova was good for 19 yards. Hildebrand and Porter then bulled their way to the Ram 43. Another pass to Vedova put the Hornets on the 32. Short gains in four plays took the battling Fullerton team to the Fresno 13.

A five yard penalty against Fullerton for offsidess nullified a gain by Hildebrand. With seconds left, quarterback Porter tossed a pass to back Corona who fumbled it momentarily and then dropped it. Fresno retained the ball and kept possession until the gun sounded, ending the half.

### Fresno Almost Scores

Early in the third quarter the Rams almost scored. Bamburg received the opening kickoff and returned it to the Fresno 38. A personal foul against the Hornets put the ball on the Fullerton 48. The Rams marched 29 yards in four plays. Turner lugged to the

17 and Bamburg went to the six before being hauled down. Miller was thrown for a two yard loss but a pass from Hart to Willie Wheaton brought the ball to the two. Bamburg tried the center of the line but was stopped. Turner tried the line but fumbled and Fullerton recovered, ending the Fresno scoring threat.

### Rams Halted Again

Fresno's longest drive, 55 yards, showed best the full potential of its fast backs. Midway in the final quarter the Rams put on their last drive.

Starting on their own 29, Bamburg slanted off tackle for a 22 yards gain to the Hornet 48, lacking only one block of going all the way. Miller also slanted off tackle for an 11 yard gain to the 37. Bamburg carried to the 28 and Miller banged to the 21. Bamburg went to the 19. A fumble ended the drive.

The teams battled at midfield for the remaining minutes and the tilt ended in a 6-6 tie.

### The scoring summary:

Fullerton .....6 0 0 0 — 6  
Fresno .....0 6 0 0 — 6

Touchdowns — Fullerton, Porter (one yard plunge); Fresno, Miller (one yard plunge).

## SPORTSTALK

By LARRY ADAMS

Although baseball still holds the national sports interest, especially that of Californians, on the collegiate level football has taken over the scene.

At Fresno City College, interest went to fellow Central California Junior College Athletic Association teams, as well as to the Rams. For those new to Junior College athletics, Fresno's league opponents include College of Sequoias of Visalia, Reedley, Porterville, Taft, Coalinga, and Allan Hancock College of Santa Maria.

All league teams opened their season and only two of the teams came up with wins. The Coalinga College Falcons defeated Shasta College of Redding 22-8. Allan Hancock scored their first first game win since renewing JC football in 1956. The Bulldogs eked out a 24-20 win over Oceanside-Carlsbad JC.

All other teams in the league, with the exception of FCC, suffered defeats.

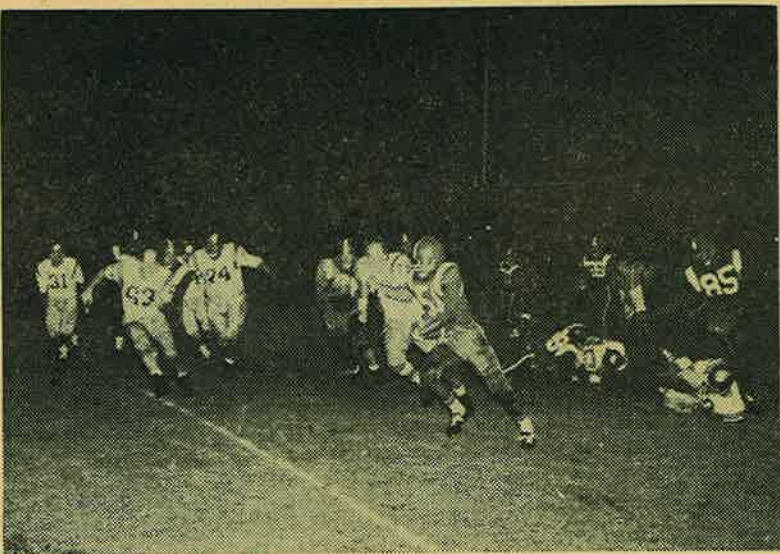

The Taft College Cougars, us-neck, a patchy beard and cocker ually one of the top contenders in the league, were dropped 26-8 by the Cal Poly Frosh. The Porterville Pirates suffered the worst defeat of a CCJCAA team when they were blanked 33-0 by Hartnell of Salinas.

In the other two games, the College of Sequoias was stopped by Monterey Peninsula College of Monterey 14-6 and Antelope Valley of Lancaster dropped the Reedley College Pirates 28-7.

In games to be played this weekend, Coalinga will travel to Auburn to play Sierra College. Hancock will play host to Santa Barbara while Fresno CC will travel to Stockton. COS will meet Mt. Antonio College at Visalia.

The Porterville Pirates will meet American River JC in Sacramento and Taft will travel to Lancaster to meet Antelope Valley. Reedley College will go all the way to Phoenix, Arizona to meet the Phoenix JC eleven.

Next weekend will start the 1959 CCJCAA league season.

RAM FULLBACK Harry Miller (51) sweeps left end for a 13 yard gain against the Fullerton JC Hornets. The action took place during the first quarter. The two teams battled to a 6-6 tie Saturday night. Miller was finally brought down by Hornet Ken Noble (75).

## Rams To Try For First Win Of Season At Stockton

By RICHARD KRIKAVA

The speedy Fresno City College Rams will invade Stockton Saturday night in an effort to upset the highly rated Mustangs and to avenge last year's 14-6 loss. The Rams have only two wins in six tries at the Stockton squad.

The Mustangs, under new coach Larry Kentera, were ranked as the number one junior college team in the country. The Mustangs' 20-0 defeat last week at the hands of the rugged Bakersfield Renegades might change the picture in favor of the traveling Rams.

Although going into the contest on the short end, the Rams are determined and plan an all out battle in an attempt to upset the favorite. They also hope to bring FCC its first victory of the season for head coach Clare Slaughter and his staff.

### Rams Face Veterans

Fresno will see many of the same faces that pinned last year's 14-6 loss on them. The report from the northern campus is that

**The Fresno City College Rams have been ranked 1st in the Central California Junior College Athletic Association race for the 1959 football season by the Southern California Grid Index.**

they are loaded with returning lettermen. The Mustangs have a heavy line, with an average weight of 210 pounds per man, and speedy backs.

It appears that the Rams will use the same backfield that started against Fullerton. Most of the weight will be on Gene Bamburg, who ripped through the Fullerton defense last week for many long gains.

### Line Gets Workout

Coach Slaughter put his line through heavy drills throughout the week, hoping to toughen up the forward wall.

The Rams came out of the Fullerton game without a serious injury and they will be aided by the return of center Woody Gregory. Gregory had been sidelined by an ankle injury. Cliff Beagle, six foot, six inch, 230 pound tackle, returned to the squad after being laid up with the flu.

The starting lineups for the game:

STOCKTON	Wt.	Pos.	Wt.	FRESNO
Simpson	173	LE	192	Wheaton
Edwards	220	LG	250	Ragghianti
Nisby	193	LG	185	Rooters
Watkins	220	C	168	Gregory
Laughlin	200	RG	155	Simonian
Mulloy	265	RT	195	Scott
Del Nero	195	RE	178	Williams
Flock	165	QB	175	Hart
Hall	160	LH	165	Turner
Mckonzie	165	RH	162	Bamburg
Bradford	180	FB	160	Miller

## Freshmen Spark Ram Basketball Team Chances

This year's Ram basketball team received a shot in the arm when four members of last year's KMJ, KMJ-TV, Fresno Bee, All-City first team, and colorful guard Joe Lee from Washington Union High School of Easton, enrolled at FCC.

Tom Jacobsen, a six foot, four inch forward, from coach Lee Angelich's Fresno High School Warriors leads the freshmen casabamen. Jacobsen averaged 20 points per game last year and was a standout at rebounding.

Dick Taylor, a top scorer and rebounder from Bullard High School, Russ O'Leary, a six foot, five inch center who formerly played at San Joaquin Memorial, and Cleo Johnson, a classy, top notch defensive player from Edison High School, round out the all-star cast of freshmen.

Add these five to returning lettermen Chet Bishop, Darnel Mikel, Lee Stark, Ray Allen, and team captain Charley Lowe and the Rams will be out to regain the CCJCAA crown, which they lost to Allan Hancock of Santa Maria in 1956.
