

'Funeral' Set For Next Wednesday

Honorary Societies Plan Installations And Initiations

The officers and sponsors of the two Fresno City College scholarship societies are busy planning installation programs and initiation ceremonies.

Douglas Eudaly, president of Alpha Gamma Sigma, the California junior college scholastic honorary society, has announced the date for AGS installation and initiation to be Mar. 12 at 7:30 PM in the coed lounge.

The list of new officers will be announced after the election which is scheduled for Mar. 5. The Rambler photographer will take pictures of the new officers at noon the day of the election.

Orientation Planned

The national scholarship society, the Phi Theta Kappa, will have a one hour orientation program for new members on Mar. 12 at 3 PM in the coed lounge.

President William Tuck of Phi Theta Kappa has appointed Mrs. Mabelle Bell chairman of the refreshment committee. The committee includes Roberta Calhoun, Tuck and John Red-Horse. A St. Patrick's Day theme has been chosen.

Tuck said the date of initiation will be announced at a later date.

Installation Scheduled

John Red-Horse will be installed as president at the orientation social. Other officers to be installed are Mabelle Bell, vice president; Roberta Calhoun, secretary; Beva-deen Breeding, historian-treasurer, and James Woodman, Interclub Council representative.

Mrs. Louise Hazelton, a sponsor of Phi Theta Kappa, urges all students eligible to become members of the scholarship societies to join.

She added that membership in an honor society has value on a transcript of any student and being an active member gives added prestige.

Each society has faculty sponsors. Mrs. Louise Hazelton, Mrs. Dorothy Bliss and Dr. Paul Pastor are sponsors of Phi Theta Kappa. Mrs. Margaret Collier and Dr. Rolf Ordal are sponsors of Alpha Gamma Sigma.

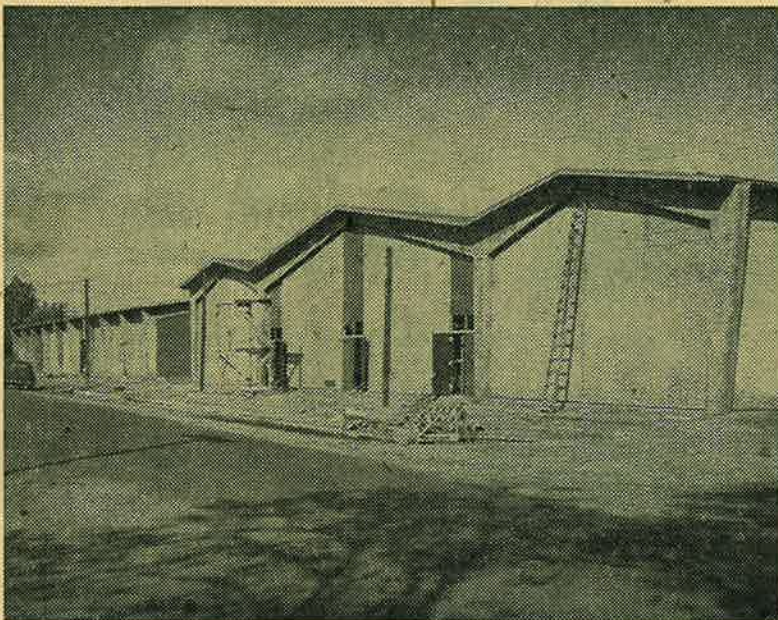

This year 103 students are eligible to join Alpha Gamma Sigma and 66 people have qualified for Phi Theta Kappa.

Tomorrow Is Last Day For Dropping Of Classes

Tomorrow is the last day for day and evening students to drop classes without penalty.

George C. Holstein, dean of admissions and records, said any student who drops a class after tomorrow will receive a WF.

"To get any better than a WF," added Holstein, "the student must obtain a student petition. Then it is up to the discretion of the instructor as to whether the student was achieving a passing grade."

BUILDING PROGRESS — The new shop buildings on the University Ave. campus are gradually becoming completed. The shops will be ready for occupancy in September.

Final Enrollment Figures Reveal 3,967 Students

Completed enrollment and late registration records now show a total enrollment of 3,967. This figure includes day and night students and those attending under special programs.

George C. Holstein, dean of admissions and records, compiled a breakdown of the attendance. In the business division there are 559 day students of which 235 are men and 324 are women. Attending night classes are 158 men and 93 women.

The general education division program has an enrollment of 588 men and 330 women for day classes. For general night classes there are 303 men and 240 women.

The technical and industrial division is next with 542 men and

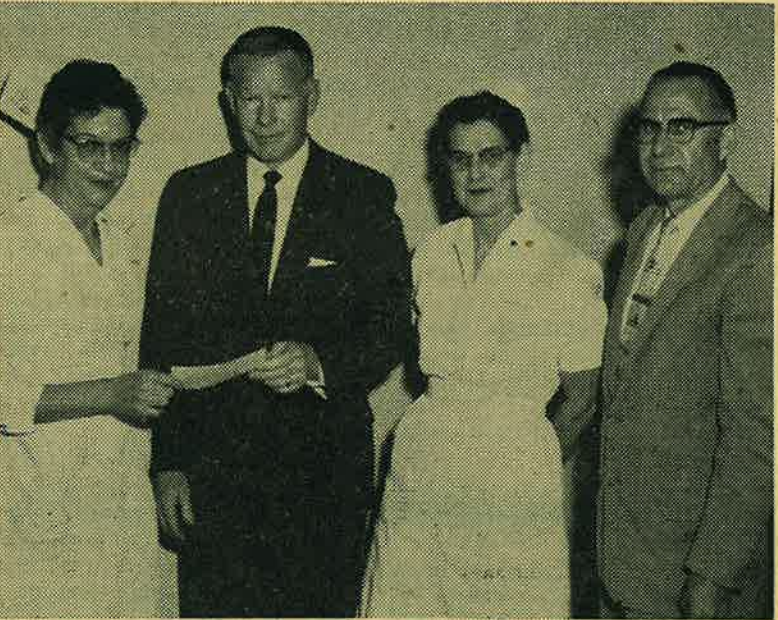

43 females in its day classes. The night classes total 1016 men and only 5 women.

Attending a special program are 70 high school students from several high schools in the surrounding area. They will receive 15 units toward their graduation.

General Motors Science Assembly To Be Held

The General Motors Science Show will be presented in the auditorium of the Fresno City College Apr. 6 at 10 AM.

A highlight of the show will be the GM Sunmobile, the miniature car that runs on the sun's power. In addition to sun power, a visual history of the jet engine in capsule form will be presented.

LOAN FUND GIVEN — Mrs. Ruby Oberst of the Fresno District 14 of the California Licensed Vocational Nursing Association presents a \$100 check for a Fresno City College vocational nursing loan fund to FCC President Stuart M. White. Watching the presentation are Mrs. Evelyn Boyen of the association and Robert P. Hansler, dean of the technical and industrial education. Needy students may borrow up to \$50 from the fund to pay college expenses; applications may be made to Hansler and Mrs. Josephine Hostetler, FCC acting coordinator of vocational nursing.

Students To Vote March 11, On Changes Of FCC Constitution

An election for changing the constitution at Fresno City College will be held on Mar. 11 on the Edison, O St. and University Ave. campuses.

Douglas Eudaly, student body president, said, "The amendments tend only to clarify the present constitution and, with the exception of the first, are not radical in nature."

Three Voting Places

Booths for the election will be in the auto shop on the Edison campus; outside the Ramble Inn on the O St. campus; and in the student center foyer at the University Ave. campus.

Eric Radanovich, commissioner of elections, urges everybody to vote.

Radanovich said "This is your constitution and it gives you your student government."

The ballots will be counted at 3 PM on Mar. 11 and will be announced in the next edition of The Rampage.

Listed Changes

The proposed changes are as follows: (1) Life membership in the Associated Student Body will be granted on a more liberal policy.

(2) Duties of representatives at large were not specifically defined before. They will be incorporated into the constitution in a new two-clause section.

(3) All cabinet members must maintain a "C" average.

(4) The constitution will specifically list voting members of the student council.

(5) All elected officers must maintain a "C" average.

(6) Candidates for the offices of student body president and vice president must have an overall college average of 2.5 and at the mid-term of the semester they are running.

Veterans Push Flag Pole Project

The construction of a flag pole for the Fresno City College campus is under consideration as a project for the Veterans Club this semester.

William A. Rumley, club sponsor, said that in the opinion of the veterans club, the present manner in which the flag is displayed is inappropriate.

The flag now hangs from the second story over the entrance of the administration building.

Rumley said that funds for the pole and its base will be appropriated by the student council after the design of the construction is completed.

After the plans have been drawn they will be given to Stuart M. White, president of FCC, for his approval. He in turn will present them to the Fresno School Administration. The Fresno City Maintenance Department will construct the pole.

Solemn Affair Is Planned For Parting Friend

A solemn ceremony will take place on the lawn west of the student center building at 12 PM on Mar. 11. This ceremony will be to pay our last respects to a "dearly departed friend."

A friend in need is a friend indeed, and we have let our friend down; although our "friend" is gone, we may be able to get another to take his place.

Do you know who our "dearly departed" is?

Play Casting Date Is Changed

Clyde G. Sumpter, the dramatics instructor of Fresno City College, announced that the casting for "Thieves Carnival" was changed to Tuesday at 7 PM in the auditorium.

Sumpter advised the students auditioning for a part to read the play more than once before tryouts. Copies of the script may be obtained from him.

Sumpter's theater craft class has started the technical work. Students are invited to assist in the backstage work.

"The action of the play revolves around a band of pick-pockets in Paris in the gay 1920's," stated Sumpter.

CALENDAR OF THE WEEK

- Mar. 6
12 PM—Technical & Industrial Club, O St. Campus, SC-22.
12 PM—Associated Men Students, M-200.
- Mar. 9
12 PM—Special Student Council Meeting, M-122.
12 PM—Campus Christian Fellowship, Ad-113.
- Mar. 10
12 PM—Student Council, M-122
- Mar. 11
8 AM-4 PM—Student Constitution Election, Student Center
12 PM—Forensics Club, Ad-128.
12 PM—Fine Arts, Ad-141.
12:20—Phi Beta Lambda, A-17.
- Mar. 12
12 PM—Inter-Club Council, SC-229.
12 PM—Forensics Club, Ad-128.

Thieves Carnival Put On Before Original Slated Time

Jean Anouilh's play, "Thieves Carnival," seems to be having a premature preview at Fresno City College.

It appears that Fresno City College is becoming a paradise for thieves. If we could only be rid of them with oil like mosquito larvae we would have a solution to the problem.

But let's face facts, we cannot only blame the thieves. Some of the blame must fall necessarily on the shoulders of those who put unnecessary temptation in the thieves' paths.

Last semester the administration was confronted with the problem of books disappearing from the library. A curb was put on the thefts by checking everyone leaving.

Now those who can no longer wrap their sticky fingers around school books have to work their frustrations off elsewhere. The next best pickings is the students. And many have been hard hit.

Locked lockers have been broken into. Books have been taken from where they have been set down. Coats have disappeared, along with jackets. Binders have suddenly found themselves in alien hands. Wallets seem to have taken animation and found themselves from pocket to hand—not the owner's.

Educators tell us that a civilization depends upon the degree of its education; the greater the degree of education, the higher the civilization. Therefore, FCC, being an institution of higher learning, should reflect a higher degree of civilization. Where is it? Where is the conscious consideration of a highly developed Christian civilization?

Look around you City College students. What do you see? You see the leaders of tomorrow; you see their ethics; you see their philosophy of life. How then will be tomorrow?

Dave Ruggeri

When students can't afford razors, they need state aid.

Boxes To Be Placed For Suggestions

Suggestion boxes, easily recognized by their coat of bright red paint, have been placed in the foyers of the student center, library and on the O St. and Edison campuses.

Allen Graves of the O St. campus, Fred Stafford of Edison campus and Eric Radanovich of the University St. campus have been appointed to collect the suggestions.

Eudaly urges students with constructive suggestions or questions to take advantage of the boxes and to sign their names so they can be told of the action taken. All names are kept confidential.

Gary Becker of the Rampage announced that the paper would print any suggestions considered worthy for the entire student body's consideration. But he warned that no suggestion would be printed unless it had a name verified by student body files. Names will be withheld at request.

AHDOLHAMID NAKNIA

IRAN

Student's Freedom More In America Than Iran

By MABELLE BELL

A shy young man in his twenties hesitantly expressed his views on life in the United States and life in his home country of Iran last week.

Ahdolhamid Naknia, one of the 26 students attending Fresno City College from Iran, came to the United States five months ago to complete the education he started in Iran. Naknia is an economic major.

Naknia said "Iran should be pronounced softly with the 'I' sounding as 'err' and not as a sentence 'I ran.'"

Education Differs

In contrasting the education methods of America and Iran, Naknia said the American student is allowed more freedom to choose his subjects to study.

"Courses in Iran are set. The first six years of school are compulsory, but tuition is free. From the sixth to the twelfth grade, 21 courses are required per year. That is not 21 units.

"There is no general education requirements nor is physical education taught. Arabic is mandatory and another language, such as English, French, Russian or German, is added. English is the preferred choice. Mathematics is a stronger subject there with six years required in the elementary level."

Separation of Sexes

Another difference Naknia pointed out, is the entire school system is not coeducational. Separate schools are built for the girls.

"This inequality of sexes carries into politics" Naknia said. "Women in Iran do not participate actively in politics and have not been granted the right to vote."

Taught Six Days

Naknia said the opening of school in the mornings varied with the seasons. The school day consisted of two hours of morning sessions, two hours for lunch and two hours of afternoon instruction. The school week lasts six days with Friday the day off.

"I attended 12 years of secondary school, taught four years and completed three years of college, lacking one year in receiving my degree."

Arranged By Parents

In speaking of romance in Iran, Naknia said marriages and dates

are controlled by social custom.

"If in Iran, you wish to ask a girl to marry you, your family consisting of your father, mother, brothers and sister, call on the girl's family and declare your intentions."

Concerning girls in the United States, Naknia said he is here to study.

"Iran is a country primarily concerned with small industries and agriculture," Naknia said of his country's economy. "New methods are introduced from Europe and we have not felt the western hemisphere influence too greatly."

Impressed By Americans

Naknia considers the American people friendly and polite, but considers the Iranian student better informed upon world affairs.

"American students," explained Naknia, "do not appear to have as an extensive knowledge of the world as the Iranian student does. They seem preoccupied with comic books and rock and roll."

"Your American people as a whole seem to have freedom. It is hard to express the meaning of this sense of freedom. It is felt."

Museum Now Open To All For Classes

Frank Hodges, the director of the Fresno Museum of Natural History, extends an invitation to Fresno City College students to attend a new series of adult study classes at the museum located at 1444 N. Winery Ave.

The classes will have an objective of aiding those present to gain a broader outlook on the subjects of natural and physical sciences

Hodges said guest speakers from the Fresno State College, the department of fish and game and the department of forestry will speak to the group. These speakers will be experts in the fields of wildlife, anthropology, fish and game and mammals. Some science films will be shown.

Classes will be held the second and fourth Tuesday of each month from 8 PM to 9 PM. The free classes will continue until May 19.

Parking Poll Results: '63, Shortage Of 1,305

A poll on the parking situation was taken during registration for the spring semester by the administration of Fresno City College. The poll revealed there are 72 per cent of the day and night students who drive cars to school. This is approximately 1,152 people. There are 115 of the faculty; secretarial and custodial staff who drive cars. This makes an estimated total number of 1,267 cars currently parked around the campus.

The college has current parking facilities for 914 cars. The estimated shortage is 353 cars this semester.

Stuart M. White, president of FCC, stated that a report has been given to the Fresno city board of education explaining the parking problem. The board has authorized the administration to determine what areas could be used to remedy the parking problem.

Problem Increases

White estimates that there will be 2,200 students on campus during the fall semester of 1959. This includes transfer of O St. and the Edison campus students of 350 plus increase in enrollment of 250 students to the new shop buildings.

There will be approximately 1,584 students who will be driving cars during the fall semester. The estimated number of employees who will be driving cars is 130. The fall semester of 1959 will find a total of 1,714 cars, with parking facilities for 999 cars, counting the 85 additional spaces from off street parking by new shop buildings.

The FCC president prophesizes a parking shortage for 1959 of 715 cars. In 1963, there will be an estimated parking shortage of 1,305 cars at Fresno City College.

Future Plans Made

White added that the adminis-

tration has been working with the city of Fresno for additional parking space on University Ave. They are currently making a study with the city to eliminate the parking strip. University Ave. will be made into a four lane parking lot and should be ready by next September.

White stated that the college is also expanding and clearing part of the botanical gardens.

Before final action can be made, the administration is also worried about the cost of the operation. Out of four areas including University Ave., there is parking space for 1,019 cars and this will cost approximately \$184,011.75.

Inter-District O.K. Needed

John S. Hansen, the administrative dean, announced that all students who reside in another junior college district and attend Fresno City College must obtain an inter-district permit.

These permits may be obtained from Miss Hazel Preall, attendance secretary, in the attendance office AD-128. They must be on file before registration.

Medal Winner Becomes Father

Rodolfo Hernandez, former Fresno City College student and one of Fresno's two living Congressional Medal of Honor winners, was one of the first fathers to pace the corridor of the new maternity ward of the Fresno Community Hospital on opening day.

Hernandez was awarded the Medal of Honor for maintaining a defensive hill near Wonton-Ni, Korea.

AD Reveals Skeletons Out Of Closets

There's a Plesiosaur in the hall. A what? The complete skeleton of a Plesiosaur with its head bowed and pointing unknowingly down the hall is in the upper east wing of the administration building.

This is what the Plesiosaur said about the whole thing:

"Eight million years ago, I lived in a sea that occupied the site of Fresno. I was discovered by Frank Palva in 1937 in the Panche Hills. Things were different in Fresno at the time. But if you want to know about the history of the area, you'd have to talk with my friend, the Mosasaur. He's been around about twice as long as myself. Us marine reptiles are pretty dumb, anyway."

"As for the Dinosaur tracks, all I know about them is that they were found somewhere in Arizona."

Test Schedule Is Announced For Fall Semester At FCC

Archie Bradshaw, Fresno City College dean of students, announced the test procedure and schedule for entering fall freshmen.

He urges high school seniors to file applications as soon as possible. Students who file early applications will be notified on a priority basis when they may take entrance examinations and obtain counseling.

Bradshaw also said prior to pre-registration counseling, students must have taken the college aptitude test and English placement examinations. Students must have transcripts of all previous high school and college work on file in the admissions office. No entrance tests will be given in high schools this spring as in previous years.

All high school students entering FCC in the fall of 1959 will take the entrance examinations according to the following schedule:

The English placement and college aptitude test will be given on May 23, June 6, Aug. 17, 18 and 20 and Sept. 2 and 8 at 9 AM. This test will also be given on Sept. 2 at 7 PM.

The basic mathematics test, which is required by some majors, will be given on all of the above dates except May 23 and June 6. The vocational nurses test will be given on Aug. 19.

Bradshaw stated that the tests are scheduled to begin on the hour and that students should arrive at least 10 minutes before that time.

Press Conference Held In Redlands

The California Intercollegiate Press Conference will be held in Redlands tomorrow and Saturday. This conference is sponsored by the California Journalism Association of Junior Colleges and the California Intercollegiate Press Association.

Those attending from FCC are Gary Becker, editor of the Rampage; Irene Brietlgam, assistant editor; Alice Alvarez, business manager; Richard Bruun, managing editor; and Christine Harrison from the yearbook staff. Peter Christian, the Rambler advisor, will accompany the group.

Another journalism conference for junior colleges will be held at Fresno State College on Apr. 11.

Cosmopolitan Club Holds Program In Auditorium

The fifth annual Cosmopolitan Club World Show will be presented in the auditorium of the Fresno City College Friday and Saturday evenings at 8 o'clock.

Harold Bassiri, the president of the Cosmopolitan Club at Fresno State College, said this year's show will feature music, dances, and songs from 12 countries.

Faculty Tea Is Held In Lounge

Fresno City College faculty members and their wives and husbands were honored at a tea yesterday afternoon from 3:30 to 5:30 PM in the student center lounge.

The tea was jointly sponsored by the home economics classes of Miss Naomi Edinger and the AWS.

In the receiving line were Miss Doris Deakins, the dean of women; Mrs. Jo Nell Krikorian, an AWS advisor; Sharon Sue Martin, the AWS president; June Allison, Sandy Reno, Dee Kandarian, Merle Sons, Sue Logan, Janie Husted, and Shirley White.

Coeds from the AWS and the home economics classes served the refreshments which were prepared by the cooking classes. Miss Edinger's home decorating class decorated the tables.

The servers for the tea were Ramona Garcia, Dianne Nixon, Merle Sons, Bonnie Brown, Janie Husted, Barbara Warrington, Angie Casares, Sarah Shipp, Thelma Umeki, Irma Shepherd, Pat Sexton, Pearl Anderson, Sylvia Kirby, Jo Ann Whittaker, Shirley White, Sandy Reno, Sudie Madden, and Dee Kandarian.

Miss Winther Becomes President Of Group

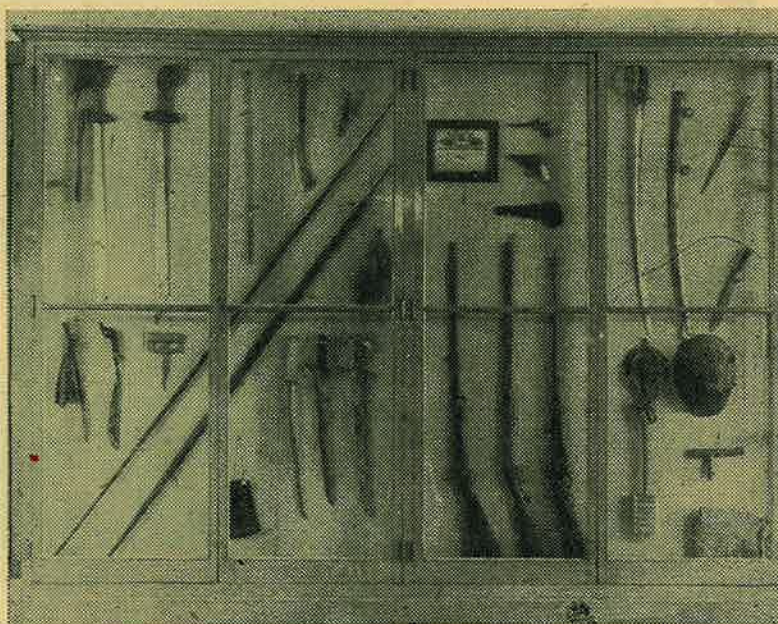

The members of the Women's Recreation Association elected Winnifred Winther to be their leader for this semester. The only other office, of secretary-treasurer will be held by Geraldine Murphy.

Mrs. Sara Dougherty and Miss Margaret Tylor, the WRA sponsors, wish to invite all girls on campus to become members.

They said the girls will travel to different colleges throughout the semester for play days. The first will be a badminton play day Mar. 13 at Taft. On Apr. 18 the girls will travel to Porterville for a volleyball play day.

Charles Young Is Elected Freshman President

Charles Young was elected president of the FCC freshman class Tuesday. Other officers are Charles Bollinger, vice president; Shirley White, secretary; and Joseph Nascineito, treasurer.

GUN COLLECTION REVEALED—A gun collection, including knives, swords and other items, stands in a case in the upstairs of the administration building. The weapons are from all over the world.

Vast Collection Lies Unseen In Halls Of Administration Building

By LARRY ADAMS

Hidden deep in the upper halls of the administration building is an interesting collection of guns, knives, swords and other items used in one war or the other.

One of the rifles has an interesting story behind it. The rifle was obtained from a "wild man" in Missouri by a man named Sadler of Malaga. The gun, an Evans Repeater, was manufactured in the 1860's and was used by Indian fighters and buffalo hunters alike.

The stock of the rifle is adorned with 25 or so notches, supposedly

carved after the death of an Indian or a buffalo.

A Philippine knife collection of Major Jess E. Tarbell could have an interesting history.

Two of the types of knives, the barong and kris, were used by the Moro Indians of Luzon in the Philippines during the Spanish-American war.

Also from the Pacific area are two parangs used by the Dayaks of Borneo; a bow and arrow and spear from New Guinea; a Japanese sword; and a homemade hand gun made by a Moro Indian.

NOMA Spelling Test Will Be Given During The Month Of April

The final National Office Management Association contest for the spring semester will be given at Fresno City College Apr. 22.

Miss Ethel McCormack, dean of the business division, stated the tests will be composed of two only this semester, and are given primarily to promote proficient spelling among the students.

Miss McCormack said, "It is the hope of the members of the NOMA that all students participating in the contests will accept the responsibility of learning the words during their free time and not have class time allotted for it."

Geraldine Alexandre, a former Fresno City College student, was the only winner of the first test given at FCC. The freshman student was able to spell such words

as irresistible, dilemma, and supersede correctly.

Miss McCormack listed these words as some of the most commonly misspelled.

Miss McCormack reminded those students who were in the first test to take this final examination.

Certificates will be awarded in spelling to those students who receive a perfect score in the first test only. In addition to this certificate, a spelling proficiency certificate will be awarded those students who accomplish a perfect grade in both tests.

The high school students making perfect scores in the first two spelling tests can participate in a spelling bee to be presented in May. Winners will receive several special awards.

Club News

Club Sends Delegates To Visalia

John Alexander, Pat Cox and Richard Dillon were selected by the Phi Beta Lambda executive council as delegates to the Mar. 7 convention in Visalia.

Plans were also discussed by the council concerning the Apr. 3 business convention to be held here.

Meetings will be held every second and fourth Wednesday of the month.

FINE ARTS CLUB

Members of the Fine Arts Club will be the hosts of the music festival to be held on the Fresno City College campus, Mar. 13 and 14.

The meetings are held every Wednesday noon in ad-141.

CCF

Rev. Paul Kauffman, the pastor of the Country Church of Fresno, will be the guest speaker at the Monday meeting of the Campus Christian Fellowship.

Dr. Roy Just, sponsor, said "The functions of the club are two-fold: to acquaint the members with other Christians and to witness for others on campus."

A M S

Members of the Associated Men Students will meet at 12 PM tomorrow in M-200. The movie "Sierra Fish and Game," will be shown promptly at noon.

A discussion of the bowling league and plans for the St. Patrick's Day dance will be on the AMS docket.

C S T A

Gerald Fore was elected president of the California Student Teachers Association for the spring semester. Other officers include Robert Muth, vice president; Joyce Martell, secretary; Octavia Reid, treasurer, and Barbara Anderson, interclub council representative.

The members of the education organization met Tuesday at 12 PM for the purpose of planning the future activities of the club.

The club meets on the first Tuesday and the third Wednesday of each month in A-6.

SPANISH CLUB

Members of the newly formed Spanish Club will meet at noon tomorrow for the purpose of revising the constitution and election of officers.

At last Friday's meeting in S-229 Beatrice Olais was elected temporary chairman of the club.

Cindermen Open 1959 Track Season

By RON MOORE

The Fresno City College track team will swing into action as it commences the new season by meeting Reedley and Coalinga Junior Colleges at Ratcliffe Stadium on Friday, Mar. 13, at 3:30 PM.

Erwin Ginsburg, head coach of the Ram thinclads, thinks that this year's team will be about the same in strength as last season's team which broke seven out of 14 school records. The team will be stronger in the pole vault, broad-jump, 440 and 880 and weaker in the high jump, shot-put and discus. At the present time there are no milers or two-milers on the squad.

The meet with Reedley and Coalinga will mark a "first" in FCC history. It will be the first time a junior college meet has been in Fresno with FCC as the host team. Previous to this year, the team has had to travel for all their meets.

Hendrix in Pole Vault
The Ram squad may not gain the stature of USC this season, but one member is almost sure to gain national prominence. The reference is made to Voyce Hendrix, 1958 California Junior College pole-vault co-champion. Hendrix's top vault last year was 14 feet, one-an-one-quarter inches. The national record is 14 feet, four inches, and Ginsburg predicts that Hendrix will break it this season providing someone doesn't beat him to it.

Buss Helm finished sixth in the 880 in the State Meet last year and gives every indication of improving on that this year. Helm's best effort last year was a solid 1:54, which is only two seconds off the national record.

Other returning members of the team and their respective events are Jim Wright, Spencer Johnson, broad jump; Jess McFerren, 440; Alonzo Hall, 100 and 220 yard dashes, and Willie Wheaton, 880.

New Squad Members
New members of the team include David Hunter and Bill Wright, broad jump; Ron Lobe and Gary Leslie, pole vault; Tony Fiorentino, Ely Mathis and Marvin Ratliff, shot-put and discus; Louis Kish and Fred Randall, high jump; Gene Bamberg, Dick Leyh and Bill Davis, 100 and 220; Everett Gowings, Mike Christopher and Richard Arnold, 440; Zackie Kepler, 880; Leo Revis, Willie Turner Don Stockton and Percy Brown, hurdles. Coach Ginsburg has also issued a plea for officials for the Reedley-Coalinga meet. Any student who would like to officiate should contact Erwin before March 12.

The FCC team will participate in 12 meets this year, including the Northern California Relays, May 2; West Coast Relays, May 9; the CCJCAA Meet, May 23, and the State Meet, May 30.

Swim Squad Meets COS

The Fresno City College swimming team will meet the College of Sequoias squad in Visalia, Mar. 13 at 4 PM.

This will be the fourth meet of the season for Coach Paul Pastor's Rams who are still seeking their first victory.

Fresno lost a 57-28 decision in its last outing, Feb. 27, to a powerful Bakersfield Junior College team.

Chuck Polley again won three firsts for Fresno in the 100, 220, and 440 yard freestyles.

The results:
220 yd. freestyle—Polley, F, 2:18.9.
50 yd. freestyle—Radar, B, 25.0.
400 yd. medley relay—Bakersfield, 4:25.5.
Diving—Beck, B, 225.
200 yd. butterfly—Stanley, B, 3:06.6.
100 yd. freestyle—Polley, F, 55.3.
200 yd. backstroke—Wilson, B, 2:32.3.
440 yd. freestyle—Polley, F, 5:41.3.
200 yd. breaststroke—Havenhill, F, 2:57.9.
440 yd. freestyle relay—Bakersfield, 3:48.9.

Baseball Team Travels

The Fresno City College Rams will travel to Bakersfield tomorrow and Saturday for a pair of games after winning the championship of the second annual College of Sequoias Baseball Tournament.

The Rams whipped the Bakersfield City College Renegades 10-4 Friday, and then posted a 4-0 defeat on Reedley and a 6-1 defeat on the host team Saturday to emerge as champions.

Big Thad Tillotston survived a rocky first inning to hurl the Rams to their victory over the Renegades. Tillotston scattered seven hits over the nine frames.

Les Lusk and Jim Maloney combined to hurl the Rams to a 6-1 win over COS in the final game. Lusk hurled the first six innings and Maloney came in to fan the side in the seventh. The game was called at the end of seven and one half innings because of darkness.

Wrestlers Win

The Fresno City College wrestling team won the first Central California Junior College Association wrestling tournament held on the local mats last Friday afternoon with 43 points.

Results of tournament:
115 pounds—Nehring F defeated Garcia COS.
123 pounds—Rodriguez F defeated Yoshida R.
130 pounds—Davies F defeated Richardson M.
137 pounds—Wright M defeated Kreeler COS.
147 pounds—Moore J. F. defeated Cameron COS.
157 pounds—Cunningham F defeated Feaver R.
167 pounds—Kirkhart F defeated Laird COS.
177 pounds—Moore B. F pinned Bean R.
191 pounds—Strangio M defeated Wamhoff F.
Heavyweight—Roberts M defeated Manser F.

LAST YEAR'S Ram baseball squad won 14, lost 10—Pictured in the front row, left to right, are Coach Lep Bourdet, Vern Newman, Joe Gibson, Stan Busch, Raul DeVault, Harvey Shiroga and Jack Goodwin. Second row, Phil Bertlesen, Darrell Woofter, Tom Fields, Lupe Ramirez, Lewis Walker, Dan Anderson and Mike Noakes. Third row, Augie Caldera, Andy Winans, Leland Harralson, Don Lyford, Jerry Grimstead, Joe Diaz, Dennis Masich, Jim Richmond and Don Oberg.

Pity Those Males On Ladies' Day!

By DIANE NIXON

For some reason, men are not very good at explaining the finer points of baseball to the women who are generous enough to accompany them to the ball park.

The woman who is determined to be a real pal to her husband or boyfriend, usually must learn the game for herself. With a view to encouraging this favorite American sport among women, a simple glossary of terms frequently used in the game is given here.

First of all to hit, as you know, means to strike and three strikes is an out. Thus, a man who strikes out has made three hits.

Rock 'n Roll

To go out swinging is a phrase used for a baseball player who departs for an evening of rock 'n roll after the game with the fielder's choice (the favorite girl of an outfielder).

Isn't it easy girls? Now let's learn a few harder terms. An inning is a period of time when the home team is at bat. Not to be confused with outing, when the other team is at bat.

A shortstop is the action of a runner who halts at first when he could have made it to second.

The referee of the game is the

ump and ump-ire is anger shown by the ump.

AB Degree

The initials "AB" after a player's in the box score indicate that he is a college graduate. Another abbreviation you should know is RBI in the box score, meaning, a bad day for baseball. Literally it means, Rather Be Indoors.

An error is defined as a mistake that interrupts play, as when a batter knocks the ball over the fence and loses it.

Men must really think women don't know much about baseball. The other day a ball player tried to tell me that base stealing was running to the next base before he could be put out. Well, everyone knows base stealing is just a low form of theft.

Batting order means the instruction given to the batter by the manager and a batter who reacts violently to being pinched is called a pinch hitter.

The last two terms deal with scoring. An earned run is a run the batter really deserved, after all he's so cute. A walk is the speed at which traffic moves after the game.

Any woman who learns these few simple terms is sure to amaze her escort at the next baseball game.

Rams Lose, 81-33

The Fresno City College basketball team concluded its league season at Santa Maria Saturday night, although to many observers the inactivity of the Ram squad during opening quarter seemed to indicate they had concluded their season even before the opening tipoff.

Fresno, eventually on the short end of an 81-33 score, ineffectively used the stall until Hancock had compiled a 21-5 lead. Even when the Rams abandoned the stall, the league champion Hancock squad continued to build up the score.

AMS Starts Bowling League

By KAREN McDOUGALD

"Let's go bowling!" This was the challenging cry issued by Fred Stafford, president of Associated Men Students at last Thursday's meeting of Interclub Council.

"All Fresno City College organizations are requested by members of AMS to form a co-educational foursome for the bowling league beginning Mar. 18 at the Mid-State bowl."

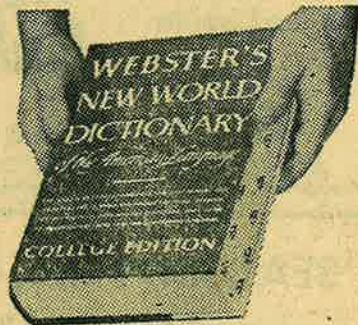

All members of the league will be competing on a handicapped basis. This entitles those students who have been unable to accumulate a high point score in bowling to an advantage. For instance, bowlers having a best previous score of 75, when competing with a bowler whose best previous score is 150, will have an automatic 75 points when competing against that particular bowler.

At the first general meeting to be held Mar. 11 each member of the league will be required to pay \$1.05. This will guarantee that members will attend each league night. The accumulated funds will be used to pay for the members last game of the spring semester. Thirty-five cents will be collected each league night. This will provide for the shoe deposit and the bowling game.

The league will meet each Monday from 3:30 to 5:45 PM at the Mid-State Bowl.

Seven bowling trophies are on display in the foyer of the student center and will be presented to the top bowlers at the end of the semester.
