## Freshmen Elect New Officers

Only one of the original candidates for freshman class office was elected Thursday at the election meeting in the auditorium. This student, Frances Ostos, is the newly elected secretary.

Other officers elected are Edward Charles Seagle, president; Albert Smith, vice president; Sharon Ebell, treasurer; and Loretta Meharg Inter Club Council representative.

After Douglas Besoyan was announced ineligible for freshman class office because of insufficient grade points, other candidates were nominated from the floor. The election immediately followed which put these new candidates into office.

The candidates who had been unopposed prior to the election hour were Besoyan, Leon Reid, Charles Chrisman, Deborah Williams and Frances Ostos.

## Tryouts Continue For 'Mr. Roberts'

Tryouts for FCC's spring production, "Mr. Roberts," will be held tonight at 7 PM in A-154, announced drama instructor Clyde G. Sumpter.

"Mr. Roberts," the two act play written by Thomas Heggins and Joshua Logan, is a comedy which takes place on a cargo ship in the South Pacific near the end of World War II.

Sumpter said there are parts in the play for 30 men and one woman. "It's a wonderful opportunity for the lone female, with those 30 males," he said.

Sumpter revealed that there are five male leads, and 15 other speaking parts. He said there will be nine or 10 walk-on, or non-speaking parts also.

Tryouts began yesterday, and will also be held tomorrow at 3:30 PM in the auditorium. Sumpter said he will recall people who he wants to hear again at this time.

The production is scheduled to be presented in the FCC auditorium May 6 and 7.

### CALENDAR OF THE WEEK

Mar. 3

Noon—Rally Club - A-209.

Noon—Inter Club Council - B-6.

Mar. 4

Last day to drop courses without penalty.

Mar. 5

10 AM—Swimming - FCC vs. Stockton - FHS Pool.

Mar. 10

11 AM—Alpha Gamma Sigma - Committee Room.

11 AM—Phi Beta Lambda - A-111.

FRESHMAN OFFICERS — The spring semester freshman class officers are, left to right, Sharon Ebell, treasurer; Albert Smith, vice president; Loretta Meharg, ICC representative, and Frances Ostos, secretary. (Photo by Rex Wangberg)

## FCC Starts Memorial Fund For Dean Malloch

A memorial scholarship fund in honor of the late Dean James M. Malloch, who died Feb. 19, is being established by the FCC faculty and students.

Stuart M. White, the FCC president, and E. Harrison Hall, the president of the FCC Faculty Club, issued the following statement:

"As a suitable memorial to the late Dean James M. Malloch, a scholarship fund in his name has been established at Fresno City College. Contributions to this fund

may be left with Miss Arlene Vetting in the business office (Room 110, administration building) by all those who wish to take this means of honoring the memory of a man who was deeply interested in public education and, especially, Fresno City College."

Dean Malloch took an active part in re-establishing and naming FCC as a separate institution from the Fresno State College. He was a member of the Fresno City Unified School District Board of Education for 19 years.

Jackson Carty, librarian at FCC, said Dean Malloch was interested in the FCC library and donated many books to it.

Dean Malloch was the author of many newspaper and magazine articles on religious and education subjects.

## Students Will Attend Press Convention

The California Collegiate Press Conference to be held in San Francisco Mar. 11-12 will host members of the editorial staff of the Rampage and the Ram.

Philip D. Smith, Rampage advisor, said that the conference will bring together both four year and junior college students who work on school publications.

### Two Banquets

Two banquets will be a part of the two day agenda, Smith said. The Friday night banquet will have as guest speaker, Paul Speegle, San Francisco columnist. Saturday night's banquet will feature Pulitzer prize winner Ed Montgomery as speaker.

Arthur Margosian, Ram advisor, said photographer George Leonard, of Look magazine and Jack Fields, freelance photographer for Life, Look and Saturday Evening Post magazines, will be guests of the photo-journalism section of the conference on the San Francisco State campus.

### SF Campus Tour

The two banquets will be housed in the Whitcomb Hotel and the rest of the conference's activities will take place on the San Francisco State College campus.

The students of the Rampage staff attending the conference are, David Hanna, Diane Nixon, Florence Harper, Gary Cooke, Mary Gulke, Larry Adams and Carrol Jacobsen.

The Ram staff delegates will include Eddie Wax, Gary Oberti and

## Two Students Win \$100 Bank Awards

Two FCC sophomores have been chosen as the outstanding students in the business division for the current school year. They will receive \$100 each and merit certificates in the fourth annual Bank of America Junior College Business Awards program.

Miss Ethel McCormack, FCC business division dean, said a faculty committee picked Tamra Lee Koerner of 1417 West Sussex Way, and Doh N. Walker of Tollhouse. Miss Koerner was selected as the number one student in secretarial training, and Walker was rated first in business administration. The two were selected out of 12 candidates.

The committee judged the students on scholarship, personality, and extracurricular activities both within and off the campus. Committee members included FCC president Stuart M. White, Miss McCormack, Archie Bradshaw, Miss Gertrude Stubblefield, and John Fenn.

The students will receive their checks in a Bank of America awards dinner in San Francisco Apr. 28. The certificates will be presented in an FCC awards assembly in May or at graduation in June.

This is the fourth year of the bank's sponsorship of a statewide program in which more than 60 junior colleges participate. John H. Becker, the program director, said the purposes are to encourage students to consider business as a career, to recognize opportunities in the business world, and to emphasize the importance of the business curriculum in junior colleges.

FCC winners last year were Roberta Ann Calhoun of Lee Vining and Carolyn Steffen of Kernman. In 1958 they were Jay Bretney and Sharon Cummings, and in 1957 they were Dorothy Rubald and Felix Aycock, Jr.

Franz A. Weinschenk, FCC faculty advisor, is obtaining 50 classrooms, the student center social hall and cafeteria for the speakers. The Congress will meet from 9 AM to 5 PM Mar. 4. Individual speaking events will start at 3 PM and debate sessions at 6 PM the same day. The tournament will continue the next day from 8:30 AM to 8 PM.

Weinschenk said the public is invited to attend sessions of the Congress and tournament. There will be no admission charge.

Fresno City College will give a sweepstakes trophy to the winning high school.

Weinschenk is the coach of the Fresno City College debate team.

## High School Debaters Use FCC Campus

Fresno City College will be host to 350 high school debaters and public speakers tomorrow and Saturday, when the annual Central California district tournament and Congress of the National Forensics League meets on the FCC campus.

The Congress will debate and vote on such propositions as the abolishment of capital punishment and euthanasia, a method of ending life painlessly for victims of incurable diseases. The Congress will have a Senate and a House of Representatives.

Students are expected from between 40 and 50 high schools, from Stockton to Bakersfield. The district is divided into two sections, the Southern and Northern Valley Forensics Leagues.

Franz A. Weinschenk, FCC faculty advisor, is obtaining 50 classrooms, the student center social hall and cafeteria for the speakers. The Congress will meet from 9 AM to 5 PM Mar. 4. Individual speaking events will start at 3 PM and debate sessions at 6 PM the same day. The tournament will continue the next day from 8:30 AM to 8 PM.

Weinschenk said the public is invited to attend sessions of the Congress and tournament. There will be no admission charge.

Fresno City College will give a sweepstakes trophy to the winning high school.

Weinschenk is the coach of the Fresno City College debate team.

## Carrol Jacobsen Is CJCSGA Coordinator

Carrol Jacobsen, FCC student, will represent the 65 California junior colleges at the California Junior College Student Government Association convention. The convention will be held in San Diego Mar. 31 through Apr. 2.

Miss Jacobsen said suggestions will be made to improve future conferences. Her duties will include mailing a list of these suggestions to each of the junior colleges represented at the convention.

Miss Jacobsen is a sophomore, elementary education major. She is active in the California Student Teachers Association. She is the student body treasurer, and business manager of the Rampage.

Upon graduation from FCC, Miss Jacobsen plans to transfer to the University of California at Santa Barbara.

She has been active on student

## College Hosts Music Festival

Plans are underway for the annual music festival to be held on the FCC campus Mar. 11 and 12.

This event is sponsored by the Central California Music Education Association and covers the entire central valley from Bakersfield to Merced.

Fresno, Arvin, Sanger, and Bakersfield are hosting the event, which is the 21st such festival to be presented in the central valley area.

The festival co-chairmen on the FCC campus C. Lowell Spencer and Marvin L. Belford have received reservations from 15 high schools and 22 elementary and junior high schools.

The high schools will compete for their ratings on Friday; the junior highs and elementary schools on Saturday. The competition will involve bands, orchestras, and choirs. The choirs may be a cappella, girls' chorus, boys' chorus, or mixed chorus.

The competitions will be held in the auditorium and in the social hall of the student center. They are open to the public free of

## Student Government Practices Democracy

Last Saturday I was fortunate, along with 19 other FCC students, to attend a student government conference in Taft. What does this mean in terms of future success in local problems? What does it mean in terms of future success in national and international problems?

The conference was composed of two general assemblies and two sessions of the seven different workshops. Out of these workshops came seven different recommendations or resolutions, designed to strengthen our student government program.

But the important thing about it all was the manner in which these things were accomplished. People with different ideas and opinions were given the chance to exchange these differences with other members who shared the same problems.

If there ever was such a thing as democracy in action, this was it. Although we perhaps didn't agree with what a person had to say, we all agreed that he had every right to say it just the same. In all cases, the majority prevailed.

This exchange of ideas, the right to say what one thinks and the majority prevailing is basic in all forms of democratic government. People who attended this conference were impressed with these principles, and will probably remember them whenever a similar situation arises.

The idea that people can solve their differences peacefully is fundamental in anatomic world. Let's hope this idea spreads before it is too late.

David Hanna

### What's New

## Genuine Cosmopolitan Proves Himself As Such

By ANDREW FEDERICO

I met Bill Bailey while I was in the Air Force. The first thing ole Bill Bailey told me after we were introduced was that he was a very important person in the United States and that he knew all of the important people in the world.

I must have looked at him as if I didn't believe him, because he asked me would I like to take a trip with him to meet some of these important people he knew. He said he'd pay all of the expenses, so a week later I got a three-day pass, and ole Bill Bailey called my bluff by buying two plane tickets to Washington D.C., where we were going to talk to President Eisenhower.

When we got to the White House ole Bill Bailey walked right up to the President's secretary, introduced himself, and said that he wanted to see Ike. The secretary looked a bit skeptical about the whole thing, but she must have remembered every citizen's right to audience, so she called the President over the intercom.

The secretary looked like she might have a hemorrhage when she told us to go right in. Bill Bailey grabbed me by the arm, and we started for the President's office.

We found the President behind that desk one always sees him at in the news reel when he is going to sign an important piece of legislation.

"Well, if it isn't my old pal, Bill Bailey," the President said, shaking hands with him.

"Hello, Ike," Bailey said. "Say, I want to introduce you to a friend of mine."

That afternoon Bill Bailey and the President played 18 holes of golf. I didn't know anything about the game, so I just stood around and watched.

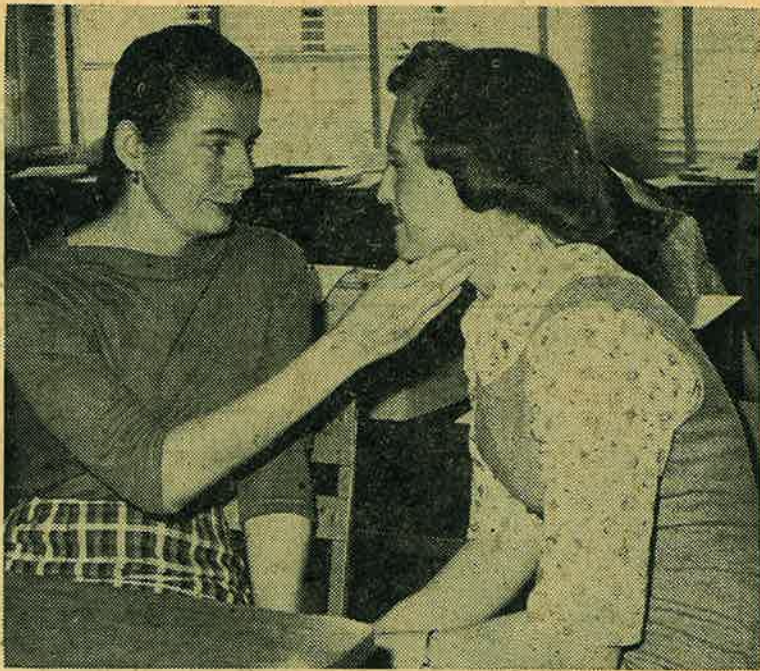

When the game was over the President gave us a ride in his shiny limousine to the airport, where Bill Bailey bought two tickets to Rome. We were going to see the Pope.

When we got to Vatican City there was a throng of people headed for St. Peter's Church. We joined the moving crowd, and when we got to the Church we could see the Pope, dressed in white, high above us on the balcony with his arms outstretched.

"Looks like the Pope is going to be busy today," Bill Bailey said, "so I won't be able to introduce you. But just to prove that I know him, I'll go up there and stand next to him on the balcony, all right?"

He then told me to wait for him, and he was off. It was a while before I saw someone come out on the balcony with the Pope. I couldn't make out who it was, so I asked one of the Italian citizens in the crowd if he could recognize the second person for me. The citizen said in broken English, "Well, I don't know who that is in the white robe, But the fellow next to him is Bill Bailey."

This anecdote was a speech given by Dan Stockton in Franz Weinschenk's Speech 21 class in the fall of 1958. It was just a lucky accident that a member of Weinschenk's fourth estate was present at the time.

HAND COMMUNICATION — Anne Baker, FCC deaf and blind student, holds her hand on Patricia Doyle's throat so that she can sense the spoken words by sound vibrations. (Photo by Rex Wangberg)

## Deaf, Blind Student Takes Three Classes

By FLORENCE HARPER

Anne Baker is a remarkable student.

She rides the bus to and from school and is regular in attending her classes just as many other students are. Miss Baker often is found in the student lounge during her free hours just as many other students are.

Unlike any other FCC student, however, Miss Baker is totally deaf and blind to all but shadows. Miss Baker was a normal infant until, at the age of two, she contracted an undiagnosed infectious disease, which left her handicapped in this manner.

Assisting Miss Baker in her orientation to college life is Patricia Doyle, a second semester physical education teaching major.

### Tape Recorder Used

Miss Baker is enrolled in classes in history, English, and social dancing. A tape recorder, a recent gift from the Palomar Club, helps Miss Doyle as well as Miss Baker because before the coeds had this device Miss Doyle had to take detailed notes of the class work.

Miss Doyle said Miss Baker does surprisingly well in the class of social dancing. She said Miss Baker is able to receive vibrations through her feet which enable her to interpret the rhythm.

Miss Doyle said the attitude of the teachers has been excellent. She said the students were dubious about Miss Baker at first but have now learned to accept her.

Swimming, horseback riding, and skiing are favorite activities of Miss Baker. She loves art work and has done a number of oil paintings. She does typing for a group of blind school children. This is done by using a special Braille typewriter. Miss Baker does her home work assignments on a "sight saving" typewriter. This machine prints letters much larger than standard machines.

### Guide Chosen

Miss Doyle entered Miss Baker's life at the request of Miss Doris Deakins, the dean of women at FCC. Miss Doyle, a recent Fresno High School graduate, was recommended as a guide for Miss Baker by Mrs. Hazel J. Tucker, the FHS dean of women.

Miss Doyle said that helping Miss Baker made her nervous at first, but that "It is an experience I wouldn't give up for the world. Helping Anne has added to my patience."

Miss Baker's parents plan to establish a kennel for her to manage. She loves animals and they believe she will achieve a measure of happiness through working with them.

## Galaxy Ball Open To All

The annual Air Force Reserve Officer's Training Corps Galaxy Ball will be open to the public for the first time this year, announced Dorin Ladd, publicity chairman.

The semi-formal ball, which is sponsored by the Arnold Air Society, will be held tomorrow from 9 PM to 1 AM at the Rainbow Ballroom.

The Queen of the Arnold Air Society will be crowned at the affair, after she is selected from candidates nominated by the Society, Ladd said.

Music will be provided by the Rainbow Ballroom band, and a local trio, and refreshments will be served, Ladd reported.

Bids are \$3 per couple and may be obtained at the military quonset hut on Del Mar Ave., north of the FCC campus, or at the door of the ballroom, Ladd said.

## Society Will Publish Poems

Attention all poets!

The American College Poetry Society has announced that its third semester anthology of outstanding college poetry is now being compiled for publication this summer.

The Society's requirements are: contributions must be the original work of the student, poems (which may deal with any subject) may not exceed 48 lines, and each student is limited to five entries.

Alan C. Fox, executive secretary, explained that entries which are not accepted for publication will be returned if accompanied by a stamped, self-addressed envelope, but they cannot be otherwise acknowledged.

Fox said the Society cannot compensate students for poetry which is published.

All entries must be postmarked not later than midnight, Mar. 30, 1960, Fox said. Further, the entrant's name, address, and school must be on each page.

Send your poems to Alan C. Fox, c/o American College Poetry Society, Box 24463, Los Angeles 24.

## US Schools Allow More Freedoms

By ROY JIMENEZ

"The high school students in the United States are allowed freedoms which are unheard of in Peru," said Juan Valdivieso, a young foreign student from Peru.

"Dating and romancing in Peru," he continued, "are not permitted until a person is twenty-one years of age, and even then he must be accompanied by a chaperon. This may sound like a very strange custom to the students in this country, but since the schools separate the boys and girls, most of the students accept it, or try hard to."

### Peru Students

Valdivieso said that the high school student in Peru takes fourteen or fifteen subjects a year and all of these subjects are given in the same classroom. Each instructor enters the room, gives his lecture, and leaves to make room for the next tutor.

Juan, a freshman, has come to FCC to prepare himself for an agriculture career. He plans to

JUAN VALDIVIESO

receive a degree in agriculture at Fresno State College. Upon graduation he will return to his home town in Píera, Peru, where many opportunities await for him.

### No Llamas

"I have been asked by many students about the llama, an animal which is found mostly in and around my country," he said laughingly, "and I must honestly admit that I saw a llama for the first time at the Roeding Park Zoo in Fresno."

"The main reason why I've never seen a llama in Peru," he added, "is because it is found mostly in the higher regions of the Andes Mountains and I am from the lower parts of Peru."

Peru has progressed a great deal, politically and economically in the last few years. Valdivieso said. Politically it is one of the few Latin-American countries to change to a democratic form of government. Even though Peru is primarily an agricultural area it has been turning to industry in the last few years.

## Sanger Students Visit City College

Thirty-six Sanger High School students were guided on a tour of FCC initiated to assist the students in choosing a college upon graduation.

The students tour included the general education classes, the business division, technical and industrial divisions, the library, and the student center.

Archie Brawshaw, the dean of students, conducted a question and answer session to better acquaint the students with FCC and college courses.

Club News

# Business Club Sells Candy

By JOHN CRIDER

Phi Beta Lambda, the FCC chapter of the Future Business Leaders of America, is conducting a sale of candy and nuts.

In a recent election Robert Reiter was elected spring semester president. He succeeds Lladona Miller, who served as club president for two semesters.

Other Phi Beta Lambda officers are Raymond Pitt, vice president; Joyce Johnson, secretary; Charlotte Falsetti, treasurer, and John Johnson, inter-club council representative.

Roma Bernard was elected historian, a new office in the club.

Phi Beta Lambda is having a St. Patrick party for all members and prospective members March 7 at 8 PM in the social hall of the student center. Admission will be 25 cents a person.

PBL is meeting today at 11 AM in Room 111 of the administration building.

International Club

The International Club elected new officers for the spring semester. The new officers are Astor Kuyumjian, president; Abdul Issa, vice-president; Irma Hashashian, treasurer; Janet Fujiwara, secretary; and Tomas Bunting, ICC representative.

Fresno State College Cosmopolitan Club will have a show March 4 and 5 from 8 to 10 PM in FCC auditorium. William A. Reynolds, IC sponsor, said that the IC members will also participate in the show.

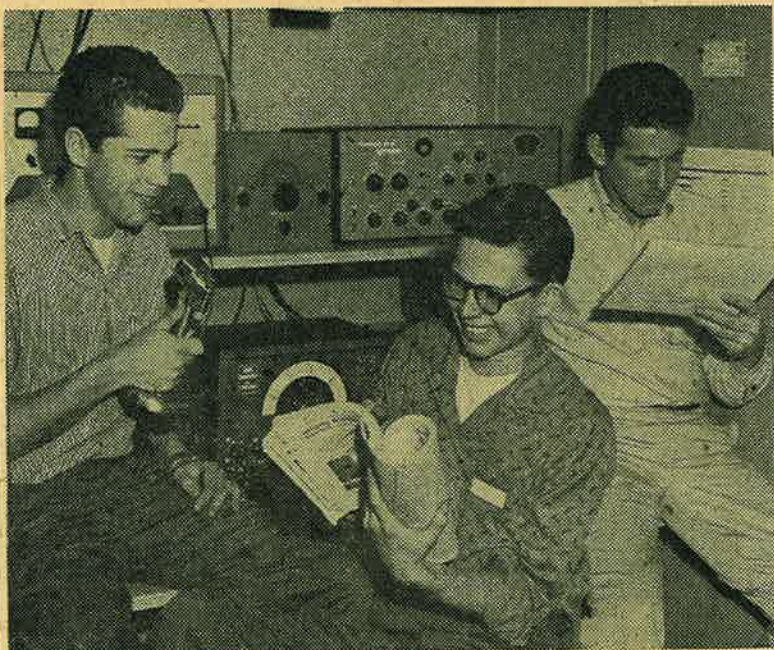

Campus Christian Fellowship

The Campus Christian Fellowship installed its officers for the spring semester last week. Those installed were Marjorie Neufeld, president; Jack Simon, vice-president; Meredith Adams, secretary; Clara Sherrod, ICC representative; Ronnie Prestridge, social chairman; and Catherine Morison, publicity chairman.

The club is planning a snow trip and ice skating party.

Teachers Association

Arthur Miller, the principal of the Sequoia Junior High School, was the guest speaker for the CSTA Tuesday. His subject was "How To Be Happy and Hold Your Contract."

SHORT WAVE RADIO — Students operate amateur radio station in a radio communications class. Left to right are Joe Marrot, Jim Wintemute, and Don Harvey.

# Radio Students Use Short Wave Station

Fresno City College radio communications students are preparing to contact amateur radio stations all over the world on the college's short wave station, WA6DBI. The station is licensed by the Federal Communication Commission.

They are helping construct a 55 foot antenna on the roof of their Weldon Ave. building that houses their transmitters and receivers.

Gerald Fries, instructor, reports the 18 students in his class already have contacted amateur stations in about half of the 50 states, including Hawaii, as well as Canada. They wish to earn WAS cards from the Amateur Radio Relay League for getting verification postcards from stations in all the states and WAC cards for cards from stations in all the continents.

Student Stations

The students have talked to student stations in several other colleges, including Riverside City College, San Jose State College, and several in the East.

Fries said he has received cards from stations he has contacted in more than 170 countries on his own amateur station, WP6CS, which he operates from his home.

He said the purpose of the radio communications program is to give students training in tuning and operating transmitters, receivers, and other equipment. They are working for commercial first or second class radio-telephone licenses. The students are in a two year program and meet with Fries three hours each morning.

New Equipment

Some of the equipment is new and some has been obtained through surplus sales from the armed forces. Advanced students may construct their own transmitters in the class and qualify for amateur licenses to operate their own "ham" station.

First year students learn basic radio theory, shop practices, the Morse code, and FCC regulations. Second year students study theory of transmitters, audio and antenna systems, and measurements and testing with communications equipment. They also prepare for licensing examinations and get practice in trouble shooting and equipment construction.

In the seven unit course the students get three hours of lecture and 12 hours of laboratory work each week.

# Twenty Attend Student Government Conference

Twenty students and one advisor, Joseph King, represented FCC at a Central California Junior College Student Government Association conference held in Taft Saturday.

"FCC gained a great deal of information," reported Charles Overs, Jr., preparations chairman for the event.

The students attended one of six workshops which were set up at the conference. Robert Roe, FCC parliamentarian, led the workshop which dealt with student government. The other shops were concerned with publications, campus activities, finance, secretarial duties, and Associated Men's or Women's activities.

Roe said his group passed a recommendation that the regional conventions should be mandatory before a school may attend state conventions. They also discussed student courts, election and nomination procedures, and the size of workshops and number of members they should have.

The regional conference was preliminary to the state conference which will be held in San Diego March 31 through April 2.

Council members who attended the Taft convention were Overs, David Hanna, Diane Nixon, Carrol Jacobsen, Linda Carol Miller, Allen Graves, Brenda Daum, Eric Radanovich, Rae Deane Pyatt, Jon Johnson and Tamra Koerner.

Others are Roger Dupzyk, Joan Alexander, James Aldredge, Olga Ermoian, Virginia Collins, Robert Roe, Nancy Gray and Janet Alexander.

# Enrollment Breaks Mark

George C. Holstein, dean of administration and records, reports the FCC enrollment of 4,218 is the largest for a spring semester in the college's history.

The enrollment includes 2,220 students in day classes and 1,998 in night classes.

Last year the spring semester registration was 3,755 and the fall registration was 3,749 students.

The apprenticeship training program has an enrollment of approximately 462 students, according to Howard Goolsby, apprenticeship training coordinator. Because apprenticeship students may enter or leave the classes upon completion of the course at any time of the year, the number of students fluctuates during the semester.

There are 1,363 students, less than one-third of the total enrollment, from the Fresno Unified School District. Other Central Valley communities have sent 1,243 students; other California cities 483; other states 479, and 115 from foreign countries.

# Debate Team Wins Rating

Fresno City College's debate team traveled to Long Beach College last Friday for the annual junior college speech tournament.

An excellent rating was given to Alan Hays and Reggie Marcelino for their efforts in the debate contest. They won two out of three debates against El Camino College and Palomar Junior College.

Franz Weinschenk, the FCC debate coach, said that even though two out of our three teams were new, all had an overall rating of "good."

Ron Eddington, a veteran speaker at Fresno City College, received a certificate of superiority.

The next tournament will be on Mar. 18 and 19, when the debate team will travel to Bakersfield College for the championship debate.

# Brooks, Miss Nolon Win King, Queen Contest

Tim Brooks and Leona Nolon were crowned King and Queen at the Mardi Gras Ball before nearly 300 costumed celebrators in the gaily decorated FCC Social Hall last Friday night.

Runners-up for king were Robert Acuna and Jon Johnson. Roma Bernard and Angie Hernandez were runners-up for queen. Four faculty members and the presidents of all the participating clubs handled the judging.

Brooks and Nolon, who were both dressed in very weird costumes, were picked to reign at the "Fat Tuesday" Ball by their costume appearance and by their presentation at the parade held that noon.

# CONGRESSMEN INTRODUCE NEW FLOATING UNIVERSITY

Go to college and see the world. Some students might be able to do just that in the not too distant future.

Senator Clair Engle (D) of California announced that he and Senator Thomas Kuchel (R) of California have joined in introducing legislation to establish a floating university to be christened "The University of the Seven Seas, Incorporated."

Congressman George A. Kasem (D) of California has already introduced an identical bill to the House of Representatives.

Cultural Exchange

Senator Engle said the corporation has been formed by the Rotary Club of Whittier as a non-profit organization for the purpose of furthering the exchange of cultural, technological, social, and economic learning and knowledge for the students of the United States and other nations.

The purpose of the legislation is to authorize the United States Maritime Commission to make a loan to the university of a suitable ship or ships without any charge, Engle said.

William T. Hughes of Whittier

which is made up of a group of distinguished educators and leaders in the Rotary Club movement.

Schools Contacted

If the legislation is accepted, superior students and outstanding faculty will be drawn from the various universities and colleges cooperating with the program. Engle said the corporation is now in the process of contacting the schools.

Engle said the educational program would be designed to obtain the greatest benefit from the cultures of the countries visited.

"We can think of no better way of advancing the cause of international cooperation in the field

of education than by having the students of many nations exposed to each other's cultures and intellectual pursuits," observed Senators Engle and Kuchel.

# Baseballers Take COS Consolation

Fresh from a triumphant series of games in Visalia, the Fresno City College Ram baseball team will meet the Sacramento City College Hornets in a double header Saturday afternoon in John Eulless Park starting at 1 PM.

The Rams, with a record of two wins and two losses, will be ready for the Sacramentans. Coach Len Bourdet was well pleased with the performances of his pitching staff at the College of the Sequoias tourney, in which the Fresnoans garnered the consolation trophy.

The Citrus Junior College Owls dumped the Rams into the consolation bracket by nipping the Rams, 7-6. The Owls went on to take third place by beating Mount San Antonio College.

The first game, which was to be played in seven innings, had to go eight before Citrus put over the winning run. The Rams had exploded for five runs in the second inning and one in the fifth but Citrus tied it up in the fifth with two runs.

Jim Saunders, Ram third baseman, led the Fresno team in hitting, collecting two hits in three trips to the plate.

## Rams Outlast Giants

The Rams and College of the Sequoias Giants battled it out for 13 innings before Bucky Hoover won the game for the Rams with a home run over the left field fence. The final score was 1-0 and put the Rams against the Modesto Junior College Pirates for the final game in the consolation bracket.

## Down Modesto For Trophy

The Rams and Modesto Pirates battled each other for five innings before the game was called because of darkness with the Rams leading by a 9-3 margin.

The Fresnoans tallied one run in the first, four more in the second and two each in the fourth and fifth. Modesto scored once in the fifth and twice in the second.

Joe Monis and Glen Schmidt led the Rams with two hits apiece in four trips. Monis had a triple and Schmidt added a double.

## Rams Open Season

The Rams opened their season Feb. 20 against the Fresno State College junior varsity. FSC jumped to an early lead and handed the Rams a bitter 7-1 defeat.

Jim Sanders collected three hits in four tries to lead all batters. Bucky Hoover and Tom Burkman collected the only other Ram hits.

# Wrestlers Win League Meet—San Jose Next

The 1960 State Wrestling Tournament in Sacramento on March 11 and 12 will climax the end of the Fresno City College wrestling season.

The Rams, who are co-defending champions of the tournament, will once again meet their "fightin' cousins" from San Bernardino College who shared last year's state title with them. The Rams will be competing against the best junior college wrestlers in the state.

Today the Rams will tune up for the big meet with a match with San Jose State College Frosh-JV teams in San Jose. The Rams defeated the Spartans earlier this season. The Fresno team is undefeated in college competition.

Two weeks ago the strong and heavily favored Rams walked off with top honors in the conference tournament in Visalia. They displayed their championship form by racking up 43 points including five first places and two second places. The Fresno team placed every man on their starting team either first or second which shows the team's great effort and determination.

Once again Joe Aquino came through with another sparkling performance by upsetting Modesto's Al Elliott in the last 25 seconds of their 191 pound match. Aquino, who was defeated by Elliott previously this year, pulled out the victory in the most thrilling match of the tournament.

# Track Team Will Open '60 Season

The Fresno City College track team will sprint into action against Modesto and Diablo Junior Colleges on the Modesto track, to officially open the Ram track season, Friday, Mar. 4, at 3 PM.

The team lost a very good man at the pole vault, in Voyce Hendrix, now attending Fresno State College. Hendrix set a new state record last year, of 14'5 3/4" for California junior colleges. The Rams also lost an outstanding trackman in Buss Helm, who was fifth in the nation in the 880 yard run with a time of 1:58.8.

Don't cut short the chances of the Ram thinclads this year. The team has some very good men in Gene Johnson, who had a record of 6'2" in the high jump, at Edison High School, and Harry Edwards, a 173 ft. high school discus thrower, from St. Louis. Jim Hart, formerly of Roosevelt High School, could be a strong double threat in the mile and two mile. Along with him is a good prospect, Joe Ortiz, formerly of Caruthers High School.

In the sprints, Bill Hall and Lamont Whittle, both former Edison Tigers, should provide good competition. Cliff Pickens in the 440 yard dash, and Fernie Montanez in the 880 yard run, are also expected to be outstanding.

The remainder of the track schedule follows:

Mar. 11, Reedley at Reedley; Mar. 19, University of California Frosh and Monterey Peninsula College at Berkeley; Mar. 26, FSC Frosh at Ratcliffe; April 2, Porterville at Porterville; April 8, University of California at Los Angeles and Reedley at Los Angeles; April 16, Easter Relays at Santa Barbara; April 23, College of the Sequoias at Ratcliffe; April 30, Northern California Relays at Modesto; May 7, CCJCAA Meet at Taft; May 14, West Coast Relays at Ratcliffe; May 17, Northern California JC Meet Trials at Coalinga; May 21, Northern California Meet, Salinas; May 28, California JC Track Meet at Modesto.

# Wrestlers Win League Meet—San Jose Next

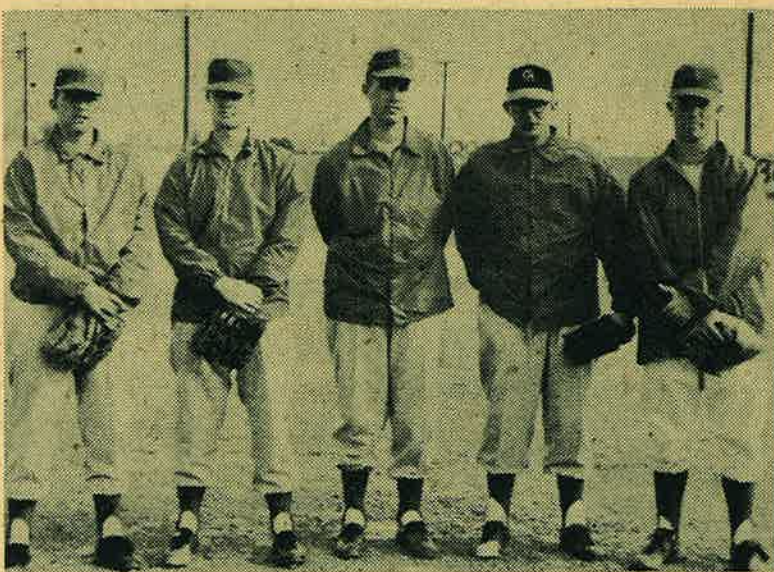

The 1960 State Wrestling Tournament in Sacramento on March 11 and 12 will climax the end of the Fresno City College wrestling season.

The Rams, who are co-defending champions of the tournament, will once again meet their "fightin' cousins" from San Bernardino College who shared last year's state title with them. The Rams will be competing against the best junior college wrestlers in the state.

Today the Rams will tune up for the big meet with a match with San Jose State College Frosh-JV teams in San Jose. The Rams defeated the Spartans earlier this season. The Fresno team is undefeated in college competition.

Two weeks ago the strong and heavily favored Rams walked off with top honors in the conference tournament in Visalia. They displayed their championship form by racking up 43 points including five first places and two second places. The Fresno team placed every man on their starting team either first or second which shows the team's great effort and determination.

Once again Joe Aquino came through with another sparkling performance by upsetting Modesto's Al Elliott in the last 25 seconds of their 191 pound match. Aquino, who was defeated by Elliott previously this year, pulled out the victory in the most thrilling match of the tournament.

# Cagers Close Season With Three Victories

The Fresno City College basketball team closed out the 1959-1960 season by defeating College of the Sequoias, Reedley and Taft over the past two weeks. The three wins gave the Rams a 20-11 season record and 9-3 league record.

The toughest opponent for the Rams in their last three games was the improved College of the Sequoias Giants. The Rams fought neck and neck with them until the gun and thanks to a pair of free throws by Lee Stark in the final minute the Rams won the contest, 67-66. The game was played Feb. 19, in the McLane High School Gym.

The game seemed to be an endless march to the free throw line as the umpires whistled 55 fouls, 23 against the Rams, 32 against the Giants.

The scoring—FRESNO (67)—Jacobson 12; Farnsworth 12; Lowe 9; Stark 9; Mikel 6; O'Leary 6; Nowell 6; Bishop 5; Hampton 2. COS (66)—Coleman 20; Kagy 14; Schiller 13; Bunch 6; Smith 4; Murphy 3; Kissick 2; Marshall 2; Gillespie 2.

## Tigers Are Tough

The next night the Rams met a revenge seeking Reedley College five and had to overcome a 40-33 halftime deficit to gain the victory, 74-66.

The teams were exceptionally hot from the floor, hitting 40 per cent of their shots. The Rams' eight point bulge came from free shots, Fresno tallying 20 points from the gift line and the Tigers of Reedley netting 12 points from the charity line.

The scoring — FRESNO (74) — O'Leary 26; Farnsworth 20; Lowe 13; Mikel 3; Jacobsen 6; Stark 2; Bishop 2; Hampton 2. REEDLEY (66)—D. Brown 20; Fisher 14; Epler 11; Trout 9; Koop 7; Saros 3; Duohirst 2.

## Taft Is Final Victim

In their last game of the season, Feb. 26, the Rams downed an inspired Taft Cougar team to tie for second place in the CCJCAA.

For the fourth time this season the Rams came close to scoring 100 points by beating Taft, 98-80. Taft played a hard game for the first half but the Rams slowly added to their lead and won their tenth home game of the 11 played.

The scoring — FRESNO (98)—Mikel 25; O'Leary 16; Stark 13; Lowe 12; Farnsworth 11; Nowell 8; Lee 4; Bishop 3; Jacobsen 2; Hampton 2; Johnson 1; Allen 1. TAFT (80)—Rector 28; Jones 22; McDaniels 11; Harrington 8; Whitt 7; Pannell 4.

# First Defeat Is Suffered By CC Golfers

Fresno City College's 1960 golf team is termed by Coach Hans Wiedenhofer as "the best in the school's history."

This statement did not hold true as the team dropped their opening match of the year to the strong Fresno State College varsity, 18-0, at the Fort Washington Golf Course Feb. 29.

The team will get its chance to prove that it is the "best material" Tuesday when they meet Fresno High School at the Municipal Golf Course.

This year's ten man team is led by Tom Barnett who won the Porterville City Championship last year. Paul Allison who placed 15th in the state tournament last year also returned to add strength to this year's team.

Other members of the team are Jerry Weil and Bill Byrd, both formerly of Fresno High School; Norman Taber and Charles Wills from Roosevelt High; John Keneday from Bullard; James Corbet and Bob Smally from Madera; and Phillip Koch, formerly of San Ramon Valley High School.

The 1960 golf schedule follows: Mar. 8, Fresno High at Munny; Mar. 14, Fresno State at Fort Washington; Mar. 15, Roosevelt High at Airways; Mar. 17, Coalinga College at Coalinga; Mar. 24, COS at Munny; Mar. 31, Reedley College at Kingsburg; April 4, FSC at Fort Washington; April 7, Taft at Munny; April 13, 14, and 15, Northern California Golf Tournament at Santa Cruz; April 21, Hartnell at Salinas; April 22, Monterey College at Monterey; April 28, Porterville at Munny; May 5, Conference meet at COS; and State Tournament at Orange Coast on the 16 of May.

## SPORTSTALK

By LARRY ADAMS

The final basket has been made and the league winners will begin playoffs for the coveted state championship trophy. The Central California Junior College Athletic Association will be well represented by Allan Hancock, a familiar face in the playoffs.

The Hancock Bulldogs have one game left, a money-raising one, with the CCJCAA All-Stars. This game was inaugurated last year and has met with great success.

Coaching the All-Stars will be the coaches of the second place team, or teams in this year's case. Dick Heist of Porterville and Fresno's own Joe Kelly will gather two of the best players from each team in the league to meet Hancock.

Representing the Fresno City College Rams will be team captain Charles Lowe and improved center, Darnell Mikel. From Coalinga will be John Morgan and Walt Bailey, Sequoias will send Howard Coleman and Ron Schiller. Porterville will have Titus White and Pete Rodriguez while Taft will send Dave Jones and Jim McDaniels. Reedley will be represented by Roosevelt Brown and Don Eppler. Quite an array of athletes.

## DRIVE SAFELY!

This is the B-52. Advanced as it may be, this airplane has one thing in common with the first war-galleys of ancient Egypt...and with the air and space vehicles of the future. Someone must chart its course. Someone must *navigate* it.

For certain young men this presents a career of real executive opportunity. Here, perhaps *you* will have the chance to master a profession full of meaning, excitement and rewards...as a Navigator in the U. S. Air Force.

To qualify for Navigator training as an Aviation Cadet you must be an American citizen between 19 and 26½—single, healthy and intelligent. A high school diploma is required, but some college is highly desirable. Successful completion of the training program leads to a commission as a Second Lieutenant...and your Navigator wings.

If you think you have what it takes to measure up to the Aviation Cadet Program for Navigator training, see your local Air Force Recruiter. Or clip and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.
