

'Antigone' Will Open Tomorrow

Candidates Campaign For Office

Milton Barnes and Don Walker are the candidates for student body president in the election which will be held Wednesday from 8 AM to 3 PM.

Olga Ermolan, the commissioner of elections, said students must have their student body cards to be eligible to vote.

Barnes is a freshman general education major. He is a graduate of Clovis High School.

Walker, the other presidential candidate, is a sophomore business administration major. Walker is a graduate of Sierra High School.

Linda Carol Miller, the current student body secretary, is running unopposed for vice president. Miss Miller is a freshman education major, and a graduate of Fresno High School.

Nancy Tamura, a graduate of Sanger High School, is running unopposed for the secretarial position. Miss Tamura is a freshman secretarial major.

Judy Potter and Robert Roe are running for the treasurer's position. Miss Potter, a freshman secretarial major, is a graduate of Fresno High School.

Jacqueline Riley, a freshman secretarial major, is running for Associated Women Students president.

There is no candidate for Associated Men Students president, although there will be a place on the ballot for write-ins.

Eleven candidates are running for the 10 representative at large posts. They are Charles Overs, Jr., Brenda Daum, Shirley Kauffman, Rebecca Reed, and Jon Johnson.

Other candidates for representative are Donna Pursell, Barbara Blayney, Cherrie Sharp, Carol Russel, Joe Nascimento, and Ellen Garner Blue.

BEAUTY SANDRA GETCHELL, the "gay and golden Ismene" in the FCC production of "Antigone," admires herself under the gaze of Carl Wheeler, left, a guard; Hallie West, as Queen Eurydice, and Philip Wulf, as the Queen's son.

Foreign Student Wins First Place

Laurice Jibelian, a foreign student, won first place in the FCC club and organization speaking contest sponsored by the Forensics Club last Thursday.

Miss Jibelian, representing the International Club, spoke on the topic "How the International Club Helps Students to Become Better Citizens."

The second place winner is Linda Carol Miller, speaking for Alpha Gamma Sigma.

Clara Sherrod of Campus Christian Fellowship and Joyce Johnson representing the Associated Women Students were the third and fourth place winners.

Rams Play Title Game

By LARRY ADAMS

Time—1 PM, Friday.

Place—John M. Euless Park.

At Stake—The Central California Junior College Athletic Association baseball title.

Possible Cost—The Fresno City College baseball team must win both games against league leading College of the Sequoias.

This is the needed information for Friday afternoon's league crucial with the College of the Sequoias Giants. The Rams will be underdogs in the contests although they are the hosts.

Thanks to an upset victory over the Giants by the Reedley College Tigers last week the Rams now have a chance to win the CCJCAA for the first time. In 1949 they tied for the league lead with Taft College and last year they tied with Coalinga, the eventual winner in a playoff, College of the Sequoias, and Reedley.

Coach Len Bourdet was well pleased with his pitching staff against Hancock Saturday, as well as the hitting of the Rams.

Bourdet issued two starting lineups for the Rams. One will be for a COS left handed pitcher and the other for a right hander.

Starters against a right handed pitcher. Ken Frankfort, catcher; Tom Burkman, first base; Pete Lango, second base; Fred Stanfield, third base; Tom Jacobsen, shortstop; Herm Dickerson; left field; Clark Bridgeman, center field, and Earl Cozart, right field. The pitcher will be Bucky Hoover.

FCC Presents First Outdoor Production

By BEVERLY PHELPS

The curtain will go up on "Antigone" Friday and Saturday nights at 8:30 PM.

Clyde Sumpter, the director, said "Antigone" by Jean Anouilh will be a theater in the round production. It will be held in the east courtyard of the administration building, and is the first out of doors production at FCC.

Sumpter said an open air stage is especially appropriate for a Greek play since all Greek productions were staged outdoors.

Although Jean Anouilh's presents the "Antigone" of Sophocles in a modern framework, the basic concepts of human values remain unchanged. There is an advantage in representing the myth in these modern terms because this underlying truth is cast in bolder statements.

Modern Version

Sumpter said the fact that this version of "Antigone" was written and produced during the Nazi occupation of Paris does not in any way limit its scope. The characters are involved in ever present and ever recurring problems and conflicts of each individual.

The conflicts of Antigone present the dilemma in which a man finds himself when his most significant and meaningful possession, his identity, is threatened. It is because Antigone possesses the inner strength of her own identity, in the truest sense of individuality, that Creon, the tyrant, demands her death.

Gay, Golden Ismene

Sumpter said Danna Arslan, a graduate of Bullard High School, will portray Antigone. Sandra Getchell, also a Bullard High School graduate and this year's FCC Homecoming Queen, will play "the gay and golden Ismene," the sister of Antigone. Hallie West, a sophomore at FCC who was seen last year in "Teahouse" and "Thieves Carnival," will play Eurydice, the queen.

Bette Ward, a sophomore at FCC and a technical worker on former FCC productions, will play the nursemaid who brought up the two sisters.

Sumpter said Ron Eddington, who was seen as Hector, a thief, in "Thieves Carnival" last spring, will play the role of Creon, the king. Haemon, Creon's son and the fiance of Antigone, will be played by Philip Wulf, a sophomore at FCC.

Timothy Brooks will play Chorus.

Veteran Actor

Mike Parker, who was seen in "Teahouse," "Thieves Carnival" and "Bus Stop," will play the first guard. Carl Wheeler, the sheriff in "Bus Stop," and a dancer in last spring's production, "Cumberland Fair," will play the second guard.

The third guard will be played by Ben Tayan, who was seen last year in "Teahouse," "Thieves Carnival" and "Cumberland Fair."

Faculty, Students To Play Softball

Strike three, you're out!

This familiar call may be heard at the faculty-student softball game Tuesday. The game will be played on the FCC campus diamond from 11:30 AM to 12:30 PM.

The Inter Club Council is sponsoring the event. Diane Nixon, chairman of Inter Club Council, said the game is actually a benefit game. Tickets are on sale for 20 cents and may be purchased from ICC members. The proceeds will go for Inter Club Council scholarships.

Miss Nixon stated that ICC usually awards four \$25 scholarships each semester. The ICC goal is to earn at least \$100 for scholarships for returning students.

The Inter Club Council is composed of a representative of each club and will meet today at noon in B-6 to make final arrangements for the softball game.

Tomas Bunting is in charge of organizing a student team which will meet for a practice game at 3:30 PM today on the campus diamond. All interested students are encouraged to attend this practice.

Counseling To Start May 9

Fresno City College will start its fall semester counseling and program scheduling for currently enrolled day students May 9.

Archie Bradshaw, the dean of students, said students may make appointments with their counselors during this week.

He also announced the deadline for applying for 36 scholarships worth \$1,580 has been extended from May 1 to today. Students applying should take their applications to Room A-118. The scholarship committee will meet May 10 to pick recipients for the 1960-61 school year.

Bradshaw urged all returning students to be counseled. New students should pre-register Aug. 25 and 26. The dates for returning students will be Aug. 29 and 30.

Pre-registration for all students is set for Aug. 31 and Sept. 1 and 2. Registration will be Sept. 8 and 9. Classes will start Sept. 12.

Entrance examinations will be given May 21 and June 4, both at 8 AM in the FCC auditorium. Other dates for the test are Aug. 22, 23 and 31 and Sept. 8.

SPEECH WINNERS — Laurice Jibelian holds the plaque she received for her winning speech. The other place winners, from left to right, are Joyce Johnson, Clara Sherrod, and Linda Carol Miller.

Letter To The Editor

Treasurer Comments On Student Funds

In recent weeks there has been much editorial comment in this paper concerning student body card fees and the expenditure of student body funds.

As student body treasurer, I would like to clarify a few of the comments made in these articles.

First of all, the issue regarding the increase of student body card fees was not a new or spur-of-the-moment idea. During the fall semester budget meeting, it was suggested that a committee be established to study the current student expenses and the possibility of increasing the student body card fee. As you can see, this decision to increase the fee was not made in haste, but only after thoughtful consideration of the matter through the cooperative efforts of the students, faculty advisers, and the administration.

In referring to the comments of individual students which appeared in last week's paper, several said they were uninformed of the proposal.

To prevent this situation from occurring again, I would like to suggest that the editors of the newspaper publish a weekly column of student council minutes which would inform the students of what the student council is doing for the school and with the student body funds.

Mary Gulke stated in her editorial last week that "\$300 a semester is too much money to spend on the installation of student body officers." I have kept the student accounts for two semesters and know this figure is incorrect.

The cost of a conference each semester is for the orientation of student body officers elect. Before an officer can be of service to his organization he has to know the responsibilities and duties of his respective office. The purpose of these small conferences is to orientate the new officers.

I would like the student body to know that not only do the student leaders attend these conferences but also the faculty advisers and members of the administration. A good deal of the program is devoted to explaining the specific functions of student government and the procedures of operation at Fresno City College.

The editorial column also suggested that the student's money is being handed out too freely as mentioned in the case of the purchasing of a die for a student council pin.

Any amount to be expended from student body funds must be budgeted for. Any financial proposals not budgeted for must go through the Finance Committee which consists of three council members and a faculty adviser.

Each semester budget request forms are given to commissioners and advisers of each student account. From these a tentative budget is set up and a specific time is allotted for a budget meeting which is open to all students.

I hope this has clarified some of the issues regarding student body fees and expenses.

Carrol Jacobsen, treasurer

What's New

Caryl Chessman Dies, Dilemma Not Solved

By ANDREW FEDERICO

I was in the library at Fresno City College when the pellets were dropped into the last room that Caryl Chessman sat in. There were three girls sitting down across the table from me.

"Isn't it awful? How horrible!" one of the girls said, glancing at the fingernails of one hand and giving them a very superior look.

"Yes, it was," her companion replied, "it really was. Did you hear how Marlon Brando and Shirley MacLaine were even there? I read that they went to see Governor Brown to put in their word for clemency. I thought that was nice; only I hope it wasn't just for publicity."

"I don't think so."

The third girl was sitting in front of the other two. She remained silent while trying to concentrate on a textbook.

"I don't want to sound juvenile," the girl who mentioned Brando said, "but I honestly think they shouldn't have killed him. I mean I guess I feel this way because I was still in grammar school when Chessman was con-

victed, and I really don't remember anything about his crime.

"1948 seems like a long time ago to me, and I keep thinking that no matter how bad the crime after the years have passed, it begins to diminish in violence."

"Myself," the other girl said, "I keep thinking of him sitting behind that seagreen glass with the witnesses looking in and him looking out; then he'll wink and say, 'It's all right.' I don't know why, but I just keep thinking about that."

"Well, there was something wrong with the whole thing, but I just can't —"

Before she could finish what she was going to say, the third girl said with emphasis:

"Can't you talk about something else!"

Then she picked up her books and walked sternly out of the library.

In all of the Caryl Chessman controversy there is a lesson to be learned by everyone. And it is not whether Chessman was guilty or not, but rather, should something like this happen again.

Nursing Class Simulates Hospital With Conditions, Actual Problems

By DAVID HANNA

Anyone for a nap on one of these warm spring afternoons? Perhaps they may try the laboratory for the nurse's training class in M-211.

The lab, which has 11 hospital beds in it, is set up in such a manner to give the students in the class practice with conditions they may face in a real-life situation.

Josephine E. Hostetler, a class instructor, said the lab simulates hospital conditions as much as possible.

Another device used by the instructors is a life-sized dummy, which is used for demonstration purposes.

The dummy is called "Mrs. Chase" by the students. Mildred C. Bosteter, another instructor, said the name originated in the latter part of the nineteenth century, when a doll-maker named Mrs. Chase was asked to make a doll for such purposes. Mrs. Bosteter said the name has remained with such dolls ever since.

Three Semesters

Students enrolled in the nursing program go to school on a three semester basis. The first semester class is listed as VN 50A, and is called Medical and Surgical Nursing I.

The class meets for 27 hours a week. Mrs. Hostetler explained that most of the class time during the first semester is spent on lectures.

Mrs. Hostetler said the second and third semester students work at the hospitals in Fresno doing actual patient care as well as having classes.

The students have 117 hours of lecture each semester besides the 549 hours of work in the hospital. Mrs. Hostetler said the hospital work is done on an internship basis, as the students receive no money for their work.

The second and third semester classes are listed as VN 50 A and B, and are called Medical and Surgical Nursing II and III.

The nursing program is designed to prepare the students for the examination by the state board for licensing vocational nurses. The students must pass before they may work as vocational nurses.

Job Placement

Mrs. Hostetler said most of the students are placed in various jobs before they are through with the three semesters. She accredited this to the ever-increasing demand for trained nurses.

Mrs. Hostetler said the enrollment every fall is around 25-30 students, and most of them complete the three semester program. In comparing this with other schools' nursing programs, she said the low dropout rate is because the FCC course is offered in three semesters.

Most other schools, Mrs. Hostetler said, have the program on a yearly basis, and the students have to go to summer school to meet the necessary requirements. She said this practically eliminates the married students who have to work in the summer.

Training Hours

Mrs. Hostetler said the FCC program consists of 1,633 hours of training, although the state board only requires 1,530.

Applicants for the program must have completed at least the tenth grade, although a high school diploma is preferable. The students must also pass the entrance exams given by the school.

The cost of the program is \$100. This price includes books, supplies, and uniforms.

Mrs. Hostetler said the student nurses may be recognized around campus by their grey and white pinafores and white stockings.

June E. V. Pool is the other instructor, along with Mrs. Hostetler and Mrs. Bosteter. All are registered nurses and have fulfilled special education requirements as set up by the state board of education.

STUDENT NURSES — Student nurses are assisted by Mrs. Mildred Bosteter, second from left, in taking a patient's blood pressure with a double stethoscope. The students are, left to right, Janet Allison, Marie Wilson, Vera Rodriguez.

Magazine Publishes Instructor's Story

Robert J. Shaver, the instructor of the class in Creative Writing for Enjoyment, is the author of a short story which has been accepted and published.

Shaver said that when he was told he would have this class to teach he decided to make a serious attempt at having an article or story accepted for publication. This, he said, would have the two-fold effect of adding to the prestige of the class and of demonstrating to the class that it really could be done.

"The Two Soldiers" is the title of his story. It may be read in the May 1960 copy of Link, a Protestant magazine for the armed forces.

The story appears under the pseudonym of Charles Alexander, Shaver's father's given names. Shaver said when he was about high school age he announced to his father, a farmer, that he was going to become a writer so he would never have any worries about a job.

His father's reply, "Son, it just doesn't work that way," has been with him through the years as he supported himself and his family with a variety of jobs.

Shaver teaches his class of 14 aspiring writers that it is very difficult to become established as a writer, even though a person may have an outstanding talent. Getting that first item accepted is often the key to success in the future.

He gave this further advice to would-be writers: "Keep a notebook handy at all times, especially at night. Fleeting ideas must be captured before they vanish."

The need to earn a living balks many an attempt at writing, because, Shaver said, a writer needs a clear mind to be effective; he must be neither mentally nor physically exhausted.

This semester marks the first time the class in Creative Writing for Enjoyment has been offered at FCC. Shaver said the members of the class seem to be enjoying their writing experi-

ences in the fields of poetry, plays, articles, and short stories.

The two unit class requires each student to submit four finished projects in any fields of his choice. A drawback to the course stems from the fact that some of the students do not enjoy the re-writing that is necessary before any item can properly be called finished.

New Magazine Welcomes Articles

Collage, a new magazine written for college people, will be available at college bookstores and newsstands this September.

David Preiss, the editor-publisher, said Collage will be the first serious magazine dedicated to the nation's college audience.

He said, "It is our belief that college students today are interested in more intelligent and creative extracurricular pursuits and will read and contribute to a magazine they can respect."

The magazine welcomes non-fiction articles from FCC dealing with the arts, academic, and athletics. They are also seeking one 5,000 word survey of the benefits, drawbacks and peculiarities of a specific college.

Besides contributors, the magazine seeks student correspondents.

Interested students and faculty may submit inquiries or material to Collage, at 1822 N. Orleans, Chicago 14, Ill.

The magazine staff reports that, while subscriptions are not solicited at this time, they intend to issue Collage monthly, excluding July and August, at 40 cents a copy.

Council Appropriates Funds For Magazine

By RICHARD KRIKAVA

The Fresno City College Student Council passed a motion stating that \$375 be taken out of undistributed reserve in the school budget. This money is to be used for the publication of "Potpourri," the new FCC literary magazine.

Larry Adams, the editor of the staff, plans to have 1,000 copies printed to sell at 25 cents a copy. If all copies of the 100 page magazine are sold, \$250 will be made. This money will go back into the student fund. This will also mean that only \$125 will be actually taken from the budget.

Eric Radanovich, chairman of the 50th Anniversary committee, extended an invitation to the students to make suggestions for the 50th Anniversary and homecoming activities. It has been suggested that the annual Ramburger Round-up be included in the activities. All suggestions must be submitted to a student council member or put in the suggestion box in the student center.

It was disclosed that the purchase of 25,000 match books have been ordered for the 50th Anniversary. The history of the school will be printed on the inside of the cover and a picture of a Ram will be printed on the outside.

The "Lowland Sea" will be given May 19 and 20 in the FCC auditorium. The "Lowland Sea" has been double casted, with a different cast scheduled for each evening performance.

The "Lowland Sea" is a musical that tells of man sailing away from his loved one and his eventual return. Rodger Dunham, a choir member, will emcee the program, which is a showcase of musical productions given by the schools around the valley.

Forensic Tourney
The third annual Central California Junior College Association Forensic Tourney will be held at FCC Saturday.

Franz A. Weinschenk, the FCC forensic instructor, said the purpose of this tourney is to encourage the junior colleges of Central California to participate in forensic activities.

The forensic clubs that will participate in this tourney are made up of student debaters from all over California.

Weinschenk said there will be trophies and certificates of excellence awarded in debate, oratory, and extemporaneous speaking. Also a national sweepstakes trophy will be awarded in oral interpretation. An additional award will be awarded the college which amasses the most points in all events.

Spring Formal
The annual FCC spring formal is scheduled for Friday, May 13, at the Rainbow Ballroom.

This year's spring formal is themed—"Spring Time in Paris." It will be portrayed in music by the Keith Williams Orchestra.

This formal is being sponsored by the Associated Men Students and Associated Women Students. There is no admission charge for this affair. Each student who plans to go must pick up a bid in the lobby of the student center. Bids will be given upon presentation of student body cards.

These bids will not be available until the latter part of the week. Couples will not be admitted to the formal without bids.

Music System Gets Attention

The Fresno City College Student Council appointed a special committee to acquire a new music system for the Student Center which will eliminate the \$51.38 a month for the closed circuit music service from a local radio station.

The money they save will be more than enough to purchase a complete sound system. Douglas Webb, the chairman of the committee, suggested the following components for the system. A Viking "85" tape recorder, \$119.00; Viking pre-amplifier, \$57.50; Miracord XS-200 record player, \$74.50; Elco AM-FM tuner, \$59.95; Heathkit A9-C Amplifier, \$46.95; Heathkit AK-1 microphone, \$12.50; six 12 inch speakers, \$78.00; lots of five long playing tapes, \$21.50; eight long playing records, \$48.00; patch panel network, \$10.00; and the cabinet, \$50.00.

The committee will meet today with the finance committee to discuss the proposed system. The Student Council will meet next Thursday at noon in B-6. All students are welcome.

Diane Nixon, the vice president, appointed a committee to study the constitution regarding the selection of pep girls. The committee members are Eric Radanovich, chairman, Allen Graves, Brenda Daum, and Leonard Younge.

Student Grows Best Beard; Wins Prize

By JOHN CRIDER

Robert Katzakian won the Newman Club's beard growing contest at the ship-wreck dance Friday night.

Lawrence W. Martin, Newman Club sponsor, said the judges of the contest were Miss Doris Deakins, dean of women, and Francis Svilich, a business division instructor.

Martin said that Katzakian's beard was chosen as the winning beard because of its originality, as the above picture indicates.

Katzakian received \$10 as first prize.

Alpha Gamma Sigma

The Alpha Gamma Sigma, FCC's honor society, is meeting at noon today in the committee room of the student center.

Dr. Paul Pastor, AGS sponsor, said the purpose of the meeting is to nominate candidates for office this fall semester.

He said the elections for offices will be held next Thursday, May 12. All members are eligible as candidates.

Pastor said that Phyllis Williamson, FCC student, is in charge of the nomination committee.

The AGS is sponsoring a dance May 17. Pastor said that the members will discuss the plans in today's meeting.

Mary Ann Hartmann is in charge of the dance committee.

Delta Psi Omega

Tom Westerfield, vice president of the Delta Psi Omega, said that any clubs looking for worthwhile projects should consult the Nutritional Home.

He said that the handicap-orphan children at the home are

always in need of canned food, clothes, and other necessary needs.

The Delta Psi Omega delivered to the home over 50 pounds of canned goods at Easter.

Teachers Will Hold Meeting

The California Teachers Association will hold a discussion meeting at FCC Saturday morning.

Bruno Merz, a field representative of the CTA, said the meeting will be divided into two parts, the first part being a discussion of the steps required in the filing of retirement applications. A general history and theory of the retirement plan will be presented, along with the explanation of the three retirement options. The meeting will conclude with a general question and answer period.

Among the speakers will be Robert Rees of Burlingame, a CTA field executive, and Cecil J. Sharpy, a teacher.

The meeting will be held from 9 AM until noon in Room 200A of McLane Hall.

Faculty Members Receive Awards

The FCC Faculty Club awarded trophies to 11 winners of the sportsmen contests at their annual spring outing last Saturday at the Sierra Sky Ranch.

Miss Doris Deakins, the social committee chairman, awarded the trophies to the winners.

Peter Christian won the men's golf trophy, and Miss Cathern Irwin won in the women's division.

Mr. and Mrs. Joseph Kelly walked away with the mixed doubles horseshoe trophy.

In the shuffleboard contest, partners John S. Hansen and Mrs. E. Harrison Hall tied for first place with Mrs. Gervase A. Eckenroed and Carl Rustigian.

The bridge tournament trophy went to partners Mrs. John S. Hansen and D. Lee Ross.

Mrs. A. William Rumley won the "laziest person at the Sky Ranch" award. Winning this award called for complete relaxation. Mrs. Rumley was so relaxed she did not get up from her chair to receive the trophy. Miss Deakins took the trophy to her.

Besides the planned games, faculty members hiked, went horseback riding, and just lazed around.

E. Harrison Hall, Faculty Club president for the past year, was master of ceremonies

These are the silver wings of a U. S. Air Force Navigator. As a flying officer on the Aerospace team, he has chosen a career of leadership, a career that has meaning, rewards and executive opportunity.

The Aviation Cadet Program is the gateway to this career. To qualify for this rigorous and professional training, a high school diploma is required; however, two or more years of college are highly desirable. Upon completion of the program the Air Force encourages the new officer to earn his degree so he can better handle the responsibilities of his position. This includes full pay and allowances while taking off-duty courses under the Bootstrap education program. The Air Force will pay a substantial part of all tuition costs. After having attained enough credits so that he can complete course work and residence requirements for a college degree in 6 months or less, he is eligible to apply for temporary duty at the school of his choice.

If you think you have what it takes to earn the silver wings of an Air Force Navigator, see your local Air Force Recruiter. Ask him about Aviation Cadet Navigator training and the benefits which are available to a flying officer in the Air Force. Or fill in and mail this coupon.

There's a place for tomorrow's leaders on the Aerospace Team.

CLARK BRIDGEMAN COMES HOME after hitting his first home run of the season. The dejected look on the Allan Hancock catcher came when Bridgeman's four-bagger made the score 18-0, in the fifth inning.

Perfect Game Pitched By Doug Atwood

Doug Atwood hurled a no-hitter in the nightcap of a Central California Junior College Athletic Association doubleheader as Fresno swept both games from Allan Hancock by scores of 9-0 and 26-0. The games were played Saturday on the Fresno State College diamond.

The double win pushes the Rams into second place with a chance of winning the league title Saturday when they host the first place College of Sequoias Giants. Fresno now has a 6 win - 2 loss record in league play, while COS has a 7-1 record.

Atwood's no-hitter had to share the limelight with the Ram batting attack, as Fresno exploded for 17 runs in the fifth inning of the second game.

The Rams sent 21 men to bat, collected 10 hits, and were aided by two errors and four walks.

Rightfielder Earl Cozart broke some sort of record when he collected three hits in the inning.

Clark Bridgeman homered, Tom Jacobsen tripled and singled, Bob Gamboa and Dave (Bucky) Hoover doubled, and Joe Monis and Jim Sanders singled, all in the fifth inning.

Atwood had control trouble, walking seven Bulldogs, but three double plays by the Rams kept him out of trouble.

Centerfielder Bridgeman saved the no-hitter in the sixth inning when he raced far to his right to pull down a hard line drive.

Atwood now has pitched 16 consecutive scoreless innings in league play.

Cozart had a perfect day at the plate, getting four hits in as many at-bats. Bridgeman, Jacobsen, and Monis each had three hits. Among Sander's hits were a triple and a homer.

The first game also featured a fine pitching performance by a Ram, as Bucky Hoover tossed a two-hitter in the nine inning opener. Hoover struck out 13 and walked three.

Hoover aided his own cause with a homer, triple, and a single in four appearances. Bridgeman, with two, was the only other Ram to collect more than one hit.

DOUG ATWOOD IS CONGRATULATED by his teammates after beating the Allan Hancock Bulldogs, 26-0, in the second game of a double header Saturday. Atwood pitched the first no-hitter of the season for the Rams.

Swim Team Will Go To Bakersfield For Meet

Fresno City College's five man swimming aggregation, which took part in the Northern California Divisional Swimming Meet in Vallejo Friday and Saturday, will send three of those men to the state meet in Bakersfield, Thursday, Friday and Saturday.

Last weekend, five Ram swimmers captured eight individual medals. Jerry Opperman, leading swimmer for the Rams throughout the season, captured three of the eight. Opperman took a fifth in the 50 yard freestyle, a sixth in the 100 yard freestyle, and took part on the four man 440 yard freestyle relay.

Opperman was followed closely by Roy Havenhill. Havenhill accounted for two medals. Havenhill captured sixths in the 100 and 200 yard breast stroke events.

Ed Fitzgerald, Keith Bush and Ave Minasian, along with Opperman, made up the 440 yard relay team which took fifth.

Tennis Team Hosts Meet; Golfers Play In Visalia

Both the Fresno City College tennis and golf teams will be in league action this week.

Today the golf team teed off in the league meet at Visalia. College of the Sequoias, defending champions, are expected to win for the fourth consecutive year.

Saturday the Ram tennis team will host the league tennis championships. The matches will be played at the McLane High School tennis courts, starting at 9 A.M.

Winners in both the golf and tennis matches will go to their respective state meets.

Thinclads Take Part In CCJCAA Meet In Taft

By JOHNNY NOBLE

After an unexpected victory over the College of the Sequoias Apr. 26, and a good showing at the Northern California Junior College Relays in Modesto Saturday, the Fresno City College track and field team will journey to Taft College Saturday for the Central California Junior College Athletic Association league meet.

The Rams will again try to crumble the competition of the COS Giants, who have been the defending league champions since 1949, and capture the victory trophy.

FCC will be represented in the discus by Harry Edwards, Chet Rooters, and Benney Benneyan. Edwards has had the best throw of anyone in the league this season and should take a first place. Rooters and Benneyan also have thrown the plate as far, if not farther, than anyone from the other schools participating in this meet.

Bill Hall in the 100 and 220

yard dashes and Fernie Montanez in the 880 yard run are expected to capture first places for the Rams.

Gene Johnson, Ram high jumper, cleared the bar at 6 feet 4 1/2 inches at the Modesto meet. This jump was his best for the year, and if he can make this height at the league meet, he should take another first place for the Rams.

Clark Bridgeman, who downed all competition in the broad-jump against the COS Giants, will be gunning for other points for the Rams.

Percy Brown, Ram hurdler, will have stiff running against top hurdlers from COS, Taft, Reedley and Coalinga Colleges.

COS is considered to be the strongest threat for the Rams, but if the other schools can down the Giants in some of the events that the Rams are weak in, the Rams should come home with the championship trophy.
