The other new officers were fall semester. We have a great advantage of building upon the successes of this semester to bring a brighter, more diversified program for you in the future.

You may rightly ask my intentions. This is the outline:

1. Concentrate on a fully opposed ballot at the next election effort, and give you an opportunity to hear each candidate.

2. Traditionalize the Frosh-Soph

3. Devote time each semester for a program of civic worth (parallel to the CARE drive).

4. Satisfy all interests with; a. assemblies of culture; b. speakers of prominence; c. celebrity performances; d. bigger and better rallies; e. personal freshman orientation; f. foreign student forums.

5. The initiation of a student judicial system.

Good Ole School Board! . . . The new FCC cafeteria will not be built as an addition to the present facility as originally planned. President Stuart M. White last week persuaded the School Board to approve the construction of a brand new cafeteria building to be built between the Student Center and the bungalows.

According to tentative plans the present dining room will be converted into a new student lounge.

This action by the board reflects a genuine interest in our welfare. The day is coming when we will rank among the best fed and best rested students in the state.

Now if we could only find a place to park!

On the Way Up? . . . The "Coachmen," a folk-type trio from Fresno State are at last beginning to receive some well deserved recognition. They recently completed their first professional engagement, on the same card with Mickey Rooney and Joey Foreman at the Hacienda. They were a mild sensation. Local bandleader Bruce Davis says "watch these kids, believe me they've got what it takes.'

Alex Babigian, a former City College student, is a member of the trio.

Another Good Sign . . . The DPO talent show last Thursday was a big success. Some three hundred persons enjoyed a fine presentation of campus talent. The "beat" background was very effective. Talent coordinator Dezie Woods and the rest of the DPO members connected with the show deserve a pat on the back for a job well done.

Freshman Judy Garrett took first place with her solo rendition of the spiritual "Joshua Fought the Battle of Jericho." The JCJ Quartet copped second place honors in the show.

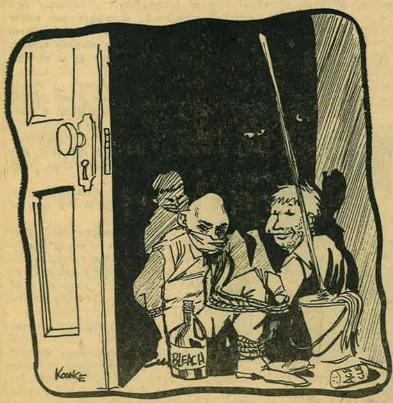

Disturbed Boondocks . . . Are the stresses and strains of city life beginning to get you down? Do you dream of someday moving to a quiet country cottage to find recluse and peace of mind?

"Forget it!" says a team of Cornell researchers. The psychiatrists said that in the boondocks of rural Canada, four out of five persons exhibited the same mental disturbances and to the same extent that other researchers found in a recent study in midtown New York City.

President's Corner

Last week's Rampage carried a very interesting story about some of the Eastern colleges, such as Columbia College and Brown University. They lost their student government because they are "in too many cases immature, unrealistic and aimless."

The article went on to mention that the governments were too totalitarian and lacked a judiciary system.

The point of the article was that some of the western colleges and universities such as USC, UCLA and Stanford were modernizing their

So their campus governments are no longer centralized or totalitarian to the judicial-legislative-executive pattern in our national government. Now the results of these constitutional changes are two. First, they are aimed at updating and re-vitalizing student government's function in the college and its community.

Second, it makes the student government act as a laboratory for future citizenship, which would eliminate, theoretically, student apathy.

What is the relationship of this article to our student government? First, we are already aware of the type of government which is now only being organized in many universities.

Second, we are trying to act as a laboratory for future citizenship. Third, the integration of our college into our community has increased greatly this year.

The thing this article proves is that our college is ahead of many other four year institutions across the nation.

We are taking an additional lead because we are revising and improving our constitution to be more complete than ever.

These changes will be important to everyone because of the immense relationship of our college to the community.

If we can't show the community that we practice what is a national idea, then we have no right to exist.

We must be adult, serious, and willing to work. But, if the voter does not take enough interest to even vote in an election then these same voters deserve to have their funds misappropriated and wastefulness and foolishness to exist in their government.

They also deserve to be treated as children who are not allowed to have responsibility of any kind. Luckily, we have people in our government who are responsible.

Ordinarily we are not arbiters of proper boy-girl etiquette, but are happy to give Miss L. our opinion.

"I am invited to a formal and wonder if it's proper to buy a boy a carnation. He is wearing a white jacket and I think a flower would look nice. My friends say it isn't

Night Class Registration Begins

Currently enrolled students may move forth their fall registration by filing a tentative program of classes in the Evening Division Office sometime between May 21 and June 7, according to Robert M. Kelly, Dean of the Evening Divi-

Students who complete this process will be given priority for registration in the fall semester and will have a reserved registration time. Students who do not complete this process will have no priority in registration and must compete with new students for classes during registration in the fall, 1962.

"A new registration will be in effect during fall registration. Students will be enrolled next fall in the order in which they apply for registration this spring," Kelly commented.

A line card will be mailed to the student in the fall previous to the scheduled registration time in order to enable students to complete registration on a predetermined time schedule on Sept. 5, 6 and 7.

All students are required to go directly to the east entrance of the Student Center on the date and time indicated on your line card.

Circle K' Banquet To Be Held Thursday

The Fresno City College Circle K in the college cafeteria.

The Circle K is a new campus service club for college men. The purpose of the banquet, as explained by Kenneth Wood, faculty adviser, is to make a public presentation of the club charter by the District Lieutenant Governor of Kiwanis International and to install the officers:

President, Tim Thomas; vicepresident, Fred Faieta; secretary, Dewayne Zinkin, and treasurer, Kenneth Maul.

"The charter members will be introduced and given their pins and kits," Wood said.

There needn't be. You can get a head start on your savings program by beginning now, while you're in college.

Life insurance offers you a combination of protection and savings, and by starting your program now you will have the advantage of lower premiums.

Rich Rites Bourdet's Touch By RICHARD SALAIS Sports Editor Touch Does it Again

Thanks to the outstanding performance of star chucker Dick Selma the Fresno City College Ram nine will host the Northern Regional junior college state tournament to be held Friday and Saturday at John Euless Park.

Coach Malcolm L. Bourdet, the knowledgeable FCC mentor, is entering his third consecutive state playoffs and is definitely responsible for bringing nothing but flying colors for the Ram baseball program.

Finished 3rd in Conference

Bourdet, a wiry ex-professional baseballer, was head coach at Sequoia Junior High School of Fresno in 1955-56 before taking over at FCC in the fall of 1958. The 1958 squad completed the season with an average 15-10 year, and third in the CCJCAA conference. However, this was only a start for Bourdet and Co.

In 1959, Bourdet guided the team to a 24-4 record and tied for the league championship with Coalinga, including that

season were two 12-game winning streaks. Bourdet's nine that year would have had an excellent chance to make the state playoffs but major league scouts nabbed two star moundsmen in righthander Jim Maloney and Dale Rudolph before the season ended.

1960 Club Was Surprise

Bourdet's ability was apparent when he led the 1960 squad, with so-so ballplayers, to win the conference title and flashed a surprisingly fine record with a 21-7 season. The team that year, however, lost in the first round of the state playoffs to Oak-land City College, 10-6.

State Champions in 1961

LEN BOURDET

Then came the state championship last year. The 1961 squad was rated as a top-notch team, according to pre-season speculations, but they started slowly and spurted in the final stages to win the third league crown for Bourdet. Fresno clobbered Sacramento and Foothill College in the regionals held in Sacramento to advance to the state finals in Fresno. The Rams defeated the Southern California finalist Cerritos, in a best of three series, by the consistent and phenomenal pitching of Dave "Bucky" Hoover.

4th Consecutive Title for Bourdet in 1962

Racking up an FCC career total of 104-43 record since entering Fresno City College, Bourdet's team defeated the College of Sequoias last Monday, 7-0, and thus will attempt to repeat as state champions. COS has claimed the 1962 season as co-champions with Fresno but lost to the Rams three out of four times. This Friday and Saturday will mark Bourdet's latest achievement as baseball coach with a chance to win the regionals and advance to the state championships

Game time tomorrow will be at 3 PM, so take a stroll to John Euless and gander at the state's number 1 baseball team
