

Annual Mardi Gras Ball To Be Held Tomorrow

"The Roaring Twenties" is the theme of Fresno City College's fourth annual Mardi Gras costume ball and parade to be held on Friday, Feb. 15.

The affair, presented by the Delta Psi Omega, FCC's drama organization, will begin with a parade of floats carrying the king and queen candidates from the various campus clubs around the circle drive in front of the Student Center at noon on Friday.

King and queen of the Mardi Gras will be chosen that night at the dance to be held at 9 PM in the Social Hall.

Costumes for the dance are expected to range from anything as flappers to clowns and bubble dancers.

The Statesmen, a local dance band will provide music for the evening while Master of Ceremonies, Darrell Rogers will introduce various vocal and dance entertainment furnished by DPO members during intermission.

The color theme for the night is silver and blue. Refreshments will be served at the dance.

Summer Session In Full Swing

Tentative plans for the first FCC summer session are being made.

James P. Collins, director, will circulate a questionnaire to help determine the subjects and number of classes in which students may enroll.

Collins said a student will probably be able to earn a maximum of six or six and a half units during the session. This will give students a chance to repeat or to gain additional units.

The director said classes will start July 1, 1963 and continue through Aug. 9.

Classes will begin at different time periods, depending upon the time required to fulfill the requirements, which are based on units and hours.

Dr. Just New Tabor College President

Dr. Roy Just, instructor of Sociology and Philosophy at Fresno City College, has been named President of Tabor College in Hillsboro, Kansas.

Dr. Just, a native of Dinuba, will assume his duties for the 1963-64 school year. The Chairman of the Board of Education, Mr. E. J. Peters of Wasco, announced the placement the past week.

In 1955 Dr. Just accepted a position at FCC and from that time was involved in local and state teachers associations. He is a past member of the California Junior College Planning Committee for Social Sciences and was a member of the California Teachers Association Planning Commission for the 1962 Conference on Higher Education.

Dr. Just graduated from Tabor College in 1947. In 1949 he was granted the M.A. degree at Kansas University and in 1952 received the Ph.D. degree in sociology from the University of Southern California. He has also published articles in the Mennonite Quarterly Review, the Mennonite Encyclopedia, and Sociology and Social Research.

Before his acceptance to Tabor College, he was completing arrangements for a two-year appointment to India by the Peace Section of the Mennonite Central Committee.

THE FOUR FRESHMEN, sponsored by FCC's student council, will appear in the Fresno High School auditorium Sunday at 8:00 PM.

Four Freshmen To Perform At Fresno High

FCC's student council will sponsor a Fresno appearance of the Four Freshmen, a nationally known vocal group, in the Fresno High School auditorium Feb. 20 at 8 PM.

The quartet that specializes in entertaining collegiate audiences has also presented hundreds of programs in the country's leading night clubs and concert halls.

Their routine is not limited to vocalizing. They report they "can blow, strum or thump seven instruments."

Flanigan Top Voice

Bob Flanigan sings the top voice, plays the trombone and doubles on string bass. Ross Barbour is master of ceremonies, sings third voice and plays the drums and trumpet.

Ken Albers, the bass voice of the group, plays the trumpet and mellophone, while Bill Comstock sings second voice and plays the guitar. Albers and Comstock also arrange and compose many of the numbers used by the quartet.

James Scott, FCC student council commissioner of assemblies, said 2,000 tickets will be available for the show.

Students First

FCC students with student body cards will have the first opportunity to obtain the tickets. They may pick up one each in the student center ticket booth from 11 AM to 5 PM today and tomorrow.

The public may purchase the remaining tickets from Feb. 18 to 20 in Room 123 of the administration building from 8 AM to 5 PM. They will be free to the students with city college student body cards; others will be charged \$1.75 each.

Spring Play May Be Cancelled

Cancellation of "The Boy-friend," the scheduled spring play, may result due to a poor turnout at the recent tryouts.

Another tryout is scheduled for Feb. 19 at 7:30 PM in the Social Hall in an attempt to reach more talented students, singers, dancers, and actors, said Clyde Sumpter, dramatic coach. The play requires sixteen actors and ten singers, equally divided between men and women.

Rehearsals in preparation for the play will be two hours a night, two nights a week.

The satirical musical comedy takes place in the 1920's at a French girls' finishing school on the French Riviera.

"I'm genuinely interested in the musical comedy, the first one to be performed by Fresno City College, and I trust that enough students will show up for the next scheduled tryout," said Sumpter.

Two FCC Placement Offices Now Offer Jobs For Students

Two offices on campus now offer job placement service in both domestic and business fields for present and former students of FCC.

Miss Doris Deakins, dean of women, said homes seeking live-in baby sitters and housekeepers prefer girls who can fit into the atmosphere and environment of the home.

Dress Rules Will Be Observed

Students are urged to start off this semester right by observing rules concerning dress, smoking, and garbage disposal and by using common sense.

Miss Doris Deakins, dean of women, is pleased with the taste in campus dress shown by students so far this year.

"Things are going very smoothly this year," said Miss Deakins. "Students are dressing like sane individuals and are looking nice."

Bermudas, capris, and any kind of girls' pants are considered in poor taste and instructors have the right to refuse anyone admittance to their classes when wearing such clothes. Information on proper dress may be found on page 17 of the college handbook, added the dean.

Smoking is not permitted in closed halls of any campus buildings or in classrooms. Students who do smoke are urged to place butts and packages in the proper receptacles.

Receptacles are placed all over the campus and there can be no excuse for littering. Students have done well concerning all the above rules so far this year and further compliance will be appreciated, concluded Miss Deakins.

Many long and close associations have been formed between students and families in the area through the placement program, said Miss Deakins. Several girls have spent as many as four school years in the same home while pursuing college studies.

"Twenty or more families are presently seeking help in exchange for room and board and, in some cases, a small salary," added Miss Deakins.

Specific information about jobs in the domestic field are available during school hours in Miss Deakins' office.

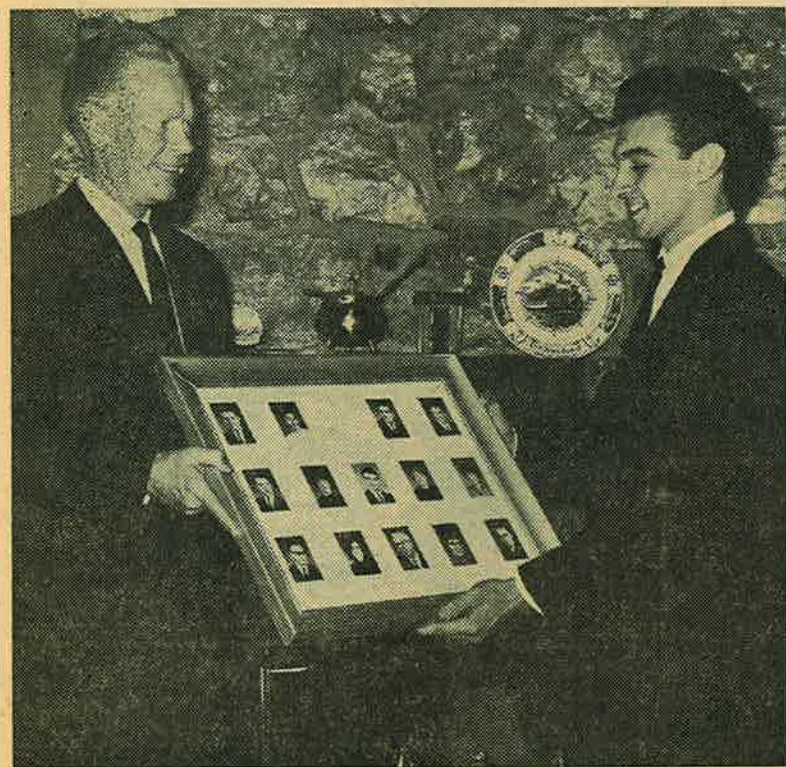

Both men and women students can apply for jobs in other fields through Mrs. Dorothy Ediger, placement officer for FCC.

Mrs. Ediger's office has placed hundreds of students in part and full time jobs since the inception of the placement service last August.

Mrs. Ediger said local employers call her regularly with openings in areas ranging from baby sitting to office work for women, and bus driving, bartending, janitorial and many other jobs for men.

Day students, night students, former and future students of FCC may take advantage of the job placement service in seeking full, part time or career work, said Mrs. Ediger.

Pamphlets supplying job information and guides to choosing a career are available in her office located in Room T-100 from 8 AM to noon and 1 PM to 5 PM.

Editorial

THE SHORTEST LINE

The problem of early line cards for privileged athletes has arisen over the past few semesters. These special athletes do not have to worry about their chances of receiving the classes of their choice. They simply sit back and watch the other students take their turn in line to receive their line cards. They in turn talk to their coach and he will pull from his pocket, like a rabbit out of a hat, an extremely early line card in the athlete's favor.

The majority of students who do not participate in inter-collegiate sports must make their pilgrimage to school on registration day to run, sweat, and fight for the classes of their choice. During this time, the special athletes have already signed for their classes and are lying under a tree some place with a straw between their teeth.

A spokesman for the Admissions Office said, "On occasion by the request of coaches, we do hold back a number of line cards for use at their discretion."

Does the fault lie with the athletes? Some say that the athletes are at fault by asking their coaches for this "privilege." Others contend that the blame is on the coaches for obtaining early cards.

A third set reasons that the coaches must have a connection in the Administration building and that this particular connection is at fault.

If coaches are going to favor their special athletes by con- vining early line cards for them, then why not keep things above-board by eliminating the line card procedure for these privileged persons and allow them to register for their classes at their convenience?

Pin-pointing the blame for this hush-hush action is not the attempt of this editorial. The reason for exposing this situation is not to embarrass or criticize anyone, but to let the problem be known and understood by the students that are dreading their long wait in line next semester.

We hope that student action in the order of letters to the editor and other peaceful means of discussing this situation will arise from this editorial.

Buzzing Around

All About Dolls
(Mechanical Variety)

By TOM WALLS
Feature Editor

★ ★ ★ ★ ★

COMING CRAZE DEPT.—Wind-up toy jokes, popular now in the East, are headed this way. A few of our favorites: The Kennedy doll (credit this to Herb Caen), just wind it up and it winds up another Kennedy, which winds up another, and another and so on ad infinitum . . . Or the Eisenhower doll. You wind it and wind it for eight years and it does absolutely nothing . . . Or the Jack Benny doll. Wind it up and it takes the key away from you! . . . and the Cassius Clay doll, the best of them all. Just wind it up and it tells you so. And tells you and tells you and tells you!

★ ★ ★

MISTAKEN IDENTITY DEPT.—Dennis Hagoblan, noble editor of this noble publication, was approached by three dewey-eyed girls at a local drive-in last weekend. "You're Frankie Avalon, aren't you!" they screeched. After an illusion shattering denial, the disappointed autograph hunters walked away dejectedly. Later the same evening, at the Hacienda, he was rushed by three figures as he got out of his car. The same trio who had ambushed him earlier seven miles away! "You ARE Frankie Avalon!! Or why else would you be here?" Now give us your autograph!!"

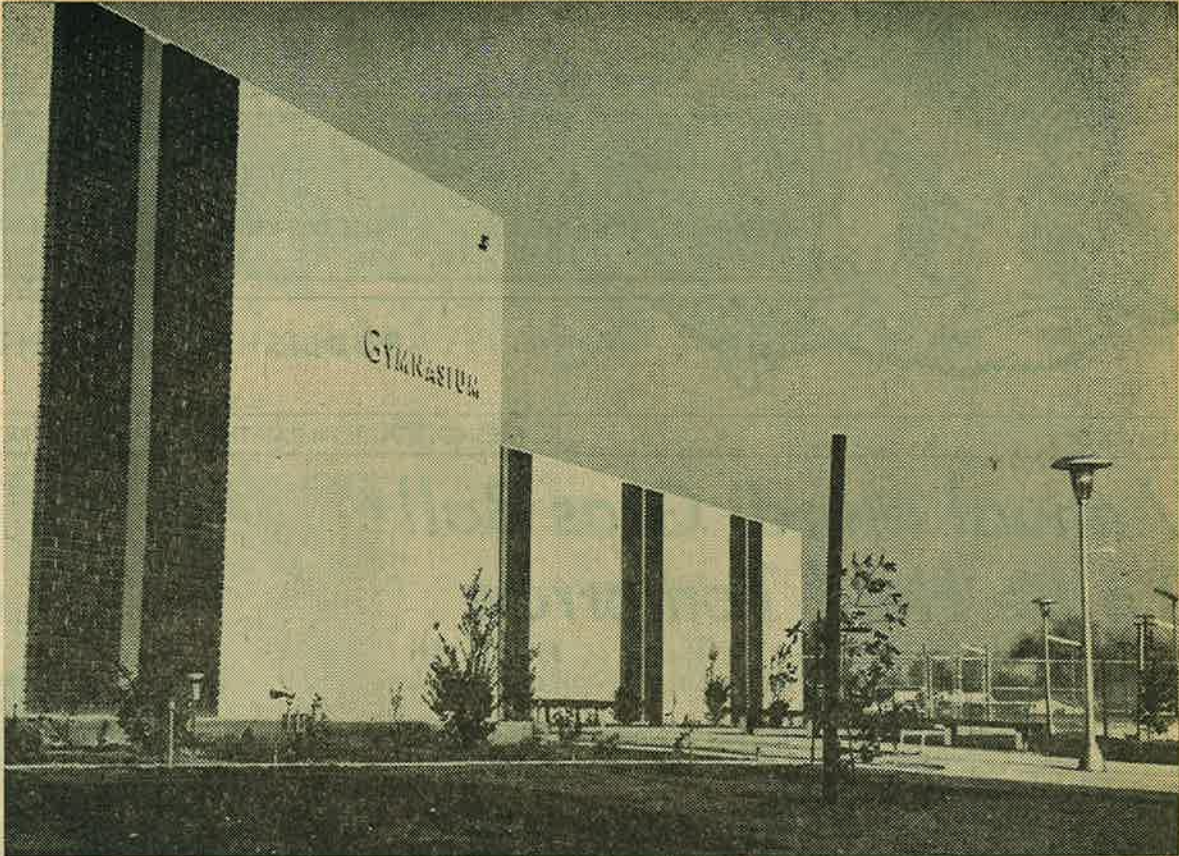

Wonder if Frankie Avalon has ever been asked for Dennis Hagoblan's autograph?

★ ★ ★

OUT OF OUR DEPARTMENT DEPT. . . Tom Meehan, Fresno Bee sports writer, has suggested a game between the Ram basketballers and the FSC varsity. Who can think of a better way to break in the new hardboards? We suspect, though, that the Bulldogs will not be able to find time in their busy schedule to participate in a game in which they have nothing to gain and everything to lose, a fate which they might very well encounter if the challenge is accepted.

★ ★ ★

AND FINALLY . . . This campus should be as green as Sybil Burton's eyes this spring, judging by the amount of "fertilizer" on the grass (which is using ten letters where four would do) . . . At the recent elections at a certain Northern California college, a candidate for ambassador at large advocated, among other things, the sale of very personal items in the bookstore. He is now in Southern California picking lettuce, where he may soon be joined by an amateur columnist if the latter doesn't come up with better material in the near future.

NEARLY COMPLETED—Workmen are adding the finishing touches to the new Weldon Ave. gymnasium, which is scheduled to be ready by March 1. The building is accented with brick columns, and is designed to blend with the proposed new cafeteria and student center. (Scott Photo)

Spring Staff For Rampage Announced

The addition of 14 new members has bolstered the staff of the Rampage for the spring term, announced Phillip Smith, advisor to the campus weekly.

Dennis Hagoblan, fall semester editor-in-chief, will continue in that capacity this semester. He will be assisted by Richard Salais, managing editor; Tom Walls, feature editor, and Donald Foster, news editor. Bill Hord will continue as sports editor, the position he acquired mid-way through last semester.

Diane Wolfe, managing editor during the fall of 1962, will return this semester as copy editor. Richard Frey, veteran Rampage reporter, will double as business manager, Smith said.

"Richard will have a heavy load to carry this semester," said Smith. "He has proven his ability in the past, and should be able to hold down both positions."

The Rampage, which did not have a cartoonist last semester, will have the services of two this term—Douglas Weiss and Jeff Eppert.

Inez Marta, Charles Wright, and Mitchell Bower will return for a second semester as Rampage reporters.

New reporters for this semester are: Linda McDonald, David Pacheco, David Wright, Robin Hill, James Bonar, Bob Caudill, Georgia Ward, Karen Cavaiani and Brent Johnson.

Johnny Maranian will be the advertising manager, Smith said, a position he has held for two semesters.

Debra Hunt will serve as exchange editor and Theresa Johnson will be assistant business manager.

Chains to Protect FCC Gym Plaque

Attractive chains will surround the City College plaque found in the new gymnasium, as voted in the recent Student Council meeting.

This precaution is being taken not only to ensure the life of the plaque, but it is hoped that eventually it will become a tradition and a tribute to our "Alma Mater" NOT TO STEP ON THE PLAQUE, and that the chains can be removed.

FCC Coed Nominated For Rose Princess

Myrna Marilyn Tavares, 18-year-old graduate of Bullard High School, has been selected as one of eight candidates for the title of Rose Princess of the San Joaquin Valley.

The contest is co-sponsored by the San Joaquin Valley Rose Society and the California Association of Nurserymen.

Miss Tavares, a freshman physical education major, is the only candidate from FCC. She is being sponsored by the Fresno Gem and Mineral Society.

The winning candidate will reign over the Rose Society's annual show April 26 at the Fresno District Fairground cafeteria.

Roy Badertscher, president of the Rose Society, announced that pictures of the eight candidates will appear at the ballot boxes, located at the nurseries sponsoring the program.

They are: "A Nursery, Andy's Nursery, Cedar Ave. Nursery, Kelbs Nursery, Las Palmas Nursery, Palmer's Nursery, Sierra Nursery and Weymouth's Nursery.

NOTE TO ALL SINGLE FEMALE ARTISTS! Feb. 15 is the last day to file petitions for an Associate in Arts degree. Now draw your plans for a bachelor.

Gym Could Be Ready For Playoffs

March 1 has been set as the target date for occupation of the nearly completed FCC Gymnasium.

Stuart M. White, college president, said that if the Ram basketball team gains a berth in the state playoffs, the new gym will be used, since the main playing surface and bleachers are completed.

Still More

Bids were received early this week for the construction of two exercise rooms and handball, volleyball and tennis courts.

Maximum seating capacity is estimated at 2,714, with 60,000 square feet of floor space. Paul Schoenwald, one of the designers of the building, said the gym will be adequate even when the enrollment hits the expected 4,407 day students expected by 1970.

Antique Replaced

The new building will replace the present facility, which was built in 1916 and has been woefully inadequate for many years, White said.

Several local sports enthusiasts have suggested the new gym be called Kelly Fieldhouse, in honor of the Rams' basketball mentor for the past decade.

DRIVE SAFELY!

WILL TRAVEL—(left to right) Leslie Guenzel, Luberta Mursing, Fred Faita, Kathy Murphy, Rick Wrightson are representing FCC as student ambassadors in Europe. (Scott Photo)

Faita Heads Europe Trip

Five FCC students will leave this summer to serve as student ambassadors from the United States in Europe.

Fred Faita, student body president, and Leslie Guenzel will go to Scandinavian countries. Kathy Murphy and Frederick Wrightson are assigned Ireland and the United Kingdom while Lubberta Mursing will go to Spain.

Anne-Marie Berheim, chairman of the college's People to People Organization, said all FCC students applying for the student ambassador program were accepted.

The student ambassadors will attend orientation sessions on campus this semester and will leave for Washington, DC on June 15.

In the nation's capital the students will have three days of training and President John F. Kennedy will talk to the group.

Once abroad the ambassadors will participate in one more week

of training, when they will follow individual itineraries in their selected countries.

While in Europe the five stu-

dents will live with families of European students and visit universities, colleges, and student work and study camps.

NEW OFFICERS—These six Fresno City College men are the new AMS spring officers. They are (left to right, top row) Jim Kaiser, sergeant at arms; Mitch Bower, ICC representative; Roger Moon, secretary; (bottom row) Mike Reynolds, treasurer; Larry Krum, President and Jim Baum, vice president. AMS President to Install New Officers at Banquet

Associated Men Students, the campus male organization, has launched a vigorous membership campaign under the new president, Larry Krum.

At a recent meeting Krum presided over nominations and the election of new officers who will be officially installed at a forthcoming banquet.

The elected officers are Jim Baum, vice president; Mike Reynolds, treasurer; Roger Moon, club secretary and Mitchell Bower, Inter-Club Council representative.

Last semester a period of inactivity resulted by the resignation of the President, said Krum.

"I plan a revitalization of club activities this semester and hope for full cooperation from the men students of the campus," added Krum.

The club is open to all male students currently holding Associated Student Body cards.

Krum urged interested students to watch for the notice of the next meeting which will appear in the bulletin.

FCC Bus Service in 10th Year

Many students are unaware that FCC provides free transportation for out-of-town students living in the surrounding area.

"This service is now beginning its tenth year and has been highly successful during its operation," said Paul Starr, dean of men and originator of the program.

Approximately 100 students are currently making use of the college's transportation facilities.

"This free service permits students to attend FCC who would otherwise be unable to attend because of lack of transportation," said Starr.

Three buses and four station wagons operate daily Monday through Friday. The schedule provides for the vehicles to arrive on the campus at 7:45 AM and leave at 4 PM.

Students from Chowchilla, Madera and Sanger use the buses while the station wagons go to Awahnee, Yosemite, San Joaquin Powerhouse Three and North Fork.

The drivers of the vehicles are also FCC students. The three bus drivers are Eugene Searcy, Chowchilla; Fred Iverson, Madera and Joe Ponce, Sanger.

The station wagon drivers are Mrs. Nancy Howard, Awahnee; Jim Arthur, Yosemite; Edward Schmidt, San Joaquin Powerhouse Three and Richard Verdusco, North Fork.

Opinions of the service range

from "great" to "It's for the birds."

Ponce enjoys working for the college and the advantage of free transportation for himself.

"Being a bus driver, I make new friends, especially girls."

Many funny incidents have happened to the drivers, said Ponce, including picking up wrong passengers, getting lost in town and going into deadend streets.

"Riding the bus is all right, except its disadvantages of getting up early in the morning and waiting so late to get home," commented Larry Frausto.

"It's great," said Bilha Rodriguez about riding the bus. "I meet new friends and the bus is always on time."

"The driver is very friendly and courteous," added Irma Harms.

"What a Way to Go"

"Women find me irresistible... In my A-1 Rapler slacks. Don't get me wrong—I like it. But how much can one man take. Please wear your A-1 Rapler slacks as much as possible and let me get some rest."

BILLY "THE KID" HICKS (left) crouches before a two-point jump shot against Sacramento. (Frey Photo)

Turney Surpasses 1,000 Point Mark While Rams Rout Coalinga by 83-53

By BILL HORD

Rich Turney surpassed the 1,000 point mark, Billy Hicks shot within 21 points of the mark, and the Fresno City College Rams made short work of Coalinga 83-53 Tuesday night at Yosemite Junior High School.

Turney scored 21 points to become the second FCC cager in the history of the school to score over 1,000 in a two year career. The 6'4" junior needed only one point at the beginning of the game and got it plus a one-point kicker with 11:35 left in the first half.

Hicks has 979 points in his two years at Fresno City College and should make the grade before the season's end. He tallied 14 against Coalinga.

Defense Superb

The Rams displayed one of their finest defensive performances of the season Tuesday night—a zone defense that kept Coa-

linga's inside shooting at a minimum.

Hicks got FCC rolling with two quick buckets in the first half and the Rams never trailed, picking up a 20-point lead toward the end of the first half at 33-13. At intermission they had a 22-point margin at 44-22.

The visitors cut the FCC lead to 16 points on several occasions in the early part of the second half but the Valley Conference leaders began pulling far away midway in the period.

The largest margin of the game came with just a few minutes left when Larry Allred sank a jumper to make the score 81-50.

Loyear Hits 16

Other scorers for the Rams, outside of Turney and Hicks were John Loyear 16, Hughey 12, Lee Hayes 8, Steve Mazzoni 6, George Monreal 4, and Allred 2.

The win marked the 19th non-conference victory for the Rams

this season and boosted their overall record to 26-4. It was also the second win over Coalinga.

FCC should have its most trying test of the season tomorrow night when it tackles Stockton, a major contender in the Valley Conference.

Stockton Second

Stockton is 5-1 in loop play while the Rams are 7-0 and a Stockton win on their home court could set up a conference tie.

American River and College of the Sequoias are tied for third place in the loop standings with identical 3-4 records,

Three Rams are setting the scoring pace in the conference a considerable distance ahead of COS ace Daryl Patterson in fourth place.

Hughey has 151 points, Turney 126, and Hicks 113 while Patterson is next with 99.

Spring Semester Good To Ram Cagers

The coming of the spring semester has proven fruitful for the almighty Fresno City College cagers, or maybe it was just the ending of the fall semester that put basketball fortunes on the up and up.

Whatever the reason, the Rams have picked up on an 11 game winning streak which has been

VALLEY STANDINGS

Fresno	7	0	595	459
Stockton	5	1	473	330
Amer. River	3	4	415	445
COS	3	4	413	494
Modesto	1	5	323	409
Sacramento	1	6	330	411

THIS WEEK'S GAMES

Tomorrow

Fresno at Stockton
Amer. River at Sacramento
COS at Modesto

Saturday

Fresno at Modesto
COS at Stockton

highlighted by some high scoring not only by Ram individuals, but team totals.

Since the end of the fall semester or, to be more specific, since the 84-55 win over Reedley, the Rams have averaged 92.6 points per game while snowing under five Valley Conference opponents and a couple of pigeons on the side.

Three of these seven victories avenged earlier season losses and how sweet the revenge. Tunes of 100-89 over Hancock, 92-79 over Stockton, and 74-66 over Modesto

almost started a new dance step in Ramland, and on top of these goodies Coach Joe Kelly's boys set a new Fresno City College scoring record against College of the Sequoias, 123-84.

Destroy Beavers

The Rams easily destroyed the American River Beavers last Friday night featuring the scoring of the "Big Four" Rich Turney, Lonnie Hughey, Billy Hicks and John Yoyear.

Hicks was top scorer in the game with 20 markers, Turney chucked in 19 and Hughey, the Valley Conference's leading scorer, tallied 15. Loyear also hit in the double figures, netting 17 points.

Four Rams are averaging in double figures over the seven conference games and Hughey, a pleasant 6'7" surprise, is setting the pace with a 21.6 average.

Turney Still Tops

Turney, who has 574 points for the season, is averaging 18.0 points per game in the conference with a total of 126 behind Hughey's 151.

Hicks has 110 points for a 15.7 average and Loyear has a 10.2 average and 75 points.

Tomorrow night the Rams take another shot at Stockton and

have another rub off contest Saturday night against Modesto. Both games find FCC on the road with hopes of clinching the Valley Conference title.

Both Stockton and Modesto dumped the Rams in the Modesto Tournament during the fall semester and furthermore they both did it in the same day.

Hughey had a couple of field days against the same two teams when the Rams came back to win the second time around. The lanky freshman tallied 33 points against Stockton and 28 the next night against Modesto to put him well on his way to the conference scoring lead.

TURNEY, HUGHEY ... Set scoring pace.

Knott, Boyer Pace Matmen As Record Runs to 5-4-1

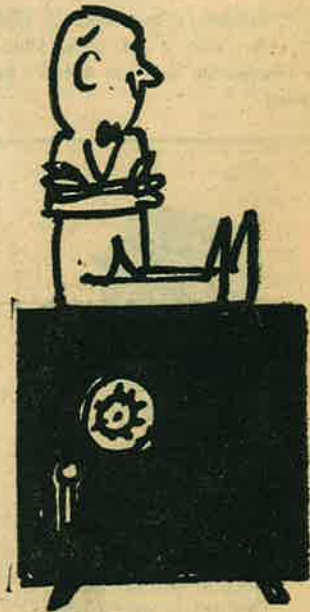

Fresno City College's grapple corps ran its season's record to five wins, three losses, and a tie Friday and Saturday beating San Quentin and losing to the San Francisco Olympic Club's second team.

Keith Boyer and Woody Knott were the most consistent winners for the Rams with wins in both meets. Both Boyer, at 167 pounds, and Knott, a 191 pounder, pinned their opponents in the San Quentin meet.

The OC reserves gave the Rams only one other match win outside

of the victories by Boyer and Knott, winning the meet by 11-15. Fred Andrews, 157, got the other win while Marshall Alcaraz battled to a draw.

FCC won six matches in topping San Quentin 18-8 plus coping four exhibition wins. Ed Kerby joined Knott and Boyer with a pin over his opponent.
