

SB Petition Deadline Extended

The deadline to petition for candidacy for student body office in FCC's student body election on May 8 has been extended.

Charles F. Overs, Jr., commissioner of elections, said tomorrow is the last day to petition. The petition deadline was extended to give the opportunity to interested candidates to oppose announced candidates and also to avoid an uncontested election.

A nominations assembly slated for this week, has been re-scheduled for Tuesday at 11 AM in the auditorium.

So far, a total of 11 candidates have petitioned for student body office.

Running unopposed for student body president is Frank Wallace, a 21-year-old sophomore physics major.

The duo seeking the vice-presidency are Kathryn Murphy, an 18-year-old freshman speech major and 22-year-old Charles Wright, a sophomore business administration major.

Mitchell Bower, a 20-year-old sophomore history major, and Lawrence Krum, a 19-year-old freshman marketing major, are vying for treasurer.

The candidates for representatives-at-large are Bernice Gade, Bruce Madsen, Dowell Milaure, Jemina Chan, and David Coleman.

Between 500 to 1,000 students showed up at Friday night's dance. The Vels and Linda Darnell entertained. (Frey Photo)

Spring Counseling Now Available For Fall Semester, Summer Session

Fresno City College has announced spring semester counseling is now available for the fall semester and for its first summer session from July 1 to Aug. 9.

James P. Collins, dean of the letters, arts and science division, and the summer session's director, said admission of students to

the session will be based on the following priorities:

1. Fresno City College students currently enrolled in the spring semester.
2. 1963 high school graduates applying for their first admission to college.
3. Former Fresno City College students or currently enrolled students in other collegiate institutions.

Counseling Appointments

Collins also said currently enrolled students should immediately pick up their route sheets in the admissions office and make an appointment for pre-counseling with their counselors. Summer and fall, 1963, programs may be planned concurrently.

Currently enrolled students who have been pre-counseled will register June 27 from 8 to 11 AM.

The directors said students who have not attended any college must take the city college placement test in the FCC auditorium at 7:50 AM on May 25, June 1 or June 8.

The students must also file applications for admission, a polio immunization statement and two copies of their high school transcripts with the dean of admissions.

Tentative Slate

A tentative schedule for pre-counseling the new high school graduates, transfer students, and students applying for re-admission will be from June 17 to 25 from 8 to 11 AM and 1 to 4 PM in the FCC counseling center.

Former city college students wishing to attend the summer session must report to the admissions office on June 28 from 8 to 11 AM for re-admission and registration.

Students transferring from other colleges must also file admission applications, a polio im-

munization statement, plus placement test scores and two copies of their academic transcripts with the dean of admissions.

Enrollment Dates

High school graduates will enroll June 27 from 1 to 4 PM and transfer students and those applying for re-admission will sign up June 28 from 8 to 11 AM. All registration will be conducted in the FCC library.

The summer session has tentatively scheduled 30 classes, depending upon enrollment. All classes will meet daily in the morning.

Dean Collins added, "No one will be admitted to Fresno City College who has not taken the placement test or failed to file with the dean of admissions."

He also said that there will be no withdrawals or incompletes during the summer session since the six week session time is so limited. A grade of "WF" will be recorded on the student's record unless it is an extreme situation.

Collins said that the only difference in FCC summer session registration is that in previous semesters students had to have an x-ray.

Nomination Assembly To Be Held Tuesday

The nominations assembly for the next student body elections has been moved to Tuesday.

The location is still not sure, but the Student Council has voted that if it is at all possible the nominations should be held on the lawn in front of the student center.

The election will be moved to May 10. On this ballot will be a new constitution to be ratified by a majority of those students voting, besides the election of new officers for the fall semester.

Playday Dance Draws Largest Fresno CC Crowd

By DENNIS HAGOBIAN, Editor
FCC's annual playday wasn't much of a success except for Friday night's dance, the "Bermuda Stomp."

"I've never seen so many students try to get into the student

center," said Doris Dakins, dean of women.

"The dance was a tremendous success."

Between 500 to 1,000 students were estimated on the dance floor.

The student center was so packed that at 11 PM no one was able to enter the building. The doors were closed tight.

Besides the dance FCC's playday was a usual playday. The ball game was rained out; the barbecue was cancelled because of lack of participation; few people showed up to swim in the newly built pools and the sophomores came in second in the tug-of-war.

Commendations for the success of the dance should go to the dance committee and to the Vels and Linda Darnell who performed.

Miss Darnell said that the house was so packed that it was difficult to sing because of the breathing factor.

Spring Formal Preparations In Full Swing

By BOB CAUDILL

Fresno City College's spring formal for 1963 will be held May 17 from 9 PM to 1 AM at the Rainbow Ballroom. The Associated Men Students and Associated Women Students are co-sponsors of the dance.

AWC President Jo Beth Jackson, said that "Colonial Springtime" will be the theme of the dance and the Bob Hughes Orchestra will provide the music.

Miss Jackson said that a meeting would be held today to discuss final plans and coordinate committees.

She added that the spring formal is the climax of spring activity at FCC and that AMS President Larry Krum and herself urge all students to plan to attend.

"Everybody is working hard," she remarked, "and this will be one of the best spring formals FCC has ever had."

The heads of the committees disclosed by Miss Jackson are as follows: Robert Hughes, music; Dody Stocks, refreshments; Milaun Dowell and Mitchell Bower, bids and invitations; Richard Fagundes, Robert Russell, Carolyn Poindexter, and Barbara Didier, decorations; Barbara Roth and Roger Moon, publicity; and Tom Griffin, special effects and lighting.

Bids for the dance will be available from 9 PM to 2 PM, May 13 through May 17 at the foyer of the student center. Miss Jackson said that each of the bids will admit one couple.

PRECISION is what they called as the Vels (l-r) Ray Johnson, King Davis, Jerry and Richard Streets sing at last week's dance. (Frey Photo)

Students Will Vote On New Constitution

New FCC Constitution

EDITOR'S NOTE: The following is the proposed constitution of associated students of FCC. The constitution which has been a year on the drafting paper will be up for approval in the May 7 Election.

"I think that the changes in this document have long been needed to make it more fluid and up to date," said Fred F. Faleta Jr., student body president.

Work on this document was headed by Fred K. Martin Jr., student body vice president and Jo Beth Jackson, Associated Womens Students president.

We, the students of Fresno City College, in order to build for a more perfect union, contribute to the common good, promote a spirit of harmony and cooperation, guarantee a just share of participation in the government, create and maintain adequate activities, undertake properly our part in the educational enterprise taking place in our institution and greater student body, do ordain and establish this constitution for the associated students of Fresno City College.

Article I—Name

The name of this organization shall be "Associated Students of Fresno City College."

Article II—Purposes

The purposes of the Association are:

- (a) To promote harmony, morale, and sound educational and social standards among the students of Fresno City College;
- (b) To engage in those activities which enhance sound government and citizenship;
- (c) To cooperate with faculty, community and other educational institutions in the furtherance of student welfare;
- (d) To provide and maintain a system of coordination thru standing committees for the functioning of all student activities.

Article III—Authority

The authority of the organization and its officers as set up in this constitution is delegated by and subject to the rules and regulations of the Board of Education of the Fresno City Unified School District.

All activities of the Associated Students and activities of the officers of the Associated Students are subject to the approval of the president of Fresno City College or an authorized representative.

A sponsor shall be named by the president of the college for the associated Students and for each class, organization or activity of the students of the college. Students may recommend that a certain sponson be appointed. The appointed sponsor shall serve as official representative of the president and shall be in attendance at all meetings of the group for which he acts as sponsor. Roberts Rules of Order shall serve to guide cases not covered by this constitution.

Article IV—Membership

Section 1—Membership: Membership in Fresno City College Student Association shall be granted all students upon payment of the membership fee.

Section 2 — Only association members shall be permitted to hold elective or appointive offices or vote in official Student Association elections.

Section 3—Honorary life membership may be conferred upon any person by quorum of two thirds of the Student Council.

Section 4 — Termination of membership: Membership in the Fresno City College associated student body is automatically terminated upon withdrawal of a student from the Fresno City College, at which time the student body card should be forfeited.

Section 5 — Non-payment of fees, dues and other required expenses: Members who are indebted for any expenses incidental to any activities connected with the Associated Students, having voluntarily accepted such obligations, or who are indebted to the school authorities for required fees, dues, etc., may be dropped from membership upon the vote of a quorum of two thirds of the Student

Council. At least thirty days notice of such delinquency shall be given to such members.

Section 6 — Expulsion from membership: Any member may be expelled from membership for conduct prejudicial to the associated student body. Failure to adhere to such codes or standards and ethics as may be adopted by the Associated Student Body shall be construed as prejudicial.

Clause 1 — Any student expelled by two thirds vote of the Student Council shall have the right of appeal to the Board of Appeals composed of the student body president, student body vice president, student body parliamentarian, dean of men and dean of women. A member so expelled shall not receive a refund of dues.

Article V—Government

Section 1—All executive, legislative and judicial functions of the associated students of Fresno City College shall rest in three branches of government: the Executive Department, made up of the associated student body president and his cabinet; the Legislative Department acting in a capacity is defined in Article VIII, Section 5; and a Judicial Department as defined in Article IV.

Article VI—Elective Officers

Section 1 — The elective officers of the Fresno City College associated student body shall be: President, vice president, secretary, treasurer, representative members at large, Associated Men Students and Associated Women Students presidents and the two class presidents elected by their representative classes.

Section 2 — Term of office: Term of office shall be for one semester, with the privilege of reelection for a second semester. No member is eligible to serve more than two terms in any one office, but is eligible to serve in any other student body office for terms not to exceed one year.

Clause 1 —No person may hold more than one office, whether elective or appointive, at the same time except by action of the Student Council.

Section 3 — Qualifications: Once a person has qualified and been elected as stated in Article VI, section 4, he shall become a qualified member of Student Council and shall be removed only by a three fourths vote of Student Council.

Section 4 — Candidates for all offices designated in this constitution shall:

Clause 1 —Be a member of the Fresno City College associated student body;

Clause 2 — Have attended Fresno City College one semester or more;

Clause 3 — A. Be maintaining at least twelve units during the semester of his candidacy;

B. Must have at least a 2.0 grade point average over-all for his total college record at the close of the previous semester;

C. And at least a 2.0 over-all

grade point average at the mid-term of the current semester.

Clause 4 — Eligibility of first semester students will be based on mid-term grades. A student has a "C" average when he has twice as many grade points as units.

Clause 5 — A candidate for president or vice president shall have completed at least one year at Fresno City College at the time of his taking office and shall fulfill the requirements of clause 3 of this section with the exception that a 2.5 grade point average be substituted for the 2.0 grade point average in clause 3-B.

Clause 6 — All members of the Student Council must be maintaining at least 10 units during term of office.

Section 5 — The citizenship of all candidates for elective office shall be passed upon by the dean of men or the dean of women.

Article VII

The Executive Department

Section 1—The executive functions shall be vested in the president of the associated Student body and the cabinet.

Section 2 — Responsibilities and Duties of the President:

Clause 1 — The President shall preside over all meetings of the associated Student Body and the Student Council.

Clause 2 — The president shall appoint the following commissioners under conditions as set forth in this constitution: student welfare, social affairs, scholarships, oral arts (music, drama, and debate), assemblies, athletics, publications, publicity, rallies, elections, conferences, and international relations.

The above appointive offices shall be filled by appointment by the president of the associated student body with the approval of the Student Council. A majority vote at a Council meeting shall constitute such approval.

Clause 3 — The president shall call a regular Student Council meeting once a week and shall call special meetings as needed, and they shall be under restrictions as set forth in Article 8, Section 11.

Clause 4 — The president shall fill by appointment within ten days and with the consent of the majority of the Student Council any vacancy that might occur among the various officers of the associated student body.

Section 3—Responsibilities and duties of the vice-president:

Clause 1 — The vice-president of the associated student body shall preside over all meetings in the absence of the president.

Clause 2 — He shall succeed the president in the event of the president's disability, resignation, or removal from office.

Clause 3 — He shall preside over all meetings of the inter-club council and shall be responsible for keeping the Student Council informed relative to the intercouncil activities.

Section 4—Responsibilities and duties of the treasurer:

Clause 1 — The associated student body treasurer shall be responsible for the preparation of the budget as set forth in the financial code.

Clause 2 — He shall approve the payment of all student body bills.

Clause 3 — He shall bring to the attention of Student Council the financial status of the associated students monthly at a regular meeting of the Student Council.

Section 5 — Responsibilities and duties of the secretary:

Clause 1 — The secretary shall be responsible for all correspond-

ence pertaining to associated student body affairs.

Clause 2 — He shall be present and perform duties as secretary at all meetings called by the associated student body president.

Clause 3 — He shall keep a journal of all meetings mentioned in clause two above.

Clause 4 — He shall take roll and bring to the attention of the Student Council any excess absences as outlined in the attendance code.

Clause 5 — He shall incorporate all of the proceedings of all meetings into a single journal, a copy of which shall be available in the student body president's office no later than five school days after the various meetings have transpired.

Clause 6 — The secretary shall keep on file in the president's office a copy of all correspondence for at least two years.

Section 6 — Responsibilities and duties of representatives at large:

Clause 1 — the primary duties of the representative at large shall be to represent the students and make their ideas known to the Student Council.

Clause 2 — It shall be the duty of the representative at large to serve on committees.

Section 7 — Members of the president's cabinet shall be appointed by the president with the approval of the Student Council.

Clause 1 — Members of the president's cabinet shall be appointed by the president with the approval of the Student Council.

Clause 2 — Each cabinet member shall appoint his own assistants.

Clause 3 — All cabinet members shall have earned and presently be maintaining a scholastic average of "C" (2.0) or better.

Clause 4 — Members of the president's cabinet shall be:

A. Commissioner of Assemblies: It shall be the responsibility of the commissioner of assemblies in conjunction with his committee to determine the number and type of assemblies, the regulations, and policies concerning the assemblies, and schedule assemblies on a school Calendar.

B. Commissioner of Athletics: It shall be the responsibility of the commissioner of athletics to represent the department of athletics and shall act as representative of all athletics; and work in conjunction with the head of the athletic department and serve on the athletic board of control.

C. Commissioner of Oral Arts: It shall be the responsibility of the commissioner of oral arts to represent the music, drama, and forensics departments of the school and perform all necessary tasks for the betterment and promotion of these departments.

D. Commissioner of Publications: It shall be the responsibility of the commissioner of publications to represent all publications of the Fresno City College associated students and perform all necessary tasks for the betterment and promotion of such publications.

E. Commissioner of Publicity: It shall be the responsibility of the commissioner of publicity to arrange all matters of intra-school publicity concerning the associated student body. He shall appoint assistants to take charge of the marque and the portable bulletin boards.

F. Commissioner of Rallies

1. The commissioner of rallies in conjunction with members of the rally committee, shall be responsible for student rallies.

2. It shall be his duty to strive

for better school spirit and morale.

3. He shall sponsor the election of school cheer leaders and publish in faculty and student bulletins the dates on which the rally committee will hear all candidates for cheer leaders for the coming year.

G. Commissioner of Scholarships: It shall be the responsibility of the commissioner of scholarships to be concerned with the betterment and promotion of scholarships offered by the student body and he shall publicize all matters pertaining to scholarships available to students of Fresno City College.

H. Commissioner of Social Affairs: It shall be the responsibility of the commissioner of social affairs, in conjunction with his committee, to act in an executive capacity, namely to determine such policies and regulations as will afford a high type of social life for the students. He shall, in conjunction with his committee, stimulate and coordinate the organizations of social affairs and schedule the social events for the semester.

I. Commissioner of Student Welfare: It shall be the responsibility of the commissioner of social welfare to ascertain illnesses and hospitalizations and express condolences from the Fresno City College Student Body.

J. Commissioner of Elections: It shall be the responsibility of the commissioner of elections to be chairman of the election committee, and shall enforce rules as set forth in the election bylaws.

K. Commissioner of Conferences: It shall be the responsibility of the commissioner of conferences to take charge of necessary preparations for the conferences attended or hosted by Fresno City College Associated Student Body. Further, to investigate the merits of any new conferences or conventions to which Fresno City College associated student body is invited.

L. Commissioner of International Relations: It shall be the responsibility of the commissioner of international relations to work in conjunction with the on the campus international clubs and the University People to People Program to promote better relations with International Students and Fresno City College.

Article VIII

Legislative Department

Section 1 — General supervision over all the student body activities shall rest with the Student Council.

Section 2 — The members of the council shall be: the president, vice-president, secretary, treasurer, the two class presidents, the president of the Associated Women Students, and the president of the Associated Men Students, the representatives at large, and commissioners.

Section 3 — It shall be the duty of all council members to attend all meetings, both regular and special.

Section 4 — Student Council shall pass bills to encourage, regulate or limit college activities.

Section 5 — Student Council shall make final decisions on all disputed matters affecting student association transactions.

Section 6 — The Budget.

Clause 1 — It shall be the duty of the Council to pass upon the budget recommended by a budget committee, chaired by the student body treasurer.

Section 7 — All regular meetings of the Student Council shall be held on the same campus of the Fresno City College during regular school hours with a duly

JFK Fitness Program Step In Right Direction

Albert Einstein once said that the next world war would be fought with sticks and stones. If such a war was to take place, would we Americans win?

Would there be enough strong young men, who are used to driving a couple of blocks to go to school or over to a friend's house. Would these men be able to cope with Russia or Red China in hand to hand combat?

Most Americans would boastfully say yes. But the facts say different. Fact No. 1 states that in the Kraus-Weber physical fitness tests (including running, jumping, throwing and calisthenics) 58 percent of the American youth failed to meet the required standards, while less than nine percent of the European students failed.

Fact No. 2 says that the British youth won over the U.S. by 24 percent during the trials. But the fact that the English girls were besting the U.S. boys in some cases should hurt the ego of the proud Yank.

Former President Dwight D. Eisenhower started the present physical condition program. But because of poor backing his agenda did not get far. President John F. Kennedy has now taken up the slack where Ike left off.

His programs are being started all over the country—clear down to the first grade, up through the College levels.

"The relation between soundness of the body and of the mind," he has said, "is subtle and complex. Intelligence and skills can function at their peak, only when the body is healthy and strong."

FCC basketball mentor Joe Kelly (also FCC athletic director) states that FCC's physical education department has completely revised their programs.

The most important seems to be the new requirements for next fall. One prerequisite is body building or combatives for at least one semester. Swimming for one semester is also required.

"We (FCC) are slacking off seasonal sports (football, basketball, baseball, etc.) and concentrating on individual sports such as badminton and ping-pong," reported the athletic director.

New apparatus will be installed on the north side of the gymnasium (near the locker room exit) so that the P.E. groups can go through special conditioning exercises before each class. Exercises such as pull-ups will be required.

July 1 Marks Opening Of FCC Summer Session

FCC will offer its first summer session beginning July 1. Priority for admission will be given to currently enrolled students, 1963 high school graduates and transfer students. Registration for currently enrolled students will be Thursday, June 27, 8-11 AM in the library. Counseling for these students has already begun

and students may pick up their route sheets in the admissions office.

Pre-counseling for 1963 high school graduates will take place June 17-25. Registration will be June 27, 1-4 PM, in the library. These students should file an application for admission, a polio statement and two copies of his transcript with the admissions office.

Students seeking re-admission to FCC should report to the admissions office before 11 AM, June 28. Registration will be June 28, 8-11 AM, in the library.

Transfer students should file an application for admission and a polio statement with the admissions office. They should also have placement test scores and two copies of their academic transcript sent to the college. Pre-counseling will be June 17 and 25. Registration will be June 28, 8-11 AM in the library.

Classes will meet daily in the morning hours and will end Aug. 9.

Courses being offered this summer are Art 6AB, Art Structure, Art 10, An Introduction to Art; Biology 1A, Elementary Botany; Biology 1B, Elementary Zoology; Business 1A, Beginning Typing; Business 1B, Intermediate Typing; Business 4A, Office Training; Business 6, Introduction to Machine Calculation; Business 11A, Basic Data Processing, and Chemistry 55, Functional Chemistry.

English 1A, Reading and Composition; English 1B, Introduction to the Study of Literature; English 6, Improvement in Reading Techniques; English 53, English Fundamentals; Health Ed. 1, Personal and Community Hygiene; History 1, Survey of Western Civilization, and History 17AB, History of the US.

Mathematics 27A, Elementary Algebra; Math 72, Refresher Math; Music 10, Music for Elementary Teachers; Music 12, Listening and Appreciation; Nursing 3, Mental Health Nursing; Psychology 7, General Psychology; Sociology 1A, Introduction to Sociology; Speech 21, Beginning Speech; P. E. 11, Body Building, and PE 16ABC, Swimming.

Novelty In Auto Shop —A Girl!

Men, do you consider yourselves proficient in the art of tinkering with an engine, cleaning carburetors and such? If so, you have competition — competition from the fairer sex, that is!

Corinne James, freshman at City College, is the sole female inhabitant of the auto mechanics shops.

You see, men, Corinne is majoring in auto mechanics, and has hopes of becoming a designer of Formula I and Gran Turismo sports cars after attending Art Center School in Los Angeles.

Began At Three

She began her formal education as a mechanic at the age of three years. At this age, her father taught her to recognize cars by make and model during his frequent trips to Los Angeles.

Since then, inspired by her father, Miss James has constructed over 50 model cars and has

CORRINE JAMES
Sports Car Designer

devoured books on the subject of cars and their racing histories. She has even written a book on racing cars for Leslie Aldrich, auto shop instructor at Fresno State College. She also enjoys drawing and painting automobiles.

Her father has encouraged her interest in this field, since his hobby is collecting and restoring model "A", "B" and "C" Fords.

Being a rebel is not easy, though! She contends that the males at City College have been a "trifle resentful, since auto mechanics has been more or less accepted as a man's field."

Not Too Difficult

Despite the prejudices encountered, Miss James does not find the course too difficult, especially if "you can keep up with them (the males), and convince them that you are not out to get a man, but rather to really learn cars. However, although they more or less accept me now, I will never really be a part of the 'gang'."

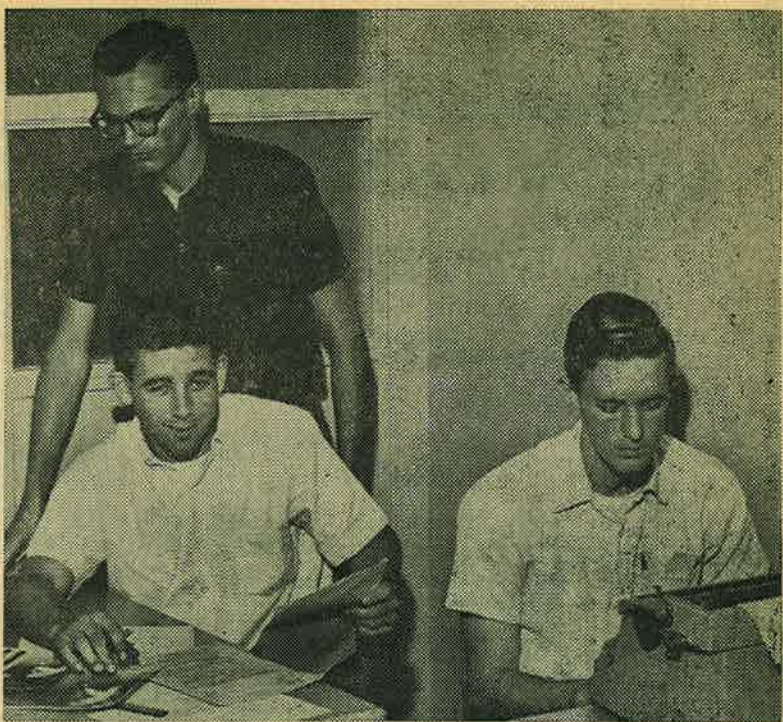

Concluding with one of her firmly-established beliefs, she maintained, "Every girl should have at least a fundamental course in auto mechanics. Then, if she should get stalled on the highway, she could fix it herself."

How about it, girls, would you care to wield a wrench and clean some carburetors?

INCOMING EDITOR Tom Walls (center) discusses plans for next year's Rampage with Sports Editor Don Foster (standing) and Managing Editor Charles Wright. Scott Photo

Walls, Wright Will Head Fall Rampage Staff

Tom Walls will be the editor of the Rampage for the fall, 1963 term.

Walls, feature editor for the past two semesters, will succeed Dennis Hagobian at the helm. Hagobian, who will transfer to San Jose State College next year, thinks the Rampage enjoyed a good year.

"It's the first time in my three years on the staff that we've received awards at the state JAJC convention," he remarked. The Rampage was awarded second place in front page make-up and third place in individual news-writing at the March conference held in Disneyland, Orange County. Hagobian designs the front page of the paper and Walls wrote the winning news story.

Other Editors Chosen

Other staff members chosen for the Fall semester are Charles Wright, managing editor; David Pacheco, feature editor; Don Foster, sports editor and Robin Hill, news editor. Advisor Philip Smith said the positions of business manager and advertising

manager will be announced at a later date.

Foster is news editor on the present staff and Pacheco and Wright are reporters. Miss Hill was formerly the feature editor of the Roosevelt High School "Rough Rider."

Voices Optimism

Walls is optimistic about the future plans for the Rampage. "I think readers will notice a few changes next year," he said. "We'll have a fine staff and we plan to expand our news coverage and provide a somewhat livelier and more entertaining paper."

The Rampage, which is published weekly by the Associated Student Body, will begin its 15th year of publication in September.

New FCC Constitution

(Continued from Page 2)

appointed faculty representative in attendance.

Section 8 — All legislation or school business must be transacted in open meetings.

Section 9 — The Student Council shall keep a journal of its proceedings. A copy of which shall be available in the office of the president of the student body. Such a copy shall be prepared not later than five school days after all meetings.

Section 10. — A parliamentary shall be appointed by the Student Council. He shall have successfully completed a course in parliamentary procedure before his appointment. He shall be required to attend all meetings of the Student Council.

Section 11 — A special meeting can be called by a majority vote of all Student Council.

Article X—Elections

Section 1 — The procedures for conduction of elections, other than herein stated, shall be set up in the by-laws of this constitution.

Section 2 — Nominations: All candidates for elective office, except the president of the Associated Men Students and the Associated Women Students and the two presidents of the classes shall obtain an eligibility form filled in as instructed. To be declared a nominee, he must obtain 40 signatures of members of this association on his nomination form and file the same with the registrar.

On receipt of such nomination for and upon verification of the validity of all signatures, the commissioner of elections shall declare such a member a candidate for office.

Section 3 — The procedures for conducting nominations shall be set up in the by-laws of this constitution.

Article XI

Initiative and Referendum

The associated students shall have the power to initiate legislation by means of a petition signed by 25% of its active membership. Said petition shall be presented to the president of the associated student body who shall call a special election not later than 15 school days after such a petition has been filed. A majority of those voting shall be sufficient to pass such legislation.

Article XII—Amendments

Section 1 —Amendments to the constitution may be proposed by petition to the Student Council by 25% of the active membership of the association or by two thirds vote of all members of the student council.

Section 2 — Such proposed amendments shall be read at the first meeting of the student body following the proposal. At least 15 school days shall have elapsed after such a reading before an election shall be held.

Section 3 — The by-laws of this constitution may be amended by a two thirds vote of all the members of the Student Council.

Editorial

Rampage Struggles To Uphold Code Of Ethics

Some people accept journalists and newspapers as being cogs in political wheels, big business monsters, and or sensationalistic slanters of the news.

In the newspaper business, as in most businesses, there are those who will take advantage of any available freedom and power to meet their individual desires.

Thus, the minority will create an image of distaste and insincerity.

The Rampage is removed from politics, business pressure, and the need for fake sensationalistic stories.

The staff members struggle to uphold a code of ethics adapted from the policies of the American Society of Newspapers Editors, written in 1923.

A few of the examples are listed below. Expressions of opinion shall be confined to editorials, columns, features, and signed articles. The Rampage will avoid journalism that supplies incentives to base conduct and it will not pander to vicious instincts to achieve notoriety. It will respect the religious, philosophical, and patriotic beliefs of its readers.

Editorial

Student Voting Urged To Arouse Interest

The constitution that is included in this issue of the Rampage should be destroyed or completely ignored.

Rather, it should be treated in this manner by all students who want to become or remain uninformed of student government and the rules and regulations concerning the student body.

One of the underlying reasons for publishing the constitution is to arouse student interest in the coming elections.

Those students wanting to become an active part of FCC government should cast their vote, May 8. To those students who wish to simply be observers and outsiders, and neglect their right to vote, we extend our deepest sympathy.

Eckenrod Receives 1963-64 Presidency Of CCVA

Gervase A. Eckenrod, business division dean, will be president of the Council of California Vocational Associations for the 1963-64 academic year.

Five associations compose the

council: agricultural teachers, business education, home economics, industrial education, and counseling and guidance.

The purpose of the council is to promote, maintain and develop vocational education and to provide an open forum for discussion of all questions pertaining to this field. It serves as an advisory board to the state director of vocational education, Wesley Smith.

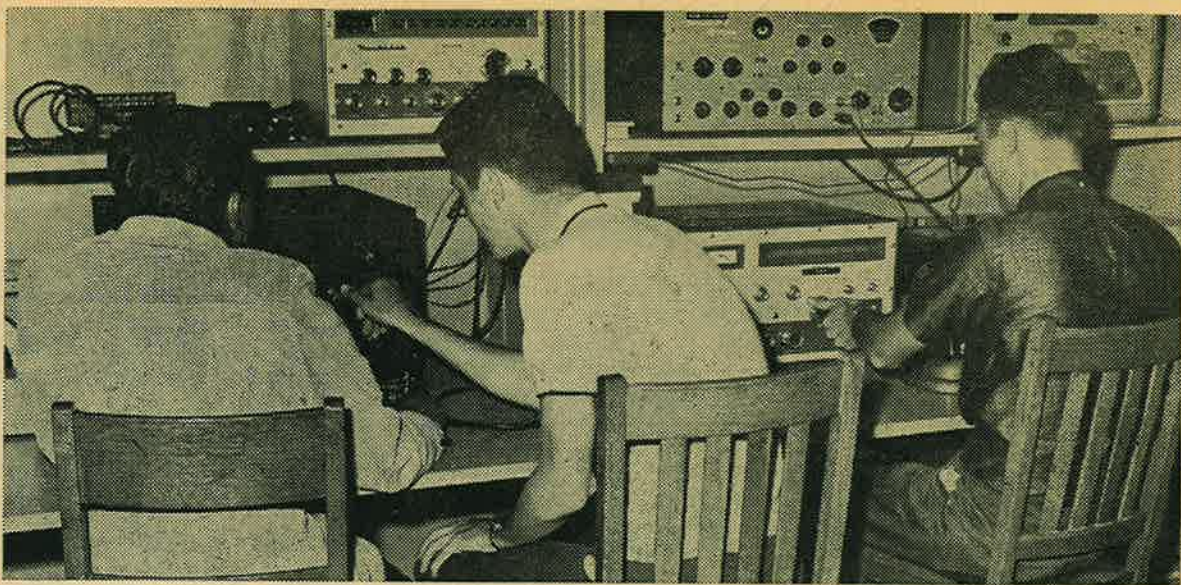

Eckenrod has been president of the California Business Education Association and of the San Joaquin Valley Guidance Association and of the central section of the California Business Education Association.

FCC's business dean has been chairman of the education division of Fresno's United Givers Plan for three years and is one of the consultants to the state commissioner of real estate.

Other new officers elected Saturday during the council's three day meeting in San Mateo are Richard A. Havens of Brentwood, vice president, and Dr. Muriel I. Sheldon of Los Angeles, secretary-treasurer.

Three FCC students are at work in FCC's radio communications class. These classes are disappearing throughout colleges. (Scott Photo)

Resources Of Technicians Dwindle; Junior Colleges Only Sources Left

Junior colleges are becoming the only source of radio technicians.

Gerald J. Fries, FCC radio communications instructor, said that with the field of electronics widening the once vast resources of technicians are dwindling and junior colleges are becoming the only source of skilled technicians.

"We no longer put emphasis on any particular phase. Because of this broadening of the field we would need too many classes to do this. The only exception is the second class radio-telephone license," he commented.

Students in the communications class work on projects such as the construction and repair of

communications receivers and transmitters. They learn to operate test equipment and those who have a license have an opportunity to operate the amateur radio station.

After completion of the course, students will be able to go into mobile radio, electronics manufacturing, aviation communications and the aerospace and computer industry.

Cafeteria Completion—Fall 1964

The new 20,000 square foot cafeteria-coffee shop is expected to be finished by fall, 1964 at an estimated cost of \$731,203.

The building will include a kitchen, two conference rooms, a cafeteria with a seating capacity of 400, a coffee shop with a seating capacity of 240, a faculty dining room capable of seating 152 and an outdoor terrace.

The coffee shop will be on a separate bid from the cafeteria and can be excluded and built later if the bids are too high.

The location of the modern cafeteria will be on the south side of Weldon Ave. where the bungalows are now located. The bungalows will be moved to the west side of the old gym.

A plan from architect Walter Wagner calls for a one story building with a scramble serving system in which students may go to the serving area of their choice. Dishes will be returned on a conveyor belt into the kitchen.

The present cafeteria will be converted into a student lounge.

Faculty Wives Slate Kearney Potluck Picnic

Potluck will be the menu for the FCC faculty wives' picnic Sunday in Section 2A of Kearney Park from 2 to 6 PM.

A special invitation to the gathering has been extended to exchange teacher Frans Kools and his family, reported Mrs. D. L. Ross, member of the committee.

Installation of faculty wives' officers will be held during the picnic.

Hot Pastrami!

Coeds Learn Cooking Techniques In FCC's Laboratory Kitchenettes

"My wife can't cook."—So laments a crooner in his formerly-popular record, echoed by husbands far and near.

Do you want your future or present husband to moan this insult against you, girls? If not, why not enroll in elementary foods 1A and 1B?

Mrs. Martha Trovillion, home economics teacher, will instruct you in the art of planning menus, preparing entire meals, setting tables properly, and eating with good manners.

Unfortunately, clean-up is inevitably included in the course. To make your task easier, though, a dishwasher and a garbage disposal have been installed in one of the five kitchens.

You are assigned to a particular kitchen which you share with a maximum of three other girls for the semester.

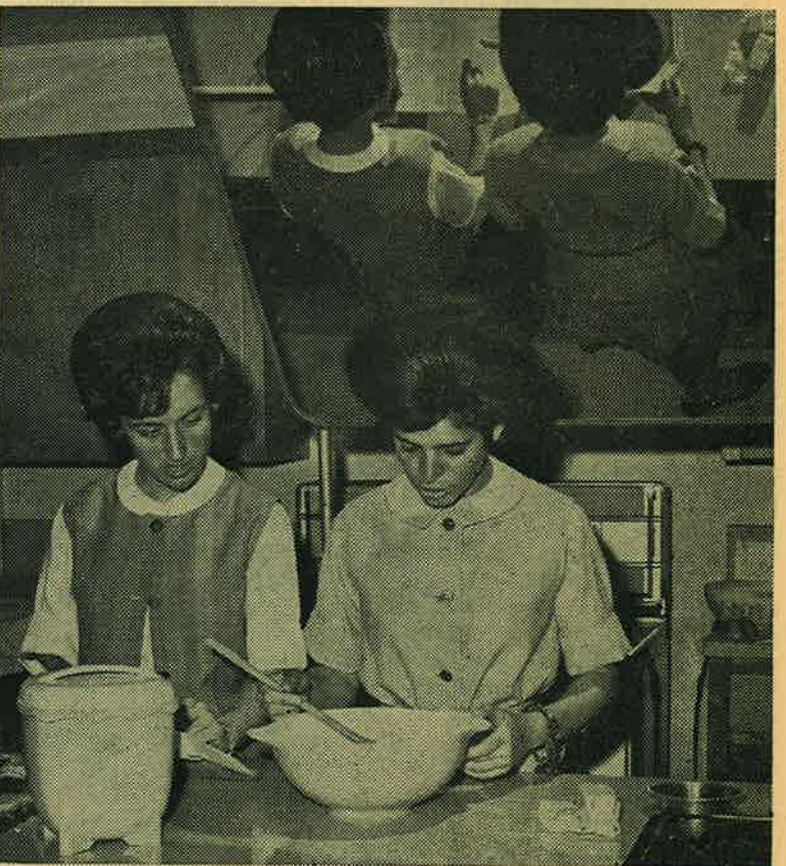

During the semester, lectures and demonstrations are given on separate diet elements, such as milk, meat and cheese.

A laboratory session is held following the lectures. In the lab, each kitchen is required to prepare a complete meal using the diet element discussed in the lecture.

Samples of the meals from each kitchen are tested by Mrs. Trovillion as well as by the budding cooks. They judge the pleasing appearance, taste, tenderness, and over-all quality of the finished product.

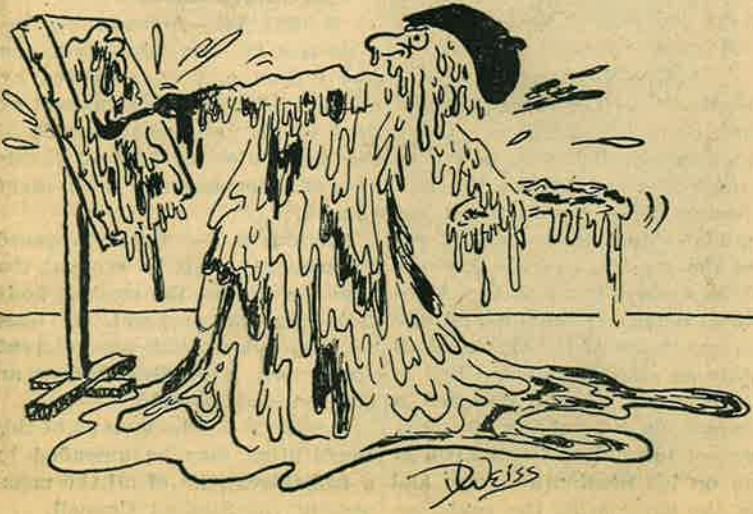

Mrs. Gloria Meyers, home economics major and student in foods 1B, staunchly believes, "A happy home life comes to the girl who has had some preparation in making a home."

Remember, girls, the old adage, "the way to a man's heart is through his stomach" is still true. This applies to those males already "hooked" and those still waiting to be "caught."

Chevy Shown On KMAKe Kabaret

Publicized Campus Car Makes Area Scene

By DON FOSTER

One of the more popular cars around the Fresno City College campus is Gregg Hernandez's '62 and '63).

The blue-green car has been featured in such periodicals as Kustoms Illustrated (May, '62) and the Clovis Independent (Apr. '62-'63).

One of his biggest thrills, he reports, was being spotlighted last March on KJEO-TV's (Chan-

nel 47) KMAKe Kabaret, a local disc jockey show emceed by Jim Price.

Double White Walls

"My double white walls is one of the most unusual attractions on my Chevy," exclaimed Hernandez. The rear and 6.70 in front. The 15" chrome reversed rims are from a 1962 Chevy pickup.

The two door sedan, which grabbed third place honors at the '61 Clovis High Auto Show, is Marine Aqua in finish.

Installation of the 1958 Ford taillights and all other body work was by Don Auston (Clovis) and Hernandez.

1929 Model A bucket seats highlight an all-white interior. The complete interior customizing and rolled upholstery was done by John Richards (Clovis).

All bumpers, grille and other chrome areas were rechromed by Valley Chrome Plating. Under the hood sets a 1951 Chevy engine with a three-carburetor manifold.

Wins Parade Award

The vehicle, which was shown in the KMAKe-McKinley Ave., Festival of Arts and Flowers in July, 1962, was winner of the Clovis Annual Parade Decorated Car Award.

The auto also took a third in the Clovis High School Auto Show in May, '61 just prior to his graduation there.

The commercial art major said that his car cost approximately \$1,000.

"One rare treatment for street cars is the unusual pleated fender wells," exerted Hernandez.

When asked how long it took him to mold the gem, Hernandez stated: "You never complete a custom car."

The future is purchased by the present—

Samuel Johnson

We'd like to add to Dr. Johnson's thought: And the present is NOW.

Starting to plan your financial future while you're young and still in college is a wise decision. And the life insurance program that you begin now could turn out to be the most valuable part of that financial planning.

Our Campus office specializes in planning life insurance programs for college men and women. For full information about the benefits of getting a head start, stop by or telephone.

Fine Arts Club Field Trippers To Visit DeYoung Museum

Fine Arts Club

The Fine Arts Club will take its annual field trip to San Francisco May 10. Roger Derryberry, president, said they will visit the Legion of Honor and the DeYoung Museum.

The art festival show, during fine arts week, will be held on the patio of the student center building.

Marketing Club

The Marketing Club will have a luncheon meeting May 8, in the committee room of the cafeteria.

Dr. Peart, one of the sponsors of the club, said that Gerald Jani-

gan and John Wintermute are working on the constitution and it will be submitted at the meeting.

Associated Women Students

The Associated Women Students and Associated Men Students will have a meeting today at noon in bungalow 6, said Janice Jackson, vice president, to discuss further plans for the annual spring formal.

Janice said that the dance will be May 17 from 9 PM to 1 AM at the Rainbow Ballroom, and the attire for the girls is formals and suits for the men.

Hurling For Conference Championship?

DICK SELMA (left) and Bix Hayden (right) show some pretty classy form on the pitching mound. These two ace pitchers have been a big reason why the Fresno City College Rams are leading the Valley Conference baseball race going into the close of the season. See page eight for story. (Scott Photos)

Football Slate Released For 63-64 Season

Four home games, one of them an afternoon contest, are featured on Fresno City College's 1963-64 football schedule released by the FCC athletic department.

The afternoon game is scheduled against American River Junior College Oct. 26 at 2 P.M. Other home games are against Los Angeles City College Sept. 28, Cabrillo JC Oct. 12, and Stockton Junior College Nov. 9.

Another afternoon game is scheduled at Sacramento City College Saturday, Nov. 2, 2 P.M.

All games are on Saturdays except the opening contest Friday, Sept. 20 at San Jose City College. Los Angeles JC is the only newcomer to the FCC schedule taking the place of Oakland City College.

1963 Grid Slate

Sept. 20 at San Jose; 21 Los Angeles City College; Oct. 5 at Reedley; 12 at Cabrillo; 19 at Modesto; 26 American River JC; Nov. 2 at Sacramento City College; 9 Stockton; 16 at College of the Sequoias.

Star StudDED Quintet Brings FCC Fame

By RICH SALAIS

The 1962-63 basketball season proved as one of the finest ever in Fresno City College history — and there were plenty of reasons why.

The star-studded quintet, winners of the state junior college championship and co-champions of the newly formed Valley Conference, reeled off a tantalizing 33-5 seasonal record. The year also featured a mixture of action packed games and games in which virtual annihilation took place.

Height, Speed, Ability

The Rams, coached by head mentor Joe Kelly and assistant John Toomasian, fielded a squad loaded with height, speed and shooting ability. The ingredients included starting forwards Rich Turney, a 6'7" sharp-shooter who became one of the all-time scoring greats at FCC, and John Loyear, a 6'5" cornerman who averaged better than 13.0 points a game. The guards consisted of deadeye marksman Billy Hicks, 6'0", who averaged 15.0 points per game and playmakers Steve Mazzoni, 6'0", and George Monreal, 5'6".

But the basis of the highly successful season, in which the Rams streaked at one time to a 14 game winning skein, built around freshman center Lonnie Hughey, a 6'7" "dunker" from Sierra Union High School. Hughey led the Valley Conference in scoring and rebounding and finished the campaign with an 18.0 average.

Add the playing of first semester center Bob Martin, Lee Hayes, Larry Allred, Don Matt, Ken Kilday and part-timers Chris Heintz, Ken Critchlow and Ron Arceneau and you have one of the finest, if not the best, Fresno CC hoop club.

Fresno started the season brilliantly by dumping Bakersfield Junior College four times within a month, once in the Bakersfield Tournament in which the Rams won the title with a 78-70 victory. They also scored in the century class by clobbering LA Valley 100-50.

Tailspin

In the annual Sam Barry Classic in Glendale, the Rams bombed Santa Monica, LA City College and Bakersfield before bowing for the first time to Glendale CC in the finals 66-59 and snapped a 14

game streak. The following weekend proved even more disastrous as the Rams went into a tallspin in the Modesto Tournament.

CC opened the tourney with a smashing 101-75 triumph over Contra Costa and an 84-66 notch over American River CC. But in the semi-finals the Rams blew

JOE KELLY

numerous leads and lost a 82-70 decision to the strong Stockton College Mustangs. In fact, it was the worst defeat handed to Kelly's crew all year. The same evening found the Rams losing to a fired-up Modesto JC club by a 63-61 count in the consolation bracket.

Again the Rams began a personal winning streak by sweeping

all of its conference opponents (7-0) until nemesis Stockton reappeared once again. Fresno, riding on a 12 game skein, traveled to meet the port city quintet and lost a 72-69 tilt.

The loss threw the Valley Conference into a turmoil as the Rams and Mustangs were deadlocked at 7-1 (Fresno defeated the Mustangs in the first round 92-79 in Fresno).

League Co-champs

Needless to say, the Rams and Mustangs finished the league log as co-champions with identical 9-1 records. The tie prompted a play-off between both squads in the neutral city of Modesto and the winner would automatically get a crack at playing the winner of the Golden Valley (Marin) champion.

From the offset of the playoff against Stockton it was evident that Fresno went there to play and that they did with a convincing 77-72 victory which raised its seasonal mark to 28-5.

The game against the Mustangs was almost entirely credited to the fine tutoring of assistant Toomasian. Toomasian, ex-Roosevelt, Washington Union and Ed-ison of Fresno high school mentor, mapped out a strict defensive zone and man-to-man defense to carry the Rams into the playoff against Marin.

The Fresno Rams celebrated the opening of its new multi-million dollar gymnasium with a 79-60 win over the Marin College Tartars. The Rams had little

trouble of disposing the Tartars as Turney, Hughey, Hicks, Loyear and the captaining of guard Maz and virtually dismantled the Tartar defense.

Tourney Berth

With the win over Marin, the Rams were assured a state tournament berth and went in as a pos-

JOHN TOOMASIAN

(Photo courtesy of Fresno Bee)

sible darkhorse off its strong 30-5 log. The tourney fans, officials and observers, pegged Riverside CC (30-1) and San Diego CC (29-2) as probable tournament champions. But Kelly and Co. had en-

tirely different ideas. Fresno was forced to face Riverside in the first round opener and with it the possible tourney championship.

Turney, nearing his completion as a player for the Rams, turned in without a doubt his greatest performance. The towering sophomore netted 32 points and led his teammates from a come-from-behind 79-78 squeaker over the Tigers of Riverside.

The Riverside contest was labeled by many as the best played game of the tournament. Incidentally, the coach of the Tigers, Jerry Tarkanian, was once coach of the San Joaquin Memorial Panthers when Turney was a sophomore.

The second game pitted Vallejo CC where the Rams walked off the court with a comparatively easy 80-61 victory even though the game was halted due to a last minute full-scale riot. Following the win over Vallejo this set the stage for the state championship against San Diego CC.

Hughey and Turney

Again it was Turney and Hughey along with the fine floorwork of Mazzoni which enabled the Rams to win the championship. Fresno, after trailing by as many as seven points, tipped the San Diego club 76-69 to win for coach Kelly his second state crown.

All in all, the Ram basketball team proved its talent and with the directing of Kelly (especially assistant Toomasian) Fresno CC can claim the 1962-63 state JC championship.

Thinclads Prime For Loop Meet

By **BOB CAUDILL**

Old Man Weather was finally good to the Fresno City College track squad Saturday, but Coach Erwin Ginsburg's cindermen were thwarted from a different quarter at Foothill College's Northern California Relays.

The Ram sprint medley and shuttle hurdle relay teams blew a pair of second places due to illegal baton exchanges, eliminating school record clockings in the process.

But Ginsburg's charges are not

SELMA TWIRLS NO-HITTER AGAINST STOCKTON

Bourdet's Nine Assured Crown In Valley Conference With Four Wins

By **RICH SALAIS**

Congratulations are out once again to head coach Len Bourdet who wrapped up his fourth consecutive league championship and first Valley Conference crown following two successive double-header sweeps over Stockton and American River Junior Colleges within a week.

The Rams clinched the VC title last Tuesday by defeating the Beavers of American River twice, 14 to 6 and 3 to 2, after drubbing the port city nine, 5 to 2 and 2 to 0 last Saturday. And all of this can be credited to not only the fine tutoring of Bourdet but to the strong arms of ace kingpin Dick Selma, highly touted righthander, and Bix Hayden, workhorse of the duet.

Hayden Puts Out Fire

The defending junior college champion Rams, winners of 14 of 16 league games, virtually assured Bourdet his fourth appearance to the state playoffs after Selma and Hayden combined to beat the Beavers in the 3-2 10-

inning contest. Hayden came in to preserve starter Selma his eighth triumph, after the highly touted sophomore had struckout 15 batsmen (Selma whiffed 14 against Stockton) while walking two.

The Rams scored their winning run in the 10th when pinchhitter George Monreal, a diminutive shortstopper from Dos Palos, walked, reached third base on Howie Martin's single and finally tallied when catcher Ron Oliver sacrificed to centerfield. For Selma, it marked his 120th strikeout in 90 innings and gave him a 0.92 earned run average. Selma's extremely fast balls and sharp breaking sliders enabled him to no-hit the Stockton club only Saturday and then came back for another top performance against the Beavers.

Selma, Miller Find Range

But not all the glory can go to FCC's top pitching staff. Larry Silva and Harry Miller, a pair of hitters who have had their problems at the plate all year, came through with eight hits, five by Miller and three by Silva, which drove in a total of seven runs against the Sacramentans. And centerfielder Howie Martin's two runs batted in the 3-2 victory, via two singles with men aboard, proved to be the clincher for the Rams.

The league title by Fresno gives

VC Standings

Golfers Bring Loop Title To FCC For Second Year

By **BILL HORD**

Fresno City College's golf team regained early season form to whip their two top rivals in the Valley Conference and win the loop championship.

The Ram linkmen, after winning the first five matches in conference play, lost to Stockton and Sacramento, two teams at the bottom of the standings, and had to beat Modesto and College of the Sequoias to win the crown. Tuesday, the Rams pulled an

amazing 15½-14½ upset over COS on the Visalia Country Club course, marking the first time COS has been beaten on its home course and the first time it has not shared in the championship.

Modesto fell to the Rams 24-6 April 23 at the Fort Washington Country Club course.

FCC will now travel to the beautiful Touring Pines Country Club in San Diego for the state meet May 20 after determining medalists in the 36-hole conference match at Modesto May 13.

Mike Hoyt was the ace for the Rams against COS, firing a 69 and beating his opponent Walt Fitchett 6-0. Hoyt's golf game was tremendous and his best performance of the year according to Coach Clare Slaughter.

Slaughter commended his team for the way they came through in the clutch. He noted that Bill Flori, who shot a 79 under tremendous pressure, hasn't lost a league match.

Flori beat COS's Randy Pannell 4-2. Richard Cunningham, FCC's No. one man in the meet, shot a 73 but was beaten 4½-1½ by Dave Coker who finished with a 71.

Lance Squire notched a fine 71 to beat Steve Wilhelmson's 78, 4-2. Bob Meldrum finished with a masterful 79 but fell victim to a surprise 75 by COS's No. 5 man Tom Mirise and lost 6-0.

Kelly Reveals 1963-64 Outlook

(Continued from Page 6)

teamed with all-stater Frank Davies to lead a fabulous Madera High team to the North Yosemite championship.

The Ram mentor figures that if he can land some of these prepsters, especially if he can assemble a strong bench, he would have another fine team next year.

He disclosed that the 1963-64 schedule would be as rugged as ever. "I feel," Kelly commented, "that year in and year out we play the toughest basketball schedule of any junior college team in the state."

Kelly added that the Rams will again play in the Bakersfield, Modesto, and Glendale tournaments, along with a game against the Stanford University JV's.

them the right to represent the Valley Conference in the annual Northern California Junior College playoffs May 16, 17 and 18 with the site as yet undecided.

Terronez KO's Substitute In Fourth Round

By **DAVE PACHECO**

California welterweight champion Gabriel "Gabe" Terronez, a Fresno City College student, scored a sensational fourth round knockout over substitute Chico Santos, last Tuesday night before a capacity crowd at the Memorial Auditorium in Fresno.

Hardpunching Gabe extended his victory streak, at Santos' expense, to 11, including eight knockouts.

Overall it is Gabe's 19th victory in 21 professional fights and 15th knockout.

Santos, who hails from San Francisco, was a last minute substitute for Henry Watson, a Texan who was not allowed to enter the ring because he did not pass his physical examination. Watson has vision in only one eye and under California state boxing regulations he cannot fight here.

Santos hit Terronez with a few solid punches but was no match for the lightning fast fists of the Fresno City College choir boy.

Terronez started slowly in the first round, but consistently put on the pressure and battered Santos on the head and body throughout the fight.

Terronez smashing Santos with hard lefts and rights finally staggered Santos in the third.

Gabe continued to clobber his opponent in the fourth round as the referee stepped in to stop the fight with 1:55 seconds remaining in the round.

The referee awarded Terronez a knockout over his outclassed opponent as Santos was unable to continue the fight.

worried. They will get a final chance to eclipse some FCC relay marks at Fresno's own West Coast Relays May 11.

This week Ginsburg has been concerned with priming his crew for the Valley Conference championships Saturday in Sacramento.

The Rams are not excited about where they will place in the all conference affair—they are virtually assured of second place behind league titlist College of Sequoias. But several FCC aces will be shooting for championships in their individual events.

Fred Teixeira will be the favorite in the low hurdles. He has flashed to a state's top time of 23.4 over the low sticks.

Quarter miler Oscar Haynes and half miler Curtis Craig will be faced with stiff battles against a pair of COS athletes. Haynes won a close race over COS's Norm Coleman in the Ram-Giant dual meet and Craig beat COS's Alvin Gatewood by a slim 2/10 second.

The most exciting race of the meet might be in the high hurdles where Fresno's Al Williams will try to reverse an earlier loss against COS's Tom Powell. They were both clocked at 14.7 seconds in that race which Powell won by the hair on his chest.

Top performances by pole vaulter Joe Plante, discus ace Bob Jacobs, broad jumper George Moore, and miler Lyal Carlton may bring even more blue ribbons to the Rams.

Plante rates as a co-favorite with the best mark of 13'6", while Carlton and Moore face tougher tasks. Jacobs has been off form lately but will win easily if he can match his season's best mark of 151'11½".

Actually, there are only a handful of standouts from the rest of the poorly balanced conference (Sacramento City College, Modesto JC, American River JC, and Stockton JC) who will keep the meet from being merely an FCC-COS dual meet.

They include Stockton sprinter Joe Romero, Sacramento distance ace Earl Hooper, and Modesto shot putter Larry Maggard. Modesto JC is probably the class of the "also rans."

Getting back to the Rams' woes, Fresno did salvage one

school record at the Foothill affair. The mile relay quartet of Carlton, Craig, Haynes, and Houston Williamson finished third in 3:17.1. The old record was 3:18.5 set last year.

The shuttle hurdle foursome of Moore, Al Williams, Teixeira, and Odell Williams unofficially clocked 57.2 seconds. They set the FCC record at 57.4 seconds earlier this season.

Craig, Williamson, Haynes, and Odell Williams unofficially bettered their own 3:36.6 mark in the sprint medley relay also set earlier in the campaign.

The two relay disqualifications cost the Rams 16 points in the meet which featured some of the best JC talent in California. Irrepressible COS won the meet with 61½ points, followed by City College of San Mateo, 51, and host Foothill JC, 47.

The FCC shuttle hurdle relay team has been expected to eclipse the standing record since the first of the season.

Their unofficial time in Saturday's meet had a new record cinched when one member of the team started his part of the race too soon.

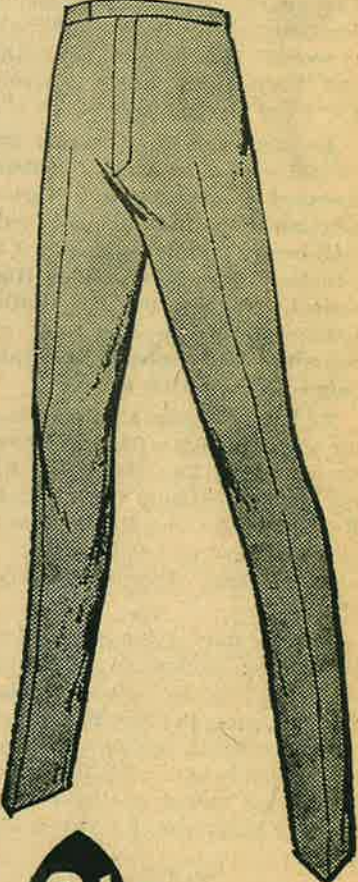

The sprint medley team lost their record attempt when one of the exchanges was made outside the appropriated exchange area.

The two disqualifications probably cost the Rams a third or fourth place finish in the meet.

"Incognito? Not Me!"

"But how much can one man take? Since I've been wearing A-1's Rapier slacks women find me irresistible. They keep following me. Stay back girls. My heart belongs to A-1."
