AMS Queen Sparks Folk, Jazz Activities

Spring sweetheart candidates and their sponsors will begin active campaigning on the campus Monday in preparation for the Apr. 23 AMS elections.

The five nominees for the title are Jackie Clark, Susie Richter, Kaye Sessions, Suzanne Reid and Carol Youngberg.

Election by the associated men students was primed to promote the Caravan of Music scheduled for a campus appearance in the gymnasium Apr. 24.

Irving Lee, Associated Men Students president, said Tuesday that plans were being discussed for possible introduction of the queen at the "Folk and Jazz Wing Ding."

Auto Displays

Posters and hand bills will be used in the campaigning. Also to promote the Caravan of Music, local car dealers have provided the candidates new cars to be displayed on the lawn between

the administrative building and McLane Hall.

The voting booth for the election will be located in front of the student center. Male students will be allowed to vote from 9 AM until 2 PM.

Discuss Plans

Queen candidates and their sponsors dined at the Hacienda last week and discussed campaign plans and procedures.

A queen candidate party for all

male students and their dates has been scheduled for Apr. 18 according to Lee.

The party will be held at the Leilani at 7:30 PM. Dress will be cocktail dresses for the girls

and jacket and tie for their escorts. Lee said that the fee will be about \$3 per couple.

"Competition should be pretty stiff," Lee said. "The candidates are really building spirit among the men students."

He went on to predict a "very close race."

Local Disc Jockey

Lee said that the queen committee has asked Sam Schwan, a local disc jockey to aid in publicizing the campaign.

Schwan has already accepted an invitation to serve as co-master of ceremonies during the Caravan of Music.

Sponsors for the candidates are Dennis Jacoby and Charles Bain for Miss Clark; John Reynolds for Miss Sessions; David Turner for Miss Reid; Fred Martin for Miss Youngberg, and Michael Reynolds for Miss Richter.

-BULLETIN-

A representative from the Central California Farmer's Committee will be on campus tomorrow at 8:30 PM to interview male college students interested in supervising youth work crews this summer.

Robert Monfort will be seeking leaders for the crews, which consist of high school agriculture students.

Students interested in the positions should report to the job placement office, T-100, for a personal interview.

FOUNTAIN MARKS SITE OF STATE'S OLDEST JC

California's first and oldest junior college will be honored Saturday when a public ceremony will mark the dedication of a water fountain at its old Stanislaus and "O" St. campus.

Fresno City College was established in 1910 at the commemorative site, in the building which housed the old Fresno High School and Fresno Technical School. The fountain was constructed by contributions from the Fresno Tech Alumni Association.

Dr. Emil O. Toews, chief of the Bureau of Junior College Education for California, will be the principal speaker at the ceremony, scheduled to commence at 10 AM. He will be introduced by Stuart M. White, president of FCC and superintendent-designate of the newly formed State Center Junior College District.

A plaque will be laid to denote the historic interest of the site. Application has been made to the state Bureau of Parks and Beaches for recognition as a state historical monument site.

William C. Meux, president of the Fresno City Unified School Board, will also speak on the efforts of C. L. McLane, Fresno superintendent of schools in 1910, in establishing the state's first junior college.

Paul Easterbrook, principal of McLane High School, has organized the program, which will also feature Dr. Edwin C. Kratt, Mayor Wallace D. Henderson, and Dr. Irwin O. Addicott, vice president of Fresno State College.

OLDEST CALIFORNIA JUNIOR COLLEGE—A fountain now marks the site of what used to be the oldest junior college in California. A plaque on the fountain identifies Fresno City College as having been initiated in 1910.

WING DING NEARS; TICKETS AVAILABLE

By BARBARA EHRENBURG
Rampage Staff Writer

Wing Ding is a word that aptly describes the Folk and Jazz Caravan of Music which will come to Fresno City College Apr. 24 at 8 PM in the gymnasium.

The Lively Ones, featuring Cal Tjader, Judy Henske and The Modern Folk Quartet, will wail and play folk and jazz music in a combination unequalled from here to New York City. Steve DePass, the well known balladeer-rhymer, will act as master of ceremonies.

Tickets for the Associated Men and Associated Women Students-sponsored event are priced at \$2 and \$1.50. They are on sale in the bookstore ticket office and at the Hockett-Cowan Box Office.

Cal Tjader, a drummer and vibraphonist, has been a member of the Dave Brubeck Trio and the George Shearing Quintet. Later he formed his own group, appearing throughout the country. The Latin character of Tjader's first group has evolved to a combination of Latin and straight jazz.

"The Latin thing is very exciting," he explained, "but there is no law that says we have to stick to it exclusively. It takes

time to evolve a sound of your own, but I think we have done so."

Among Tjader's compositions, recorded by his own group or by the George Shearing Quintet, are Mueve La Cintura, Mamblues, Lucero, Bill B, Blues From Havana, Tropicville, Mood For Milt and Viva Cepeda.

Judy Henske, a folk and blues singer, discarded painting for singing as a means of expression. The 24-year-old singer got her start in a Philadelphia day nursery, singing folk lullabies to her enchanted young audience.

Miss Henske made her debut in a San Diego club called the Zen Coffeehouse and Motorcycle Repair Shop. Later while touring the country in a series of night spots, she was approached by Dave Guard, a former member of the Kingston Trio, who asked her to join his new group—the Whiskey Hill Singers.

After seven months Miss Henske went out on her own as a single. She cut two albums which are moving up the charts and has appeared in some of the best nightclubs in the country.

According to the critics, the Modern Folk Quartet is the fastest (See Wing Ding, Page 2)

est rising young folk group around. The four men who compose the MFQ are all professionals. Originally from the West Coast and Hawaii, the singers are Cyrus Faryar, Tad Diltz, Jerry Yester and Chip Douglas.

MFQ, lauded for their polished, refreshing approach to folk music, has appeared on numerous Hootenanny shows and in a guest spot in the movie "Palm Springs Weekend."

Steve DePass is known as the comedian who sings not only to an audience, but about it as well. This master of the impromptu verse is accredited with a lightning-quick wit and an encyclopedian vocabulary. Billed as the man who creates songs as he sings them, DePass has appeared with comedian Dick Gregory and by himself at the Shadows, the Bonaventure Room, Freddie's and the Latin Casino.

Coming-Out Party Reveals Attacks On Mustard

The almost annual ritual of opening the student suggestion box last week produced an array of attacks on the cafeteria and other facilities, plus a collector's assortment of gum wrappers and cigaret butts.

Student body president Terry Edgmon officiated at the opening ceremony.

"I think FCC needs some mustard that isn't so terribly 'horse radishie,'" wrote a "hungry student." "Please advise the cooks to try a different kind; there is no time for delay."

The mustard situation also came under attack by another student. "I'll never order one (a hamburger) again," the note read. "... my confidence has been ruined. Isn't there anything that can be done? I think it is the mustard."

Edgmon reported that after a certain amount of "censoring", about 25 suggestions were salvaged from the box in the stu-

SUGGESTIONS

Surprisingly enough there were not very many candy wrappers or old chewed up chewing gum found within the pretty red suggestion boxes. It is surprising how many suggestions were in the boxes, though, some of them were even pretty good, considering the source.

After all, did that little box ever do anything to hurt any of the illustrious students on and off this campus.

dent center. Another box, located in the now closed student lounge, was not opened.

Many students complained about the lack of sitting facilities on campus.

"It would be nice to have a place to sit instead of on the lawn or steps to the coffee show," one disenchanted wrote.

Another added: "Where are the benches on campus?"

One note, obviously written by a girl, simply protested in disgust: "People would rather sit on benches under the trees than on the lawn. They also ought to put mattresses in the bushes."

"The bookstore could have the store open all day," demanded one writer. "There could be more clerks to wait on the many students who stood in line for hours to get the necessary books for their classes."

"How about getting rid of the noisy people in the library!" another student demanded. "I'm sure there are other places on the campus where they can socialize."

There also seemed to be a conflict about the station to which the radio in the lounge was being tuned. "Keep the radio in the lounge on K . . .," wrote one student.

"I think the radio . . . should be turned to No. 1 K . . .," another said.

There was further evidence that an outsider had raided the suggestion box.

"May your school be infested with morons," his printed note said.

Reflection In The Glass

By DENNIS JACOBY
Rampage Columnist

SILENCE PREVAILS: When are we going to hear from the prexies of the freshman and sophomore classes? After their glorious campaign speeches I expected to see these boys come up with some outstanding accomplishments. So far I haven't seen anything. The only thing I have heard them say at council meetings has been answers to the roll call. Certainly one cannot sit through an entire council meeting without questioning a few things. So come on boys let's see some action . . . maybe you can live up to your campaign speeches, but you'll surely have to prove it to me.

BLOWOUT IN STORE: For those of you who are interested, there will be a real blowout tomorrow night from 9-12 in the social hall. The freshman sponsored Spring Fling is the only function on the calendar this week and they are really hoping for a big turnout. The music will be played by the Paramounts and the event looks like it will really swing or fling or something. The energetic freshmen who deserve most of the credit of the success of this venture are Carol Youngberg, Kent Smith and Rick Comstock . . . roses and congrats to the three of you.

SCOPED: While wandering about our campus earlier this week (in my usual daze), I stumbled upon quite a few very interesting things. First of all there is a very big hole where the sidewalk used to be and lucky for me one of my sidekicks came along and pulled me out of the aforementioned hole. A few students were speculating on just what purpose that gaping atrocity is going to serve but I still think it is the mixing bowl for that terrible mustard used on the hamburgers and now being camouflaged by an abundance of catsup in the coffee shop . . . can't please all of us, can you?

Anyway as I journeyed onward (after my rescue from the hole) I noticed some of the prettiest and eyecatchingest posters I have ever seen. The posters I am referring to are the ones concerning the Caravan of Music . . . these

posters were painted by Mr. Draper's commercial art classes and I would like to say thank you to you energetic souls.

TUNE GOONS: The FCC auditorium will come to life again Apr. 21-22 after a long rest. The reason for this resurrection is a songfest put on by the FCC choir. The show will consist of a wide variety of acts including a male vocal ensemble, men's quartet, piano duet and solo, dancers from the choreography class, marimba solo and a wide range of numbers from the choir. Apr. 21 the show will start at 8 PM and the 22 it will be a nooner . . . both programs are free so let's all go and offer the performers a little moral support.

STICKNIC: There will be a picnic at Millerton Lake, Sunday, Apr. 26, sponsored by the International Club. Transportation will be in private cars and those interested in attending the gala affair should contact Samsu Habib or Rudy Dar in room 229 of the SUB (student union building). Samsu tells me that the cost for this activity will be fifty cents and this will cover the cost of the chow . . . way to go, Sammy baby.

SHAPING UP: Campaigns for the title of AMS queen are really beginning to shape up as evidenced by the advertisement directly below this column (ahem). It really does the old heart good to see that the girls who are running are really taking an active interest in this thing and I hope that all of the male students will make an appearance at the polls Thursday, Apr. 23.

FILLER TIME: Terry Edgmon, student body prexy, is attending an area five conference Saturday, Apr. 18, at Porterville college. . . . Although the exams are the main reason for the lack of activity at FCC this week, it has still been the deadest week I have ever experienced. . . . My informant tells me that the last word in Websters unabridged dictionary is zyzzogeton. A zyzzogeton is a South American leaf hopper and this word appears on page 2987.

Chowchilla Rotary Club Will Host Internationals

By DERRY MODLIN
Rampage Staff Writer

This weekend foreign students attending Fresno City College will have an opportunity to spend two days participating in the normal home life of American families.

The Chowchilla Rotary Club, in its efforts to help better foreign relations, has decided to invite the foreign students at FCC to come into the homes of its members in order to find out what American home life is like.

The event this weekend is a part of the Rotary Club's "Visiting International Students' Activities" program. The "VISA" program was set up to enable international students to enjoy

family life in the country in which they study, and to help them find reasons for reporting to their homeland that the people of America are their friends.

Mrs. Marvin McLaughlin, whose husband is in charge of the activities for the weekend, says "Many times young people come to the US, study for four years and go back to their own country without ever being inside an American home. Then, when asked what Americans are like, they have to say that they don't know. That is the reason for this program."

The itinerary for the students this weekend is very simple. Tomorrow at 4 PM a bus will leave from the campus to take the students to Chowchilla, then to the private homes where they will spend the weekend. They will return to Fresno on Sunday afternoon. The only activity planned for the group as a whole is a picnic Saturday afternoon at the McLaughlins' home just outside of Chowchilla. The rest of the time the students will spend doing whatever the individual families decide to do.

FSC Extends Low Rates For Minstrel Performance

Fresno State College will make available its student prices to Fresno City College students for its latest folk singing attraction, the New Christy Minstrels, Sunday, Apr. 26 in the Fresno Memorial Auditorium.

The New Christy Minstrels boast two achievements—they introduced hootenanny to the White House and to Broadway. President Lydon B. Johnson invited the minstrels to perform at a dinner for Italian President Segni in January; their Broadway success was scored at the Latin Quarter night club where they smashed box office records.

The New Christy Minstrels were founded in 1961 by Randy Sparks and patterned after a company of pre-Civil War entertainers created by Edwin "Pops" Christy. In their 1964 version, the minstrels specialize in "up-beat" folk songs and comedy.

The concert is sponsored by the FSC popular arts committee.

Carl Patrick (left) and Larry Ditto (right) work on a college owned aircraft engine.

AVIATION CLASS RATED AMONG TOP FIVE IN US

By GEORGE KAMBUROFF
Rampage Staff Writer

It's a little-known fact, but the Federal Aviation Administration-sponsored aircrafts class at FCC is rated among the top five in the United States.

The federally regulated two-year program consists of two basic parts, and is culminated in an Associate of Science degree and FAA licenses in powerplants and airframes.

The basic five-unit class offers the 932 semester-hours of each powerplants and airframes required for the federal licenses, and the extended program, with electives boasts of 1600 semester-hours.

Advanced Student

Ervin Weddle, one of the more advanced students owning an FAA powerplant license, observed that all of the graduates are presented with employment opportunities which most accept.

Eight basic categories are covered in the courses by the teachers: Harmon Allen, airframes and Shannon Smith, powerplants. The classes consist of one and one-half hours of lecture and four hours of lab per day.

Twenty Members

Because of the weight of the program, only 20 members remain in the two classes.

In addition to this, the school also runs a comprehensive night program for other members of the community with an interest in aviation.

MC DePass Will Sing To, About Audience Apr. 24

By BETTY SUE KENNY
Rampage Staff Writer

Steve DePass, the calypso-style vocalist, will be the master of ceremonies at the Caravan of Music with the Lively Ones appearing at FCC on Apr. 24.

DePass not only sings to an audience, but about it. An improviser, his gift for extemporizing on any subject is what one observer termed "almost unbelievable and without effort."

Combine a lightning-quick wit and an encyclopedian vocabulary, a phonetic ear, a clear tenor voice, perfect diction and the ease and delivery of Harry Belafonte and the result is: DePass, the master of impromptu verse.

A flawless improviser, his gift for extemporizing on any subject, seemingly without effort is almost unbelievable. In addition to his skill as a terse verser, DePass is a creative balladeer. Although his rhyming is always a tremendous hit with his audience, it is only a small part of his act. The major part is a well balanced

wide range of material from all corners of the globe.

DePass appeared on the Gary Moore show and was a huge success. Two nights after his appearance, he received a phone call requesting him to fill in that evening for an ailing Harry Belafonte. With no rehearsal DePass went on and did a show, for which he received a rousing ovation. The delighted club owner signed a five year contract with a delirious DePass.

Since then DePass has appeared in clubs and colleges all over the country. His college concerts have met with unprecedented enthusiasm. The youth of America can be the most discerning and critical audience. His universal acceptance in the campus area augers well for the bright and unique young star.

DePass will be introducing to the audience, Judy Henske, the Modern Folk Quartet and Cal Tjader, on Apr. 24 in the FCC gymnasium, at the Caravan of Music.

William Peterson Dances For New York Choreographer

William Peterson, a Fresno City College sophomore, was chosen to dance for Charles Weidman in San Francisco at the

Peters Wright dance studio for an Easter production entitled "An Expression of Two Arts," Bach's Easter Oratorio.

The program was held at the First Unitarian Church of Berkeley in Berkeley, on Easter Sunday, and the production was climaxed by a command performance the following Tuesday at the San Francisco State College Little Theater of the Creative Arts Building.

Peterson was chosen out of nine students in the choreography class at FCC. Peterson was the only person chosen from Fresno. The other 21 people were from San Francisco and New York. Only three of the people chosen were college students. The rest were instructors, dancers and choreographers.

Peterson not only danced with the rest of the troupe but also did two solos in the third act, the "Second Angel of the Third Variation," "Let Me But Live To Tell My Story" and "The First Wiseman in Jesus Guide My Every Light."

"Charles Weidman," according to Peterson, "is a leading New York choreographer and began his career with Doris Humphrey in the 1930's and formed the Humphrey-Weidman dance team. After the death of Miss Humphrey, Weidman formed his own dance team, known as the Weidman dancers."

"The Weidman group then toured the world, presenting performances and discovering new talent."

The FCC choreography class and one of the intermediate modern dance classes will present a performance at FCC later in the year. The performance is to be entitled Spring Dance Festival.

FCC Freshmen Test New Test

A new test, to be used on all entering college freshmen nationally, will be given a test of its own today on the Fresno City College campus.

Mrs. Dee Roshong, counselor at FCC, is in charge of administering the test, which will run from 1 PM to 3:30 PM.

The new examination, which is the device of the Educational Testing Service (ETS), is being given to selected students all over the country to establish norms. ETS in the nation's largest educational testing service, and administers the "college board" exams which are used in placing students in college.

Sixteen students at FCC have been chosen as part of a specified random sample to help establish junior college norms for the new test. The students, all full-time freshmen, are Tamora Jean Wolski, Ron Wong, Bruce Wood, Charles Wood, James Wood, Marcia Wood, Richard Wood, Truman Wright, Clayton Wynne, Richard Yamaguchi, Richard Yamaguchi, Yuzo Yamamoto, Jerry Yamashita, Joanne Yates, Richard Abbott, Mary Adams and Ethel Adams.

Norms, or standards of performance, must be established for each test, Mrs. Roshong explained, in order to judge how well subsequent students taking the test have done.

THE MONTEREY INSTITUTE of FOREIGN STUDIES

offers curricula leading to the B.A. and M.A. degrees in languages and civilizations and in political arts.

LANGUAGES & CIVILIZATIONS:
French, Spanish, German, Russian, Italian, Japanese, and Mandarin Chinese.

POLITICAL ARTS:
European, Far Eastern, Near Eastern, and Latin American Studies.
A multi-disciplinary approach combining language, literature, social institutions, geography, economics, law, political thought, diplomatic history, historiography, and contemporary problems in the study of foreign civilizations.

FALL SEMESTER:
September 30, 1964-Jan. 30, 1965

SPRING SEMESTER:
February 6, 1965 - May 29, 1965

An upper division college and a graduate school accredited by the Western Association of Schools and Colleges as a liberal arts institution. An American institution with a foreign-born and foreign-trained faculty. Ideal locale for year-round study.

1964 SUMMER SESSION:
June 22 - August 29

1965 SUMMER SESSION:

Williamson's Three Take Dual Win In VC Meet

Mermen Meet Top Tankers

By DAVID R. PACHECO
Rampage Sports Writer

Fresno City College's 13 spikers, led by speed demon Houston Williamson's triple win, trounced Delta College's Mustangs, 84 to 52, to score their third straight Valley Conference dual win in Stockton last Friday afternoon.

Tomorrow afternoon FCC's thinclads will lay their dual meet win streak on the line at Fresno's Ratcliffe Stadium against VC rival College of Sequoias Giants.

FCC's Williamson, capturing three events and scoring 16½ points in the VC clash, highlighted the meet with his triple jump win in which he sailed 47 feet, 6 inches, second best distance in the state this season by a junior college thelete. The Ram spiker was timed in 9.9 in taking the 100 yard dash for a new meet record and led a sweep of the long jump by FCC's cindermen with a leap of 22-4. He is credited with a personal best of 23-3½ in the long jump to put him up with the leaders in junior college circles in the state.

13 Man Squad

Coach Erwin Ginsburg's Ram crew, outmanned but not outpointed, only entered a 13 man squad in VC dual meet. Among the missing were FCC's 159 foot ace discus thrower, Dale Samuelian, and other consistent Ram point makers.

Doublewinner Tyrone Powell, Ram freshman high jumper, took his specialty by sailing over the bar at 6-6, to establish a new meet record, then powered the shot out to 41-7½ to tie for first in the shot put and took third in the discus.

FCC's Ram cindermen garnered 10 first places, tied for two others and broke three meet records in the 100 yard dash, 120 yard high hurdles and high jump, plus automatic marks for the 300 yard intermediate hurdles, triple jump—both new events this year—and 220 yard dash, run on a turn.

Another meet record was shattered in the 120 yard high hurdles as FCC's Al Williams streaked the distance in 14.9, four-tenths of a second below his 14.5 school record clocking.

First place finishers for the Ram tracksters included Fred Teixeira clocking 40 flat in taking the 300 intermediate hurdles, following a 38.6 effort against the Modesto Pirates, teammate Ken Long flashing across the 220 in 22.8, and Ram Leahman Westrick spinning the disc 136-9 to capture this event. In the 880 yard run, Fresno's Frank Martinez, coming from behind in the last lap to overtake Adams of the Delta Mustangs, faltered in the stretch run to settle for a dead heat tie in 2:12.5.

Quartet

Fresno's 440 yard relay cinder quartet (Teixeira, Mike Freeman, Long, and Williamson), cruised the distance in a sizzling 43.8 timing, while FCC's vaulter Dan Stone, who set a new FCC school record by soaring 14 feet in the pole vault, cleared 13 feet to win his event.

Every man on the 13 man Ram squad scored in the lopsided dual win over the VC opponent. Four men, Williamson, A. Williams, Powell, and Teixeira, accounted for 48 points of the 84 Ram team total.

Williamson continued to be the Rams' top point getter with 16½, followed by A. Williams' 11, Powell's 10½, and then Teixeira with 9½. Others on the Ram traveling squad included Freeman (6½), Long (6½), Westrick (6), Stone (5), Martinez (4½), Paul Vaux (3), Pete Fekete (3), Odell Williams (2), and Ernie Porras (1).

Dual Meet Summary

Fresno City College 84, Delta College 52.

400 relay—Fresno (Teixeira, Freeman, Long, Williams), 43.8.

1 mile—Burns, D, Maple, D, Martinez, F, 4:37.2.

440—Rogers, D, Freeman, F, Evans, D, 42.1.

100—Williamson, F, Vaux, F, Lee, D, 9.9.

120 H—A. Williams, F, Hatley, O, O. Williams, F, 14.9.

880—Tie between Martinez, F, and Adams, D; Gonzales, D, 2:12.5.

HJ—Powell, F, A. Williams, F, Hatley, D, 6-6.

Discus—Westrick, F, Sharp, D, Powell, F, 136-9.

SP—Tie between Powell, F, and Sharp, D; Westrick, F, 41-7½.

220—Long, F, Evans, D, O. Williams, F, 22.8.

LJ—Williamson, F, Teixeira, F, Freeman, F, 2-4.

PV—Stone, F, Gooler, D, Robert, D, 13-0.

Two Mile—Burns, D, Fekete, F, Porras, F, 10:30.9.

330 IH—Teixeira, F, A. Williams, F, Roberts, D, 40.0.

TJ—Williamson, F, Hatley, D, Freeman, F, 47-6.

1 mile relay—Delta, 3:39.8.

FCC Horsehiders Need Comeback Wins

By DON FOSTER
Sports Editor

A "giant comeback" seems to be the only way out for Fresno City College's discontented baseballers in their quest for loop crown No. 4, and the right to defend their third straight state championship.

The diamond'ers who play last place American River Junior College in a John M. Eulless-Valley Conference doubleheader Saturday afternoon, are struggling to

overtake league leader, Sacramento City College, who is 11-1—four games in front of the 7-5 Rams.

In a warm-up tilt for ARJC, the locals clubbed the visiting Coalinga JC Falcons, 14-4, in Tuesday's nighter.

But in a more important game, Modesto JC sliced away another piece of FCC's pennant hope by downing the traveling crew, 4-1, after losing a, 2-1, decision to ace hurler Tom Seaver.

Seaver chuckled a masterful three-hitter, while setting down eight Beavers through the K system. The week before the righty tossed a four-hit game against College of Sequoias.

Howard Schmidt, coach Len Bourdet's lefty, opened on the hill in the second contest, but had to be relieved by bullpen specialist Chuck Merker after letting three runs across in the first inning.

Merker allowed one tally in the

second frame, but then settled down to pitch a four-hitter, striking out seven and walking only one.

Game No. 2 could have easily been won by the Rams if the stickmen had backed the mound workers. Five hits in each battle was all the club could muster.

Evidently Bourdet had his swingers taking some extra batting practice Monday, because the locals whacked 14 safeties under the lights Tuesday.

Little shortstop George Monreal remains the Rams' top hitter. He got one for three in both games Saturday, and drove in the winning run in the first contest.

Probable starters are Bob Schanze, first; Don Reiner, second; Jim Teter, third; Monreal, short; Harry Miller, left; Ross Mosschitto, center; and Bob Bentley, right.

Brendon Ounjian should be catching Seaver in the opener with Schmidt or Merker in the night cap.

By DON MENCARINI

Losing their first Valley Conference swim meet of the season, FCC was edged by American River Junior College, 53-42, in Sacramento.

The win for American River ties them in the VC with FCC with identical 3-1 records. Tomorrow the Rams will travel to Stockton to take on league leading San Joaquin Delta in the most important meet of the year.

If Fresno wins, the VC will be in a three way tie among San Joaquin Delta, American River and Fresno. If Delta wins the meet they will be champions of the VC.

"This will be a must win meet for us," said Coach Gene Stephens. "We're going to have to win in our strong events if we plan on defeating Delta."

Deaver Will Lead

Freestyler Wayne Deaver will lead the charge against Delta with times of 2:3.3 in the 50 yard freestyle and 51.3 in the 100 yard freestyle. With Deaver and Delta's Terry McNally swimming against each other there should be some records broken.

Until last week, McNally held Conference records in the 200 yard freestyle (1:57.2) and in the 100 yard freestyle (51.6). Delta also has been clocked in the 400 yard freestyle relay with a time of 3:34.0 which is the best in the Valley Conference.

In the loss against American River, John Winstead logged conference bests in the 200 yard freestyle with a time of 1:56.4 and 500 yard freestyle with a time of 5:27.9. His time in the 200 yard freestyle is a new pool record.

Wayne Deaver won the 100 yard freestyle in a record breaking 51.3 time. According to Stephens, Deaver has already established himself as one of the best swimmers in the Valley Conference.

Anderson Takes First

In the 200 yard breaststroke, Ken Anderson took first place with a time of 2:34.2.

ARJC boasts the services of two JC all Americans, 200 individual medley and backstroke specialist Bill Smith and butterfly star Bill Levengood.

Smith won the 200 yard individual medley (2:17.0) and the 200 yard backstroke (2:17.8). Levengood won the 200 yard butterfly in 2:22.8.

Aqua Results And Statistics

ARJC-Fresno Meet

200 breaststroke—Rich Harris, COS, 2:33.7.
400 freestyle relay — Delta, 3:34.0.

Terronez Will Meet NY's Irish Collins

Fresno City College's California Welterweight boxing champion, currently rated No. 5 in the World Boxing Association standings, Gabriel "Gabe" Terronez, has signed to meet Irish Billy

Collins of New York City in a ten round main event in the Fresno Memorial Auditorium the night of Apr. 27.

Terronez, fresh from a decisive 10 round decision over top contender Isaac Logart in the same auditorium last month, has begun intensive training for the 10 round bout in the Merced Street gym.

Linkmen Score First Upset

The Fresno City College Ram Golf Team paced by a fine all around team effort upset the previously undefeated San Joaquin Delta linksmen 18½-11½ on the Riverside Municipal Golf Course, home of the Rams, Tuesday afternoon to put the FCC crew back in the Valley Conference duffer race.

The Rams are now 6-2 in conference action as compared to the Stockton team's 7-1 record.

Coach Hans Wiedenhoefer's crew has to win their final two Valley Conference meets, against Modesto and COS, in order to remain in the race to see who will capture the VC crown, but the Rams have to sit back and hope that COS can knock off Delta College in their Valley Loop dog fight.

The FCC crew will travel to Modesto's Dryden Park where they will do battle with the Pirates of Modesto in what could prove to be a rugged match for the Rams, although the MJC team is way down in the Valley standings.

Knockout Records

Both fighters have impressive knockout records. Collins, originally from Memphis, Tenn., started his career in 1958 and has had 45 fights compared to Terronez's 25.

Collins has scored 25 knockouts in 35 victories and has been stopped twice. Terronez has 15 KO's to his credit and has been stopped only once due to a cut eye.

The Irish belter has fought such standouts as Battling Torres, Duilio Loi, Joe Salci, Vergil Akins, Jose Stable, Al Grant and Kid Rayo.

Losses

Last year the New Yorker lost to Sugar Cliff, knocked out Guy Sumlin and decisioned Doug McLeod before being stopped by C. L. Lewis.

Fresno's KO specialist fought seven times last year, scoring knockouts over Chico Santos, Joey Limas, and Charlie Scott. He lost close hard fought decisions to Frankie Ramirez and Logart and he decisioned Kid Rayo and Ramirez in a return match.

All-Loop Hoopsters

Four of the starting five Fresno City College basketball cagers were named to All-League teams in the Valley Conference.

Lonnie Hughey, FCC's All-State center, was a unanimous choice and repeated as All-League center for the second straight year. Larry Scott was named an All-League forward.

Named to the second team All-League were George Monreal and Ed Austin, the two guards on the Ram five, which placed third in the state basketball tournament last weekend in southern California. Austin is a freshman, Monreal a sophomore.
