VOL. XX FRESNO, CALIFORNIA, THURSDAY, NOVEMBER 4, 1965 NUMBER 7

Queen, Dance, Parade Top Week's Activities

By DENNIS MCCARTHY
Eleven attractive coeds have been selected by Fresno City College clubs and organizations to compete for 1965 Homecoming Queen honors.

Elections for the Homecoming Queen will be held two weeks from tomorrow in a number of locations around campus between the hours of 9 AM and 3 PM.

Selections of the queen candidates began Monday with 11 clubs and organizations participating. Each club is entitled to one candidate and one Homecoming Parade float. Clubs may begin campaigning for their candidates tomorrow at 12 noon.

The International Club, whose candidate Elaine Silvera captured last year's Homecoming Queen honors, hopes to have similar success this year with Josette DeLecce. A first year student at FCC and a graduate of Roosevelt High School, Miss DeLecce plans to be a medical receptionist following her graduation from college.

JoAnn Lambrecht, another Roosevelt High graduate, is the Circle K selection for Homecoming Queen. Miss Lambrecht, who has chosen art as her major field of study, is a first year FCC student.

Sandi McClurg is the Alpha Gamma Sigma's choice for queen. A second year student at FCC majoring in English, Miss McClurg has served as a staff member of the Rampage. She graduated from Bullard High School.

The Marketing Club candidate is Rhondra Stewart, a second year student majoring in business. A Clovis High School graduate, Miss Stewart has served as the FCC representative on the college fashion board of a leading Fresno department store.

The Associated Men Students are pinning their hopes on Nancy Taylor. Miss Taylor, now in her second year at FCC following her graduation from McLane High School, is a liberal arts major.

Renee Clendenning, also a McLane High graduate, is Delta Psi

Omega's candidate for queen. Miss Clendenning is spending her first year at FCC as an English major.

The Latin American Club has selected Ruth Olivar to carry its banner. Although born in Fresno, Miss Olivar is a resident of Parlier and a graduate of Parlier High School. She is a second year Spanish major at FCC.

Registered nursing major Lynda Prosperi has been chosen by Collegian Hall to be its candidate. Miss Prosperi, a first year student from Madera, received her baccalaureate from Madera High School.

Nancy Bruner is the Phi Beta Lambda choice to garner Homecoming Queen honors. Miss Bruner is a first year business major

at FCC and a graduate of San Joaquin Memorial High School.

The Associated Women Students' candidate is Carol Bedrosian. Now in her fifth semester at FCC, Miss Bedrosian is a nursing major and a member of the FCC nursing club, Phi Rho Nu. She graduated from Washington Union High School.

Another nursing major, Barbara Kuykendall, is Phi Rho Nu's candidate. A graduate of Sierra Joint Union High School, Miss Kuykendall is a member of Phi Rho Nu. She is a second year student at FCC.

The crowning of the new queen will take place at the Homecoming Dance, Friday night, Nov. 12. The dance will be held in the cafeteria from 9 PM to midnight.

The Homecoming Parade featuring one float from each of the clubs taking part in the Homecoming activities will be held Friday morning prior to the dance later that night. Judges will be on-hand and their decision as to the winning float will be announced during the halftime of the Ram football game Saturday night, Nov. 13.

Due to an early deadline, the Rampage was unable to print all the names of the queen contestants. The deadline for queen applications is tomorrow.

AWS

Hathaway Explains Induction

Jay Hathaway, by a long distance phone call Tuesday, said that Fresno City College students may finish the school year without being drafted.

Hathaway, coordinator for the Fresno office of Selective Service, spoke to the Rampage from Los Angeles, where he was attending a meeting.

"A student can keep a scholastic deferment during the school year so long as he makes normal progress toward graduation as expected by the school board," Hathaway said.

Normal progress at FCC, which is the same as expected by the draft board, means that a student must carry at least 15 units per semester and maintain a C average in all work attempted before he is eligible to graduate.

In view of the recent notice by
(Continued on Page 3)

Deficiency Notices Set For Mailing

Deficiency notices will be received on Nov. 22 by Fresno City College students who have failed to maintain a C average in any of their courses through the mid-term grading period which ends tomorrow.

Merle Martin, dean of students at FCC, stated that the deficiency notices will inform the students of barely passing or D work, failing or F work, or incompleting work.

Martin added that the absence of any notice inherently indicates C or better work in all classes.

George Holstein, dean of admissions and records, said that the grades will be sent to the State Center Junior College District's processing machines at Reedley College following the Nov. 10 deadline for instructors to turn in grades.

Prior to 1964 every student received a record of his grade status in each course following mid-terms.

FCC Notes Veterans Day

Next Thursday will be a holiday.

By proclamation of President Johnson, Veterans Day will be celebrated Nov. 11.

In observance of the holiday, the American Legion Post No. 4 will sponsor the annual Veterans Day Parade.

The parade will begin at 10 AM on Van Ness Blvd.

Because of the holiday, no classes will be held and there will be no Rampage issued that week.

Viet Nam Collection Nears End

Monday is the deadline to wish a Merry Christmas to the third marine division in Viet Nam.

The Civil Air Patrol, Group 12, is asking Fresno to join with them in sending 36,000 Christmas gifts to the marines in Viet Nam.

Gifts suggested by the CAP are Christmas cards, hard candy, dried fruit, magazines and home cooked pastries. These gifts may be placed in the containers at the two collection stations on the FCC campus. They are located in the cafeteria foyer and the Admissions Building foyer.

Wrapped Food

Ronald Primavera, associated student president, is also Chairman of donations made in Fresno. Primavera said students sending food should have them well wrapped for sanitary reasons. He
(Continued on Page 3)

Published weekly by the journalism students of Fresno City College, 1101 University, Fresno, California. Composed by the Central California Typographic Service. Unsigned editorials are the expression of the editor.

Viet Nam Gift Drive Recieves FCC Support

This year thousands of American soldiers will be spending their Christmas in a combat zone. They will be fighting in Viet Nam in support of this country's foreign policy.

While they are fighting, news will trickle into their camps about demonstrations defying their obligation there. They will hear of the sitins, draft card burnings and the blood drives supporting their enemies. They will also hear that these demonstrators represent only the smallest fraction of American people. But how can they believe that? What must be the feeling stirring in their stomachs about fighting for a country that has students across the nation demonstrating against them?

To counter the demonstrations, thousands of people in every state are starting to support gift collection campaigns, letter drives and blood donor crusades.

Now Fresno City College students can help restore the confidence and morale of American soldiers. Last week the Student Council gave its support to the Fresno Civil Air Patrol's campaign to collect gifts for marines in Viet Nam so that they might have, as the CAP suggests, "a Bit of Christmas From Home."

Let us help the drive. Let it be known that FCC students are in full support of our nation's position in Viet Nam.

Through our help, "a Bit of Christmas From Home" may mean a Merry Christmas for a few more marines serving in Viet Nam.

UC Admission Applications Now Being Considered

Merle Martin, Fresno City College dean of students, announces that applications for admission to the University of California are now being considered.

He said that request cards for the fall quarter, 1966, can be obtained at the Counseling Center, Room 118, in the FCC Administration Building.

He urges students to submit applications as early as possible but not later than Mar. 1, 1966.

Students will be notified if they qualify by Apr. 15, 1966. Early filing will enable the university to notify the applicant of eligibility at an early date.

Admission changes for undergraduates include the following: Application fees have been increased from \$5 to \$10, and requirements in mathematics have been modified.

Starting next fall all UC branches will convert to the quarter system, with students being graded on their work for a half semester rather than for a full semester.

Rampage Is Rated

An honor rating of first class was awarded to the Rampage for its publications covering the spring, 1965 semester.

The rating was compiled by the Associated Collegiate Press by comparing FCC's newspaper with other weekly publications from junior colleges throughout the country.

ACP Judge J. C. Sim both praised and criticized the Rampage. He commended the paper's style, editorials, photos, and sports coverage but also cited some shortcomings.

"The nameplate is hard to read," Sim noted in the ACP rating book. "It gives a gray appearance to the page." He also said that "some areas of coverage are superficial."

"I feel that this particular judge was very fair in his evaluation," said Philip Smith, Rampage adviser. "His criticism was constructive and contained several thoughtful comments."

Routing Begins

Preregistration for the spring semester is under way.

The counseling center said that tomorrow is the last day to contact advisors and counselors in regard to changing one's major.

Routing envelopes will be issued and preregistration will begin Monday for those students who have completed eight or more units. Deadline is Friday, Dec. 3.

First Semester

Presently enrolled first semester students will receive routing envelopes and preregister during the period of Dec. 6 to Jan. 7.

Late currently enrolled students, new students, and former and transfer students will preregister between Jan. 10 and 28.

Actual registration will be held from Jan. 17 to 28 in the auditorium.

February 3 will be the last date for late registration.

Program Forms

Tentative program forms will be available at six different campus locations: the student center lobby, the division offices and the admissions office foyer. Students may fill them out and take them to their counselor or adviser, Alvan E. Perkins, an FCC counselor, said.

Perkins also noted, "It is important to give adequate time and preparation to this important task."

"If students are working for a degree they should be sure they are registering for classes that will make them eligible. If they plan to transfer to a four-year college, they should know the requirements of the college or institution that they plan to enter."

Mrs. Naman Heads World Affairs Unit

Mrs. Dorothy Naman, an FCC biology instructor, is the newly elected president of the World Affairs Council of Fresno.

She said that her appointment came not as a surprise, but a challenge to bring interesting and informative programs to Fresno.

Public Invited

The public is invited to all its meetings, Mrs. Naman added. All persons interested in world affairs are invited to join the organization. Membership is \$7 per year.

Most of the programs, she said, are arranged through the State Department and made available to the World Affairs Council by request or notification.

The evening of Dec. 7 four members of the State Department will speak. They are Edward Mulcahy, an authority on Africa; John Horner, an authority on South East Asia; James Boren, U.S. Aide, Daniel Montenegro, on Latin America.

Dec. 15, Frederick T. Homer, Australian Counsel General, will speak.

Toured Russia

Mrs. Naman has toured Russia under the auspices of the University of California at Los Angeles and the U.S. State Department. The tour included trips throughout Europe. Her purpose was to visit atomic energy plants and make a comparative study of educational and scientific personnel at these installations.

Other experiences included attending the Geneva Conference on world health and participation with Mrs. Eleanor Roosevelt in a forum discussing education in Russia.

Concert Set By Dancers

The Patricia Sparrow Dance Company will give a modern dance concert tomorrow in the Fresno City College gymnasium.

Mrs. Sara Dougherty, an FCC modern dance instructor, said, "This is the closest thing to fine arts in the field of dancing that FCC has attempted."

Miss Sparrow is currently on the faculty of the University at Santa Barbara.

Formed Company

Miss Sparrow formed her own company in 1963. The company gave its first performance in New York City. It has performed many times in California and recently completed a tour of Colorado, New Jersey, New York and Connecticut.

"This program has been brought with the intention of providing the FCC students and community with an opportunity to view a performing art," said Mrs. Dougherty.

The company will perform three movements: Forms and Versions, Who Flees the Silken Ties and Chansons.

Five Dancers

The group consists of Miss Sparrow; Emma Lou O'Brian, composer and musician; and five dancers, Rona Sande, Merrily Smith, Jane Johnson, Karen Curtis and Adelaide McCabe.

The concert is jointly sponsored by the FCC Fine Arts Club and the Fresno State College Orchestras.

"It is the wish of the Fine Arts club to provide art in many forms for the students of FCC," commented Mrs. Dougherty. "If the students support this one more may be offered in the future."

The performance will begin at 8:30 PM. General admission is \$1.50; students, \$.75. Tickets will be available at the Hockett Cowan box office and the FCC box office.

Know Your School

History Has Nine Members

All nine teachers in the history department at Fresno City College are now teaching U.S. history, said Hugh K. Golway, chairman of the history department.

Golway said that college level U.S. history is a state requirement because educated citizens make the democratic republic successful.

He added that there was never a time in our history when citizenship education was more important. He said that by history one can know where he is in the stream of civilization.

John Toomasian, a U.S. history instructor, said that history's value is that it identifies the student with his cultural, economic and political heritage.

He feels that America's future rests on the understanding of history by students.

Donald G. Larson, another U.S. history instructor, believes that the course is required mainly because it promotes more intelligent voting. He said it makes the student a better citizen because it gives him more depth and background.

He sometimes finds it difficult to tell what the attitude of his students toward the course is. He said they tend to disguise their feelings. But he doesn't believe that most students necessarily dislike history.

Koto Player To Perform

Japanese koto player Kimio Eto will present a show in the main sanctuary of the First Methodist Church, Tuolumne and M Streets, on Nov. 12 at 8 PM.

Eto was totally blinded at the age of five. At eight he became one of the foremost koto players and now performs concerts across the nation. He created the background music for the motion picture Teahouse of the August Moon and has been a guest on several television shows.

Eto's instrument, the koto, sounds like a cross between a harpsichord and a guitar. It is said to be in the form of a reclining dragon.

This concert is open to the public and FCC students are welcome. Tickets are being sold at Hockett Cowan box office, the Bank of Tokyo and Sherman Clay (downtown) for \$2. Eto is being sponsored by the Fresno Chapter of Ikebana International.

MRS. DOROTHY NAMAN

Newstaff Has Posts Available

"I would like to invite students to join the staff of FCC's student newspaper, the Rampage, in the spring semester."

This invitation was extended by Phil Smith, Rampage adviser.

"Students who would like to be reporters and editors should take Journalism 4, news writing, 3 units. Those interested in nonwriting, noneditorial jobs on the staff should enroll in Journalism 5, newspaper staff, 2 units," advised Smith.

Offered Classes

Offered this spring will be Journalism 2, interpreting the news; Journalism 4, news writing, and Journalism 5ABCD, newspaper staff.

"Students who have done well in their English classes may be interested in investigating the many well paying fields of employment open in journalism and mass communications," said Smith.

Interested Students

Students who are interested in investigating these opportunities may see Smith, a journalism instructor, before consulting their faculty advisers about their programs.

Smith may be seen in Room 211 of the student center from 1 to 3 PM, Monday through Thursday.

How the bright ones made it.

Delegates To Attend Conference

A delegation of three will represent Fresno City College at the Northern California Governor's Youth Conference in Sacramento Nov. 11, 12 and 13.

The official delegation consists of two students, Gary Deeter, Student Council representative at large, and Steve Noxon, FCC Student Body vice president, along with Richard Cleland, dean of men.

Communication With Youth — An Experience in Understanding is the conference theme. The conference commences at 8:30 AM and will play host to 2,000-2,300 people. It will be held at the Sacramento Memorial Auditorium.

When asked whom the conference would benefit and why, Cleland said, "The result that might come from a conference of this type is that you are meeting with people from all walks of life and all areas of the state."

Cleland explained that the problems educators sometimes feel are unique to education also prevail in other walks of life.

"By discussing these problems," he said, "the result could be a common understanding."

The purpose of the conference as outlined by Carol Sarkisian and Chris Chung, planning committee members, is to bring together people interested in exploring social ills. Other aims are to learn the responsibilities of our youth in a free society, and to ask what part should our youths play in society and how we can best utilize them in their future.

Hathaway...

(Continued from Page 1)

state Selective Service officials that childless married men may be drafted, Hathaway said strict enforcement of scholastic deferments would be followed regarding college students.

"A great number of college students may be reclassified when their deferment comes up for review," he said. "If they are not meeting the qualification for a deferment, they will be changed from 2S to 1A."

"However," he emphasized, "if a student is meeting the requirements he will not be drafted during the school year."

Dr. Roger Heyns — Improve Education Bee photo

Chancellor Discusses UC Demonstrations

By PAUL SULLIVAN

"Student unrest can be linked to the dissatisfaction with education that is being offered."

This was the opinion of Dr. Roger W. Heyns in a panel discussion which was a part of the California Junior College Association

conference last week in the Fresno Hacienda Motel.

Heyns is chancellor of the University of California at Berkeley and was moderator of the panel.

He said that a good place to begin in dealing with student unrest was in realizing "our own failings. We're dealing with a whole lot of power, ability and talent among the students but I think collectively we can do the job."

Heyns added that educators are now being asked to look into the serious shortcomings of education. He said they have to make education relevant and show interest in the student as an individual.

Accomplish Aims

"The easiest way to accomplish this is to knock heads together," he said. "But our job is to work constructively with this unrest and help others to work constructively."

Three of the four panel members—Dr. Arleigh Williams, acting dean of students at UC; George Wallace, mathematics instructor at the College of San Mateo, and Dr. Ronald F. Eberhart, coordinator and instructor at Merritt College — combined in agreement that "restiveness" should be encouraged and channeled to work for the school.

Use Force

Dr. Williams said that the schools must learn to use the "force of dissent" for them and "not to sweat the small stuff."

Schools must also give the students the opportunity to participate in government and look into the concept of recognizing the student as an individual.

Eberhart said the student demonstrations are "the first significant social movement since the 30's." He added in the way of warning that there will be more unrest instead of less and that the students want "a moral solution to the problems of today."

FCC Installs Photo Copier

The Vicomatic Copy Machine, recently installed in the Fresno City College library, will copy any material up to 8½ by 11 inches in seconds.

The fee charged its users is 15 cents. Nickels only may be used.

Instructions

The original copy must be placed face down where indicated against the ruled margins. Money is then deposited at the front of the machine.

After pushing the required button, the student must wait a few seconds. The reproduced copy is deposited in a basket to the left of the machine. Students must remove their original copy.

Result

The photographed reproduction or the original is a negative. Usually illustrations must be copied twice for a satisfactory result.

FCC does not own the Vicomatic, but is using it on an experimental basis.

Drama Department To Present Play

Fresno City College's Drama Department will present Pierre Patelin at a student body assembly at noon Tuesday in the FCC auditorium.

"The play is free, and Pierre's trickery and pretended madness makes the play a rollicking and riotous comedy which students will enjoy," said Frederick Johnson, the director.

Club News

FCC Club Features Australian

A guest speaker will highlight Fresno City College activities.

Dr. Allen Miller, FCC exchange instructor, will speak before the Student California Teacher's Association Tuesday at 7:30 in Committee Room A of the cafeteria. In his lecture, he will describe the opportunities for instructors overseas. Slides of Australia and its schools will be shown.

The groups fall officers are Sarah Cardoza, president; Linda Caffeejian, vice president; Margaret Anderson, secretary, and Carolyn Simmons, Treasurer.

Latin American Club will hold a cupcake sale in the foyer of the cafeteria tomorrow from 9 AM-3 PM.

The following FCC organizations will hold meetings.

Delta Psi Omega, the drama fraternity, will hold a dinner meeting today at 5:30 in the cafeteria. The group will discuss Homecoming plans and upcoming drama productions.

The Rally Club will meet in Committee Room B of the cafeteria Monday at noon. Club officers are Gary McCurry, president; Linda Bopp, secretary; Jenet Orndoff, treasurer, and Patty Hathaway, Inter Club Council representative.

Alpha Gamma Sigma, the scholastic honor society, will meet at noon Tuesday in Committee Room A of the cafeteria.

Club officers are Steve Noxon, president; Richard Jordan, vice president; Mary Lou King, secretary; Carolyn Kuehn, treasurer, and Sandi McClurg, ICC representative.

Phi Beta Lambda, the business club, will meet Wednesday at noon in Committee Room B of the cafeteria. Circle K, a service club, will also meet Wednesday at noon in Committee Room A.

Circle K office holders are Bart Turner, president; Duane Scott, vice president; Bill Parks, secretary, and Rick Major, treasurer-sergeant at arms.

The play will be repeated at 1 PM, and there will be a vocal ensemble presented by the FCC Music Department with each play presentation.

Johnson said the play and the music ensemble will also be presented to about 10 high schools in this area.

"This is to better acquaint the high schools with what we have to offer in drama and music at FCC," said Johnson.

The cast presenting the comedy are Malcolm McGregor, Pierre; Leslie Sheets, the wife; Zorro Ohanessian, the draper; Mark Atkisson, the judge; Al Cirimele, the shepherd; Pete DiLeo, the town crier; Larry Stocks, a clerk, and Linda Jones, stage manager.

"Charles T. Wright, a drama instructor, must be commended on the set he designed in that the entire set can be moved by a pickup," Johnson said.

"Our cast is in excellent shape and ready to begin," added Johnson.

Viet Nam...

(Continued from Page 1)

added, all donations will be handled many times.

Primavera said being away from home is a lonely feeling. He added that one cannot realize the significance of receiving a gift or card from home until he has been in a foreign country at Christmas time.

Primavera is asking all FCC students to get behind the Christmas program and help brighten up Christmas for the third marine division.

"Let's show our servicemen we are behind them and not against them," he added.

Rams Close Grid Season Against Sacramento, Delta

Two weeks of make-or-break football face the Fresno City College Rams as the race for the Valley Conference championship rests heavily on a series of "ifs."

The Rams will be in the state capital Saturday to face Sacramento City College in a game slated to begin at 2 PM.

On Nov. 13 FCC will return to Ratcliffe Stadium at 8 PM for Homecoming and the final game of the 1965 season. The Rams will be facing the Mustangs of San Joaquin Delta College who are presently on top of the VC standings with a 3-0 record.

Despite losses in the first two league games, FCC still has an outside chance for a share of the title.

The Rams must come out on top in the games against SCC and Delta. The big "ifs" concern the outcome of the College of the Sequoias-Delta game this weekend and COS' game against Modesto Junior College next week.

Tie Possible

If COS defeats Delta this week and then loses to Modesto in the last game, their record will stand at 3-1-1. Pending FCC's two victories and Delta's twin defeats,

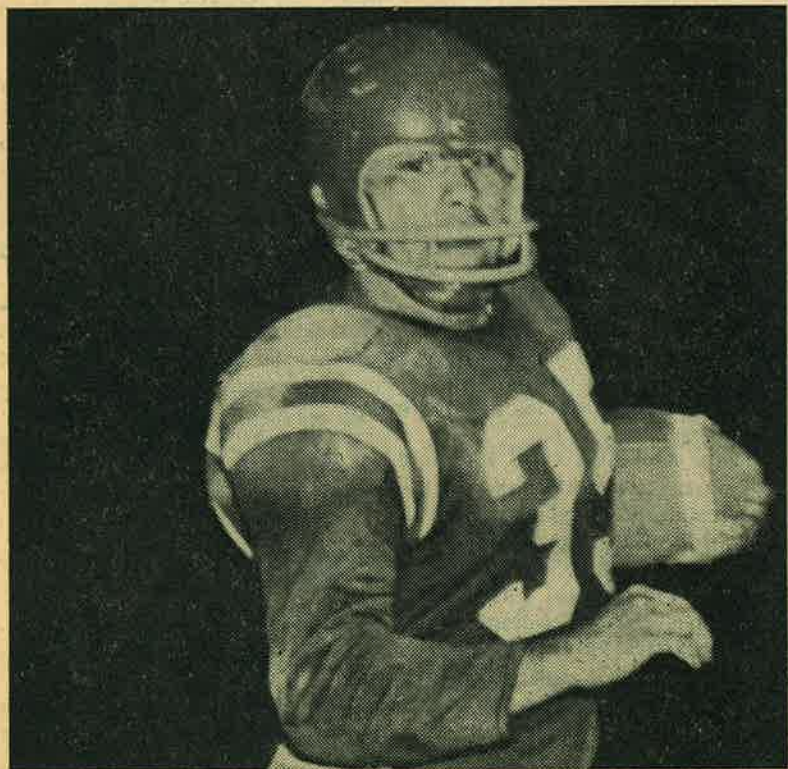

both teams will have a 3-2 record in conference play.

The question then would be whether COS's tie game with American River Junior College would be the margin of title ownership.

Offenses Run

The Panthers of SCC are led by veteran quarterback Larry Zenker. With Zenker in the backfield is speedster Curtis Clark, a member of last year's Grant High School state champion 880 yard relay team. Clark has averaged better than 5 yards a carry in 62 attempts this year.

Delta has possibly the best running back in the league, Clyde Moland. In five games Moland averaged 6.5 yards per carry in the 73 times he packed the ball. At quarterback for the Mustangs will be sophomore Paul Goodwin.

Veteran Ram Fullback Fred Figueroa scored two touchdowns in gaining 96 yards against ARJC last Friday.

Ram Harriers Eye League Championship

If the FCC harriers outpace American River Junior College tomorrow evening, the win will guarantee the Rams at least a tie for the Valley Conference championship.

With only two meets remaining, FCC and ARJC are out in front. Both teams are undefeated in conference meets.

A victory over ARJC would boost FCC into the lead; then, even a loss in their final meet with the College of the Sequoias would only drop the team into a tie with ARJC.

"We've run against ARJC twice in non-conference meets this year," Coach Robert Fries said. "Early in the season they beat us in a six-way race. One week later, at the Sacramento State Invitational, we beat them."

Both teams are undefeated in conference meets.

Fries feels that his team will have an advantage since they will be treading familiar ground at

Fresno's Fort Washington Golf Course.

The three mile race will begin at 4 PM.

Ram harrier Frank Luna led for 2.5 miles in last week's meet with San Joaquin Delta College. Teammates Steve Garcia and Ben Mendiola, however, outsprinted Luna in the last half mile. Garcia crossed the finish line in 15:35.2 with Mendiola right behind clocking 15:36. Luna's time was 15:48.

Bob Shavez, who placed fourth, was the only Delta runner to hold one of the first nine positions.

Rams finishing fifth through ninth, respectively, were Larry Stocks, 16:04; Alton Durst, 16:12; Dave Dunagan, 16:12; John Garcia, 16:15 and John Yount, 17:49.

Rams Beat ARJC

The Rams got back into the win column last Friday night with a 20 to 18 upset victory over the offense-minded Beavers of American River Junior College.

FCC quarterback Jim Newman provided the game-winning margin by making good on two out of three kicks for the point-after-touchdown.

Freshmen quarterbacks Jess Ruelas and Newman guided the offense well. They combined their passing talents for eight completions in 13 attempts, good for 96 yards and one touchdown.

Works Figueroa

When Ruelas found that it was tough going through the middle of the Beaver line, he sent Fred Figueroa off tackle and around end. Figueroa picked up 96 yards in 25 carries for a 3.6 average per carry.

The FCC defensive secondary had all it could handle trying to stop the passing of ARJC's Bruce Lee. Lee clicked on 17 of 26 passes for 218 yards and all three of the Beaver touchdowns. Clyde Corsby intercepted one of Lee's aterials and ran it back 18 yards to set up the Rams second touchdown.

Defense Tough

The Ram defensive line separated the men from the boys every time the Beavers got within the Ram 20 yard line. Ends Gene Suglian and Larry Pepper did an outstanding job in keeping the end sweeps to the inside.

Scoring summary:

ARJC	0	0	12	6-18
Fresno	0	13	0	7-20
Fresno — Figueroa	1	run (Newman kick).		
Fresno — Jurkovich	44	pass from Ruelas (kick blocked).		
ARJC — Stephens	2	pass from Lee (kick wide).		
ARJC — Austin	14	pass from Lee (pass failed).		
Fresno — Figueroa	4	run (Newman kick).		
ARJC — Barton	65	pass from Lee (pass failed).		

Rams John Winstead and Bob Grimm, wearing the dark caps, battle for a goal in last Friday's game against ARJC.

Water Poloists Set For Final VC Action

The Fresno City College water poloists will conclude their Valley Conference games Nov. 12 in Stockton against San Joaquin Delta College and Nov. 13 at Modesto Junior College.

The FCC-Vallejo College water polo match scheduled for tomorrow has been cancelled because Vallejo has not fielded a squad this year.

In Valley Conference play last weekend, the Rams lost to American River, 12 to 3, but bounced back Saturday to beat Sacramento City College 11 to 3.

The Rams appeared to be evenly matched against ARJC. The score at the end of the third quarter was 4 to 3, but the Beavers broke the game wide open in the fourth quarter by scoring eight goals.

Jay Huneke, Terry Terzian and Bob Grimm each scored a goal for FCC.

Mike Garrison and Grimm led the Ram scorers against SCC with three goals each.

School Clubs To Compete

Collegian Hall's volleyball team will challenge the team of Sandi McClurg today in the first of three intramural sports games.

The action will begin at 3:30 PM on the Fresno City College volleyball courts.

In the other two scheduled games, the Latin American Club team will be featured against Circle K's team and Truman Wright's team will play the Broken Oar team.

The six member teams will play in a best of three games series.

The teams of Wright and Rod Seirno are currently leading the intramural competition with identical records of three wins and no losses.

ACHIEVEMENT AND SATISFACTION

Personal satisfaction comes from many sources. One of the greatest is individual achievement.

Working in a field that offers opportunities for developing your own abilities is certainly rewarding. For many men, this has come through a career in life insurance sales and sales management.

Provident Mutual starts training college men while they're still students, giving them a chance to earn while they learn. Our Campus Internship Program numbers among its graduates many men who are currently enjoying successful careers with the Company in sales, supervisory, and management positions.

We welcome the chance to tell you more.
