Noche De Fiesta Tomorrow

Government Gives Aid To 102 Students

By VERNON PETERS

This spring Fresno City College has 102 students who are receiving financial aid under various veteran-of-war compensation plans.

Mrs. Eileen Staley of the admissions office stated that the majority of the aid recipients are dependents of disabled or deceased veterans. They qualify for aid under the federal Public Law No. 634 and 881, and also the California Veterans of Korean War Law.

There are only nine actual veterans attending FCC who get aid. Eight of these qualify under the Veteran Rehabilitation Act which provides for retraining of men with service connected disabilities into other fields of work. The other veteran is receiving aid under the Cal-Vet plan.

Receiving federal aid under the

LATIN HOLIDAY! The Latin-American Club has chosen "Latin Holiday" as the theme for Friday night's traditional dance. The seventh annual Noche De Fiesta is being publicized here from left to right by LAC members Carol Singh, Mary Ellen Murrieta, and Nancy Martinez. Rampage Photos

Latin Imperials Play; Students Admitted Free

By LOUIS BELL
Assignment Editor

"Latin Holiday" will be the theme of the annual Noche De Fiesta Dance sponsored by the Latin American Club Friday night. The dance will be held in the Social Hall from 9 to 12 PM with music provided by Mike Lopez and the Latin Imperials.

"This is the highlight of all Latin American Club activities," commented Jess Saldana, president of LAC. "The Noche De Fiesta has been regarded by many as the most outstanding dance of the school year."

Attire for the dance will be semi-formal with party dresses and heels for the women and dark suits for the men.

Prize Given Away

"To add to the excitement of this year's dance," stated Nancy Martinez, publicity chairman of LAC, "a special door prize will be given away plus free refreshments of punch and cookies."

Admission requirements for the

dance will be by student body card only. But those wishing to bring a friend will be allowed one guest.

Guests Admitted

Miss Doris Deakins, dean of women, said, "Those students wishing to bring friends to the dance should plan to come early because no guests will be admitted after 10:30 PM."

Lopez and the Latin Imperials will play a variety of music including Latin beats (cha-chas, boleros and bossa nova), rock and roll and rhythm and blues.

David Cortez, LAC vice-president, is the decorations chairman. He said, "I think the social hall will be looking real nice for tonight's dance."

Lifeline Aid, Marines Land In Da Nang

FCC Student Teachers Travel To State Capital

Eight Fresno City College students will be traveling to the state capital Saturday.

These students will be taking part in a professional problems conference for student California teachers at Sacramento State College. The theme for the program is Legislation and Education.

Students making the trip are

Carol Boheman, Sara Cardoza, Joe Golden, Barbara Hansen, Carol Hulsey, Darlene Muellef, Marcy Lyn Nagy and Linda Ragnetti. They will be accompanied by faculty adviser Bruce Morris.

After morning discussion groups and a noon luncheon, the group will meet at the state capitol building to listen to senators

900 Attend Hootenanny

"Let's have a hoot." That was the cry last Friday as 900 students found seats for the performance of some of the top "bluegrass" singers in show business. In the words of FCC student Shirley Munson, the hootenanny was "a great success."

By DAVID R. PACHECO

Operation Lifeline aid finally arrived 10,000 miles away in war-torn Da Nang, Vietnam aboard the USS carrier Midway almost simultaneously with the arrival of the United States Marines on the South East Asian country's shores this week.

Colonel William O. Ezell, United States Air Force Commander of the 23rd air base group, sent a letter of confirmation that Chaplain William Stork, new director of the Da Nang orphanage, received the \$120 money order and 3,000 pounds of food and clothing for the 1,700 orphans.

Colonel Ezell said, "You now have had a part in the war here in Vietnam — the war against poverty and disease."

Many students and faculty members have contributed to the successful completion of Fresno City College's biggest project. The personalities pictured above are only a few of the many that played important roles in its success.

FCC's Part In Viet War Revealed In Col.'s Note

STUDENT BODY PRESIDENT Ronald Primavera, who headed the campus Operation Lifeline charity drive for South Vietnamese orphans, received the following letter Tuesday. It is from Air Force Colonel William O. Ezell, commander of the 23d Air Base Group currently in Vietnam.

"It was with much pleasure that I received your letter of 24 Feb. 1965. Whenever we receive help from fellow Americans for our Operation Lifeline, we know that we have won another point in our fight for South East Asia. Your money order (for \$120 collected in the campaign drive) will be used immediately to purchase rice, wheat, canned milk, and other food items that are so badly needed. And we will wait anxiously for the arrival of the Midway to this area, and the 3,000 pounds of clothing and food that it will bring.

"You will never fully know what your efforts will eventually accomplish. For in the final analysis, what you have done will affect the immediate and future lives of the young people of Vietnam. We feel that if we can help them in this hour of need, they will never forget. And what better weapon against the Communist ideology than to hold the hearts and minds of the people.

"Chaplain Stork has discussed the plan of your adopting an orphan with orphanage authorities. They were enthusiastic about the possibility of such an idea. It seems to us at the present time that there would be nothing to stand in the way of such a program. I have instructed Chaplain Stork to send you information about a child who you could adopt for support.

"Again let me express my appreciation for the money order and the items you are sending. Also for your further interest in this greater project. You now have had a part in the war here in Vietnam — the war against poverty and disease."

Students Volunteer Time For UGP Telethon Drive

SOME CHARITIES are not tax deductible, and most human kindness cannot be measured in dollars and cents.

For a few Fresno City College students last weekend was well-spent.

Working behind the scenes at last week's United Cerebral Palsy telethon were several Fresno City College students, among which were Sheldon Kishi, Lawrence Pazaian and scores of others who helped in the 19 hour televised appeal that netted over \$60,000 for Fresno's palsied children.

Although FCC students were overshadowed by such big name personalities as Michael Landon of TV's "Bonanza"; Sammy Jackson of "No Time For Sergeants"; Ilene Woods, the voice of Cinderella in the Walt Disney production; Don Grady of "My Three Songs"; Luis Gomez, a local TV personality; and Jim Duval and The Gauchos, they played an important role in the telethon's success.

While the entertainers sang, danced, and pleaded for money for the palsied youngsters, these students worked backstage filing, collecting and accepting pledges.

Dr. Vernon Selland, the telethon chairman, said before the telethon went off the air, "Everyone was simply wonderful; to the many who helped, our sincere thanks."

A cheer of bravado and kudos are in order for those FCC students who donated their time to such an important and worthy cause.

It is highly significant that after Operation Lifeline's success, FCC students continue to demonstrate what they are made of.

Voluntary Classes

English Department Renders Reading Improvement Aids

By DENNIS MCCARTHY
Rampage Staff Writer
The Fresno City College English Department has announced that it will open its special reading improvement facilities during the spring semester to all students

wishing to strengthen their basic reading skills.

These facilities, which until recently were reserved primarily for specific English classes, are designed to help the student in improving his skills of comprehension, in increasing his rate of speed, in building his vocabulary and in stimulating his reading interest.

How will this training program help students? According to Miss Elizabeth Balakian, one of the sponsors of the program, the student's academic success depends on how effectively they can read.

"The value of this program is determined by the gains or improvements they (the students) will make in all their classes."

Miss Balakian also emphasized that the training program will be on purely a voluntary basis, with each student working independently according to his own needs. This program should not be confused with those academic courses under the reading improvement program, although both offer the same materials and techniques. It should also be noted that there is no pre-requisite for the training program, only the desire of the student to improve his abilities.

The facilities will be available for student use every Friday from 9 to 11 AM in Room A-126. Miss Balakian urges all those interested in the training program to take advantage of the facilities available.

CHECKING UP—Pat Lane, student body vice president, and Ronald Primavera, president, check over a list of applications for commissionships. Primavera reported that the last commissioner job was filled this week after approval by the student council. At that same meeting, however, a commissioner resigned, again opening an unfilled post.

Attacks 'Apathy'

Fred Carvell Named Instructor Of Week

By VERNON PETERS
Rampage Staff Writer

Development of the integrity of the individual through education is the keynote of the personal philosophy of Fred Carvell, this issue's "instructor of the week."

Carvell, a member of the business department, stated that he is a product of a broad and diversified education. "Education," he asserted, "can be attained three ways: through schooling, traveling, or reading." He has done all three.

Born in Brooklyn, N.Y., Carvell was the son of an Army career man, and as such, travel became a way of life.

By the time he had reached

Fred Carvell War broke out."

If there is one place he can refer to as "home" it is the Monterey Peninsula area on the California coast. It was here Carvell attended Pacific Grove High School and Monterey Peninsula College where he played basketball.

After several semesters of college the travel bug bit him, and together with some friends dropped out of school to see more of the country.

Joins Reserves

During the ensuing five years Carvell joined the naval reserve where he was able "to see the coast of California through a port-hole," and then worked in various business organizations. It was also

during this time that he exchanged the vows of matrimony.

Upon returning to school, he completed his underclass work at MPC and then transferred to Fresno State College. As a business major and social studies minor, he worked straight through until he received his master's degree.

Begins Career

He began his unforeseen teaching career as a night instructor here while studying for his post-graduate degree. When the opportunity of full time employment as a college instructor was offered to him in the fall of 1963, he made the decision to make a career of teaching.

Now in his second year as a full time instructor, Carvell has found that teaching can be both enjoyable and satisfying despite the pressure of teaching five day classes and two night classes. The courses he teaches are human relations in business, introduction to business, personnel management, and economic geography.

Outside of his school work Carvell is kept busy by his two children, a son and a daughter; and in the developing of his new home situated on an acre of land in the Clovis area. He is also making plans for the writing of a textbook for human relations courses.

For recreation Carvell enjoys boar hunting on the "Peninsula," painting, and, of course, traveling.

53 Foreign Pupils Registered At FCC

Each semester an international flavor is added to life at Fresno City College with the influx of foreign students.

This semester FCC is playing host to 53 men and women from 19 countries.

In order to obtain admission to any college in the United States the foreign students must first pass an English proficiency test. The test is administered by the foreign consulates representing the American Language Center in Washington, D.C., sponsored by the State Department.

At FCC the foreign students are also required to pass the college's placement test with a certain average.

All foreign students attending FCC on a student visa are charged a fee of \$5 per unit.

A wide diversification in the choice of majors is found among the students, although there is a predominant emphasis on engineering. Other subjects include physics, business, social welfare, international relations, pre-med, English, and auto-mechanics.

The foreign students now attending FCC include 13 each from Iran and Hong Kong; seven from Japan; two each from Canada, Greece, Mexico, and Iraq; and one each from India, Kuwait, Trinidad, Peru, Uganda, Lebanon, Tahiti, Panama, Portugal, Spain, China and Pakistan.

Bookstore Resets Opening Hours

The Fresno City College Bookstore will open 15 minutes earlier in the mornings to accommodate students who have 8 AM classes and will close 15 minutes earlier, stated Mrs. Jewel Dettinger, bookstore manager.

The new bookstore hours will be 7:45 AM to 3:45 PM. There will be no change in the evening hours.

Mrs. Dettinger is the former Mrs. Herbert until her marriage about three weeks ago to Prof. Donald J. Dettinger of the Fresno State College faculty.

OFFICER STUDENTS—These are members of a new police science class which has been added to the Industrial Arts Department at Fresno City College. The present class consists of 24 members of the Fresno County Sheriff's Office, the Fresno Police Department, Clovis Police Department and the Madera County Sheriff's Office. The course covers such subjects as theft, embezzlement, felony, robbery, kidnapping, burglary and criminal law. The instructors are officers of the Fresno Police Force and the California Highway Patrol. Classes began Feb. 1 and will continue through April 31.

Financial Secretary In FCC Spotlight

The spotlight of Personality of the Week is directed on Mrs. Betty Anderson, Finance Officer for Fresno City College.

Mrs. Anderson was the recipient of a quite novel award. Having lived on Van Ness Ave's "Fraternity Row" for several years, the Andersons have made friends with boys in the various houses. Last year they were invited to attend the Sigma Nu Fraternity White Rose Formal. At the dance Mrs. Anderson found herself being presented with a fraternity pin and named honorary White Rose Girl—Sweetheart of Sigma Nu. The only grandmother to be named a fraternity sweetheart in the United States!

For the past three years Mrs. Anderson has had charge of handling Student Body financial transactions. Her other duties include the bookkeeping and accounting for the Cafeteria and Bookstore.

Active Politically

Despite a full schedule Mrs.

Anderson has taken an active part in civic affairs. In 1961 she entered the race for a City Councilman position. Although the position was voted to another person both she and her husband, Paul Anderson, have maintained their interest in council proceedings. Anderson is currently campaigning for post No. 5 on the council.

The energetic Mrs. Anderson is also a firm believer in the need for a young man or woman to have a college education. Her three children, all girls, are quite a testimonial to that belief. The oldest daughter, married and the mother of two, has a secondary teaching credential. The second daughter, recently married, is teaching grammar school. The youngest is a sophomore at the University of California in Berkeley with a major in Political Science and an honor roll grade average.

Mrs. Anderson's own education pattern in college was quite a varied one. An accomplished musician, she won a music scholarship to the University of Southern California having been amply qualified by 13 years of studying the piano. Her plans for being a concert pianist were changed when she met and married Anderson. After her marriage she switched to night school and took courses in textile engineering and business administration. Extension courses rounded out her business training. Both she and her husband have lectured in some of the business courses at FCC.

Receives Award

Of the many awards she has received for her services, the versatile finance officer highly prizes the bronze plaque for "Dedicated Services" presented to her by the FCC Student Body.

Veterans' Aid...

(Continued from Page 1)

recent Public Law No. 634 and the inclusive War Orphans Act over 21 FCC students. Public Law No. 634 provides a maximum allotment of \$110 per month for each dependent of a deceased veteran as long as the student carries a minimum of 14 units. Smaller amounts of aid are available for eligible dependents as long as at least seven units are taken.

Campus Organizations Set Harried Schedule

By PAUL SULLIVAN
Club News Editor

Associated Women Students

Associated Women Students are planning their upcoming fashion show for Apr. 28 in the Social Hall.

A committee of AWS members picked the theme of Daisy Petal Picking. The clothes for the fashion show are being supplied by the home economics department.

Reedley City College has been invited to participate and attend the fashion show.

Circle K

The Big E, a film about the nuclear powered aircraft carrier Enterprise, was shown at the last Circle K meeting. The film de-

icted a typical day aboard the carrier.

Associated Men Students

Fight fans of the Associated Men Students watched three fight films of championship fights of the past. The films included the Zale-Graziano fight, Robinson-Turpin and Pep-Saddler.

The Pep-Saddler fight is reputed to be the best rule breaking fight in many years.

Tentative plans were made for an AMS spring formal and the possibility of having a car show here on campus.

Art Exhibition Featured Here

A new program began Friday, Mar. 5, in the Fresno City College library as art students from McLane High School set up an exhibit of their work.

Robert J. Wolfenden, a FCC librarian, disclosed that it is the first in a series of local high school work to be displayed this spring.

The McLane High School exhibit is set up in the foyer and circulation rooms of the library and is open to the public. According to Wolfenden, the exhibit will remain on display for about two weeks.

Beginning April 29, further local high schools will come into the program. Scheduling of these future exhibits is under the guidance of David McClelland, art consultant for the Fresno City Unified School District.

CAMPUS PERSONALITY—This week's campus personality, Mrs. Betty Anderson, financial officer, relaxes at her home with her husband, John, and their toy poodle, Scottie. Mrs. Anderson has been employed at City College since 1958.

Fresno State Teachers Receive Campus Duties

By GARY JEPSON

John McCuen, Fresno City College dean of instruction, said the following student teachers from Fresno State have been assigned to teach courses at FCC this semester.

Eugene Azamber is assigned to Francis Svlich, Laurene Huff to Gerald Cornwall, Bob Jones to Charles Morgan, Ann McCormick to Annette Johnson, Neil Smith to Hugh Golway, Joe Stormont to Jess Baker and Jerry Thiesen to John Toomasian.

Toomasian, a FCC history teacher, described to a Rampage reporter the job and responsibilities of a student teacher.

The student teacher must teach

the course according to the established standard set by the school catalog and he must take over the teaching of the course completely on his own. The master teacher serves as an adviser to the student teacher and makes sure that the class is benefiting the students.

Rams Face Pierce In State Tournament

Records Fall

FCC Host Strong COS Team Friday

By DON MENCARINI
Sports Editor

The Fresno City College track team will host College of Sequoias in Ratcliffe Stadium at 3 PM tomorrow in a dual meet.

"COS will be strong in the distance events this year," said FCC coach Erwin Ginsburg.

Kloppy Ends Year Stay

Don Kloppenburg, 30 year old line coach at Fresno City College, announced that he will resign at the end of the school year to become athletic director and head football coach at Oakandl's Laney Junior College.

Kloppenburg, a native of Sioux Falls, So. Dak., has been at FCC since 1963 and last year developed one of the strongest lines in junior college football.

He graduated from Fresno State College, where he was first string center, and began his coaching career as assistant at Roosevelt High School in 1958.

Golf Team Faces COS

The Fresno City College golf team will travel to Visalia tomorrow to battle arch rival, College of Sequoias.

The Valley Conference contest will be held at 3 PM.

Coaching the City College golf team this year is Hans Wiedenhofer, but since he is still tied up with wrestling his assistant is Clare Slaughter now the coach.

The Rams will have four returning lettermen this season; they are: Terry McCabe, Dennis Makasian, Dan Diel and Dave Sabo.

TWO POINTS—Dennis Field takes a jump shot in a crucial game. Marks Photo

FCC Faces Best In State Meet

By JIM ANDERSON
Rampage Sports Writer

Fresno City College qualified nine of their ten wrestlers for the California State Wrestling Tournament at Costa Mesa's Orange Coast College tomorrow and Saturday.

The Rams last weekend romped to their second straight North-Central Section State Qualifying Wrestling Tournament, scoring 86 points for win the meet. Second place went to the surprisingly strong Bakersfield College team with 55 points, followed closely by College of the Sequoias with 54.

Other teams that were entered were Modesto College, (34); San Joaquin Delta of Stockton (29), American River of Sacramento (20), Sierra of Rocklin (14), Sacramento City College (10) and Merced (9).

City College was represented by four individual weight class champions: Ron Marquez (115), George Peverill (130), Armando Jacobo (157) and Ben Brase (unlimited). Second place finishers for the Rams were Dennis Delido (137), Keith Boyer (167) and Roger McClaughry (177). Fred Contreras (123) garnered a third place, and Jim Ashjian picked up a fourth place medal at 147.

Marquez pinned Bill Killmer and Al Satake while on his way to the final match with Fred Guerrero of COS. In the championship match Marquez scored an impressive 20-1 decision over Guerrero in a match that saw Marquez put Guerrero on his back numerous times before time ran out.

Peverill scored three straight decisions in rolling to the championship in his class.

The Giants have an outstanding long distance runner in Frank Ortega. Last year against FCC Ortega ran the mile event in 9:23.4 to set a new dual meet record.

FCC will count on Pete Santos to give Ortega some competition. Ginsburg indicated that Santos has not had a chance to run the mile this year.

The coach of the long distance runners, Bob Fries, said, "Santos has come along real fast in his first three meets."

Outstanding Performer

Another outstanding performer from COS is hurdler John Hamilton. Hamilton can also high jump 6'4". Hamilton has clocked a 40.9 this year in the 330 yard intermediate hurdles.

Hamilton will face tough competition from Ezunial Burts, who has clocked a 40.2 in the same event. Ginsburg said, "A dual meet record will probably be set in this (330 intermediate hurdles) event."

Cornelius Frazier, who holds the dual meet record in the triple jump with a mark of 45'4", will also be in action against FCC. Delbur Thompson of Fresno jumped 45' in the Bakersfield Relays.

Another dual meet record which is sure to be broken is in the high jump. The record is 6'6" set by Gene Johnson of FCC in 1961. Tyrone Powell has cleared 6'7 1/2" this year while his teammate Larry Cormier has done 6'6 1/4".

Ginsburg said, "Even though Powell has more potential, both Powell and Cormier are capable of clearing 6'10" by the end of the year."

Most Valuable

Alvin Mann, probably the most valuable man on this year's team, will be favored in the 100 and 200 yard dashes. Mann (who is 10 pounds overweight) has done 9.9 in the 100 and 21.9 in the 220.

Ginsburg said, "Alvin will have a chance to break the old 220 dual meet record of 22.4, set last year by Mike Freeman of Fresno."

Ginsburg indicated that nine dual meet records could be broken when FCC meets COS.

Kelly Figures On Wide Open Bout

By LOUIS BELL
Rampage Sports Writer

Fresno City College's basketball quintet will be "out for the big one" tonight when they start off the California State Junior College Basketball Tournament by meeting Pierce Junior College of Los Angeles at 5 PM. The site of this year's state tourney will be in College of San Mateo gymnasium today, tomorrow and Saturday.

Chuckers Shine

Bill Brown Racks Ball In Opener

Coach Len Bourdet's defending Valley Conference championship baseball team is back on top as the 1965 season moves on, as they defeated the COS Giants to the count of 3 to 2 in 11 innings in the first game and 4 to 1 in the night cap.

Charles Merker, a 6 foot 2 inch, 185 pound sophomore righthander, went 11 innings before he received credit for his second win of the year against one setback.

Merker's performance in the opener included 11 innings of pitching seven hit ball, seven strikeouts, three walks and one earned run during his stint on the mound.

Ring Raps Triple

The victory came in the 11th inning when leadoff batter Jeff Ring rapped a smashing drive into right centerfield for a standup triple. He scored on Ned Andreoni's fly ball to right which was dropped. Ernest Coppe led the Ram attack with three hits in five times at the plate.

In the second game the Rams grabbed a 2 to 0 lead in the third inning when Jack Pryor reached first base via an error. Leftfielder Bill Wagenhalls then beat out a slow roller left of third, where the runners advanced to second and third via the shortstop error. Bill Brown promptly brought both runners home with his solid smash to center.

Bandy Shows Promise

FCC added single tallies to their score in the fourth, fifth and sixth innings to ice the game for starter Bert Bandy. Bandy has now allowed two earned runs in 18 innings of pitching for an ERA of 1.00 per nine innings. Brown paced the attack for the winners with a two for three performance, including two RBI's. He now leads the club in RBI's with eight.

The Rams will hit the road to Modesto this weekend to play the Modesto College Pirates in a VC doubleheader starting at 12:30 PM, Saturday.

FCC will probably have the same lineup that started against the COS Giants. Bill Brown, batting .417, will be at first base; Jim Teter, .200, will be at second, and third base Ned Andreoni, .150.

"This is the big oze of the year," stated FCC Coach Joe Kelly. "Every team will be prepared for this tourney, not only for the state championship but also because some of the top college basketball scouts in the country will be watching."

Favorites To Win

Contra Costa and Riverside City Colleges have been selected as the favorites to win the tourney — but not by Kelly's standards.

"I think this is definitely a wide-open tournament," emphasized Kelly. "Our team is really up for this tourney and I feel we have as good a chance as anyone to win."

"However we do have one disadvantage in that we have a small bench. Our team's starting line-up will have to play through the whole tourney because we have a shortage of team members. The other schools will be able to alternate members of their starting line-up."

Two Time Winner

FCC has won the state championship two times in past years and has placed second once and third, twice. The Rams' nearest rival in the tournament competition is Long Beach City College, which also has won the state championship twice.
