NUMBER 20

Joint Reedley-FCC Concert Tonight

435 Students Are Eligible To Graduate

By KATHERINE MOULTHROP
Rampage Staff Writer

Four hundred and thirty-three FCC students are candidates for both Associate of Arts and Associate of Science Degrees this semester.

To receive their degrees on June 11 candidates must participate in the graduation exercises unless excused by petition from the Dean of Admissions Office. This includes those students who completed their work in January of 1965.

Students Order Caps

Students may order announcements and caps and gowns from the bookstore.

Deadline for announcements is May 7, for caps and gowns, May 14. If, prior to May 28, candidates find they cannot graduate, full reimbursement will be made.

Class Holds Practice

Special graduation practice will be held June 7 at 5 PM in the auditorium. It is the only practice to be held.

At 7 PM, graduation night, women will dress in Room A-132 and men in Room A-142.

There will be a reception following the ceremony in the East Court of the Administration Building.

Committee Studies FCC Dress Code

By GEORGE KUEMPEL
Managing Editor

A special student-faculty committee has been named to study a student council proposal which would allow male students to wear bermudas on campus.

Last week Ron Primavera, student body president, reported to the Rampage that council had approved a new dress code, and bermudas would be allowed starting Apr. 19.

Council Can't Act

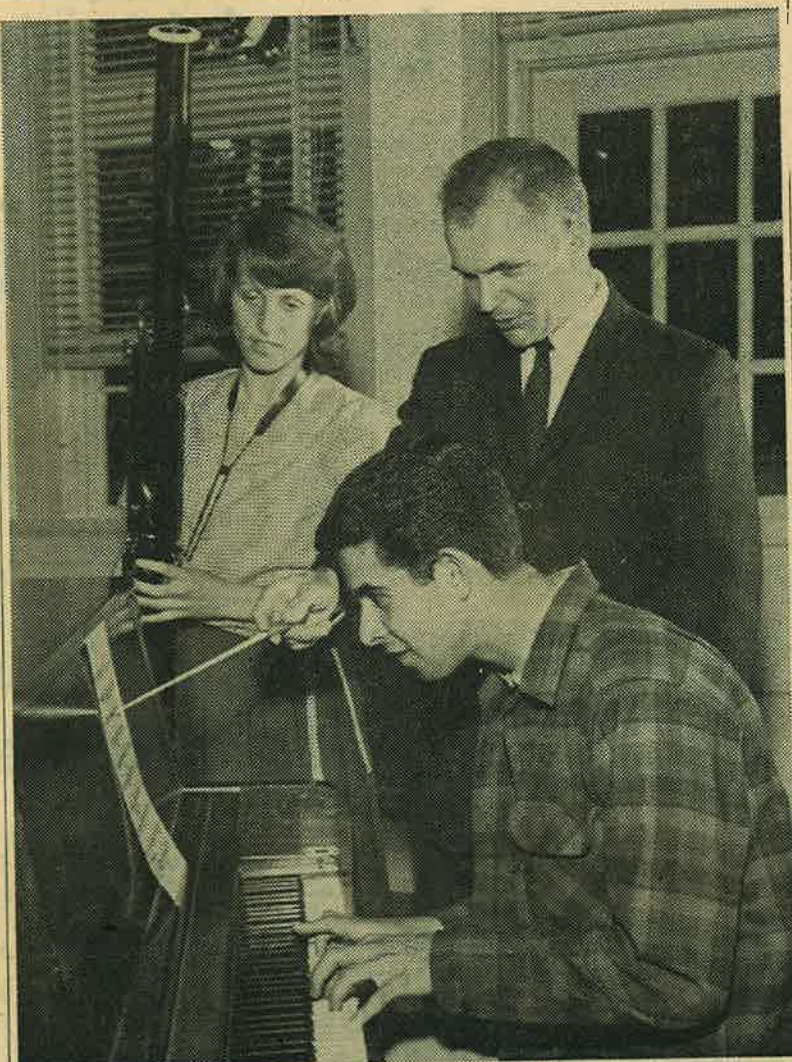

However, Merle Martin, dean of students, and Doris Deakins, dean of women, said that council could not enact such a proposal, but could only make a recommendation to the administration.

"It was our understanding that council could set the dress code," Primavera said.

Decides Student Apparel

He said that he thought that it had been the precedent of previous student councils to decide on the student apparel.

Four faculty members and four

Students Should Make Appointments

MARTIN OUTLINES PREREGISTRATION

By GARY JEPSEN
Rampage Staff Writer

Spring preregistration for the fall semester at FCC will be from Apr. 19 to May 21.

Merle Martin, the dean of students, said, "Students should make an appointment with their adviser to work out a tentative program for next fall."

He said students should have a tentative program lined out before they see their adviser. Students can get "tentative program

forms" at the outdoor bulletin board at the Counseling Center and various other points on campus.

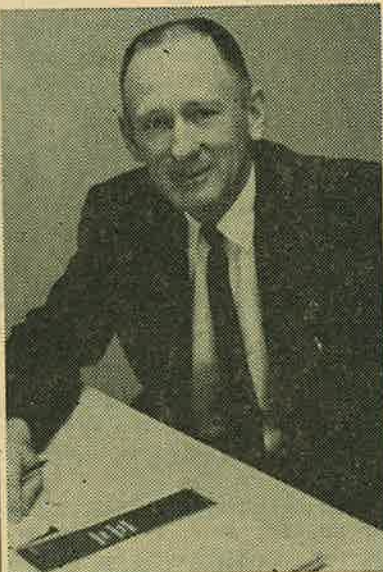

Martin said students should report to the admissions office before their advising appointment to pick up their routing envelope.

If for any reason a student cannot contact adviser or hasn't been assigned an adviser, he may make an appointment with his counselor.

Martin said order of registration will be based on the number of units completed and how soon the student completes and returns his routing envelope.

Martin also reminded students that if they are planning to attend summer school they should work out a tentative program with their adviser the same time they make a fall program.

Presently enrolled FCC students will have a chance to register for the summer session May 10 to 14.

MERLE MARTIN
Dean of Students

Moats, Nielson Direct Bands; Admission Free

By VERNON PETERS
Rampage Staff Writer

The bands of Fresno City College and Reedley College, under the direction of Vincent Moats of FCC and Robert Nielsen of Reedley, will perform in a joint concert beginning at 8 PM tonight in the Fresno City College auditorium.

The concert is open to the public, and no admission will be charged.

Moats, band director at FCC, said that the 90 member combined band will feature music from all eras, the emphasis being placed on contemporary music written for concert bands.

Moats added that the selections will include Music for a Carnival by Clare Grundman, Andante by Albert M. Ingalls and the Minuteman March by Robert Pearson.

Bands Play Selections

Each band will play three or four selections to begin the program before joining to play the three combined numbers.

The purpose of the combined concert is to promote better understanding and relationships between the two schools. The concert may become an annual event if tonight's performance proves a success.

Enjoy Music

"If you like good band music, the FCC band director said, "You will enjoy this balanced ninety piece concert."

Delotto, Tafoya Speak Tomorrow

Former state assemblyman Bert Delotto, a candidate for mayor of Fresno and Henry R. Tafoya, a candidate for council No. 6 will speak tomorrow on municipal government.

The talks will be sponsored by the Latin-American Club.

The candidates will speak in Room 158 of the Administration building at 12:15 PM.

"I hope everyone attends," said LAC President David Cortez. These two fine gentlemen are really interested in Fresno's youth.

Film Guild Discontinued

The Fine Films Guild has been discontinued.

Miss Doris Deakins, the dean of women, stated that the organization will not be attempted again this semester.

FCC Council Selects 5 For Conference

Five student officers have been selected to represent Fresno City College at the 39th biannual meeting of the California Junior College Student Government Association.

The conference will be held Apr. 22-24 at the Hotel Riviera in Palm Springs, under the co-sponsorship of the southern division of the CJCSGA.

Delegation Announced

Student Body President Ronald Primavera announced that beside himself the delegation will consist of Maurice Joy, Associate Men Students' president; Ronald Brumley, sophomore class president; James Shipman, representative-at-large; and Joan Simpson, commissioner of student welfare.

The theme of the conference will be The Challenge of Change.

Discuss Problems

The convening delegates from the 79 California junior colleges will discuss the mutual problems of their respective schools and try to work out constructive programs.

Primavera stated that each daily session will consist of both a morning and afternoon general meeting and workshop period. The workshops are separated into five specialized fields.

The major resolution which the FCC delegates will present to the assembled legislative body is a proposal for each of the California junior colleges to hold drives on their campuses for the adoption of South Vietnamese orphans.

If this resolution is passed, FCC will act as the coordinating center for the joint drives which will be similar to Operation Lighthouse held on this campus last semester.

FINALISTS—Four Fresno City College coeds were named runnersup in the Miss Fresno County Beauty Pageant last week. Miss Joy Lorraine Patnott, an 18 year-old Fresno State College coed was the winner. Jolene Robinson placed first, Cheryl Ann Jordan, second, Linda Elizabeth Trulin, third and Carolyn Ann Taylor, placed fourth, respectively.

Fresno City College

Proposed UC Campus Could Be Huge Asset

AN INTERESTING ISSUE of long time standing has been brought into the limelight recently during the current political campaign in Fresno.

That is whether or not we are to have a University of California graduate school in the Fresno area.

I feel that a University of California campus at Fresno would be a tremendous asset.

First, it would encourage those who could not go elsewhere to continue their education locally.

Secondly, Fresno, as the legal, medical and agricultural center of the San Joaquin Valley, would attract more industry with the increase in research and development facilities in the area.

Thirdly, the agribusiness capital would not only profit from such an institution but would be enhanced as a cultural, modern and progressive community.

Lastly, another factor which speaks strongly for the construction of a UC branch is the increased revenue to local merchants. Recent economic surveys show that the student market is one of the largest now in existence. Clothing stores, gas stations, apartment owners and specialty shops would all benefit greatly from a graduate school.

We must realize, too, that the cost of finishing an education is a burden on any student's pocketbook.

For this reason, a local graduate school would be a great help to an untold number of students.

Students who would come to the university may well find that Fresno is a suitable place to live. This means that many would be staying permanently, not to mention the additional residencies which would be established by new professors coming into the area.

While increasing the city's financial wealth, the UC campus would give Fresno a tremendous boost in public relations.

DAVID R. PACHECO

Trivial Concerns Absorb Vital Student Energies

THREE AMERICANS FELL in Viet Nam this week, a terrifying earthquake swept through southern Greece, and Fresno City College is in a stupor over bermuda shorts.

The major catastrophies of a turbulent world make trivial such issues as bermudas. It is trying questions such as these that absorb vital energy that could be more appropriately employed — in studies, helping a friend, or building important foundations.

There are those on campus who get tired of hearing the pros and cons of exposed (and highly unattractive) male knees; of the idle cries for support from a sometimes seemingly impotent, but loud, group of student leaders.

Some there are who could care less if classmates appeared in suit and tie or in hip boots and loin cloths. It is these students, silent most of them, who continue to make the college a functional endeavor. For these few, such matters are justifiably trivial. There are too many more important things in the world.

We can understand the essence of these little annoyances, however, and we can equally understand the value of being able to deal with them rationally. They just seem ironically bitter.

The wasted energy is inexcusable.

Should Government Lower Present Legal Voting Age?

When asked on the Fresno City College campus, "Do you believe that the voting age should be lowered to 18?", these comments were made by students:

Harold Knight, sophomore commercial art major: "No! Generally speaking, 18 is too young. A person of this age may have some knowledge to make a decision on the voting ballot. He usually lacks the experience and good judgment to make a wise decision at the polling place."

Barbara Western, freshman nursing major: "It depends on the people involved. If the people are competent and know the issues, fine. There aren't enough of us (teenagers) who do. Eighteen is too young."

Bob Sandling, sophomore electronics major: "It is my opinion that it should be lowered to 18. Armed services will take young men and women who are old

enough to defend our country and work around expensive machinery. It is very inconsistent when they are not allowed to vote but to die for their country."

Olan Hanley, sophomore aviation major: "Definitely! If Uncle Sam says we can get shot at 18, then we ought to have the right to vote for who says we are to be shot at."

Jane Firebaugh, freshman art major: "Yes! Mainly because since people go into the service at 18, they should be allowed to vote."

Marlene Metz, freshman liberal arts major: "No! I just don't think that kids are mature enough at 18. When they are older, they have better judgment and look deeper into the situation."

GOOD SHOW — This is one of the many faces that appeared on campus Monday night with the original English This Was the Week That Was cast. It (the face) belongs to Al Mancini, one of the TW3 "anchor men." Students report the show as "highly entertaining."

Campus Student Court Nears Semester Debut

By SANDI McCLURG
Rampage News Editor

Fresno City College's first judicial system will go into effect at the start of the fall semester.

Michael McGinnis, appointed chief justice on an interim basis, stated that the largest problem facing the completion of the system is finding able persons to fill the positions.

McGinnis said that four associate justices, a bailiff, a clerk and a prosecuting attorney are definitely needed.

Anyone Welcome

He said that students interested in pre-law, political science or police science of any type are most qualified for the positions, but anyone wishing to apply for them is welcome. They may do so by filling out the application form in Room 229 of the Student Center.

Duties of the officials and the requirements for the positions can be obtained by contacting McGinnis in his office in Room 201 of the Student Center.

Tests Decide

Applicants for associate justices will be chosen by the student body president as a result of tests and personal interviews.

The remaining officials will be appointed by the chief justice on the same basis.

McGinnis added that when the system goes into effect, a student accused of any violation will have the right to defend himself or have someone represent him in court.

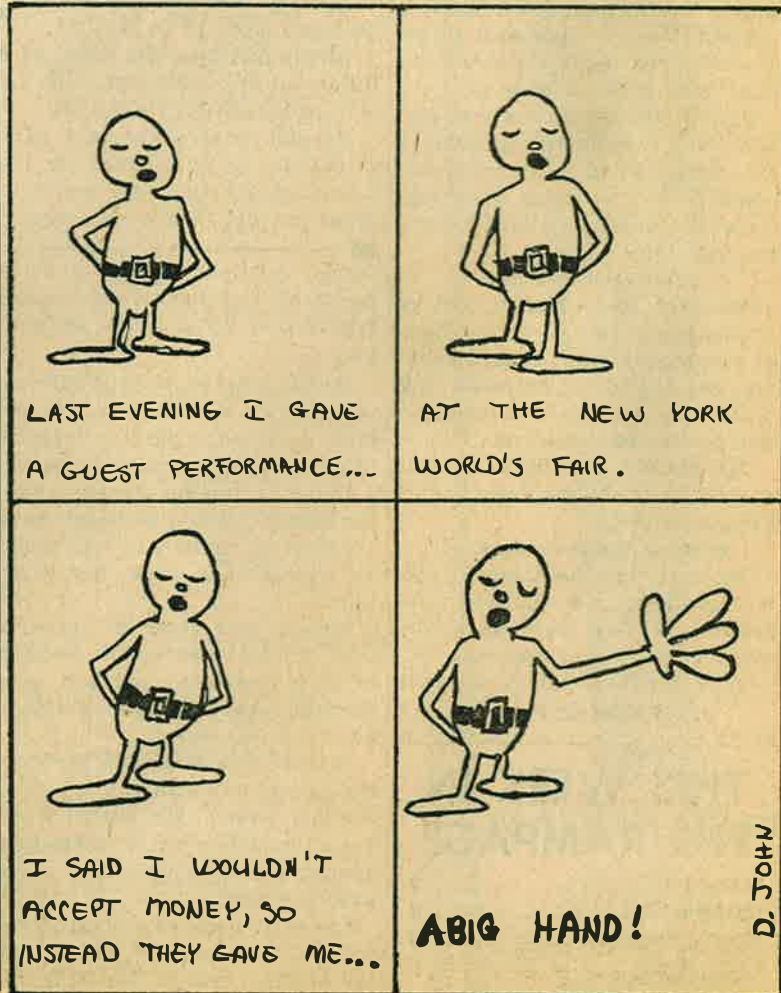

Dean Queries Evening Div.

Evening college students have received questionnaires regarding the addition of extracurricular activities to their division.

The form asks the students to designate what activities they would be interested in attending. Included are get acquainted coffee hours at the beginning of the semester, special assemblies on Friday nights, athletic functions, plays and dances. Space is provided for suggestions.

It has been issued by the evening college committee's subcommittee on student activities. Members are Mrs. Helen Bever, a business instructor, and Miss Doris Deakins, dean of women. Mrs. Bever stated that the purpose of the questionnaire is to "take a good look at the evening program."

Robert Kelly, dean of the evening college, noted that because most evening students are adults with responsibilities they do not have time for outside activities. It is for this reason that no activities have been provided prior to this time.

D. JOHN

Freedom Of Women Impresses FCC Coed

Emiko Taketomo, a native of Yokahama, Japan, is especially impressed with the freedom of the American women.

Said Miss Taketomo, "In Japan the women have little freedom. It is hard to become used to so much freedom at once."

When asked about the biggest problem facing her at the present time, she replied, "My English. I have a hard time learning all the pronouns and verbs. English is very difficult — so is Japanese."

Social Life

Miss Taketomo is also facing the problem of becoming Americanized. She finds it difficult to become familiar with American customs and social life. Japanese

students have little social life, and she is trying to fit in as a typical American student.

She is here in the United States to study secretarial science. She hopes to receive a bachelor of arts degree from Fresno State College after two more years of study. Then she will return to Japan to work for the people of her country.

Club News

Clubs Elect New Semester Officers, Make Plans Before Easter Vacation

By PAUL SULLIVAN, Jr.

Jim Shipman, Phi Beta Lambda's parliamentarian, placed first in parliamentary procedure competition at the state convention at the Disneyland Hotel last weekend.

Shipman will go on to the national convention which is to be held on the East Coast June 11-13.

People To People

A film on Hong Kong and a short talk on that city will be

given by Tak Ning, a FCC student, at the People to People meeting tonight.

The meeting will be held at 7:30 PM in Conference Room B of the Cafeteria and refreshments will be served.

AWS

Associated Women Students received committee reports on the progress of the fashion show at its meeting yesterday.

Those women students interested in decorating for the fashion show should be at the social hall on Apr. 19 between 11 AM and noon. Decorations will be put up all week during the lunch hour.

The fashion show and tea is scheduled for 3 PM in the Social Hall on Apr. 28.

Any women students interested in attending the fashion show at Reedley College on May 5 should contact AWS President Juanita Clark, and she will arrange transportation.

Carpenters Sell House

A house built by the Fresno City College carpentry class was finally sold by the State Center Junior College District Board to Willard D. Ayers of 4519 East Mono Avenue for \$2,000. It was the third attempt to sell the house.

The board of trustees authorized advertising for bids a third time after rejecting one bid of \$1,765. The bid was \$1,000 below the minimum bid specified.

Robert J. Hixson moved to accept this bid, submitted by W. E. Welbanks, Clovis house movers, but this motion was defeated on a 4 to 3 vote. Hixson moved to readvertise for bids, defeating the minimum bid requirement.

The actual cost of materials in the project was \$2,765.

Marketing Club

The Marketing Club discussed the proposal to join the Distributive Education Club of America at its noon meeting Wednesday.

DECA is a national scholastic organization for better understanding of merchandising and distribution in the marketing field.

New members were also welcomed at Wednesday's meeting. Included in the new members are second vice-president, Dave A. Ginsburg, and John G. Brown, the winner of the marketing club's trip to El Capitan Lodge.

Other new members include Jerry Gimbarti, Sandra Hillicut, Jerry Janigian, Donna Knowlton, Pam Moran, Carolyn Netzley, Jan Staroscik, Al Wilhelm and Pat Williams.

Spanish Club

Michael Wallick will show a Spanish film at the Spanish Club's next meeting on Apr. 20.

Present activities of the Spanish Club, which has grown to 60 dues paying members, have been temporarily suspended and will resume after Easter vacation.

Latin American Club

A cake sale will be held tomorrow in the foyer of the cafeteria from 8 AM to 2 PM to help pay for the club's picnic.

The picnic is being held during Easter vacation and will be at Yosemite Lake.

Alpha Gamma Sigma

The campus scholastic organization held a coffee hour Tuesday afternoon and registered new members for this semester.

Eligible members must be carrying at least 12 units and have a 3.0 average.

Students attending the coffee hour were Michael J. McGinnis, John F. McDaniel, Kenny Bocchini, James Heintz, Geri Smith, Linda Ragnetti, Veronica Bernal, Karolyn Kilday, Rigby Nicholson and Barbara Presser.

Color Slides Show College Curricula

Color slides of Fresno City and Reedley Junior Colleges have been organized by the Public Information Office.

The sound track of background music and the narration are handled professionally; the narration is done by Rick Carr, a local radio station announcer.

Sister Gives Poverty Talk

Sister Margaret Mary Reilly, an instructor in economics, will give a speech to the Newman Club Apr. 21 in the Newman Center at Fresno State College at 8:30 PM. The speech is entitled World Poverty, A Christian Responsibility.

Sister Reilly is presently an instructor in economics at Immaculate Heart College in Los Angeles. She is also an economic education consultant for the L.A. Puente Union High School District.

She earned her master of arts and philosophy degree in economics at Fordham University. In 1958 she spent two years as a research assistant in industrial economics and has also spent three months of study and consultation at the International Monterey Cooperation, in Washington, D.C.

Timothy Welch, the public information officer, said the six areas discussed in the presentation are the counseling available, transfer instruction to a four-year college, occupational opportunities such as the business and the technical and industrial divisions, remedial areas, evening and extended day programs and community service sections.

The latter includes such activities as televising sports events, radio programs and the proposed forum series.

Keith Emmert of the Public Information Office took the slides and Welch organized and wrote the script for the showing.

Welch said that last year's 160-slide showing consisted of only FCC activities and was not professionally narrated. The State Junior College District requested that the slide showing be revised to include Reedley's curricula.

Now consisting of approximately 200 slides and running 26 minutes, the presentation is shown to service clubs and by counselors to various nearby high schools.

Forum Series Awaits Approval Of Trustees

Approval of the proposed community service program by the State Center Junior College District Board of Trustees will depend primarily on the interest shown by both the community and the students.

This is the opinion of FCC Public Information Officer Timothy Welch. Welch is the man behind the plan which would feature

a number of noted lecturers and a performance by the San Francisco Ballet to be held on consecutive evenings at both the FCC and Reedley Junior College campuses.

"I am going to take a survey in our community newsletter," said Welch, "to get some expression of opinion."

He also said he hopes to find "a good ground support in the community with good student support as well."

How do the students feel about the proposal? Welch said most of the people he has talked to — students as well as faculty and administrators — have praised the plan for its educational and cultural value.

One such student to voice his approval of the program is FCC Student Body President Ron Primavera; "I think a community forum series is a pretty good idea because here at Fresno we have very little opportunity to hear truly great speakers. To be sure, Fresno is not a cultural center."

Dress Code . . .

(Continued from Page 1) students will make up the committee. It will be headed by Donald Wren, head of the campus faculty senate.

Delegation is Split

The student delegation is split between council members and regular students. They are, according to Primavera, Joan Simpson, commissioner of welfare, John Porter, freshman class president, Al Fox and Ted Smith.

Primavera and Miss Deakins will sit on the committee as non-voting members.

Martin Wants Backing

"The committee must be sure to get the backing of everyone involved," Martin said. He added that he was hoping for an "early" meeting.

Martin also pointed out some potential danger areas in such a dress code. Each instructor, he decided what he thinks is appropriate, actually has the power to riate apparel for his class.

Presses Approval

Primavera said that he would press for approval of the code. "I think," he said, "that the students favor the dress code."

"All of our area schools allow Bermuda shorts on campus," he said.

CENTURION

Our Company is celebrating its 100th year in the life insurance business. Age alone is no criterion of maturity, of course. But if you check into our experience and examine our reputation, you'll see why we're proud of the record.

We rank in the top 2% of all life companies in the United States in assets, but growth means much more to our company than just being big. Among other things, it means responsibility to our clients and policyowners, providing insurance that can be tailored to their ever-changing needs, and prompt, personal service.

An integral part of the company's growth is its training program, which has the reputation of being one of the finest in the business. For college students, we have a Campus Internship Program to start their training—and income—while they're still at school.

It could pay you to inquire.

Win Streak Goes

Horsehiders Face COS In Visalia, Bert Bandy Stars

By HOWARD SAIKI
Rampage Sports Writer

Fresno City College's baseball team will travel to Visalia this Saturday to play the College of Sequoias Giants in a Valley Conference doubleheader on the school campus starting at 12:30 PM.

Last Saturday's VC doubleheader with the Sacramento City College Panthers was split. The Panthers won the first game, and the Rams turned the corner and won the second game on the brilliant pitching of Bert Bandy's two hitter.

In the second game the Rams scored quickly in the first inning. Center fielder Ron Zimmerman laced a single to left field, promptly stole second and scored on John Lung's double to left center.

Three Straight Walks

SCC pitcher Chuck Levine issued three straight walks to Bob Bentley, Jeff Ring, and Ned Andreoni. Andreoni's walk forced in the second run of the inning, thus ending the scoring in the game.

Bandy and Levine then dueled for six consecutive scoreless innings. Bandy registered his fourth VC win by the shutout route, 2 to 0.

In the first game the Rams got their most wretched performance of the year as they submitted to a 13-6 clobbering at the hands of the Panthers.

The pitching at times was rancid. The hitting, what little there was, was sporadic and undistinguished. Only Ernie Coppo and Bentley were able to solve the pitching of Don Moak and Chuck Glasser.

Bentley Stars

Bentley continued his great hitting with three singles and now is hitting .423, while Coppo singled twice and raised his average to an unbelievable .458.

Charles Merker and Moak were having a respectable affair going into the fourth inning. Then — splat!

The Panthers scored eight runs

on a shaky defense. Roger Hubbell and Sherman Lee were marched to the mound before the Rams could get the third out of the inning.

Although the Rams were trailing 13 to 1, they were able to drive out SCC ace Tom Moak in the eighth inning when they loaded the bases.

The Rams scored three off Moak and two off Glasser, who replaced Moak on the mound. Bentley, Coppo and Bill Brown had hits in the inning to help the Rams in scoring.

Intramural Sports At FCC Begins

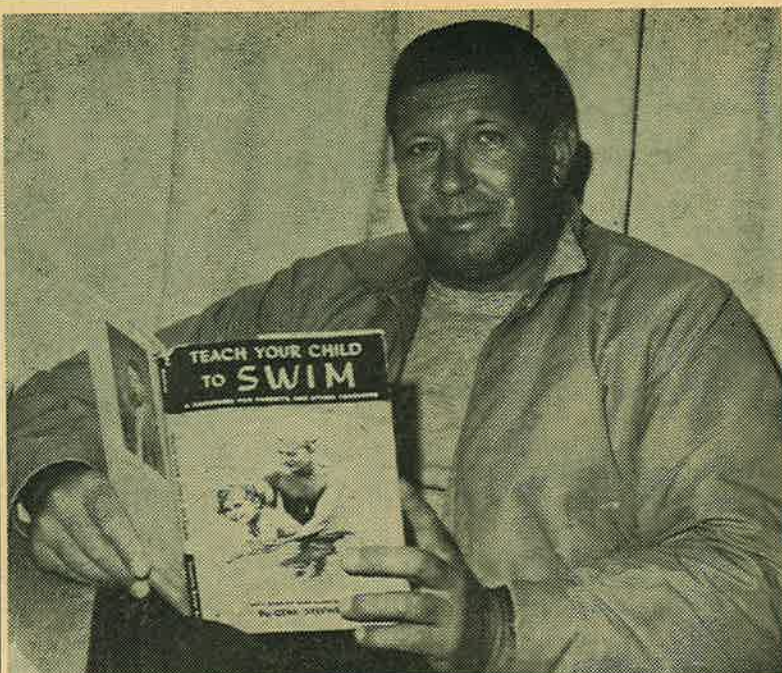

An intramural sports program for FCC students will begin soon. "The beginning of this program depends on the students," said Maurice Joy, president of the Associated Men Students, "we need more teams before we can begin play.

"There will be softball, and if enough students sign up there will also be volleyball."

This program is open to all FCC students, men and women. If they don't belong to a school organization, they can form their own team. All they need are nine students.

The teams will play here at FCC twice a week for about an hour each time. They will play until the end of May, and then the team with the best record will play against Reedley Junior College at Reedley for the championship and a trophy.

A sign-up desk will be in the cafeteria for the next two weeks. "This program is to help promote and improve school spirit," Joy said.

Rams, Giants Meet Tuesday For VC Title; Powell Sets Record

By DON MENCARINI
Sports Editor

The Fresno City College track team will play host to San Joaquin Delta College tomorrow in a dual meet beginning at 3 PM in Ratcliffe Stadium.

The Rams will end their dual meet season Tuesday against College of Sequoias at 3 PM in Visalia.

"COS will be strong in the distance events this year," said FCC coach Erwin Ginsburg. "We will not have much trouble with Delta."

COS defeated Modesto Junior College, 93-43, last Saturday, in spite of a triple win by versatile Gary Ard.

The win represents COS' 29th consecutive dual meet victory.

COS Leaders

COS is led by John Hamilton, Russ McCullough, Frank Ortega, Larry Curtis and Bob Warmack.

Against Modesto, Hamilton, whose best 1964 time for the 330 yard intermediate hurdles was 39 seconds flat, stepped over the barriers in 38.5, the fastest time in the conference this season.

COS, with Larry Curtis running anchor, wheeled the 440 yard relay in 42.6, a meet record, improving from a previous 43.1.

Bob Warmack, COS' quarter mile winner at 49.9, ran on the winning 440 yard relay foursome and anchored the Giants' winning mile relay team, 3:22.4, improving from a previous 3:28.1.

FCC downed Sacramento last Saturday by an overwhelming score of 103-37.

Powell Leaps 6-8 1/4

Leading the way was high jumper Tyrone Powell, who cleared 6 feet 8 1/4 inches to tie him with former FCC star Gene Johnson for the school record.

Pete Santos defeated Terry Record of Sacramento in the mile event with a time of 4:25.5; far off his school record time of 4:15.3.

The biggest upset of the day came when Tim Vaux upset teammate Alvin Mann in the 220 yard dash with a convincing time of 22.3 for a new dual meet record. Equalling his own meet record

was FCC pole vaulter Dan Stone. His 13 feet 6 inch jump edged out teammate Dave Olson.

Ezurnal Burts was the only Ram double winner. He won the 440 yard dash in 51.3 and the 330 yard intermediate hurdles in 39.7.

Top marks by Valley Conference spikers include:

100
Alvin Mnan F 9.6, A. D. Coleman D 9.8, Gary Ard M 9.9, Harry Block S 9.9, Tim Vaux F 10.0, Dick Smith AR 10.0, Larry Curtis COS 10.0, Del Thompson F 10.0.

220
Mann 21.9, Ard 22.4, Smith 22.5, Byron Stone S 22.5, Joel Scotia F 22.6.

Stephens Instructs Aqua Life

By VERNON PETERS

For Fresno City College physical education instructor Gene Stephens, life means swimming.

Stephens, coach of the FCC swimming team, has devoted his life to teaching others to swim, and in doing so has given life to many possible drowning victims.

Born in Norwich, Conn., and raised in the New England area, Stephens pursued his college education at Springfield College, Springfield, Mass.; Trinity College in Hartford, Conn., and Columbia University before receiving his Bachelor of Arts and Master of Arts degrees in physical education at Fresno State College. At Trinity College and Columbia University he was in the Navy V-12 program.

Teaches Navy Men

During the latter part of World War II he taught swimming for the United States Navy at the Alameda Naval Air Station in Northern California.

Stephens came to Fresno in 1946 following his discharge from the service and was employed by the local chapter of the American Red Cross as a swimming instructor.

After five years Stephens began giving private instruction. It was during this period he wrote a handbook for parents and instructors of small children. The handbook is entitled Teach Your Child to Swim.

Reason For Book

Stephens stated that he was motivated to write such a book because of the lack of a psychological approach by adults in teaching children to swim. His book maintains that the instructor should concentrate his lessons around love, security and understanding. Words or phrases connotating the hazards of water should be avoided.

The handbook was written in 1956 and is published by Exposition Banner Books. It is available in bookstores, and the FCC library also has a copy.
