NUMBER 6

## Trophies At Halftime

# Parade Opens Yearly Merriment

**EDITOR'S NOTE**—Because there are thirteen queen candidates, some of the pictures have been placed on page three. All candidates are in alphabetical order.

Homecoming activities begin tomorrow with the noon parade leading off the chain of events.

Saturday evening the Homecoming game and dance will be held with the highlight of the evening being the crowning of FCC's Homecoming queen.

The parade will be at noon in the college parking lot. Homecoming queen candidates will ride on floats of their sponsoring organizations.

### Voting Booths

Voting booths will be set up in the cafeteria foyer tomorrow so that the student body can elect the Homecoming queen.

Mrs. Sara Dougherty, student activities adviser for Homecoming, said that she hopes students will remember that cars may not be moved out of the parking lot after noon tomorrow until the parade is finished.

The Homecoming game will begin at 8 PM in Ratcliffe Stadium. At half time, trophies will be presented to the club with the best overall participation in the Homecoming festivities.

The Homecoming queen will also be presented to the student body and receive her trophy during the ceremonies. Richard Ma-

chado, president of the Inter Club Council, will preside.

Queen Candidates are Kathy Beechinor, Student California Teachers Association; Audrey Cervantez, Phi Beta Lambda; Beldy Champion, Latin American Club; Renee Clendenning, Delta Psi Omega; Mary Jane Coronado, Alpha Gamma Sigma; Susan Crossley, Associated Men Students and Ruth Dillon, Distributive Education Clubs of America.

### Queen Candidates

Maureen Eilenberger represents the Rally Club; Kathy Lowary Fine Arts Club; Rock Priseler, Lambda Alpha Epsilon; Reba Scruggs, Associated Women Students; Sandra Taylor, International People to People and Patty Weaver, Collegian Hall.

The Homecoming dance will be held from 10 PM until 1 AM Saturday in the Cafeteria. The dress will be school clothes.

### Entertainment

Entertainment will be provided by Raiks Progress. AMS is in charge of the dance.

Tickets will be required for the dance and may be obtained in the foyer of the Cafeteria. There will be no charge for students or their guests upon presentation of student body card. Tickets are limited to two per student.

Ramrod, FCC's new mascot, will also be taking part in this year's festivities.

## Dance Will Top Off Homecoming

Homecoming 1966 will draw to a close at Saturday night's after-game dance.

Sponsored by the Associated Men Students, the dance will be held in the Cafeteria from 10 PM to 1 AM.

Entertainment will be provided by a local band, Raiks Progress, which just released a record.

### AMS President

Jim Blocker, AMS president, said the dress is school clothes with no capris.

Master of ceremonies for the evening will be Ed Reid. During the dance the newly crowned queen and her court will be presented to the student body.

No one will be admitted without a ticket. Tickets are available with student body cards in the Cafeteria foyer.

### New Record

"Sewer Rat Tone Chant" and "Why Did You Rob Us, Tank?", two songs recorded by Raiks Progress, were nationally released last Thursday by Liberty Records of Hollywood.

Raiks Progress is composed of five FCC students. They are Steve Olson, drummer; Duane Scott, organist; Nick van Maarth, Steve Krikorian and Alan Shapazian, all guitarists.

"We are very happy about the record and we hope it will be well received here at Fresno City College," Shapazian said.

### During The Dance

Raiks Progress will present their new songs during the Homecoming Dance.

Committees for the dance are Reid and Jim Chappel, entertainment, and Mike Lawless, decorations.

### During The Dance

Raiks Progress will present their new songs during the Homecoming Dance.

The band has received much local acclaim in the past few months and Shapazian hopes that their new record release will bring them some national recognition. "We sure hope it sells," he said.

## Recreation Night Meets With Success

Approximately 50 students, administrators and faculty members turned out to make the first Recreation Night at FCC a success.

Miss Doris Deakins, the dean of women, said if the demand was large enough the program would be expanded so more recreational facilities would be made available.

At the present time the badminton and volleyball equipment are in use and the women students are able to use the gymnastic facilities.

Miss Deakins said there is a possibility that the pool and body building equipment will be made available to participants and that dancing may be introduced to Recreation Night.

# RAMPAGE

PUBLISHED BY THE ASSOCIATED STUDENTS

Published weekly by the journalism students of Fresno City College, 1101 University, Fresno, California. Composed by the Central California Typographic Service. Unsigned editorials are the expression of the editor.

Rampage Policy

Fairness, Accuracy Govern News Content

Criticism has been leveled at the Rampage in the last few weeks by some readers who feel that the paper lacks controversial material. This in fact is true and with good reason.

The first and primary purpose of a newspaper is to report the news fairly and accurately. Freedom of the press levies this responsibility on any paper worth its salt.

Whether or not news is controversial is an inherent quality of news itself and must not be the making of the newspaper that prints it. Freedom of the press is a valued liberty, but it is not one that we feel must be used to a degree in which responsibility and caution cease to exist.

Congratulations

Homecoming Queens Indicate School Spirit

Congratulations are in order. School spirit is really on top this semester. This is the first time that there have been 13 Homecoming queen candidates. Fresno State College didn't even have that many.

The football team is doing quite well and prospects are good for the upcoming basketball season. In general all the sports are doing well. So is the student body.

So far it's been a very good year.

P.S. Don't forget to vote for your queen candidate.

Counselors Assist Concerned Students

By BILL PEYTON

Every FCC student has a guardian angel working for him in the Counseling Center, Administration 118.

Do you have educational or personal problems? Let your counselor be your guide.

"We have individuals with all types of concerns," Alvan Perkins, associate dean of guidance, said. "Problems range from difficulties with the spouse or family to education and finance with a good deal in between.

**Help Himself**

"Our objective is to help the student help himself. He should be able to make decisions on his own and be responsible for them."

In addition to pointing out helpful avenues of thought, Perkins said counselors attempt to coordinate curriculums and provide personalized vocational information and interpretation of test results.

Using Socrates' philosophy, "Know thyself," counselor Gene Dallagiame specializes in helping the student discover himself through tests.

**Psychometric Exam**

An appointment with Dallagiame can secure a psychometric exam in ability, aptitude, intelligence, interest, personality or reading and study skills or as many as necessary.

Eric Rasmussen keeps the vocational library up to date with booklets such as "How to Get the Most Out of Your Textbooks" and has packed two file cabinet drawers with information ranging from accounting to zoology.

Counselors also provide scholarship information and transfer requirements for high schools and other colleges.

Teachers are advised of the changing educational picture and have liaison with students through the counseling center according to Rasmussen. In return, counselors know students better through teachers.

**Student Assigned**

"In addition to a counselor, each student is assigned a faculty advisor according to his major," Perkins said. "He is assigned to guide him according to his vocational interests, and offer specific advice in courses of study."

Perkins said all counselors have been trained in teaching and hold a special credential for counseling duties.

Counselor committees are also concerned with foreign students, research and orientation and group guidance.

"Many students are not familiar with a new experimental project which is being tried this fall," Perkins said.

"A limited number of disqualified students were selected to receive intensive individual and group counseling."

**Group Goal**

The goal of this group, which is in academic difficulty, is to achieve better grades, realize aptitude and establish goals.

Dallagiame, Rasmussen and Mrs. Dorothy Bliss counsel letters and arts students; John Wahlenhalls and Norvel Caywood, technical and industrial division; Loren Gaither and John Ryska, math, science, and engineering; Al Silvera and Sanford Grover, business.

These nine counselors and 155 faculty advisers are the guardian angels for more than 8,161 day and night students.

Now Open

New Bookstore Features Multiple Checkout Stands

By NELLIE BONILLA

"Isn't there a sign on that door that says 'closed'?"

"Now this gets another coat of paint."

"With all this pounding I can't hear a thing."

These were a few of the remarks made in the new bookstore Friday as it was being prepared for its opening.

The new bookstore opened for the students and instructors at 8 AM Monday.

"It will not open formally until the storage and office area is completed, which will be in the later part of November," said store manager Mrs. Jewel Dettinger.

Two of the extra features of the new bookstore are a complete art and engineering supply section and a music room, which will carry sheet music and stereo records. Students who wish to try on gym clothes will be provided with dressing rooms.

The main benefit for the students will be less waiting in line, Mrs. Dettinger said. The bookstore has four check-out stands and additional area for sales.

**Section Provided**

A large paperback section is provided for the instructors who wish to select extra reading material for their students.

"The bookstore will now remain open 12 months of the year," Mrs. Dettinger said. "This will enable students to purchase their books at registration time or any time it is convenient for them to come in."

**Bookstore Member**

Mrs. Dettinger added that the FCC bookstore is a member of the National and California Association of College Stores and that it is expected that many members of these associations will visit the store during its formal opening.

The store will be featured in the National College News magazine in the May, 1967 issue. The article will carry pictures of the before and after aspects of the bookstore.

Its hours will continue to be from 8 AM to 4 PM and from 6:45 to 8:45 PM.

Although the entire bookstore

'Summer And Smoke' Play Scheduled By Drama Unit

The presentation of Tennessee Williams' play Summer and Smoke by the drama department is scheduled for Dec. 1, 2 and 3 in the Social Hall of the Student Center.

Leading roles in the production will be handled by Carl Jones and Letitia Scordino as the two young "free-wheeling" individuals who grow up in the same neighborhood in a Southern town.

**Explains Plot**

Frederick A. Johnson, the director, explained the plot as being "a simple love story." The plot evolves around a girl and "the boy next door" who grow up together and eventually fall in love.

This could be the happy ending of the story except a slight problem has developed. Both individuals have grown up with different outlooks that threaten to start driving each away from the other.

**Supporting Roles**

Major supporting roles in the production will be handled by Jack Smith, Linda Smith and Renee Clendennings. Anne Johnson and Lloyd Clendenning, who are both junior high school students, will portray the leading characters of the play when they were children.

will be completed by the end of November, the formal ceremonies will not take place until December.

**Lecture Tickets Sold Out**

Free tickets for the FCC-sponsored public forum called the Sunday Evening Series are gone. "In fact," said Timothy L. Welch, public information officer, "tickets for the six speakers were gone two weeks after the announcement of the program."

The waiting list for forum tickets is over 300. Welch is still taking names of people who phone or write to be put on the waiting list.

**Tickets Sent**

Tickets for the Sunday Evening Series are sent by mail in a return address envelope. People who cannot attend are asked to drop the tickets in the envelope and return by mail. The purpose is to give people on the waiting list a chance to attend.

The free public forum will feature national and international personalities discussing current concerns.

The first speaker is Gore Vidal, novelist, playwright, critic and political commentator. Vidal will talk on The Novel in an Age of Science.

**Main Hall**

The talk will be Sunday, Nov. 13, at 7:30 PM in the main hall of the FCC cafeteria. The talk will last approximately two hours.

Tickets will be taken at the northeast door of the cafeteria. Ushers will take tickets and arrange seating. Seating is on a "first come first serve" basis.

"Due to the tremendous response to the Sunday Evening Series," Welch said, "I think there is a definite demand for this type of program."

Teilman Award

President Archie Bradshaw announced that the FCC Faculty Club has established a memorial scholarship in memory of Mrs. Elmina Teilman, former member of the Board of Trustees of the State Center College District.

The memorial scholarship will be in nursing education.

Mrs. Teilman was recently killed in a traffic accident.

Don't Smoke Men . . . It Will Stunt Your Growth

## FCC Foreign Student Is From Japan

Hideki Yokota is a new FCC student from Kochi, Japan, Fresno's sister city.

Yokota graduated from Nippon University in Japan last May but wanted to come to FCC to study business management. He hopes to get a job in the business field when he returns to Kochi in two years.

### Mayor Hyde's Guest

Yokota lives with Fresno's mayor, Floyd Hyde. He received a special invitation from Mayor Hyde asking Yokota to live with the mayor's family in Fresno.

Yokota said that he likes Fresno very much and enjoys going to FCC. He especially likes the students who he has met at school.

Yokota thinks that FCC is a beautiful college. He said that he loves the red brick which he has not seen very often in Japanese schools.

### International Club Member

He belongs to the International Club and said that the people have been very kind to him.

Yokota has found the courses at FCC difficult because "my English is very bad and the language is hard for me."

HIDEKI YOKOTA

## Test Dates In January

FCC placement test dates have been set for Jan. 9 and 11.

Eric Rasmussen, a counselor, said that those who plan to attend FCC in the next spring or fall semester should take the test.

Students who do not meet the school requirements and fail to take the placement test will be limited in their scheduling. Rasmussen said they will be restricted to two classes, the same as in previous years.

The Admissions Office has the test line cards available to those interested.

Rasmussen stated that there is a limited number of space and that students should not delay in picking up their line cards.

John Ryska, the counselor for the evening college, said that evening students who plan to enroll in day classes next semester must meet all FCC requirements. This includes the placement test.

The test will be given at 8 AM on Jan. 9 and at 7 PM on Jan. 11 in designated areas.

Purpose of the placement test is to determine what academic areas the future student is most likely to succeed, Rasmussen said.

"Test results serve only as guidelines for our counselors," he said. "They do not compel a student to follow a specific course of study."

## Opportunities

# Journalism Jobs Are Topic Of Conference

Job opportunities in the Southern California journalism field was the topic of Dr. Theodore Kruglak, director of the University of Southern California School of Journalism.

Dr. Kruglak spoke at a luncheon of the annual conference of the Northern California Journalism Association of Junior Colleges held last Saturday on the Fresno State College campus.

"Los Angeles County alone has 31 daily newspapers exclusive of the Los Angeles Times and the Los Angeles Herald Examiner," he said.

### Job Openings

Dr. Kruglak indicated that there are many jobs open to capable young journalists.

"So long as the smog comes rolling up from Southern California, it brings with it jobs. But, to paraphrase the Granny Goose commercials, are you man enough for the job?"

Jay York, managing editor of the FCC Rampage, presided at the luncheon.

Approximately 135 journalism students attended the conference with 18 junior colleges and FSC represented.

### Contests

Six different contests were open to the students. Each college could enter two students in each contest. FSC students were the judges and chairmen of these contests.

The sweepstakes winner, or the school which scored the most points, was Foothill College.

The winners of the news writing contest were first place, Douglas Dorn of Reedley College; second place, Diana Nichols of Foothill College; and third place, Frank Espinoza of Hartnell College.

### Feature Winners

The winners of the feature writing contest were first place, Gayle Parker of Foothill College; second place, Maline Ness of Foothill College; and third place, Jim Woods of the College of San Mateo.

The winners of the sports writing contest were first place, Tom Pearson of Foothill College; second place, Stephen Sorretti of Contra Costa; and third place, Tony Best of the College of San Mateo.

The winners of the editorial writing contest were first place John Davidson of Contra Costa College; second place, Russ Lin-

derwell of San Jose College; and third place, M. S. Vasche of Modesto Junior College.

### Layout

The winners of the newspaper layout were first place Melinda Christenson of American River Junior College; second place Bruce Riggs of West Valley Junior College; and third place Arnold Heller of Foothill College.

The winners of the yearbook layout were first place, Linda Bettencourt of Modesto Junior College; second place, Mike Gleason of West Valley College; and third place, Michael Mattes of American River Junior College.

## Five Students Attend College Union Forum

During the clatter of riveting jack hammers, falling plaster and boards echoing in the void of the old Fresno City College bookstore, a student council meeting was held Tuesday noon.

The council heard a report on the Annual Conference of Region 15 of the American College Unions, which was held last week at Stanford University.

Seven representatives from FCC attended the conference. They were Doris Deakins, the dean of women, Mrs. Sara S. Dougherty, student activities adviser, and five student representatives: Tim Mancini, president of the student body, Bart Turner, Richard Machado, Darryl Kahn, and Marty Growde.

Workshops at the conference included philosophy and function in student government, campus organizations, school spirit, problems of foreign students, cultural, social and athletic activities, resolutions and the president's workshop.

Miss Deakins said only eight junior colleges were represented, and she estimated there were 200 representatives from colleges, universities and junior colleges.

Mrs. Dougherty said the sessions that she attended were very interesting and informative in arranging a smoother university, college or junior college in the fields of recreations, music or literature.

## Club News

# Booths, Skits Signify FCC Groups' Spirit

By GLORIA RODRIGUEZ

Evident throughout the campus are booths, skits and signs arranged by the FCC clubs in an all-out effort to capture votes for their queen candidate. This is all a part in selecting the queen for the annual Homecoming Day Saturday.

### Alpha Gamma Sigma

Alpha Gamma Sigma, an honor club, has selected "Ram the Pirate" as the theme for their Homecoming float. The float will picture an FCC ram butting the hull of a Modesto Pirate ship decorated in FCC's red and white school colors.

It is customary that all club

displaying floats or booths for the Homecoming create a theme that will motivate school spirit.

### DECA

Harlen Larsen, a noted ghost writer for politicians throughout the United States, is scheduled to Distributive Education Clubs of speak to the FCC Chapter of the America Tuesday. Larsen will speak at the annual employer-employee breakfast to be held in the Watertree Inn on Blackstone at 7 AM.

### Tutorial Program

The new FCC Tutorial Program, initiated by Spencer Thompson with a purpose to help students from elementary through high school by assigning them a tutor, will hold an orientation meeting in Conference Rooms A and B of the Cafeteria tonight at 7:30.

Head coordinator Spencer Thompson mentioned that the number of volunteer sign-ups for the program is very impressive and that everyone has reason to be proud of a student body that takes an active interest in the community.

The program coordinators are John Bakalian, assistant chairman; Tony Allen, assistant head coordinator; Patricia Richards, coordinator for the Fresno Colony Elementary School and Richard Sanders, Washington High School coordinator.

### Meetings

The Associated Men Students will meet today in the Student Lounge at noon to discuss the plans for the Homecoming Dance, which will feature the "Raiks Progress." The International and People to People Club will also meet at noon in Administration 158.

## Square Dancers Organize Tonight

Folk and square dancers of Fresno City College will organize tonight from 8-10 PM in Gymnasium 103.

Mrs. Sara Dougherty, physical education dance instructor, is the director of the group.

The dancing will coordinate with recreation nights on Monday.

# Ram Harriers Upset Undeatefated ARJC

By HENRY LOZANO

Coach Bob Fries' harriers are expected to be strong contenders when they travel to Los Angeles to attend the Mount San Antonio Invitational tomorrow.

This non-conference meet will pit almost all the Southern California junior colleges, and, although it may not be a deciding factor in the Valley Conference title race, it will give FCC runners an opportunity to show their potential form.

The Rams hosted San Joaquin Delta College yesterday at Roeding Park. At press time the results were not available, but the Rams were favored to win.

## ARJC Upset

The big story of the past week is the great Ram upset over previously undefeated American River Junior College at Sacramento

Friday. Fries calls this "the biggest game of the season."

"It took every effort, both physical and mental, to win this victory," Fries said, "and the effort was made."

Pete Santos spirited the Rams to a 24-31 victory by placing first and breaking his third course record of the year.

Santos' time of 15:47 topped the previous record of 15:57 set last week by ARJC's Chuck Green, who placed second in Friday's meet.

## Difficult Course

The Beavers' hilly three-mile course was one of the most difficult that the Ram runners have ever faced.

"The team worked two weeks on hills like these just for this race," said Fries, "and it paid off."

This victory puts the Rams 2-0 in VC standing.

Fries explained further that one of the biggest things in the Rams' favor was the fact that they were mentally "up for the meet." It's obvious that there is much physical conditioning, "but few realize the mental preparation," he said.

The upcoming non-conference Southern California meet is expected to be a "good test for us. We'll run against some stiff competition."

## First Ten Finishers:

FCC—Pete Santos .....	15:47
ARJC—Chuck Green .....	15:54
ARJC—Bob Jamieson .....	16:15
FCC—Andy Hansen .....	16:21
FCC—John Garcia .....	16:27
FCC—Frank Luna .....	16:35
ARJC—Lynn Gamble .....	16:36
FCC—Billy Wilson .....	16:45
ARJC—John Alvarez .....	16:57
ARJC—Tom Moore .....	17:03

FRANK LUNA

# Practicing Basketball Team Looks To Spirited Season

Spirit, desire and dedication are the tributes paid to the rather inexperienced and small FCC basketball team by Coach John Toomasian.

Toomasian, who is assisted by Chuck Stark, said that practice is going fine and everyone is making a valiant effort to make the top starting five.

Six veterans are returning from the 1965-66 season, a year in which the team finished second in the Valley Conference, with an 18-13 record.

The returning stars are Floyd and Lloyd Sanders, Don Slade, Hart Polk, Jack Redford and Andy Wulf.

Experienced players from high schools in the valley who will be on the team are Dave Barrado from Fresno High; Gary Davis, Chowchilla; John Glavinovich, Bullard; Art Litterfield, Edison; Dave Marshall, Riverdale; and Kevin Eddings, Tim Natsues,

Ralph Watts and Gary Smith, all from McLane.

Toomasian said that this year's team is not blessed with the ability, speed and height of the championship team of 1963, but it does boast a fine crop of athletes.

Natsues and Glavinovich were both picked for All-Metro selections last year.

Court action begins Nov. 29 in the home Gymnasium against Merced Junior College. Games are also scheduled with American River Junior College, Bakersfield College, College of Sequoias, Coalinga Junior College, Modesto Junior College, Pasadena City College and San Joaquin Delta College.

**TENNIS SIGNUPS**—More men are needed to complete FCC's tennis team which begins conference action Mar. 10. Coach Chuck Stark will hold a special meeting for signups Tuesday at 4 PM in Gymnasium 112.

**BOOTLEG SWEEP**—Bruce Hawkins (14) runs to a 14-yard Ram gain in the last part of the second quarter of the San Joaquin Delta action, contributing to FCC's halftime lead of 23-0. Willie Cox (23) blocks for the run. Cox, outstanding player of the game, scored three touchdowns and gained 82 yards for the Rams.

# Undefeated Ram Gridders Await Homecoming Game

By ED HUGHES

Coach Clare Slaughter's Rams are going through a most rewarding period as they await the Homecoming Game Saturday with the Modesto Junior College Pirates.

First the Rams received word that they had been rated 20th in the nation in the weekly football ratings handed down by the JC Grid-Wire.

The Rams received another surprise when fourth-ranked College of Sequoias was upset by American River Junior College (FCC had previously beaten ARJC by an eye-opening 34-6).

## Conference Leaders

The COS loss coupled with the Ram win over San Joaquin Delta College vaulted the Rams into sole possession of the Valley Conference lead.

The Rams will also be honored in the many Homecoming celebrations that will take place during the week and at halftime in Saturday night's game.

## Undefeated VC Record

The Rams will try to hold their undefeated VC record intact when they battle Modesto Junior College at 8 PM Saturday in Ratcliffe Stadium.

The Modesto Pirates have a season record of 2-4 and a league record of 0-2. They were unsuccessful in their first two league contests, losing 34-15 to COS and 19-7 to Sacramento City College.

Standouts on the Pirate squad are fullback Marty Boer and quarterback Doug Stevenson, offensive, and linebackers Dan Souza and Dave Elwess, defensive.

## 30-17 SJD Win

In last week's SJD game the Rams coasted to a seemingly easy 30-17 victory. FCC soared to a 23-0 lead at halftime and then allowed the Mustangs to close the gap to 23-7 before the Rams iced the victory with their only touchdown of the second half.

Halfback Willie Cox was the standout for the Rams, carrying 28 times to gain a total of 82 yards and scoring three touchdowns. He also had a 58-yard TD nullified on a holding penalty.

Cox slammed through the line again to score his third TD of the night and the last of the game. Neely converted for the final 30-17 victory.

Mike Neely was another outstanding performer, contributing three conversions and a field goal for a total of six points.

Cox pushed in the end zone for the first score of the game with only 3:15 elapsed in the first period. He then had ran for the 58-yard touchdown in vain.

A recovered fumble of the Ram punt by Carlos Laney put the Rams in scoring position for the second TD. Four plays later Cox leaped through left guard for score.

FCC's third score was through the air lanes, with quarterback Ron Hudson tossing to Larry Fortner for a 42-yard touchdown play. Neely kicked the extra point for a 20-0 lead at the end of the first quarter.

Neely then came in on a third-and-10 situation and calmly kicked a 27-yard field goal to raise the score 23-0.

## Scoring Summary:

FCC .....	20	3	0	7—30
SJD .....	0	0	6	11—17
FCC—Cox 1 run (kick failed)				
FCC—Cox 1 run (Neely kick)				
FCC—Fortner 42 pass from Hawkins (Neely kick)				
FCC—Neely 27 field goal
