

## UN Newswoman Discusses Peace

"The greatest obstacle to peace is state's rights," said Pauline Fredericks, National Broadcasting Company's correspondent to the United Nations.

Miss Fredericks spoke yesterday morning in the Fox Wilson Theater.

She was the second guest speaker of the San Joaquin Valley Town Hall Incorporated. She replaced Martha Rountree, famed political writer and television personality, who cancelled her appearance.

"War has not outlawed itself because people just won't let it," Miss Fredericks said, "They act on the assumption that making war makes peace."

"A nation has no permanent friends and no permanent enemies, but only permanent interests."

"One trillion dollars was used on arms during World War II," said Miss Fredericks. "The more we become supermen, the more we become inhuman."

"How can promises of liberation of freedom offer any comfort from the torture of war? Will the children of Viet Nam blame the white man for being uncivilized?" Miss Fredericks said.

"Is one Vietnamese being conditioned to become a Stalin or a Hitler in the future?" she said. "All these wars are only making way for a third world war."

"Are we psychologically prepared for peace as we have been for war? It's more difficult to make peace than to make war," she said. "Leaders of many nations have asked that the bombing be stopped."

"If war continues it could spread to all of Asia. If the United States wants peace it will have to convince Saigon who it supports."

"There are two purposes of the U.S.'s visits to communist leaders," she said. "To prove that the U.S. is sincere in its aims for peace and to convey to Hanoi and Pe- (Continued on Page 3)"

## Hours Slated For Exams

### Thursday, Jan. 20

8- 9:50 AM.....8 AM TTh, TThF

1- 2:50 AM.....2 PM TTh and  
4 PM MWF

## Night Class Registration Is Underway

Evening College students who wish to register for the spring semester should pick up all registration materials from the Evening College Division in the Administration Building in Room 112.

Robert Kelly, dean of the evening college, said that after filling out the information on the routing envelope, the student will be given a line card. He then reports for registration at the Student Center at the time designated on his line card.

When inside the center he will proceed to the residence station, class card station, coding, finance station and the final check out.

Tonight is the last night for students with appointments to see their counselors from 6:30 PM (Continued on Page 3)

## Rebuilding Of Center Is Planned

Construction on the \$147,650 FCC student center rejuvenation is projected to be completed by next October.

Garland Peed, assistant superintendent of business for the State Center Junior College District, said project specifications had not returned from the California State Division of Architecture, which has been reviewing them for structural adequacy.

### April Target Date

"If the plans are approved by the Mar. 24 district trustees' meeting," Peed said, "money can be allocated for construction costs and work can begin in April."

A cost breakdown of the project included \$26,000 for air conditioning, \$9,000 for lath and plaster, \$4,700 for painting and \$3,275 for the patio.

### Expanded Book Store

The project will revamp the entire first floor of the student center and calls for enlarging the bookstore, altering the social hall into a student lounge, and installing table tennis, shuffleboard and redwood benches in the patio area.

Air conditioning is to be installed in the entire building, the only change to the second floor.

"The rebuilt center will be a tremendous benefit to students," Miss Doris Deakins, dean of women, said.

"Long lines to the bookstore will be eliminated, and barbecues and swim parties will be possible in the patio," Miss Deakins said.

## Expansion Foreseen By White

By PAUL SULLIVAN, JR.

Foreseeable in the future is an FCC campus which will stretch from the present gymnasium to McKinley Avenue.

Stuart M. White, superintendent of the State Center Junior College District, said that the day is arriving when FCC will be much bigger than it is today.

"There are quite a few things holding us up on expansion, among them, the allocation of needed funds," White said.

### Needs Enrollment Projection

White explained that not only is money needed but also a good solid projection for the future.

"We are almost forced to expand to the south of the present campus," White said, "because expanding to the north would be too costly."

Expenses will be high even with southerly growth. The approximate cost per acre will be \$75,000. Because the houses to the north are bigger, acquisition of that land would naturally be more expensive, as well as prohibitive.

### Buildings In Parking Lot

Tentative plans that White has in his office show the land south of University Avenue to McKinley and from Maroa to San Pablo as belonging to the district.

"We'd like to see buildings in the area now used for parking, with other buildings spreading in a southerly directly. It would be best if we had the parking area on periphery of the campus rather than in the middle as it is now," White said.

White added that the expansion will require at least 30 more acres of land, and since property is so valuable, it would be impossible to expand to the north.

## Failure Slips To Be Mailed

Students attending Fresno City College who receive a failing grade in a required or prerequisite course will be mailed a pink slip from the Office of Admissions and Records, along with their semester grades.

Joe R. Kelly, educational adviser, stressed the importance of following the directive carefully to avoid unnecessary conflict for those registered or preregistered for the spring semester.

The contents of the pink slip follows:

"DID YOU RECEIVE AN F GRADE THIS PAST SEMESTER? If so, please read the following instructions carefully.

1. If this is a required course that you should repeat this coming semester OR

2. If this course is a prerequisite for a course in which you are registered or preregistered for this coming semester, it will be necessary for you to change your program.

3. Then report to your counselor in the Student Center on February 3, 1966 between the hours of 8 and 11 AM or 1 to 3 PM for a change of programs.

Final semester grades will be in the mail by Feb. 1.

Lynn Irons, John Porter and Mike McGinnis discuss the problems that brought about the coming re-election. Porter and McGinnis are running for the student body presidency.

## ASB Re-Election Voted By Council

Within the next four weeks there will be another student body election.

The student council, acting on the recommendation of the election committee, voted to have the re-election.

The election committee, headed by Joyce Miles, presented

## New Budget Awaits OK By Council

The tentative Fresno City College Associated Students spring semester budget is \$43,585.30. The proposed budget will be presented for approval at the next Student Council meeting of new student body officers.

Planned appropriations include:

Activities	
Assemblies .....	\$1,650
Conference .....	1,304
Guest Fund .....	100
Honor and Leadership .....	300
Rally .....	360
Secretarial .....	300
Social Affairs .....	1,250
Student Welfare .....	125
Telephone Service .....	200
Total Activities .....	\$5,589

Athletics	
Awards and Letters .....	\$1,550.00
Baseball .....	3,726.80
Basketball .....	1,447.50
Football .....	2,000.00
Insurance .....	1,800.00
Laundry and Cleaning .....	300.00
Tennis .....	865.00
Swimming .....	865.00
Wrestling .....	729.00
Track .....	3,968.00
Golf .....	880.00
Total Activities .....	\$18,166.30

Organizations	
Assoc. Men Students .....	\$1,600
Assoc. Women Students .....	1,400
Oral Arts: Band .....	670
Choir .....	500
Debate .....	1,450
Drama .....	700
Total Organizations .....	\$6,205

Publications	
Potpourri .....	\$ 500
Publicity: Off Campus .....	2,010
On Campus .....	300
Ram .....	3,100
Rampage .....	4,600
Total Publications .....	\$10,510

Others	
Transportation .....	\$2,200
Undistributed Reserve .....	2,000
Total Others .....	\$4,200
Total Tentative Budget .....	\$43,585.30

the recommendation upon the strength of a petition drafted by Steve Noxon, ASB vice president.

The motion for re-election was made by Pat Lane, representative at large, and seconded by Darryll Kahn, also a representative.

Noxon, after careful scrutiny of the FCC constitution, drafted a petition containing nine points of violation. One of the points brought out was the number of people manning the polls, the distance from polling places of campaign posters and the use of ballot marking devices.

Ron Primavera, ASB president, said that this re-election in no way reflects on the legality or the integrity of any of the candidates involved.

"This is not intended as a personal slight at any of the candidates. We are trying to correct the discrepancies of the election so as not to set a bad precedent."

Michael McGinnis, chief justice of the student court, had no comment regarding the second election.

John Porter, who opposes McGinnis in the election, said that he feels the good of the student body will be served by the re-election.

## USMC Team Here Feb. 11

A United States Marine Corps officer selection team will be on campus Friday, Feb. 11, to select candidates for Marine Corps officer training programs.

The team will be located in the cafeteria foyer from 8 AM to 3 PM. Marine Corps Capt. Wayne R. Hyatt advises young men who wish to begin their military obligation and still finish college to contact the officer selection team while it is at FCC.

Two of the officer training programs offered by the Marine Corps include the platoon leader class, either aviation or ground, open to college freshmen working for baccalaureate degrees, and the marine aviation cadet program, open to second-semester sophomores who intend to leave college after completing two years of college work.

Published weekly by the journalism students of Fresno City College, 1101 University, Fresno, California. Composed by the Central California Typographic Service. Unsigned editorials are the expression of the editor.

## Activities On Campus For Those Who Look

Throughout this semester and past semesters, many students have complained of the inactivity of student organizations in planning social functions.

They constantly complain about the lack of noon sockhops, rallies, evening dances, carnivals, etc.

But contrary to popular opinion, Fresno City College is not "dead."

Students who have complained about nothing to do obviously have not looked around. There are several organizations on campus that cater to individual tastes and aspirations.

Two of them are the Associated Men Students and the Associated Women Students. Together they sponsor the Christmas Formal and the Spring Formal.

The Student Council puts on the Ramburger Roundup and back to school dances and assists other groups who wish to provide some sort of social function. The AMS is currently in charge of the intramural sports program and the bowling league. Also FCC has a ski club, a service club and a religious club, to name a few.

Occasionally activities have been suspended because of misconduct of a few students attending various functions. However, if students acted more like ladies and gentlemen, in the true sense of the word, perhaps more social functions could be scheduled.

If you have been one of the many who have complained of the inactivity on campus, try joining a club. You may find that FCC is actually quite active.

## Primavera Discusses Student Government

Politics is an ambivalent pastime — sometimes noble, sometimes morally low, depending on the practitioner. In modern times, the professional officeholder is a necessity. Therefore, society should endeavor to train more dedicated public servants than grafters.

A political science laboratory functions on the City College campus, namely, the student council. It offers first-hand confrontation with the problems of emotionalism, destructive criticism, and large scale apathy. And, each new council is, somehow, informed about the interests of the students and the philosophical camps among the faculty and administration.

Beyond the aspect of applied knowledge and trial-and-error education, student government performs a useful, valid service, for a college needs student leaders to give voice and impetus to the activities desired by their peer group, and a responsible agency must handle the collective funds of the student body.

Ideally, persons with qualities of action and imagination are chosen to manage the duties of the organization. Again, the ambivalent nature of the undertaking can shade the results.

The motivations of students seeking campus positions cannot be exposed by any one simple formula, or even a dozen, and as the student body increases in number, the complexities will make it more difficult to frame a cohesive group.

Diversity of opinion should be allowed as long as emotionalism and destructive criticism are kept within limits. Remember, prepare for the future, student government must operate within the climate of dissension and cooperation.

RONALD PRIMAVERA  
ASB President

# ASB President To Leave, Tells Of Student Participation

The past two semesters have seen the second student body president to be re-elected at FCC in action. Now after three semesters as a member of student council, Ronald Primavera is leaving City College to enter Fresno State.

He is going to "try and stay" out of school politics at least one semester, he said.

In an interview held on his 25th birthday Primavera aired some of his views about students participating in public affairs.

### Communicate With People

"You have to communicate with people," he said, "and what a better place to start than college?"

The faculty and administration have been easy to communicate with, he said, but he noted that many students are still indifferent.

"If they are satisfied with what they have, they don't make any suggestions. If they aren't satisfied, they sit in the coffee shop and complain but come up with nothing.

### No Reason To Gripe

"If they don't have any constructive criticism, they have no reason to gripe," he said.

He noted that he has seen people not only in council, but in other campus organizations, who've improved their general outlook on life since they have begun working with the public.

In his acceptance speech on Feb. 11, 1965, he stated that "... all you will ever be you are now becoming, and you owe it to your-

RON PRIMAVERA

selves and to your fellow men to make your education into a real preparation for meeting the problems of the world in the 20th century.

### Feels Strongly

"This cannot happen unless you participate fully in the educational process." A year has passed and he feels that this is even more true than before.

Primavera feels that the student body is "growing." He cites as examples the increased amount of floats and participation during Homecoming, the attendance at the Christmas formal, and the increase of club activities. Much of this, he believes, is due to the students being under good leadership,

such as that of Stevan Noxon, head of Inter-Club Council.

Good leadership, Primavera said, is the key to "the whole thing."

### Can't Do Everything

Student Council, he said, can't do everything. He would like, he added, to see the day when student council would handle nothing but legislation and the clubs would handle the activities.

Did he regret that he had "told off" the student body regarding the cafeteria in the fall rather than welcoming them back to school? He admitted that it "really didn't help it that much at the time," but he did not regret it.

A public administration major, Primavera feels that he has a "high motivation" for that type of work.

While a representative-at-large on the council he headed a number of committees, including Operation Life Line in 1964-65 and the Blood Bank in honor of Veterans Day in 1964.

He also received the Top Leadership Award at the Sky Ranch conference in February of 1965. This is awarded by the Student Council to a leader willing to devote time and devotion to helping and guiding others.

## Craftsmen Set Future Foundations

For some students, Fresno City College serves as a convenient stepping stone to higher education.

But for others, such as aspiring carpenters and mill cabinet-makers, FCC provides the first step toward careers in skilled craftsmanship.

The carpentry and mill cabinet courses offered at Fresno City College are designed for one specific purpose — to prepare students for employment as advanced apprentices.

Apprenticeship training and trade extension courses are also offered in the evening college.

Jess Baker, FCC carpentry instructor, said that his first-year students are primarily concerned with building scale model houses and half size model playhouses. Second-year students, he added, participate in the actual construction of full size houses.

According to Baker, the funds needed in constructing the houses are allotted annually to the carpentry program by the State Center Junior College District. The house is sold at low bid at the end of the school year. The money of the sale is returned to the State Center District, which uses the amount for other student building projects.

As far as mill cabinet instructor Merle L. Sons is concerned, the art of cabinetmaking has not changed very much in the past 15 years. Sons said there is not much automation in cabinetmaking today and that there is "more of a demand for cabinetmakers to do custom cabinet work."

Students in Sons' mill cabinet classes use hand tools and special power equipment in building gun cases, stereo cabinets, sewing machine cabinets, cedar chests and book cases.

Both Baker and Sons feel that there are several good jobs open to skilled carpenters and cabinet-makers locally as well as out of town.

"The success of any good craftsman," said Baker, "depends on how willing he is to apply himself and what he has learned from experience."

## Elections, Sports And Death In Campus Past

Just as today, student government had its place in the news 10 years ago in the Jan. 19, 1956, issue of the Rampage...

Gene Francis was installed as student body president after defeating Don Lovelace in a runoff election. Fred Garcia was installed as Associated Men Students president, and the Associated Women Students installed Bobbie Burton as its president.

Stuart M. White, Fresno Junior College's president, announced three new courses for the 1956 fall semester. The courses were Art 5, Music 10, both for elementary education and Zoology 1A. Of these courses, Art 5, taught by Miss Kate Darling, was the only one discontinued.

### Wins At Basketball

In sports, FJC defeated Bakersfield College and Taft Junior College in basketball. Taft was downed 103-60 Friday. The Rams beat Bakersfield 74-60 Saturday.

Five years ago the Jan. 19, 1961, issue of the Rampage reported the inauguration of a new registration system whereby registration could be completed in the Admissions Office.

This without "... the trying hours of waiting in long registration lines."

However, George C. Holstein, associate dean of admissions and records, reports that the system didn't work out as well as had been expected. "It proved so bad that we had to change to the present numbering system in the middle of registration," he said.

### School Spirit

Student Body President David St. Louis was planning a "school spirit" program to encourage student participation and interest in campus activities.

Miss Kate Darling, instructor at FCC since 1948, died after over 40 years as a public school instructor. This was reported five

years after the Rampage told of her proposed new Art 5 class.

John S. Hansen, former FCC vice president, announced two new courses for the spring semester "... to keep students better informed on current events." A journalism course, survey of news, and a history course, world events, were the subjects being offered.

The Rams basketball squad defeated Allan Hancock Bulldogs 66-60. But the FCC wrestling team was defeated first by Bakersfield College and then by San Jose State College.

## Art Students Travel South

An art field trip to Los Angeles was made Friday by 77 day and evening students.

The students were accompanied by Walter E. Witt, Kenneth B. Owens, Rodney Krueger and Curtis D. Draper, all FCC art instructors.

The purpose of the trip for the students was "exposure to original and great works of art to enrich them in the appreciation of art," Draper said.

They visited the UCLA Dickson Museum, where they viewed a retrospective exhibit of the late Andre Matisse, a 20th century painter. This exhibit has been in the making for about four years.

They also went to the Los Angeles County Museum.

The art classes plan another art field trip in the spring semester, this time to San Francisco.

## Operating Schedules To Change

The bookstore, library and cafeteria will operate under new schedules during the semester break and examinations week.

Mrs. Jewel Dettinger, manager of the bookstore, said that the store will open and close at regular hours during examination week but will operate from 7:45 AM to 3:45 PM during the semester break. The regular hours of the bookstore are from 7:45 AM to 3:45 PM and 6:45 PM to 8:45 PM.

Jackson Carty, director of library services, said the library will be open from 8 AM to 5 PM Monday through Friday and from 6:30 PM to 9:30 PM Monday through Thursday during examination week. It will not be open during the semester break except to allow students to return materials and pay fines.

The cafeteria will be open from 7:30 AM to 3:30 PM and from 5:30 PM to 9:30 PM during the examination week. Dale Lumsden, cafeteria manager, said that it will close during the semester break.

"Free coffee will be served in the cafeteria from 7:30 AM to 11 AM, from 1:30 PM to 3:30 PM and from 7 PM to 9:30 PM," he added.

Lumsden also said the free coffee will be given away only as long as the students cooperate by busing their own dishes.

## Parking Space Is Illegal

Students parking on the private property adjacent to the Santa Fe Railroad north of McKinley and east to San Pablo are subject to prosecution warned Richard Cleland, dean of men.

The triangular strip is part of an estate being settled by realtors. The realtors complained to Stuart M. White, Superintendent. The property, located behind the aircraft shop is being used as a parking lot, where students enter from McKinley Avenue and climb a fence in order to get to the campus.

Cleland said violation is listed as a misdemeanor and subject to fine. Enforcement would probably be by the local police.

Spring editors (from left to right) Louis Bell, Dennis McCarthy, Spencer Kindig and Paul Sullivan discuss plans for the operation of the Rampage during the spring semester.

## Newspaper Editors Change Positions

The Rampage will have a new editor-in-chief in the spring semester.

Dennis McCarthy will succeed Louis Bell. Bell requested to be relieved because of additional school work responsibilities.

McCarthy served on the staff during the fall semester as managing editor. He is a sophomore journalism major. Bell will remain on the staff as sports editor.

Paul Sullivan, city editor, will advance to managing editor. Spencer Kendig will replace Sullivan as city editor. Kendig is a reporter this semester.

### Other Editors

Other editors include Katherine Moulthrop, feature editor; Sandra Dralle, news editor; Sandra McClurg, copy editor and Nellie Bonilla, new club news editor.

Vivian Johnson, club news editor, will be the new assistant copy editor.

A new position on the Rampage staff this spring will be photo editor. This position will be filled by Jay York. York is a freshman journalism major.

### Business Staff

The Rampage business staff includes Thomas Arriet, business manager; Elberta Hurst, general and advertising manager; Helen Rohrig and Stephen Davis, assistant business managers; Lawrence Morrison, circulation manager and Rudy Wagner, and David Hill, assistant circulation managers.

Clerks are Sharon May and Anna Epp. Head typist is Linda Yazjian. Lydia Banuelos is librarian. James Chappel is the Rampage cartoonist.

Changes will appear in the Rampage, McCarthy said, during the spring semester. He said one of the big changes will appear in the paper's name or flag.

On the reporting staff, McCarthy said, there will be a roving reporter. He said the reporter will

interview students on various topics of interest.

McCarthy said he would like to print letters to the editor. He asked students to send in their letters regarding any subject of interest.

### Positions Open

Philip Smith, adviser to the Rampage, said there are still openings for reporters, photographers and clerks. He said interested students should see him in the Rampage office after 1 PM. The office is located in the Student Center building upstairs in Room 211.

Smith said students can earn two or three credits while working on the paper's staff.

Appointments on the Rampage staff are made by the editor-in-chief and the Rampage adviser.

The staff attended the Associated Collegiate Press national convention in San Francisco last fall.

They will journey to Yosemite this spring for a state conference from Apr. 29 to May 1.

Last year the Rampage received a national rating of excellent.

## Newsman

(Continued from Page 1)

king that the U.S. is willing to talk.

"The people of Viet Nam want peace and don't have sufficient knowledge of Ideology," she stated. "Religion has played an important part in the war. It started with the Catholics against the Buddhist."

President Johnson has asked for more military funds for Congress' approval. Write your views on the situation, she said.

"The crusade the world needs today is the crusade for humanity," Miss Fredericks said.

## Center

(Continued from Page 1)

to 9:30 PM. However, there will be counselors available during registration.

Kelly said that Evening College students wishing to park on University Ave. during the day must have car permits. They can be obtained from the Dean of Men, in Room 128 of the Administration Building.

## FCC Nursing Program Begins Registration

Students who plan on participating in the registered nursing program during the fall semester should apply now.

Mrs. Martha L. Hoard, director of nursing education, stresses the importance of early applications because a limit of approximately 45 students will be accepted.

Requirements for entrance include the following:

High school graduation with at least a C average and a college preparatory course is recommended.

### Requirements

One year of high school chemistry with a laboratory or one semester of college chemistry with a laboratory.

United States citizenship or evidence of intention to become a citizen is required, but there are no age restrictions.

### Applicants

The applicants may be either single or married and male or female.

Also required is admission to FCC, a demonstrated aptitude for nursing and good physical condition.

The final date for filing applications for each fall class is Apr. 15 of each year.

### Degree

Upon successful completion of the program students will be awarded an associate in arts degree and be eligible to take the state board examination for the registered nursing license.

Graduates are then eligible for employment (after licensing) in a hospital, doctors office, clinic or as a private duty nurse.

Recently 29 graduates took the state board examination, and each one passed.

## Mardi Gras To Be Held

Vaudeville at the Palace Theater will be the theme of the Mardi Gras costume ball Feb. 18 in the social hall.

The dance is sponsored by Delta Psi Omega, the drama fraternity. It is held to coincide with the Mardi Gras in New Orleans.

"It is a costume ball and everyone should wear a costume," said Francis Sullivan, DPO president. "Masks will be on sale at the door for those who come without a costume."

The Palace Theater was a famous vaudeville house in New York City.

Vaudeville acts by FCC clubs will be featured during intermission. A trophy will be awarded for the best club performance. Clubs interested in entering acts should contact Sullivan in Room 154 of the Administration Building.

The person wearing the best costume will also be awarded a trophy. The contest will be judged by the applause of the dancers.

Music for the dance will be provided by a local rock 'n roll band.

## Financial Assistance Available

Fresno City College offers students two types of scholarships.

One type is an open or general scholarship which is available to students who apply directly to Fresno City College.

The other type is restricted, and is obtained when the student applies directly to the donor in care of FCC.

"Both incoming and continuing students are eligible for these scholarships," said Merle L. Martin, dean of students.

Martin also said that FCC now has seven trust accounts. Each account holds \$1,000. The interest received from these accounts is used for FCC's scholarship fund. This amounts to about \$500 per year.

This money is distributed to numerous students every year in the form of small scholarships. The FCC student scholarship committee looks over the applications and chooses the most qualified applicants.

The one main requirement to be a scholarship applicant is to have a C average.

The average amount given by FCC to each student is \$50 per year. This is distributed by giving \$25 each semester.

At the last Student Council meeting, a proposal was made that 2 per cent of the student body budget be set aside each year for student body scholarships.

New - looking, 1959 Chev., only 35,000 mi., Auto. 6 Cyl. Sedan, R & H, many extras, quiet Mir., never in accident, worth \$600 but will sell for \$450. 2241 Ashcroft Ave., Ph. 227-1320.

# Baseball Workouts Scheduled

By DAN SHARUM

Break out the bats and balls because baseball season is upon us. Coach Len Bourdet said practice officially starts at 2 PM, Jan. 31 at John Eulless Park.

Coach Bourdet's defending Valley Conference champions will be strengthened by many returning players.

Among them will be catchers Lyle May, Ken Papi and Greg Friebe.

Returning pitchers will be Bert Bandy and Sherman Lee. Last year Bandy was the ace of the mound staff and had four shutouts to his credit.

Other returnees will be Bill Brown and Jerry Robison, first base; Ned Andreoni, third base; John Lung, shortstop, and Ernie Copo and Mike Lynn, centerfielders.

Last year Copo was voted the most improved player award.

Shying away from predictions, Bourdet said it is hard to forecast an approaching season.

Concerning freshmen prospects, he said that he could not name any at this time.

"Some boys do not show up due to failing grades or the draft," he said. "It is hard to predict on a year to year basis because it depends on the quality of high school players in the area."

When asked whom might be the teams to beat, Bourdet said, "Others in the league consider us as the team to beat, but as of now I would say the teams to watch out for would be San Joaquin Delta of Stockton, Sacramento City College and College of the Sequoias."

In concluding, Coach Bourdet said he has a strong nucleus for a good team, but the big question is how well the new pitchers and outfielders perform.

The first game will be Feb. 18 in the San Mateo tournament at San Mateo.

# AMS Wins Kegler Title

The Associated Men Students' bowling team captured first place honors in the Fresno City College fall semester bowling league.

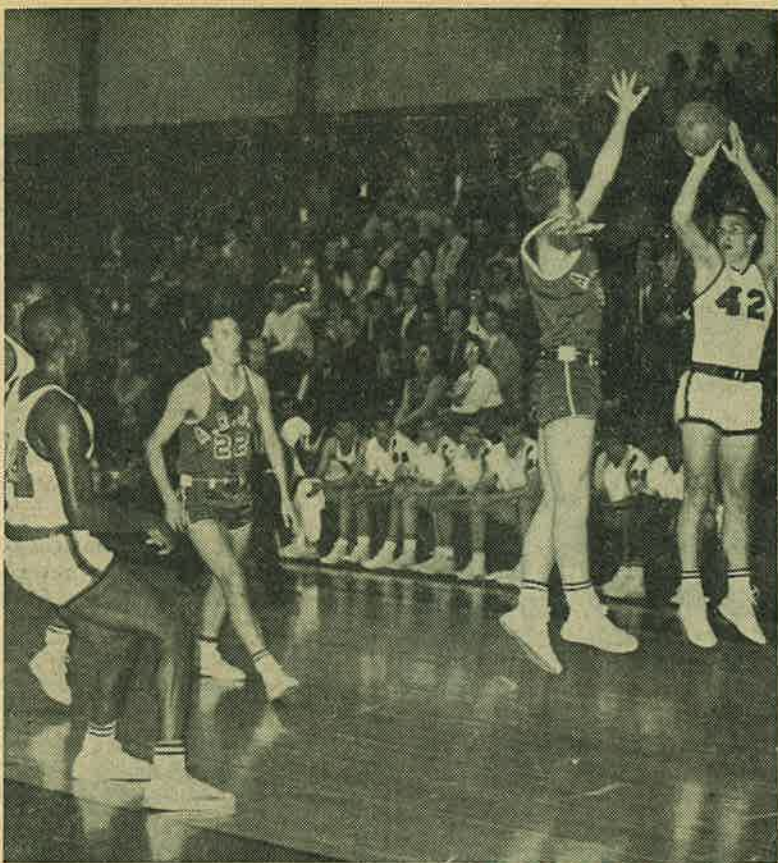

The team of Ron Winter, Louis Bell, Dave Drzewiecki, and Don Perry won the best of a three game series in the final night of the league to gain the championship.

Individual averages for team members were Winter, 160; Bell, 155; Drzewiecki, 176, and Perry, 164. Each received a trophy.

The Sandbaggers, made up of Yuzo Yamamoto, 183; Morris Mishima 170; Wayne Mishima, 184, and Jere Ann Faiki, 123, placed second in the league and won runners up trophies.

Yamamoto also received a trophy for high series (highest total of three games) with a 632.

In the division for men's high game trophy, Jim Fisher, member of the Pinspotters, sandbagged his way to honors with a 245.

Ram forward John Rouanzoin pumps for two of the 10 points he scored after coming off the bench Friday against American River Junior College.

# FCC Seeks Revenge Against BC Matmen

By VERNON PETERS  
Rampage Sports Editor

The Fresno City College wrestling team will try to avenge its only dual meet loss of the season tomorrow as the Rams face the Renegades of Bakersfield College in a nonconference match at 4 PM in the BC gym.

Hans Wiedenhoefer, coach of the defending Valley Conference champion Rams, said that the Jan. 28 meet against College of the Sequoias has been rescheduled for Feb. 9. It will be held at FCC.

The Rams took firm command of the lead in the race to the 1966 VC title Friday and Monday with three victories against conference foes to bring their record to 4-0.

In a double header in the state capital Friday the Rams beat American River Junior College 23 to 16 and came back an hour later to take a 28 to 14 decision over Sacramento City College.

The FCC matmen completed their three meet show of strength Monday with a 36 to 3 drubbing of Modesto Junior College.

Roger McClaughry and Ben Brase were the big factors in the victory over ARJC.

Ram McClaughry broke the seasaw meet wide open with a first round pinning of Don Dodds to give FCC an 18-13 lead with two matches left. The Rams and ARJC had exchanged decisions and two draws before the 177-pound McClaughry turned in his winning feat.

It was up to heavyweight Brase to clinch the victory though as the score narrowed to 18 to 16 after Lonnie Patterson dropped a 12-0 decision to ARJC's Bob Baird. Brase provided the margin with a third round pinning of Dennis Petracek.

Two pins and two forfeits made the difference in the meet against Sacramento City College; the Rams took only two decisions compared to SCC's four while one match ended in a draw.

Fred Contreras, Ram 115-pounder, pinned Floyd Vann in the second round of the opening

match to get FCC off on the right foot.

The Rams nailed down the win with 167-pound Tom Opperman and heavyweight Brase winning by forfeit and McClaughry pinning SCC's Bryon Bear in the third round of his 191-pound match.

The Ram victory Monday against Modesto Junior College was a sweep marred only by a 1-1 decision by Pirate Dan Souza over 191-pound Patterson.

The match started and closed with a bang; 115-pound Ram Steve Morelli pinned Harvey Delatore and heavyweight Brase continued his onslaught of opponents with the pinning of Jay Cole of MJC.

Scoring summaries:

Fresno - ARJC

115—Fred Contreras, F, dec. Richard Kendrick 17-2.

123—Bob Barringer, ARJC, dec. Phil Wells 5-4.

130—Carlos Gayton, F, dec. Carl Henne 12-9.

137—Gordon Leighton, ARJC, dec. Bob Johansen 4-1.

145—Ron Lott, F, and Ken Goddard drew 5-5.

152—Al Katuin, F, dec. Jim Goddard 6-0.

160—Monty Muller, ARJC, dec. Al Binatina 7-5.

167—Tom Opperman, F, and Dan Cole drew 5-5.

177—Roger McClaughry, F, pinned Don Dodds first round.

191—Bob Baird, ARJC, dec. Lonnie Patterson 12-0.

Heavyweight—Ben Brase, F, pinned Dennis Petracek third round.

Fresno - Sacramento

115 — Contreras, F, pinned Floyd Vann second round.

123—Wells, F, and Dick Niles drew 1-1.

130—George Bigelow, SCC, dec. Gayton 6-2.

137—Steve Niles, SCC, dec. Johansen 7-0.

145—Lott, F, dec. Jay Yaudegas 8-7.

152—Katuin, F, dec. Jerry Sasaki 4-1.

160—Rich Morison, SCC, dec. Binatina 7-3.

167—Opperman, F, won by forfeit.

177—Bob Davidson, SCC, dec. Patterson 8-7.

191—McClaughry, F, pinned Bryon Bear third round.

Heavyweight—Brase, F, won by forfeit.

Fresno - Modesto

115—Steve Morelli, F, pinned Harvey Delatore.

123—Contreras, F, dec. Robert Holly 8-2.

130—Gayton, F, won by forfeit.

137—Wells, F, dec. Steve Klein 4-2.

145—Ron Lott, F, dec. DeWayne Burford 7-3.

152—Katuin, F, dec. Tim Shaw 6-2.

160—Binatina, F, dec. Fred Harris 15-1.

167—Opperman, F, dec. Kent Githens 14-9.

177—McClaughry, F, dec. John Bulgheroni 15-4.

191—Dan Souza, MJC, dec. Patterson 11-1.

Heavyweight—Brase, F, pinned Jay Cole.

# Rams Face Delta After Week Layoff

The Fresno City College Rams will return to action Friday, Jan. 28, in Stockton against the league-leading Mustangs of San Joaquin Delta College. Tipoff time for the game is slated as 8 PM.

The Modesto Junior College gym will be the site of the Rams' Saturday night game as the FCC cagers will face the MJC Pirates in a conference game beginning at 8 PM also.

The two week lull between conference games is designed to take some of the pressure off Coach John Toomasian's men during semester finals.

However, with the Delta game being the probable "make or break" contest of the season for the Rams, Toomasian is not about to let the mental and physical condition of his charges slip. The Rams are holding daily workouts in order to meet the challenge of the Mustangs.

## Delta Unbeaten

A win over Delta would put the Rams in a tie with the front running Mustangs who are undefeated in Valley Conference play.

The Rams absorbed their first conference loss Friday night as the Beavers of American River Junior College shot their way to an 88 to 81 win before 900 spectators in the FCC gym.

The contest was one that yearling Coach Toomasian is likely to repress in his memory. The Rams hit on only 40 per cent of their shots in the game, and had three starters foul out.

Ram guards Hart Polk and Ken Delpit were the only FCC starters to escape the wrath of the whistle.

Polk, who stands only 5 foot 7, more than took up the slack in the second half as his taller teammates Paul White, Bobby Lee and Don Slade were exited from the court. Going into the second half with only one point, Polk emerged with a total of 21 as he hit on nine fielders and two free throws.

## Other High Point Men

Delpit and reserve forward John Rouanzoin were the other high scorers for FCC as they collected 21 and 10 points, respectively.

Polk's second half spurt was not enough to overcome the Beavers who had a 44 to 31 edge on the Rams at halftime. The Rams managed to close the gap to seven points twice in the second half, but by then it was late in the final quarter.

Leading the attack for the freshman-dominated Beavers were forward Mike Ames, and guard Gary Stevenson. Ames collected 22 points on eight fielders and six free throws, while Stevenson flipped in nine field goals and two free throws for a total of 20 points.

One of the major factors of the

contest was ARJC's hot shooting percentage; the Beavers averaged 52 per cent in the first half and 58.6 in the second half for an overall average of better than 55 per cent.

## Rams Beat SCC

The setback apparently did not dim the Rams' hopes for the coveted VC crown; Saturday night they dismantled the Panthers of Sacramento City College 90 to 75 to keep pace with league-leading Delta.

Unlike the previous night, all the starters finished the game, four of whom hit in double figures.

Bobby Lee led the Ram scorers with 22 points. Close behind were Paul White with 21 points, Ken Delpit with 20 points, and Don Slade with 13 points.

Sacramento was in the game during the opening 10 minutes, but the visitors sank from view several minutes later as FCC broke loose with 12 consecutive points for a 36 to 20 lead.

The Rams had an enjoyable 52 to 32 point cushion as they left the floor at halftime.

White was the leading rebounder of the contest, picking off 11 rebounds as the Rams controlled the boards by a 30-20 margin.

# DOCTOR, LAWYER, OR A LOT OF GRIEF?

Grief is graduating with a B.A. degree and no idea of what to do with it. A lot of grief is graduating with a B.A. degree and the wrong idea of what to do with it. And wasting the most important years of your life discovering (the hard way) that you chose the wrong career.

Enrolling in our Campus Internship Program now could save you a lot of grief at graduation. How? By giving you the opportunity to become involved in—not just exposed to—life insurance sales as a career. You learn life insurance as a profession, from a professional. You put what you've learned into practice, and find that a life insurance sales career pays off in dollars as well as a sense of satisfaction. By graduation, you know what you're going to do with that B.A. degree.

We're old pros at saving graduates a lot of grief while they're undergraduates. And we can prove it.
