“How do you stay safe downtown?”

Compiled by Nicholas A. Polenz

Denzel Singh
Marketing major

I feel like during the day when there's no events happening it feels safe, but during nighttime when there's a lot of people it's a little different. It just depends on what's happening downtown. I think you just have to be smart about what you're doing and always be aware," Singh said.

Jacob Garza
Business Major

“You just have to know the area and know the time and be aware of people. You can tell if there's something suspicious going on,” Garza said.

Ricky Ramirez
Undecided Major

“I usually walk with a buddy so I don't feel too threatened downtown. You just have to be smart about what you do but I've never had a problem,” Ramirez said.

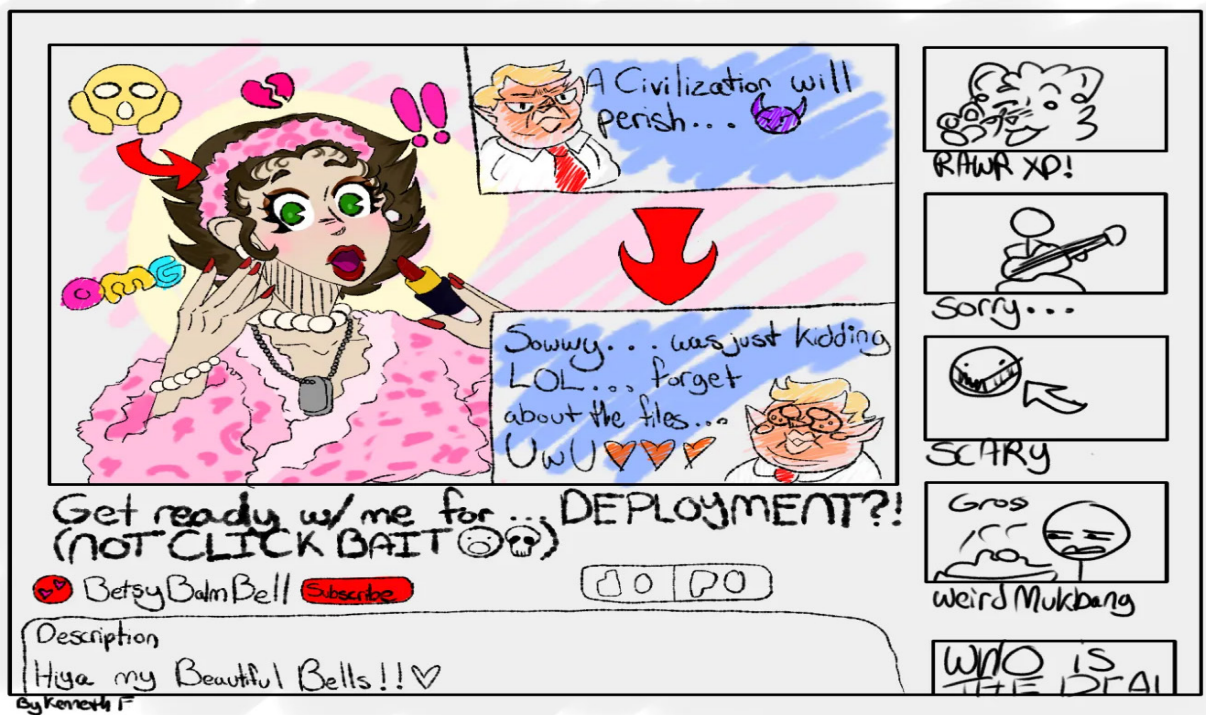

Jasmin Perez
Education and Chicanx Latinx Major

“I can't deny that as a woman it can be scary but goes for anywhere, not just downtown. People are afraid of the homeless people but they don't bother anyone really. Downtown is safe, but when there's big groups of people things are bound to happen, Perez said”
